**Tale of Woe Is Told Here By Sad Grad**

By Bob Splink

Most graduation seniors sit rather solemnly—a few were even crying—down by the sign frame. The tears were in their eyes, but no one seemed to be overreacting. Yet, indeed he did—for all the prospective grade had sat down at once. Homer Hunt, who stood as it was a lesson. There stood, a crowd *enrolled* in mental anguish. They weren't destructive, They merely...hiding their deep felt sorrow because he was in a uproar. Homer had al¬

Ward and Morris Tie in Jackpot

Rodeo: Win Boots

A problem arose when Greg Ward and Nile Morris tied for high-point honors in Saturday’s jackpot ride in the Collett arena. A local auxiliary offered a new pair of boots to the contestant amassing the most total points. Solution—They both get a pair of boots.

Ward won his points by winning the calf roping and placing third in bronc riding while team-mate Franklin Thorsen placed first and second respectively. Thorsen, however, failed to qualify for the day.

In the team roping contest, Ward and Morris placed first in the team roping, followed by Thorsen and Larrie Jones, second. Ward and Morris placed third.

Steve Gleason won the bronc riding, Tom Kelly and Kent Whipple tied for second and third in the calf roping, following by Thorson and Lloyd Collins, fourth.

Girls No Different
Reveal Icelanders

By Julie Pratt

Girls and strangers are the same. The two groups, although composed of 11 Icelanders who are ending their first Christmas vacation at Cal Poly, are finding their way around the campus in the same manner.

The Icelanders, after hearing that Poly’s ratio is about 26 to 1, boys to girls, were surprised, but not horrified, when they saw the big dormitories in the residence halls. A local eaddlcry offered a new pair of boots to the contestant amassing the most total points. Solution—They both get a pair of boots.

Ward won his points by winning the calf roping and placing third in bronc riding while team-mate Franklin Thorsen placed first and second respectively. Thorsen, however, failed to qualify for the day.

Iceland Farming and Living
Told by Visiting Delegates

Curing of hay poses the biggest agricultural problem for farmers in Iceland, in a two-day visit to the country, a half month which predates during the hay curing season.

Although having a long rainy season, the visitors say the weather is warm with their winter temperatures seldom going below 2° C. Iceland is approximately the same size as the state of Washington. It is the third largest country in terms of land area in the world and second largest in terms of population, according to the visitors.

Icelandic soil is a very fertile black volcanic soil, unlike soil that is found in Iceland. Besides the soil, the country also produces potatoes, peas, and beans. "The biggest difference between our country and Iceland is the availability of fresh vegetables and fruits in this country," the visitors report.

Another problem the farmers face is drainage. Much of the land is high and arid, with a population of between 200,000 and 300,000. The country is entirely governed by plans which carry the water into the homes and buildings.

``The Customers Always Write ....''

Thanks From Fresno
Mr. John Malkwan
Daily Committee Chairman
Dean Mr. Malkwan:
Our Daily Committee wishes to express its appreciation for the fine show you sponsored us. Various comments, commending Cal Poly on particular features, were heard on campus.
We found it pleasant to present our show to such a large and responsive audience, and hope to witness the improvement in years to come.
We were particularly impressed by the cordial greetings shown by your students during our visit.

Cordially,
Fresno Alumni
Fresno State College

Benjamin Malkwan
Dean

It is This Thanks From Fresno
Various comments, commanding Cal Poly on par­
ticular features, were heard on campus.
After all the bills have been paid, we hope to set up an emergency fund here at Poly to help others in need. This fund will be open at all times for anyone that would wish to make this a place of contributions.
Thank you again for your wonderful support.

We remain, Sincerely yours,
Cal Poly Student Wives Club
by Evelyn Knowles, President

A New Realm
A lot of thought: a lot of work and more important, a
whale of a lot of cooperation has gone into the making of
the color reproduction you see on the front page.

El Mustang believes it is the
first weekly paper in the state
to use a 3-color process in a
``Fairchild'' engraving. This in
itself is a feather in our hat and
another addition to Poly's ever­
growing list of feats.

For this feather, El Mustang's
production was greatly assisted by
the efforts of Bob Thomas and Paul
Hoff, printing majors, for the
process which greatly reduced
the costs of a color reproduc­
tion, bringing it into the realms of
even El Mustang's budget.

We also owe a great deal to
Milan Schiff, printing instruc­
tor, Department Head Bert
Fellers and numerous others who
worked late into the night with us in planning and
creating our product which
were bound to arise.

We wish also to thank Riley's
Department Store for the use of
their Santa Claus suit, and
to Louis Hulett, staff member,

And last, but certainly not
least, to the able photographers of Jim Oettinger, Mike Healey,
and John Hanley for taking the
shots, and to Dorothy Fuller,
our complete model.

Make friends with Winston!
WINSTON wins the cheers for flavor!

WINSTON TASTES GOOD!

What's all the shouting about? Winston flavor! It's rich, full — the way you want it! What's more, the exclusive Winston filter does its job so well the flavor really comes through, so you can enjoy it. For filter filter smoking, switch to Winston!

LIKE A CIGARETTE SHOULD!

Meaning of Christmas
What does Christmas mean to you?
To each of us Christmas has its own special meaning.
To most of us Christmas has a deep religious significance.
It is a solemn day that should be spent praying and giving
thanks to God for bringing His only Son into this world to
accept the sins of mankind.
Christmas is a day of reverence and peace.
Christmas is a holiday. It is a day on which one does not
have to get up early in the morning and go to work. It is a
day to take life easy, relax and do the things that one can’t
do on other days.

