Stadium Plans Move Forward

Approval of the schematic drawings by the Board of Trustees of The California State University and Colleges last week has moved the Cal Poly Mustang Stadium Renovation Project closer to reality. "The board approval clears the way for the design of the project to be completed and for construction to be undertaken," according to E. Douglas Gerard (Executive Dean). Schematic drawings of the stadium renovation project were drawn by the firm of Keeble & Rhoda of Monterey. The firm now will be authorized to develop the preliminary plans.

Fund raising efforts have brought in nearly $200,000, according to Bob Brown, project coordinator. "At least another $200,000 will be needed in the next four months to keep the project moving ahead. Plans now call for the demolition of the old wooden bleachers on the west side of Mustang Stadium at the conclusion of the 1977 Cal Poly home football season. Construction is anticipated to be completed in time for the 1978 football season. "If necessary, the project will be constructed in phases," Brown asserted. "The first objective is to obtain sufficient funding in time to enable the bleachers to be constructed in time for the 1978 graduation ceremonies."

Replacement of the 1,500 wooden bleacher seats with 5,200 steel bleacher seats including special chair sections is the main focus of the Mustang Stadium Renovation Project. Also included is the installation of new lighting on the west side of the stadium, new rest room facilities, a new press box and facilities for the handicapped in a wheelchair section. Funds are being raised through a major donor campaign, the sale of seat options and a general contribution campaign. Donations of any size are being accepted in the latter category. For further information on seat sales call Harry Henderson (544-0211) or Brown (546-2923).

DUMKE COMMENTS ON BUDGET

CSUC Chancellor Glenn S. Dumke has issued the following statement in connection with the 1977-78 budget for The California State University and Colleges signed recently by Governor Jerry Brown. "Basic programs of The California State University and Colleges are satisfactorily provided for in the budget for the new fiscal year. The budget's recognition of enrollment shifts into higher cost academic programs is particularly appreciated. Our program of encouraging innovation in the teaching process is well supported. Though we will continue lacking provisions for remedial instruction we are enabled to proceed with a testing program that is vital to our goal of strengthening student writing skills. Much-needed capital outlay projects which had been deleted from our funding requests at the start of the budget process have been restored.

"While we were successful in persuading State government officials that an initially proposed 2.2 per cent faculty compensation increase was wholly unrealistic, the final 5 per cent allocation is disappointingly short of the 8.5 per cent faculty salary increase sought by the Board of Trustees. Both our faculty members and support staff experience cost of living increases greater than that provided for in the budget. Additionally, the deletion of funds for instructionally related activities engaged in by students is particularly regretted and represents an area where we must continue to seek additional financing."
HEALTH PLAN BENEFITS AND RATES INCREASED

The Public Employees' Retirement System has announced changes to benefits and premium rates of the Meyers-Geddes health plans. These changes will be effective for the contract period Aug. 1, 1977 through July 31, 1978. Benefit changes effective Aug. 1 are summarized as follows:

• Blue Cross/Blue Shield

Maternity Care: Hospital payment for normal delivery increased from $200 to $300; professional payment increased from $250 to $300.

Extended: Home health agency visits included as an alternative to Extended Care Facility.

Practical Nursing: Provides 80% payment for practical nursing visits following at least three days of hospitalization - up to 90 visits per year.

• Cal-Western/Occidental

Maternity Care: Increase the payment for normal delivery from $300 to $600.

Doctor Visits: Increase the office visit charge from $9 to $10; increase the deductible per person each calendar year from $20 to $25.

Extended Care: Increase the payment for confinement in an extended care facility from a maximum of $16 per day to maximum of $24 per day; include home health agency visits.

Catastrophic Ceiling: The major medical payment increased from 80% of covered charges to 80% of the first $15,000 of covered charges; 100% thereafter, up to $300,000.

• United Foundations for Medical Care

Hospital Care: Increase the maximum payment for day room and board from $80 to $100 for the first five days of hospitalization.

Association of California State University Professors

Room and Board: Increase basic plan and major medical room and board rate from $125 per day to $135 per day.

Doctor Visits: Increase hospital and office calls from $10 to $12; increase home calls from $20 to $24.

Surgical Benefit: Increase basic plan surgical benefit from $10 per RVS unit to $12 per RVS unit; increase the major medical surgical benefit from $12.50 per RVS unit to $15.00 per RVS unit.

Catastrophic Ceiling: Major Medical payment will be made at 80% for the first $5,000 of covered charges; then 100% for the remainder of the year.

The premium rate changes which are effective Aug. 1, as well as the new state contribution (which was included in the current year budget), are reflected in the following table. The state contribution was increased from $29 per month to $32 for each eligible employee, from $49 per month to $53 for employees with one dependent, and from $60 per month to $66 for employees with two or more dependents.

