Police club protesters to 'Let's get 'em' cry

By MICHAEL WIDMER

BOSTON (UPI)—Club-swinging police staged noisy fortsy Thursday into antiwar demonstrators who tried but failed to shudder a government building.

A three-hour peaceful standoff between 4,000 antiwar demonstrators and 1,000 riot-clad police was shattered shortly after noon (EDT) when police—without warning—swung protesters from in front of the John F. Kennedy Federal Building.

Police used batons about two hours later to announce they would try to clear the crowd. They passed briefly, then swarmed into the group, wielding clubs.

Some injured protesters were treated at the stage by antiwar medics while others were helped away. At least one policeman was hurt.

The first two-phase sweep pushed the demonstrators 40 yards from the JFK Building on one side and more than 100 yards onto City Hall Plaza on another side. The second sweep drove them back even further. The midafternoon sweep seemed aimed at clearing the area before federal workers left their jobs for the day.

The earlier charge was designed to open the antiwar ranks so federal workers could enter or leave the 26-story building.

About 70 persons were arrested in the first charge and the total went past 100 after the second assault, police reported.

"Let's get 'em," a policeman yelled, starting the first move against a crowd of 1,000 in front of the building. About two dozen police started the charge and were reinforced by another 60.

"All we are saying is give peace a chance," they sang into the rolls they went.

Eight antiwar demonstrators, five of them students on this campus, were arrested Wednesday in downtown San Luis Obispo on counts ranging from obstructing traffic to disturbing the peace to resisting arrest.

The eight were part of a group of two dozen who demonstrated against the war in Vietnam by marching downtown, urging shoppers and store owners to close down shop to show disagreement with the administration.

They marched to Bank of America at Oak and Nipper and went inside, chanting, "Give peace a chance," and accused the bank of being part of the war machine.

The arrests of the eight were made by the city police with the aid of sheriff's deputies. Officers said those arrested for obstructing traffic were marching back and forth across the streets, stopping in the crosswalks and shouting at the drivers of cars.

The arrests will appear before the magistrate within ten days. Yesterday the demonstrators again decended to the downtown area following a campus rally that was held in the College Union plaza. Demonstration met at Mission Plaza and then proceeded to circle the business area of San Luis Obispo.

About 15 protesters joined the march and proceeded to the Bank of America, Crocker-Citizens Bank and the local Selective Service Board.

That was the end of the demonstrationers were under heavy police surveillance. There were no arrest in the second demonstration.

LETTERS TO THE EDITOR

Watch out for the radical minority

Editor:

This is an open letter to President Kennedy, and the students of Cal Poly.

Cal Poly is a conservative school, and we should be glad. The red, and right, is that not many of us conservatives are convinced enough about what the radicals are trying to do here. The radicals may comprise a small minority of possible votes in the All-education, for example, but you had better believe that they try harder and never miss a chance to vote. It won't be hard for their candidates to get a plurality, unless each of us cares enough to vote and keep the radical element out of student government.

President Kennedy, I would like to know how you feel about the students who advocate the boycott of classes. This letter isn't meant to give you a hard time, as some people here at Cal Poly are trying to do, but merely to ask you to expel those who want to "shut it down." Do you have the power to find out who they are and to expel such people? This type of student, who obviously does not value his education, should be made to leave. There are plenty of applicants begging to take his place in the classroom.

Time to cease violence as a solution toills

Editor:

The following is an open letter to Dr. Fred Rizzo, Dr. Rizzo.

Tom Hayden said that the history of America is a history written in blood and that the Vietnamese war was just the last chapter. Too often the traditional American answer to problems was and continues to be violence—I'm afraid this is your answer too. It's time again to call for an end of violence.

The Vietnamese war is a 30-year-old American involvement. The Vietnamese have passed the 10 year mark at a cost of 40,000 American and hundreds of thousands of Vietnamese lives. Now you want to bring the war home—go to hell Rizzo.

