Campus instructors establish education program in Africa

A six-man team from this college is now in the process of helping to initiate a new rural education program at the University of Botswana, Lesotho and Swaziland. The project involves the efforts of the United States Agency for International Development (AID) of the three independent African nations of Botswana, Lesotho and Swaziland. The project involves national education at the University of Botswana, Lesotho, and Swaziland and is helping to carry out the projects of his favorite campus and pulled California out of the United States. Think about it. I appeal to the thinking of the majority. Our reaction to the enemy is not the monied patriots who would protect our children from the "raw radical" sex education in schools.

Skills Week rated good by agriculture teachers

The 1969 Skills Week program on campus was called "excellent" by participating vocational agricultural teachers. Presenting the program was Oscar Kimmel of the Pennsylvania State University Agricultural Engineering Department.

The committee itself.

Take the construction pins... all the working drawings... the name a few. Oil, Industrial Technology and Mechanical Engineering, crops, horticulture and poultry were offered.

Now that we have your full attention, we're going to point out that you can obtain a 48 inch Sylvania Black Light fixture that normally sells for $121.00 for only $49.95.

And if this doesn't tweak your fancy, how about a power supply for your car stereo that normally sells for $14.95 for only $12.95. Each compact unit will convert 110 VAC to 12-volt DC at 3-amps with vigor. They feature an on-off switch, fuse and a full one year warranty.

You can be set up with either of these beauties by contacting:
Students can now use the food stamp program

The Food Stamp Program can help alleviate a problem common to all college students—poverty. If you're slowly dying of hunger, this is a way to get more and better food. The Federal Food Stamp Program will begin operations here on Nov. 1. Get your brochures together and march down to Graphic Arts 22E where brochures describing the program are available from 9 a.m. to noon and 1 to 4 p.m. Monday through Friday.

The brochure explains how food stamps increase food purchasing power. Also explained is how to obtain the stamps, how to use them, how to buy food at regular retail prices and how the whole system operates.

Even if you're not currently receiving public assistance payments you may be eligible to participate in the food stamp program. It deals with household requirements, Theil both alone or living with others. If four students share a house, one of the students alone cannot participate. All four must jointly use the plan. However, if a person is living alone he should have to be the lone participant.

The first way each household is required to meet certain minimum asset and net income requirements. These are usually adjusted between assets and net income and your living, medical and educational expenses.

Final preparation for participation in the program can be handled by calling the County Welfare Department (543-8700). Any student who thinks he has a chance of benefiting from the food stamps is urged to call immediately.

Chem articles published

Two members of this school's Chemistry Department have had articles published in national scientific journals recently.

Dr. Allen W. Cobb published an article in the Journal of Electroanalytic Chemistry which deals with electrical effects that occur when water containing traces of salts is electrolyzed by means of a platinum electrode. Cobb's writing was in the June issue of the "Journal of Electroanalytic Chemistry." In June, while Estabrooks's was in the July issue of "Inorganic Chemistry."

The preparation of new chemical compounds by the use of extremely high pressure was the topic Estabrooks chose for his project. Cobb earned his bachelor's and master's degree from Oregon State University and a PhD from the University of Wisconsin. After work in research, he joined the Cal Poly faculty in 1964. Dr. Estabrooks received his degree from the University of Washington and from Brigham Young University. He joined the Cal Poly faculty in 1968 after teaching at a junior college.

Agriculture Council plans year's work

The Student Agriculture Council has outlined its plan of work for the 1969-70 year.

Committees and their chairmen include: Council Meetings, Paul Banke, Student Affairs Council representatives, Paul Banke, Keith Gersell; and Randy McLaughlin, Campus Tours, Dave Dike; Future Farmer Hostings, Les Ferreira; International Student Program, Martin Miyase; Publicity, Susan Snyder; Special Activities and Programs, including Fund Raising Committee, E. Swan, Homecoming, Phil Francis, and Poly Royal, Rex Whisland; Publishers Board, Ralph Grose; Student Planning Commission, Randy Rowland; and Student Judiciary, Joe Uremovic.

Cheering squad wants support

The yell leaders and mini-girls ask for your support at this upcoming football game. The game is against San Fernando Valley State College. The game is set for 2 p.m. Saturday, Oct. 26 at the Birmingham High School Football stadium in the San Fernando Valley. Your vocal and moral support is asked in effort to aid our Mustangs on to Victory number 8.

Meeting for worship according to the customs of the Religious Society of Friends (Quakers), 10 a.m. Sundays, Campus Christian Center. All welcome.

Rodeo Team places first
in Redding competition

The Rodeo Team took first place in both the men’s and women’s team divisions at Shasta College’s annual National Intercollegiate Rodeo Association rodeo in Redding Oct. 18 and 19. The Men’s Team earned 160 points while second place Poly Pomona had only 78 and third place University of Arizona had 70 points.

