Noncollegiate Experience
to be evaluated for credit

The American Council on Education has signed an agreement naming The Consortium of The California State University and Colleges a new partner in its Project on Noncollegiate sponsored Instruction, Chancellor Glenn S. Dumke has announced. The project, a joint effort of the ACE and the New York State Board of Regents, helps individuals gain academic recognition for coursework taken outside colleges and universities by reviewing educational programs offered by organizations whose primary purpose is not education.

Typical of these are government agencies, business corporations, labor unions, and professional and voluntary associations that offer courses to their employees or members. Credit recommendations that result from the evaluations will be entered into the project's national registry and published in a national Guide.

The Consortium, newly accredited through the Western Association of Schools and Colleges, will organize and conduct reviews of courses offered by sponsors in California, according to Chancellor Dumke. In conducting the evaluations, it will adhere to policies and criteria established by the American Council on Education's Commission on Educational Credit. Serving on the review teams will be faculty from the State University and Colleges and from other public and private California colleges and universities.

Each university and college will make its own decisions regarding the awarding of credit, Dr. Dumke stated. The recommendations will provide them with relevant information, he added. In its first two years of operation, the ACE Project has evaluated over 800 courses sponsored by more than 50 organizations. Credit recommendations for courses reviewed to date are now available in the first national Guide to Educational Programs in Noncollegiate Organizations.

LABOR DAY AND ADMISSION DAY HOLIDAYS

Both Monday (Sep. 6), Labor Day, and Thursday (Sep. 9), Admission Day, are holidays for all university employees. All offices will be closed on both days, only essential services being maintained.

AUGUST SALARY WARRANTS WILL BE AVAILABLE TUESDAY

August salary warrants for faculty and staff of the university will be available at 3:30 pm on Tuesday (Aug. 31), the last day of the pay period. Warrants batched by department may be picked up at the Cashier's Office, Adm. 131-E, and those picked up on an individual basis may be picked up in the Business Affairs Division Office, Adm. 114, after that time.
JOHN WEST CARRIES SEEDS TO YEMEN

John W. West (Associate Dean, Agriculture and Natural Resources) who is en route to Yemen to inspect an educational program of the university in that nation, is carrying with him packets of seeds which will beautify the garden of the American embassy in Sa'na, the capital. Dr. West, at the request of the U.S. ambassador, Thomas Scates, is carrying seeds of shade-loving plants. The seeds, produced at Cal Poly's ornamental horticulture instructional facility, include those of Impatiens, Coleus, Begonias, Ageratum, Nemesia, and Salpiglosois.

The seed packets were arranged through Howard C. Brown (Dean, Agriculture and Natural Resources) and David Focht, technician for the ornamental horticulture laboratory facility. Dr. West will visit with Leo Sankoff (Dairy and Poultry Science) and Thomas Meyer (Food Industries) working on an Agency for International Development project in Yemen designed to develop a commercial poultry industry in the small Middle-East nation.

FACULTY AND STAFF INVITED TO DONATE WORKS

Chancellor Glenn S. Dumke plans to establish at the new California State University and Colleges Headquarters a library of faculty and staff works and invites California State University and Colleges faculty to contribute autographed copies of one or more books or other publications they have authored while a member of one of the system's colleges or universities.

The collection, which will comprise the California State University and Colleges "Fifteenth Anniversary Founding Collection", will occupy a special section of the Headquarters Library. Please send any copies for donation to Hazel J. Jones (Vice President for Academic Affairs).
HIRING OF NON-CITIZENS

Periodically, questions are addressed to the Placement Office about the hiring of non-citizens and the limitations on use of the phrase "U.S. citizenship required." According to attorneys of the College Placement Council, the Supreme Court has held that title VII of the Equal Employment Opportunity Act does not prohibit discrimination in employment based on citizenship. It does, however, prohibit discrimination based on national origin. It has been held that it is not unconstitutional for a state to prohibit employment of the illegal aliens within its borders. The Supreme Court has not ruled that a private employer is free to discriminate against lawfully resident aliens.

It would appear to be a good practice to get a statement from employers interested in hiring Cal Poly students as to the reasoning involved whenever a "citizens only" request is made. Most foreign students are studying in the U.S. on non-immigrant student visas and therefore are not considered lawfully resident aliens. Such students must obtain official approval in order to participate in employment interviews for off-campus positions. This approval is rarely granted and only under extreme circumstances to be renewed yearly. On-campus employment is left up to the university and is not subject to this regulation. For additional information or for the answer to questions regarding this article, call the Placement Office at Ext. 2501.

TWO NEW ADMINISTRATIVE BULLETINS

Two new administrative bulletins (AB 76-6 and AB 76-7) have been promulgated by the President's Office, and sent to all holders of the Campus Administrative Manual. The first, Administrative Bulletin 76-6, is titled "Interim Title IX Student Grievance Procedures." These procedures, effective immediately, are modeled after those suggested by the Chancellor's Office of General Council, with modification in line with campus needs following consultation with appropriate campus organizations. The interim procedures will be evaluated for possible revision after sufficient time has elapsed to determine their effectiveness.

Administrative Bulletin 76-7 titled "Interim Disciplinary Action Procedures for Academic Personnel of The California State University and Colleges Executive Order No. 245," was circulated in the form of the cover page only to holders of CAM. Copies of the full procedures are available for review at the following locations: the Reserve Room of the Library, the Personnel Office, and the Academic Senate Office.

FISHER CENTER INTERRUPTS TRAFFIC

On Tuesday and Wednesday (Sep. 7 and 8), the electrician for the Fisher Science Center will be making a road-crossing tie-in at the corner of North Perimeter and Mountain Drive. The Contractor will barricade the street and reroute traffic. It will be quarter break and the traffic should be light. There will also be a plumbing tie-in on North Perimeter Road on the same days directly in front of the North Mountain Residence Halls. The contractor plans to keep one half of the road open at all times during this work.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Tuesday (Aug. 31) in the Public Affairs Office, Adm. 210. Copy intended for Cal Poly Dateline is due in the Public Affairs Office by 12 noon on Thursday (Sep. 2).
WHO...WHAT...WHEN...WHERE???