I'm tired of you politicians telling us who to kill. I chose the Fort Ord stockade instead of Vietnam in "their" war, and now I'm not going to join your army Li Rizzo. Maybe you have never heard my views at the peace rallies. I was just one of the faceless crowd that you are so busy radicalizing. My shout was more war—not yours, Nixon's. not anybody's. NO MORE WAR!!

Aries (March 21 to April 19)—You have a strong sense of individuality (which can lead to egotism), and the ability to create. You are impulsive, sometimes almost reck-
less, and need to cultivate moderation.

Taurus (April 20 to May 20)—You have a strong sense of values, which can lead to over-posseuiveness) and the ability to crusade.

Gemini (May 21 to June 20)—You have a strong sense of awareness and the ability to communicate with a high reasong pow-
er. Your dual nature, however, sometimes leads you to be inconsistent. You need to cultivate restraint, sincerity, and thought for others.

Cancer (June 21 to July 22)—You have a strong sense of attachment and the ability to nurture and protect those you care about. You are cautious, almost to the point of timidity, and very emotional. One thing you should try to develop is a more logical point of view.

Leo (July 23 to August 22)—You have a strong sense of dignity, which may lead you to be vain or imperious, but also have the ability to inspire faith. You are of a pleas-
uring nature and perhaps should con-
tinue your humanistic and humanitarian work. You are intellectual and humanitarian. You do not need to cultivate. However, a little more warmth and practical ability.

Virgo (August 23 to September 22)—You have a strong sense of service and the ability to analyze situations well. You are practical and conscientious (sometimes bor-
derline perfectionistic). You need to work to cultivate tolerance.

Libra (September 23 to October 22)—You have a strong sense of justice and the ability to negotiate. You are diplomatic (which others may perceive as insincere), but also succeed in weaving and are easily influenced. You need to develop more de-
fensiveness and consistence.

Scorpio (October 23 to November 21)—You have a strong sense of self-control which may manifest itself in repression. You are strong-willed, however, and reserved (some-
times to the point of being secretive, sus-
pectious, and resentful). You need a direct right of direction for your aspiration and energy.

Sagittarius (November 22 to December 21)—You have a strong sense of perspective which enables you to react quickly. You are honest, and can sometimes be considered blunt; impulsive, sometimes to the point of being flighty; and speculative. You need to cultivate restraint, sincerity, and thought for others.

Capricorn (December 22 to January 19)—You have a strong sense of reverence and duty and the ability to utilize, conserve, and organize. You are dependable, but tend to become self-absorbed, and practical, al-
though somewhat uninspired. You need to develop more originality.

Aquarius (January 20 to February 19)—You have a strong sense of principle and are truth-seeking. You have interest in the ability to reform and plan, and are high-
ly intellectual and humanitarian. You do

BROWN, OTHERS

Marks sought

The Mustang rodeo team will send some of the nation's best to the West Coast Relays weekend. The meet, billed as "where world records are broken," is in its third year at Fresno State's Rododrifice Stadium. Action begins today at 10:30 a.m. with the running of the pentathlon.

Outstanding among this college's entries is Reynaldo Brown, 1969 Olympic competitor who transferred from Compton Junior College. He'll be out to set a new College Class record in the high jump. The current mark was set in 1968 by Fred Jackson of Hayward State, who jumped 6-9. Last week, Brown took the honors at the San Jose

Girl thinclads.

The seventh annual girls' and women's track meet sponsored by California Association for Health, Physical Education and Recreation (CAPHER) will be held tomorrow on the old track and field at 11:30 a.m. This will be the first meet ever in the high jump. The game will feature the Mustangs by only ten points.

The qualifications used in picking teams for the regionals seem to describe the Mustangs over all record, depth of pitching and overall depth of the team.

If the diamond men are selected for the regionals, they will have invaluable championship experience behind them from the Valley State doubleheader.

"We think it's very important for our baseball program and our players that we have participated in a championship situation. Once you've been there it is easier to be successful the next time you experience it," coach Brown related. He uses to warm up, he leaps skyward and touches his toe to the goalpost crossbar, a mere 10 feet above ground.

"I first started doing it in high school," Brown related. "I keep my head straight, which is essential to a good high jumper."
