Nixon unveils Phase II terms

Creation of citizens' boards should cut down on inflation

by NORMAN KEMPETER

President Nixon announced creation of citizens' boards to limit post-freeze wage and price increases with the goal of cutting the rate of inflation in half. The President also announced plans to keep a lid on dividends and interest rates and ban "windfall profits" for business as part of a broad program to last indefinitely after the wage-price freeze expires Nov. 15. Nixon's statement of Phase II policy was couched in general terms and goals. He set no specific guide-lines of any kind, gave no answers to the worker who wonders "will I be able to get the raise that was due last month?" or to the businessman who wants to know "how much will be able to raise prices?"

All these specific standards will have to be worked out and issued by the new price and pay boards between now and November 15. However, Nixon stressed a nationwide broadcast address from his White House office that Phase II of the economic stabilization program will be largely voluntary and flexible.

"The vast majority of Americans will cooperate wholeheartedly with a system of voluntary restraint," Nixon said. "If there are any who try to take advantage of the patriotic

(Continued on page 6)
**LETTERS TO THE EDITOR**

**Don't defame image**

Editor: This is in reference to the Letter to the Editor submitted by one Patrick McCarthy appearing in the October 7 issue of Mustang Daily.

Sir, your flagrant attempt to belittle one segment of our student body is indicative of a naive and deceitful character.

It's easy to use a public sector of our society as a scapegoat for your own incapacity—requiring an excuse. If guilt was your objective, then you succeeded admirably.

The person responsible for hitting the girl has "never" wrestled for Cal Poly. Obviously, without premeditation, you implied that the wrestling team approved of "assaulting a girl." Only someone of a deprived character could actually believe such remarks.

The subsequent action that followed on your own behalf was a result of your own belligerent remarks.

**New director**

James R. Landreth, associate director of the Business Affairs Division at this school has been appointed the new director. Dr. Landreth, who is a magna cum laude graduate of both Stanford and Mexico City College and Stanford University, has a master's degree in business administration from Stanford University and a master's degree in accounting from the University of California at Berkeley.

If guile was your objective, then the appointment of Dr. Landreth is only someone of a deprived character could actually believe such remarks. It's easy to use a public sector of our society as a scapegoat for your own incapacity—requiring an excuse.

The person responsible for hitting the girl has "never" wrestled for Cal Poly. Obviously, without premeditation, you implied that the wrestling team approved of "assaulting a girl." Only someone of a deprived character could actually believe such remarks.

The subsequent action that followed on your own behalf was a result of your own belligerent remarks.

**Blood recipient says thanks**

Ed. Note: During the summer a blood drive was instituted by two members of the Veterans for Peace organization for two San Luis Obispo County compatriots. The following is a reply from one of the recipients.

**'Take that!'**

Editor:

I would like to convey my gratitude to the many people who showed their interest in the blood drawing. I am sure I speak for Chris Christian and myself in thanking all who were willing to donate blood on our behalf.

To most people a pint of blood isn't much to lose, but for a hemophiliac, each pint of blood means a life. Many people who took the time I would like to say thanks.

Especially I would like to thank Don Tuttle, the Mustang staff, Pete Evans, the campus doctor, the two bands and everyone who contributed so generously of their time and effort.

**His mistake**

Editor: Unfortunately I was unable to correct an error in my letter to the Editor of Wednesday. The $10 fee is not double the amount paid last year, but is the same amount. It is however the maximum allowable for a State College. The Trustees have set $20 as the maximum fee chargeable per year, thus the $10 in the fall plus the $8 fees in both winter and spring quarters total twenty dollars.

Because of this either new sources of revenue for administering annual fees or existing allocations must be cut to provide funds for any activity or service desired by the student body.

Why not discuss the current ASI situation with OCR at our next meeting. We will meet Thursday, October 14th at 7:30 p.m. in room 122 of the Men's Physical Ed. building (the conference room adjacent to the lobby). We want to hear all sides in a productive and hopefully fruitful discussion. Thank you.

