Station sites take gas

If you happen to be in the position of looking for prospective sites for gas stations, San Luis Obispo may not be the community for you.

For the second time in as many weeks, a proposed plan for a new gas station in this city has run into trouble. Following on the heels of Mobile Oil Co., attempts to establish a station at the intersection of Santa Rosa and Foothill Blvds., since blocked by petition for a public referendum, the Shell Oil Company was thwarted in its plans for a new service station on Madonna Rd. Adjacent to the Madonna Inn access road, the Shell plan was met with unanimous disfavor on the part of the members of City Council who turned down the request for a permit to build the station.

Objections were raised concerning the traffic hazard that would be created by such a location. Testimony by the police department indicated that a study showed a gas station in that spot would create considerable traffic hazards. In addition, Alex Madonna, owner of the Madonna Inn, stated that a station would only worsen a traffic situation that already exists.

The site plan for the gas station also included a request for a right-of-way over a small, wedge-shaped piece of city-owned land. Running the length of the proposed site, this strip of land was also included in a request for a right-of-way over a small, wedge-shaped piece of city-owned land.

The site plan for the gas station would also create considerable traffic hazards. In addition, Alex Madonna, owner of the Madonna Inn, stated that a station would only worsen a traffic situation that already exists.

property separated the site from the Madonna-access road, and subsequently the plan for the station called for a right-of-way for an exit on the access road. The City Council felt that the developers had presumed too much in planning to take advantage of city property, besides the fact that such an increase would increase the traffic hazard.

After turning down the permit for the station, the City Council made plans for the landscaping of the strip of land in cooperation with Madonna, who indicated that he would also landscape his property directly across from the city land in a complementary manner.

BSU ignores Negro History Day but will remember Angela Davis

by Ahmos B. Beltone

Negro, legally defined in the 19th century, means slave. Thus the term is looked upon with scorn by most of Black America. Today is Negro History Day, however, the Black Students' Union (BSU) is merely turning a token eye toward the event.

Richard Jenkins, BSU President, questioned what is supposed to happen on Negro History Day. "Nothing but tokenism," he said, "just another day that Slippery Dick (Nixon) set aside for his Niggers."

Most of the BSU's immediate attention is focused on January 26, Angela Davis' birthday. Nationwide demonstrations are being planned for what has been proclaimed "Angela's Day."

Jenkins said, "The World Federation of Teachers (WFT) (in Budapest) has called upon all teachers' organisations to take an active part in the fight for Angela's freedom."

"The WFT represents millions of teachers in Europe, Asia, Africa and Latin America."

Jenkins also noted that the California Federation of Teachers passed a resolution citing Angela as a "victim of academic repression as a result of her political beliefs, activities and affiliations."

Earlier this week the BSU went before the Student Affairs Council and obtained permission to move on campus. Until this time, all BSU business was considered an off-campus matter.

Instructors sign letter ...

be happy to discuss it later in length.

Overmeyer: "First I believe the letter is accurate. I am concerned with new personnel policies that shift from the personnel grievance procedure, and recent events at Fresno State as I understand them. While I acknowledge the increase in faculty responsibility in formation of policy and self-governance that has taken place in recent years, I was concerned over the turn of events in recent months." Ward received the Distinguished Teacher Award in 1967-68. Overmeyer received the Distinguished Teacher Award last year.
