

Winston seeks aid increase

WASHINGTON (UPI)-President Nixon urged Congress again Monday to provide financial aid for about one million more needy college students next fall under a $1.3 billion program that would nearly double the government aid for students spending on higher education.

The President renewed his appeal to the House and Senate, which rejected its own version of the bill last year. Opponents claimed it would cost $2 million a year for every student from middle-income families at a time when costs were rising at almost every school.

In an apparent response to those objections, Nixon said he still felt that "no qualified student who would benefit from college should be barred for lack of money." His proposal, he indicated, meant to assure that federal funds go for aid, and in the largest amounts, to the neediest students in order to place them on an equal footing with students from higher-income families.

Failure to approve the program "would not only deny these benefits to many students, but also would limit their opportunities to make major choices about their lives," the President said.

Under the proposed plan, an undergraduate college student from a family of four with a taxable annual income of $5,000 could get $1,000 a year in federal aid. More for study-abroad and work-study subsidies and $400 more in federal loans. Students in this group also would be eligible for up to $1,500 in additional government aid.

In contrast, a student from a family with a taxable income of $8,000 a year could get only $200 in federal aid annually.

U.S. Education Commissioner Sidney P. Marland told reporters the President's package did not provide for institutional aid.

The following is Stone's chronology of events leading up to the general meeting according to La Laguna Lake Park, Contrary to the expectations of some city officials, the participants at last Saturday's Free U general meeting did their thing without provoking a single complaint. The event which was renamed a "mini rock concert" by city officials and the media was a complete success, according to Norman Stone of the Free U.

Stone said, "the whole thing was blown completely out of proportion." The same thing in charge of the meeting could get together and figure out what to do. After much disagreement a "mini rock festival" on the radio last Wednesday morning, Stone, Pete Vincent, and Dave Freeman, all of the Free U, started checking with city officials.

The business of collection lists stemmed from a collision of two skiers. Until further investigation (a coroner's report and reports of eyewitnesses), details of the accident probably will remain vague, Chandler added.

The business of collection lists the prospectives classes and information for a new catalogue and source book listing all kinds of interesting facts about San Luis Obispo, its past its people, and its happenings took place during and in between the band performances.

Some of the classes to be offered next quarter are:

Rug weaving, wine making, Chinese cooking, canning vegetables, experimenting with natural dyes, macrame, I Ching.

Withdraw now

The Office of Admissions and Records would like to remind students that the deadline for class withdrawals is Wednesday, Feb. 24.

Free U grouping scores

The sun was shining brightly and a soft breeze occasionally ruffled the papers on the Free University information table at La Laguna Lake Park.

At the meeting involving the Free U representatives and Fitzpatrick, it was determined that no additional facilities would be needed since the expected draw for the general meeting was 300. The only reservation Free U representatives had at the time was whether or not a large number of spectators would be drawn to the park by all the unexpected publicity.

The nearly 400 people who attended were entertained by two bands and whatever they brought with them for their won entertainment. The bands that played were Apricot, a local group from Morro Bay, and Sarah, a local group that has gone on to make it really big in Los Angeles.

Editor: Ecology Action Committee fully supports the current effort to get Mr. Ralph Vrana of the Physics Department rehired. Why? The tenured faculty of the Physics Department voted unanimously to grant tenure to Mr. Vrana, the head of the Physics Department recommended Vrana be granted tenure, fellow students feel Vrana is a good instructor. Mr. Vrana has taken a controversial stand, because of the ecological issues involved, against the Diablo Canyon Nuclear Power Plant.

Ecology Action Committee and interested persons met with President Kennedy of Feb. 9, to discuss the Vrana case. Kennedy's closing comment was "I will consider the Vrana case." Teachers at local junior colleges have said that they are afraid to speak publicly in favor of the environment or controversial issues because of the implications of what happens to a teacher at Cal Poly who does.

Lock your bike or lose it fast

A bold statement on a restroom wall reads, "Cal Poly breeds Silent Majority." Students, teachers, is there any value in this graffiti found in the lead? There was a poor student representation at the meeting with Kennedy on the 9th. This could have been due to bad publicity of the meeting.

Birdie is a serious problem and should be deterred as much as possible. If you need more information about protecting your bike just drop by any bike shop and the proprietors will be happy to give you any information on how to protect your bike. A new bike or even a good used one costs only for the oil selected — no labor.

Man is unique but not obsolete

Antropology is a new discipline being proposed by Dr. Philip T. Gellor as the acting coordinator of elementary education on this campus. His proposal will be presented in Chicago this week to teachers and research scholars from throughout the nation and Canada who are members of the American Educational Studies Association. Founded in 1968, AESA is a society for education and the need to be but not obsolete.

Club Flick

The movie “People and Particles” will be shown at the Society of Physics Students next meeting. After the film, members will discuss plans for Poly Royal, a student-faculty basketball team, and a field trip.

The meeting will be Tuesday, Feb. 23 from 7:30 to 9 p.m. in Science E-28.