Christmas is a day to gather with one's family about the
Christmas tree and exchange gifts. Pleasure comes from the
anticipation of the opening of the gifts and finding out what
is beneath their gay wrappings. The clatter of wrapping
paper and ribbon on the floor, as well as the delighted squeals
that engender the excitement of a merry Christmas.

SPORTSCRAPS

Cal Poly's problems started from the outset on this year's alf-CCAA football team as witnessed by the conference gridiron members.

Jim Cook, Cal Poly's All-American end, who received similar honors last year, headed the list of Mustangs on the 1966 All-California Collegiate Athletic Association football team. Other Mustangs receiving honors were: Jerry Duncan, Ruby Brooks and Jim Antone.

The following is this year's All-CCAA team:

California is making overtures to Cal Poly basketballers. The British Columbia Lions are expected to seek out Mustang Jerry Duncan and in turn, Duncan is expected to sign in the not too distant future.

It may be Sunday basketball on campus during the intermission play. It is reported that Cal Poly teams have signed for play next season. To prevent the gymnasium from being full time, Bob Math, head of the track and upper department, reports that present plans now call for intramural play Sunday afternoon. Where is that gym now?

Poly Bowling Club Standings

The Cal Poly Bowling Club completed its competition for the season. The first five in the league and the nearest to the leader will receive action upon returning to the conference in January. The following are the team standings for date:

Cal Poly's record hook. The former was held by Hank Moroskl in '48.

Colts Win 64-59

In what has been well termed, "a thriller", Coach Jim Gilbert's Cal Poly grid crew tallied 64 points to the Rollipipes in the Idaho city last Saturday night, edging out their visitors 64-59.

Arman Gunnarson and Stew King were the individual stars of the evening being selected for Coach Gillotti with Gunnarson taking high, point honors of the evening with 60 points. The Colts line this work but were scheduled for a rematch with the Rollipipes December 16 in Crunch Gym.

You get better looking in a '57 Chevrolet!

There's a whole new outlook behind the wheel—a bigger view of the road over that new hood. And less, that new instrument panel a honey.

Look through that '57 Chevrolet windshield and you see how its new, deeper design gives you better, safer vision.

Glance down that hot shot, and your eyes rest on the smooth, new instrument panel a car ever had.

Then, take the wheel and you'll find the going's even better than the looking! (Horsepower ranges up to 245.) Come in and see.

By Chester Field

POLY BOWLS 74-57

In Season Opener

Commanding a one-point half-time lead, Cal Poly's Mustang basketballers were downed by 11 points in the second period of play to drop the 64-59 loss at the Idaho State University arena Saturday night in the Idaho city.

In the Crunch Gym, the seven digits, and Len Overwold, with six containers down, shot a 21-4 interception lead over the host Mustangs.

Mustang mentor Ed Jorgensen said he was rather disappointed with the club's second half showing against Fresno, but stressed he was far from being discouraged over the Poly's performance.

The Bulldogs ran away with the contest in the second half. Officials called a technical foul against Fresno, but staggered he was far from being discouraged over the Mustangs' performance.

Mustang Splashes Take Second In State Meet

Poly's water polo squad annexed second place honors in the state college tournament held recently at San Jose in close out their fall season. Coach Dick Anderson's Mustang splashes gained a two win-two loss mark for the year. In claiming runner-up position, the green and golds took an easy 8-1 victory over Los Angeles state but fell to San Jose, 10-7, in the finale.

Fletcher Kolb and Bob Reeves selected by the club as co-captains for the season and coach Anderson initiated the two splashes were outstanding on defense in tournament play. Pete Cutino, Bob Wright and Karl Bell led the Mustang scoring during the Fall season. The trio each scored three times in the pair of matches. During seasonal play, this group also headed the Poly scoring attack. Cutino garnered 15 goals during the year's competition while Bell and Wright were slightly behind him with ten apiece.

Chad充值 Kristine, returning Mustang Varsity letterman, is shown hitting for two in the Inter-squad tilt last Friday night. Grandberry scored 226 points for the Mustangs last year and will be counted on heavily by Coach Jorgensen this season (Photo by Mike Maltz)

Poly Hoopsters Competing In Redlands Tournament

Coach Ed Jorgensen's hoopsters brought down the curtain in last night's competition of the Redlands Tournament, the University of Redlands-Couch Jorgensen anticipated a tough tussle with Redlands, although he rated Pasadena Nazarene and Westmont college contingent for top honors in the three day meet scheduled for Dec, 6, 7 and 8. Making the trip south were sophomore forward Harry, Mike Robinson, Ed Kelnhe, Phil Hoving, and Phil Finch who guard Ian Gerald, Robert Grandberry, Richard Riley, Chuck King, Jim Barkman, and Dan and Dick Jenkins.

CHECK P.O. BOXES

Believe it or not, some students are neglecting their campus post office boxes. So states Dean Kreevel Chandler, and goes on to say that students have missed very urgent news or information by not regularly inspecting their assigned campus box. All college mail is sent to the post office and students are expected to pick up their mail even though they have a mail box elsewhere.

Got these in your holiday plans?

This all-Arrow outfit can make a Christmas morning. (With a couple of well-placed hints, it can be yours.) For your Christmas check-list: this stand-out Cabot sport shirt of imported cotton flannel, with the new short-point collar, and two college standbys, Arrow slacks and University style crew neck sweaters.

Shirt, $5.00
Sweater, $11.95
Slacks, $12.93