Michael R. Cox

**Strip waiter**

**Sticks waiter**

Hollywood (U.C.L.A.)—A waiter at a Sunset Strip restaurant stabbed another waiter six times with a carving fork Thursday after an argument over who would wait on "foil" words, just as long with some people use them for their shock value.

**EDITOR'S NOTES**

Come to the aid of your elections

by CLAUDIA GALLOWAY
Managing Editor

Sometimes within the next two or three weeks students here will have an opportunity to help decide which voting system will be used in future Associated Students, Inc., elections. While most everyone agrees that the preferential voting system—which is being used now—neither serves the students well and should be abolished, there is some question as to what sort of a system should be used in its place.

Several weeks ago Steve Greenberg, chairman of the ASI Elections Committee, started circulating petitions in hopes of gathering enough student support to stage a referendum election designed to do away with the preferential voting system and establish instead a simple plurality system.

Before Greenberg was able to obtain enough signatures to take the matter to the Student Affairs Council, Joe Martinson, a representative to SAC from Agriculture and Natural Resources Council, proposed to SAC a bill designed to amend the ASI bylaws abolishing the preferential voting system and replacing it with a majority voting system.

"Friendly amendment?"

Then, another SAC member proposed a "friendly amendment?" to be added to Martinson's bill as a rider, which would give the students voting on the bill a vote on the simple plurality or majority system of voting—providing, of course, the preferential system was overthrown.

So now, assuming SAC passes the bill and allows it to go to a vote before the entire student body, the students are faced with deciding which system would be best.

The preferential system was established to avoid the necessity of having runoff elections, but that is about all it has going for it. It is, at best, confusing and hinders the voting procedure—a major drawback when trying to run a truly democratic system.

The simplicity is the system favored by Greenberg for the simple reason that it would not require runoff elections—something Greenberg and his committee of one do not feel they can handle. With the simple plurality system, a candidate would only need to pull in one vote more than any of his opponents to be declared the winner.

Even Greenberg, despite reservations about the committee's physical ability to handle it, admits the majority system is fair and the easiest to draw a majority of the votes out and usually requiring a run-off election—is the fairest and most reasonable system.

But when rejecting the simple plurality and endorsing the majority, we cannot forget that Elections Committee is not presently equipped to handle the extra involvement. SAC members must be made to increase the number of working members and increase the work load of the committee—just as is done for other ASI committee members.

Also, the burden of handling the elections of both the Homecoming and Poly Royal Queen in addition to conducting the elections for ASI officers and SAC representatives is ridiculous, and that responsibility should be passed on to Homecoming Committees and Poly Royal Board respectively.

After all, if we can trust this group to handle the screening of candidates down to several finalists, we surely should be able to trust them with such an important matter as amending the final choice.

Ed. Note: Theumbs down to the窕ed manpower and a few of the rather trivial responsibilities removed, the Elections Committee should find it easy to conduct elections using a much more democratic system.

**Requiem Mass**

Requiem Mass will be held for Monica (Zuchelli) Rodrigues, 31, today at noon in St. Mary's of the Assumption Church. She died Wednesday in a Santa Barbara hospital following a brief illness. Miss Rodrigues was a 1971 graduate of Santa Maria High School, and she was a student at Brooks Institute of Fine Arts in Santa Barbara.

Ed Zuchelli, Miss Rodrigues' stepfather, is an instructor in the Journalism Department here and a Santa Maria City Councilman. His broadcasts Mustang football games.

FATHER JOE

Priest serves
academic need

by DE RUSELL

Father Joseph Zenk of the
Newman Center is a man com-
mitted to serving God and the
needs of the academic com-

One of the ways in which he
wishes to do this is through a new
program known simply as "Rap
with Father Joe."

In a recent interview with
Macaulay Daily Father Joe
outlined the basic Ideas behind
his program and the Newman
Center, which is located at 137
Dental Way.