For questions regarding these changes, contact Barbara Melvin in the Personnel Office, at Ext. 2236.

Cal Poly Report - July 21, 1977
NEW POLICIES ON FEDERAL PROJECTS

The Chancellor's Office, CSUC, has notified Cal Poly that an agreement has been reached with the Audit Resolution Section of the Department of Health, Education, and Welfare on pay rates for faculty working on federally-sponsored projects during the summer, during intersessions, or on an overload basis. Pay rates can be determined by using the following formulas:

\[
\begin{align*}
\text{Annual Salary} &= \text{Daily Pay Rate} \\
&= \frac{193.5}{1548} \\
\text{Annual Salary} &= \text{Hourly Pay Rate}
\end{align*}
\]

These rates apply only to salaries paid on federally-sponsored projects on a nonreimbursed basis. Reimbursed salaries are paid as a percentage of the actual academic salary. Salaries for other than federally-sponsored projects are covered by section 452.5 of the Campus Administrative Manual. Questions about details of the new rates should be directed to Robert Lucas (Coordinator, Research Development) Adm. 317, Ext. 2982.

New indirect cost rates for federal contracts and grants have also been negotiated and are in effect immediately. The rates, effective July 1, 1977 to June 30, 1979, are 56% of salaries and wages for all on campus projects and 50% of salaries and wages for off campus projects. Campus policy on this subject is contained in section 543.1 of the Campus Administrative Manual. Questions concerning definitions and the new rates should also be directed to Dr. Lucas, as listed above.

SAN DIEGO STATE HAS NEW PREXY

CSUC Chancellor Glenn S. Dumke has named Trevor Colbourn as Acting President of San Diego State University. The appointment follows the resignation, effective in September of President Brage Golding who has accepted the presidency of Kent State University in Ohio. Dr. Colbourn has served as the campus' Vice President for Academic Affairs since joining the San Diego State administration in fall 1973.

Dr. Colbourn is also Professor of History at San Diego State University. He received his Ph.D. from John Hopkins University.

NEW FSA STATE DEAN APPOINTED

The appointment of Robert E. Tyndall as statewide Dean of Faculty and Staff Affairs has been announced by CSUC Chancellor Glenn S. Dumke. Since 1971 Dr. Tyndall has been Executive Dean in charge of planning at California State University, Long Beach, and previously was Dean of the university’s School of Fine Arts.

Dr. Tyndall’s new position is in the office of Vice Chancellor marjorie Downing Wagner where he will assume responsibilities in personnel relationships involving the 19 CSUC campuses and professional groups, including the Statewide Academic Senate. He holds bachelor’s, master’s and Ph.D. degrees from the University of Iowa.

LIBRARY NOTE

In the article telling of the approval of funding for Cal Poly's new library, Cal Poly Report, v. 29, n. 2, an important detail was omitted. When the new library is completed, the present Dexter library will be renovated for use by other academic areas.

INCREASE IN BULK MAILING RATES

The United States Postal Service has announced that rates for bulk mailing are increased effective July 6. Following is a schedule showing the old rates and the new rates:

PUPPET PLAY AT MISSION

A free public performance of a full-length puppet play based on the mission-founding travels of Padre Junipero Serra has been announced. The performance, which will take place on the steps of the Mission San Luis Obispo de Tolosa at 4 p.m. on Saturday, Aug. 13, is titled, "Alta California 200 Years Ago." Produced by the Teatro de los Puppets, the bilingual puppet play retells the stories of Padre Serra's ambitious program to found a chain of missions along the California coast.

Teatro de los Puppets, founded by Betsy Brown and Bill Sousa several years ago, performs every summer at the Hollywood Bowl Summer Children's Festival. Its San Luis Obispo performance is being offered to the public free of charge in connection with the 38th National Festival of the Puppeteers of America, which will take place the following week at Cal Poly.

The puppet play uses full-size mask and rod puppets, including both people and animals in the action. Father Serra, when he appears, is eight feet tall. Action of the puppet play tells the story of Father Serra's long walk from Baja California (now Mexico) to Alta California, spurning the chance to sail by ship, and his establishment of the missions.

Scheduled for the week of Aug. 14-19 at Cal Poly, the puppeteers festival will bring together performers from throughout North America, as well as many foreign countries, for a week of workshops, seminars, and performances designed to improve their performing skills. A special series of eight public performances by outstanding international puppet troupes has been arranged in conjunction with the festival. Both individual and special series tickets will be available for the public performances. Additional information can be obtained by telephoning the festival box office at Ext. 2486.
INTERNATIONAL VISITATION PROGRAM

The following letter has been received from Educational Development International.