The Women’s Team tallied 220 points leading second place University of Arizona by 60 points and third place Pierce College by 220 points.

Team member Tom Ferguson won both the ribbon roping and the bull dogging. Another team member, Terry Kott, placed third in the calf roping.

Other timed events winners included Wally Roney who placed second in both the calf roping and the ribbon roping; Tom James who placed second and Jim Schama who placed third in bull dogging.

Melvin Dick was the team’s leading scorer in the rough stock events winning both the bareback and the saddle bronc riding.

George Brown won the bull riding. Bill Freeman and Dennis Pleasent placed second and third respectively in the bareback bronc riding while Charley Bimmons took third place in the saddle bronc riding.

Robin Duncanson won the breakaway roping for the Women’s Team while Sharon Meffan placed second in the goat tying and took third place in the barrel race.

Yarbrough to appear in Santa Maria

Glen Yarbrough will be appearing at Allan Hancock College on Oct. 28 at 8 p.m. in the Sports Pavilion. Yarbrough is well-known for his treatments of “Baby the Rain Must Fall”, “Four Strong Winds”, “Try to Remember”, and many, many others.

George McKeelvey, a Chicago burlesque comedian who is famed for his satirical wit, will appear at Allan Hancock with Yarbrough. He has performed on the Mike Douglas and The Tonight Show. Before becoming a comic, he sang with jazz groups: no hands, and settled on folk music. Tickets for the double bill event may be purchased on campus. Prices will be $2.50 for reserved seats, $1.00 for general admission, and $2.75 for all card holders.

Aloha, hula state offers summer jobs

The College Students Guide to Summer Jobs in Hawaii for 1970 will be available to students by Nov. 1.

The guide features 90 pages of detailed listing of Hawaii employers, their addresses, employment managers and types of businesses.

This year’s edition will feature chapters on ways students can most easily contact employers, visa regulations, and exemptions concerning summer employment and inexpensive restaurants.

It is recommended that all interested students begin contacting employers as soon as possible as there is a large influx of job hunting going on in the “Aloha” state.

Copies of the College Students Guide to Summer Jobs in Hawaii can be ordered directly from Hawaii Summer Jobs, Box 4446, Honolulu, Hawaii, 96818. Cost of the 1970 guide is $1.95 prepaid.

WESTERN GEAR is a company ON THE MOVE!...

making everything from miniature motors to giant telescopes

For YOU this means wide diversity of opportunity/unlimited opportunities for advancement/interesting, challenging programs/small company atmosphere with individual attention and recognition plus big company facilities and techniques.

Manuel’s Cocktail Lounge

Presents the MISFITS

every Fri. & Sat. night

2145 South Broad

543-5074
Band rehearses half-time shows

Story and Photos by
Ken Hyland

“We proudly present the Cal Poly Mustang Marching Band!”

The words of the announcer are soon joined by the yelling of the band and the boom-da-boom, boom-da-boom, boom-da, boom, boom of the drums.

Over 48,000 people will hear the sounds this year, but what goes on behind the scenes?

Though each show is only rehearsed the week before the game, the actual planning begins almost a year before the performance. All of the ideas and planning are those of the students.

These ideas are then presented to a special committee in the spring, where each one is considered. The ideas are used to make four of the seven shows that the band performs.

The special committee is made up of volunteers from the band and Rally Committee, with the conductor of the band, William Johnson, advising them.

The other three shows are done by the arranger, Jim Higgins, who also does the arrangements for the University of Michigan Band. The band paid him almost $1,500 this summer to arrange and write those shows. Few other bands have their own arrangers.

The rehearsals on Monday and Wednesday are done with the charts, and by the rehearsal on Friday everyone is supposed to know what to do. Wednesday and Friday rehearsals are held on the athletic field behind the Men’s Gym, so on Saturday morning there are just last minute arrangements to be made.

On Saturday they meet again about an hour and a half before the game in order to warm up and then march down to the field for the pre-game show. At about three minutes before the halftime starts they leave their reserved seats and assemble on the field, the fellow then is one of silver do or die.

After the show is over, there is still the post-game show to perform. This is new for the Mustang band but it is done by almost all of the major bands across the country.

Then the band has a day off—Sunday. Monday night they are given another set of charts for the next week’s game...
Homecoming candidates chosen

Five judges marked ballots and the 1969 Homecoming Court was chosen. The girls were selected on personality, poise and beauty.

This year's court is Pat Avila sponsored by AIA; Katie Harper sponsored by the Crops Club; Linda Heckler sponsored by Block P; Yoko Ohtsuki sponsored by AIA; and Carole Vedder sponsored by the Rally Club.