Snackbar scene of dancing

The College Union Dance Committee is initiating a new program beginning tonight. The program is to consist of a series of study break dances on every other Tuesday night in the snackbar.

The first study break will feature Apricot. The dances are scheduled to last two hours, from 7 until 9 p.m.

The purpose of this program is twofold; to give the bands a chance for much needed exposure, and to give students a chance to relax for a couple of hours in a little different way.

The cost of the study break dances will be 25 cents per student.

Sportsday here

Every basketball court on campus was filled with enthusiastic high school girls last Saturday for the eighth annual Teen Schools’ Track meet. The meet was sponsored by the California Association for Health, Physical Education and Recreation (CAPER).

Twenty-nine teams from fifteen schools participated this year on three levels, and in higher education as a recognized academic discipline. McClench believes that national and international programs of anthropological information might serve to reduce social, racial and national tension.

-awareness of impending death.

Man’s optional characteristics and (1) man’s activism in causing change to happen, (2) cooperativeness, (3) capacity for empathy, (4) desire for and power to organize and discard or destroy patterns of governance, (5) experiencing emotions such as guilt, regret, suspicion, and anxiety, (6) actively seeking out experiences or suffering and sorrow, (7) capacity for touring other organisms (8) non-procreative sexual activities, and (9) capacity for murder in the form of senseless assassination or wanton killing on a mass scale even by remote control.

McClung suggests that there is a need for anthropological knowledge to be used in the home, by teachers at elementary and secondary levels, and in higher education as a recognized academic discipline. McClung believes that national and international programs of anthropological information might serve to reduce social, racial and national tension.

Two weekends of play have come and gone and still Augie Garrido's baseball team has not lost.

Two weekends of play have come and gone and still Augie Garrido's baseball team has not lost.

The victims this time were the St. Mary's Gaels — and they didn't leave without a fight. The two teams split the opening game 5-3, the Mustangs won the second 4-2 on a pair of runs in the ninth and one in the 11th and also won the third by a score of 3-2.

Today the team faces Fresno State in an away doubleheader.

The final game, Saturday, marked the second shutdown turned in by the Mustang pitching staff, this time by Kent Agler, and also the second one-hitter. In giving the distance Agler had eight strikeouts and retired the last 15 batters in order.

The only run Agler needed he scored himself in the third inning. After doubling, he advanced to third on Gary Knuckles' single and slid home safely on an errant throw to the plate following a sacrifice to third by the Gaels.

The Mustangs added a tally in the sixth on Lathan Mares' second home run of the season. Dave Oliver followed with a triple to left but the rally ended an out later.

A one-out pitch double by Glen Eguia chased in Howard Casey with one run and Gary Knuckles drove in Eguia with his double in the ninth inning of Saturday's first game to send the contest into extra innings. The Mustangs then won the contest in the 11th when Casey was credited with an infield hit, stole second, was sacrificed to third and came home on a throwing error. St. Mary's had powered single homeruns in each of the first three innings and the Mustangs had tallied once in the first when Knuckles was hit by a pitch and came around to score on a double play.

Both teams had runners in scoring position several times before the ninth but could not score.

Gary Landrith pitched the final two innings, picking up his first victory of the season.

In Friday's opening game the two teams battled more than 11 innings before the contest was called on account of darkness. The Gaels had tallied twice in the sixth and the Mustangs had scored in the fifth and ninth.

Allen Noble and Larry Blythe, sharing pitching duties and allowed the Gaels only five hits over 12 innings. Dave Oliver led the team with two singles.

CLINCH CCAA TITLE

Lea Ohrn hurled four innings of scoreless baseball in the first game of last Saturday's doubleheader.

Frosh CCAA TITLE

Ernie Wheeler's freshman basketball quintet averaged an earlier loss and on the same time saured itself of at least a tie of the conference championship by downing San Fernando Valley State Friday night, 83-61.

The Colts dropped their third decision of the year Saturday in a last second 66-66 loss to the University of San Diego.

The Picadors quickly Jumped off to a four-point lead which varied as the Colts gained the lead. But that lead was never to be lost for the remainder of the game.

John Parker followed the first half. John Parker followed with 24 points, 21 of those In the second half. John Parker followed with 24 points, 21 of those In the second half. John Parker followed with 24 points, 21 of those In the second half. John Parker followed with 24 points, 21 of those In the second half.

The 15-point lead slowly dwindled to six as the Colts came out shooting cold after the in­
terruption. But that was as close as the Picadors were to come as after five minutes the Colts began to pull away for good. Again Valley State fell behind by 20 as the Colts sat on their lead until the end.

Horace Williams led all scorers with 21 points and Skip Williams had 15. Top rebounders for the Picadors were Parker with 12 and Joe Whittington with 10. Top rebounders for the Colts were Parker with 12 and Joe Whittington with 10. Top rebounders for the Colts were Parker with 12 and Joe Whittington with 10. Top rebounders for the Colts were Parker with 12 and Joe Whittington with 10.