This summer, beginning on July 21, over 350 youngsters selected from schools throughout Japan will be spending four weeks in San Luis Obispo for the sixth consecutive year. They range in age from 11 - 19 years old. The program allows students to visit and learn about America and its people first hand. The boys and girls will be living at Tropicana Village.

Mornings will be spent studying English conservation under the direction of American instructors. Afternoons will be free for the students to shop and sightsee on their own. Every year, their biggest single request is to experience the thrill of meeting an American family and making new friends. Each youngster would enjoy visiting a family and spending a night on a homestay. Their dream is to be able to go back to their country with a new and unique experience that they may never have again.

Of course, there is a language barrier but this is what makes the visit worthwhile. It is amazing how families are able to communicate with their guests. The students are usually able to understand a little English and each host family is given an information sheet as well as a "survival Japanese" list of important words. It's an experience you will not forget. If you would like to invite a student to your home or for further information, call 543-9080, Monday thru Friday, 9 am to 5 pm.

SALE OF VEHICLE

The Foundation has a 1966 Cadillac Brougham that will be sold, as is, to the highest bidder. This automobile is black with a vinyl top and is in excellent condition. Individuals interested in examining and bidding on this vehicle should call Robert Griffin at Ext. 1132. Sealed bids will be accepted for sale of this vehicle by the Cal Poly Foundation Business Office, University Union 212, beginning Friday, (July 22) until 2 pm, Friday (Aug. 12). The Foundation reserves the right to reject all bids.

SALARY WARRANTS AVAILABLE AUGUST 1

July salary warrants for faculty and staff of the university will be available at 3:30 pm on Monday (Aug. 1). Warrants batched by department may be picked up at the Cashier's Office, Adm. 131-E, and those picked up on an individual basis may be picked up in the business Affairs Division Office, Adm. 114, after that time.

FARM/LANDS CONFERENCE SCHEDULED

"Make Success Your Bottom Line" will be the theme of the 1977 Farms and Lands Educational conference on Sunday through Tuesday, (July 24-26) Programme for the conference, which is expected to draw more than 200 participants who are interested in agricultural land sales, are speakers, round table discussions, mini-seminars, and video tape presentation. Discussions will focus on a variety of subjects that will affect real estate transactions of the future.

Also planned are a reception; a barbecue dinner; and several breakfast, lunch, and dinner gatherings. The conference is being presented by the California Chapter of the Farm and Land Institute of the National Association of Realtors and the Agricultural Management Department. Participation in the Farm and Lands Educational Conference is open to everyone connected with the real estate profession. Additional information can be obtained by contacting the Agricultural Management Department.

LIFTING TRAINING SESSION SCHEDULED

Donald L. Shelton (Director, Personnel Relations) has announced that a lifting training session has been scheduled for campus employees who lift materials as part of their normal duties. Sharon Johnson, Physical Therapist and Lecturer, will conduct the one hour sessions. Two sessions have been scheduled for Monday (July 25). The first session begins at 11 am in Math and Home Economics 148 and the second session begins at 2 pm in Mechanical Engineering 110.

The lifting training sessions will identify the causes of back injuries and how employees can prevent back injuries on the job. With the aid of a mechanical apparatus and body mechanic demonstrations, the Instructor will explain proper methods for exercising and correct lifting techniques. Questions from the audience concerning specific lifting problems on the job will be welcome. It is suggested that work schedules be arranged so that employees who frequently lift materials as part of their normal duties can attend one of the sessions.

COMPUTER CENTER HOURS FOR AUGUST

The Computer Center will open to process student and faculty programs at 7:30 am Monday through Friday and 9 am Saturday and Sunday. The Center will close at midnight Sunday through Thursday and at 4 pm on Friday and Saturday, except Wednesday (Aug. 31) at 10 pm. These hours will apply to the keypunch, documentation, and input/dispatch bins in Computer Science 101 and 102-103.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Monday (Aug. 1) in the Public Affairs Office, Adm. 125. Copy intended for Cal Poly Dateline is due in the Public Affairs Office by 12 noon on Wednesday (Aug. 3).
VACANT FOUNDATION
STAFF POSITIONS

The Foundation is accepting applications for the following open positions as announced by J. L. Fryer, Personnel Officer. Interested applicants may apply at the Foundation Personnel Office, University Union Building, Room 212, 546-1121. Cal Poly Foundation is subject to the requirements of Executive Order 11246 and is an Affirmative Action and Title IX Employer. All interested persons are encouraged to apply.