It is now up to the student body to elect the 1969 Homecoming Queen.

Each young lady was dressed in long formal attire and after modeling for the judges were asked an impromptu question related to their field of interest. One of the judges stated that the candidates were also personally interviewed at a dinner held before the pageant.

The judges for Friday (Oct. 17) night's court were Dan Frank from Ross Jewelers, Mrs. Kighetti from Riley's Department Store, Tisnerat from Fay's Beauty College and Cleil Wheeler from Donnie Transfer Inc.

Student voting runs from Oct. 29-30. Booths will be set up on campus and student body members must be present before students can vote.

THE NOW GENERATION
THE NOW CORPORATION
THE NOW CAREER

Check out Burroughs, the Growth Corporation

Burroughs Corporation is a place where the most important word is probably "individual".

Lose your identity? Become a number?
Not at Burroughs.
And that's not just advertising copy.
it's fact.
In fact, with us it's a way of life.

We're a leading manufacturer of commercial computer systems, also the fastest-growing in the computer industry.

We're big. Successful. Full of plans for the future. A great place to do your own thing. To be yourself. That's us... minus the statistics, graphs, and charts. Now tell us about what we're really interested in...

A Burroughs representative will be on your campus October 30-31st

Ag Engineers meet

The student chapter of the American Society of Agricultural Engineers is planning a joint meeting with the Agricultural Engineering Society tomorrow at 7:30 p.m. in Ag Eng. 123.

Guest speaker will be Mike Simmons of the Soil Conservation Service. His talk will be concerned with the future of agricultural engineering with the RCA. Any interested students are invited to attend.

This year’s AABK officers are Jeff Bryant, president; Jim Dooley, vice-president; and Tony Furtado, secretary-treasurer.

Pancakes for sale

The Poly Goat 4-Wheel Drive Club is sponsoring a pancake breakfast this Saturday morning in Poly Grove. Homemade pancakes with real butter and syrup will be served from 8 a.m. to 1 p.m. A stack of three pancakes will cost 76 cents and a stack of two will go for $1.00. Milk and coffee will be available.

Crops Club at fair

Students from the Crops Club travelled to Caruthers last week to judge vegetables, crops, agronomy, fruits and nuts at the Caruthers District Fair. Six students and an instructor judged the display booths and exhibits from the San Joaquin Valley area.

Crops Club will hold a meeting tonight at 7:30 p.m. in room 231 of the Ag-Social Science Building. Homecoming plans will be discussed.

Corinthians set sail

On a second language.

Scandinavian Seminar

Applications for study abroad due

Applications for the Scandinavian Seminar study abroad program are now being taken for the 1970-71 school year. Students may attend schools in Denmark, Finland, Norway, or Sweden. This living-and-learning experience is particularly designed for college students, graduates and other adults who want to become part of another culture while acquiring a second language.

The study program is designed to meet each student’s individual needs. Students stay with a family early in the year which gives them an opportunity to begin practicing the use of the language on a daily basis and to share in the activities of the community.

The major part of the year the student lives and studies among Scandinavians at a rural dental school for continuing adult education. Interested persons are invited to attend.

Chemistry meeting

How to plan and carry out a senior project will be the topic of Dr. Howard Walker’s talk during the American Chemistry Society meeting Thursday, Oct. 28, at 7:30 p.m. in Science E-47.

Fund program

Thanks to the recently established Merle Hambly Fund Program, children of Cal Poly married students can now be assisted by immediate medical care in time of an accident or emergency.

Sponsored by the campus Student Wives Club, patients needing financial assistance for such medical care should contact the Placement and Financial Aid Office, Administration 215, for further information.

Silverman cited as top player

Jon Silverman, defensive back, six unassisted tackles and nine assisted tackles, was named Poly's "Player of the Week" for his play in Poly's 21-17 win over Fresno State.

Silverman's second interception stopped a Fresno scoring threat and paved the way for the upset win.

Coaches cited the 175-pound junior for his two interceptions, win.

Final standings for the women were; Cal Poly (SLO) with 280 points; University of Arizona, 180 points; and Pierce Junior College, 90 points.

The Mustangs dominated the competition with 550 points. Poly Pomona landed second with 105 points, followed by University of Arizona with 87.

Helping Dick in the saddle bronc department was Charlie Simons, who finished third.

Poly completely dominated the barrel race event, with Dick taking first, followed by Billy Prevaran, Dennis Plessant third, and Mike Silva fourth.

George Brown proved to be the best bull rider for Poly as he finished first in this event. Greg Hailey and Mike Silva placed fourth and fifth, respectively.

Robin Duncanson was the only girl to successfully rope two calves in the breakaway roping to take first place.