Checker, $527-$626, subject to cost-of-living increase, Bookstore. Duties: Responsible for assigned change fund; operate cash register recording sales by department and price; when terminal is inactive, accepts assignments stocking, cleaning, and doing inventory; housekeeping of checkstand area. Requirements: Equivalent to a high school diploma and six months experience as a checker in a supermarket-type situation. Applications accepted through August 4, 1977.

SUPPORT STAFF VACANCIES

Vacant support staff positions have been announced by Robert M. Negranti, Staff Personnel Officer. Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, Ext. 2236. Applications shall be on tal forms. Contact the Personnel Office to obtain an application. This university is subject to all laws governing affirmative action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendment.

Candidacies for Faculty Positions Being Sought

Candidates for positions on the faculty of the university are presently being sought, according to Donald L. Shellen, Director, Personnel Relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This university is subject to all laws governing affirmative action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendment Act. All interested persons are encouraged to apply.

WHO...WHAT...WHEN...WHERE???

Michael M. Cirovic, Electronic and Electrical Engineering, has been chosen by the American Society for Engineering Education (ASEE) to receive its 1977 Dow Outstanding Young Faculty Award for the Pacific Southwest Section. The Dow award entitles Cirovic to an all-expenses-paid trip to ASEE's 85th annual conference at University of North Dakota in Grand Forks on (Monday-Thursday) June 27-30. August De Jong, Director, Center for Career Development, attended a conference on SIGI (System of Interactive Guidance and Information) at U.C. Irvine on June 9. Cal Poly is an alternate member of a consortium seeking to implement SIGI in the U.C. system, the CSUC system, and several private colleges in California.
Richard Kranzdorf, Political Science, has written an article titled "Syllabi for Film Courses", explaining the benefits of teaching political subjects through the use of feature and documentary film, which has been published by the Division of Educational Affairs News, a publication of the American Political Science Association.

Phillip K. Ruggles, Graphic Communications, has been named as a contributing editor to Printing Impressions Magazine. He will write a monthly column called "Estimating Clinic" for the national trade magazine. His first column will be published in August.

Steven H. Yoneda, Athletics, coordinated a short clinic in athletic training/sports medicine to Central Coast coaches and physical educators on June 4. The clinic was held in conjunction and cooperation with the Cuesta College athletic department.

Robert McDonnell, English, attended the West Coast Summer Seminar of the Association of Departments of English (ADE) held at Gleneden Beach, Oregon, June 29 - July 2.

P. C. Pendse, Biological Sciences, attended the 1977 Birth Defects Conference held at Memphis, Tennessee from June 8-10, 1977. During those meetings several papers on chromosomal abnormalities, nosology of hermaphroditism and selected abnormalities of sex differentiation were discussed.

Andrew D. Jones, Head, Transportation Engineering, has written an article which was featured in the Ivy Tower Column of the (May-June 1977) Westernite newsletter published by the Institute of Transportation Engineers. The article discussed the problems professional engineers have in making recommendations to laymen and elected officials.

Edgar J. Carnegie, Agricultural Engineering, attended the annual meeting for the International Solar Energy Society (June 4-10) in Orlando Florida. A paper entitled "Design of a Solar Heat Source System for Industrial Dehydration", authored by Carnegie, Phillip W. Niles, (Environmental Engineering), Jon A. Hoffman, (Aeronautical Engineering), William Stine (Mechanical Engineering) and Ray Boche (Director, Computer Center) was presented by Carnegie.

Lee R. Parker, Peter Jankay, Wendel Cottle, Michael Yoshimura, Harry C. Flinch, Alvin A. DeJong, and Constance Gray, Biological Sciences, attended the American Association for the Advancement of Sciences meetings June 13-16 at San Francisco State University.

38th NATIONAL FESTIVAL  
PUPPETEERS of AMERICA

For reservations and information, call the FESTIVAL BOX OFFICE at 546-2486

SCHEDULE OF PUBLIC PERFORMANCES
Friday, August 12, at 8 pm:  
Le Grande Cirque by Rene and his Artists
Saturday, August 13, at 2 pm:  
The Fabled Mr. Aesop by the Melikin Puppets
Saturday, August 13, at 8 pm:  
Gustaf and his Ensemble* by Albrecht Roser
Sunday, August 14, at 2 pm:  
Le Grande Cirque by Rene and his Artists
Sunday, August 14, at 8 pm:  
The Frog Prince by Paul Vincent-Davis
Thursday, August 18, at 2 pm:  
The Miller and his Wife by Puppetmongers Powell
Saturday, August 20, at 2 pm:  
Stories of King Solomon by the Nesher Puppets
Saturday, August 20, at 8 pm:  
Aladdin by the Canadian Puppet Festivals
*Adults Only

SEPARATION OF OFFICE AND RESIDENTIAL TRASH

Cal Poly Report - July 21, 1977