"I am interested in people's
views and how they express
them," he said. "Newman Center
is trying to build a community
where people are not afraid to
open and frank rather than have
barriers forming."

Father Joe believes that a good
way to accomplish this is through
spontaneous discussion based
upon helping individuals to
discover what It fteans to be a
responsible Christian.

"I feel It Is a good thing and that I
am truly doing a service."

Father Joe, who is 38, has spent
several years teaching in areas
throughout Michigan, Kentucky
and Baltimore. He worked three
years in Belgium to obtain a
Doctorate in Philosophy and also
taught at a seminary in San
Francisco.

"I liked Newman because it has
gotten away from the wealthy,
established-type religion," she
said. "It has gotten down to the
root level of religion through a
strong sense of community."

Besides Father Joe's program,
Newman Center also offers three
Eucharist Masses during the
week as well as Involvement In
such activities as the
mourners, the Peace Coalition
and other community-minded
affairs.

"It can become what we want it
to become if we want it badly
enough."
Sierra reps meet—hike

The Southern California Regional Conservation Committee of the Sierra Club will gather this weekend for a meeting of club representatives, a hike, an overnight stay, and meals, including a barbecue.

Costs will be $2.50 for the barbecue, $1.10 for overnight lodging individuals are asked to provide their own sleeping bags, $1.50 for Sunday breakfast, and $1.70 for bag lunches with beverages.

Harold Moos, Chairman of the SCRCC, announced that a barbecue will be held on Saturday, followed by a meeting of the organization featuring Larry Moss, the club's national representative.

For further information and reservations, contact Lee Wilson by phoning 480-3044 or write Lee at P.O. Box 190, Arroyo Grande, Cal., 93420.

Enjoy the beauty of the coastal peaks, hiking or biking with Himalaya lightweight backpacks and White Stag sleeping bags.

Financial aid for undergrads

Undergraduate college students in need of financial aid toward the continuation of their education should file a state scholarship application.

State scholarships are available for use at any accredited four-year college in California, the awards ranging from $500 to $3,000 at independent colleges, $300 to $600 at the University of California, and in the amount of the student's fees at California State Colleges.

Approximately 9,000 new state scholarships will be awarded in April 1972 for use in 1972-73. Most of the new awards will be available to high school seniors, although approximately 1,000 will be available for currently enrolled college students.

Six freshmen suffered minor burns but were able to return to the fire lines after first aid, followed by a meeting of the organization featuring Larry Moss, the club's national representative.

Enjoy the International Sport of Rallying with C.C.R.T.
Meetings: first Wed. of every mo at Paso Robles Civic Aud. 7:30 p.m.

Homes leveled in raging Santa Barbara wildfire

by MARK JONES

Summerland, Calif. (UPI)—A brush fire that raged through more than 3,200 acres, leveling expensive homes and sending residents fleeing, was turned around by a shift in winds Thursday that apparently saved other threatened districts.

Seven homes in the 64,000 to 100,000 range were destroyed in the Hidden Hills tract above Montecito. Fire officials ordered more than 100 residents evacuated at the height of the danger. Hundreds of residents fled the area under a thick pall of smoke, as winds whipped the blaze southeastward out of the Los Padres National Forest into populated foothills seven miles east of Santa Barbara.

Financial aid for undergrads

Students planning to attend a community college during the 1973-74 academic year may have their scholarships held in reserve for them until each time as they attend a four-year college. The former 24-year-old age limit has been raised to age 30 with this year's competition.

Applications must be filed with the State Scholarship Commission by midnight, Nov. 19, 1971. Scores on the Scholastic Aptitude Test must be submitted as part of the application.

Applications are available in the Office of Financial Aid or directly from the State Scholarship and Loan Commission, 774 P St., Sacramento, Calif. 95814.
Motel chain outfoxes itself

Boston (UPI)—It was a case of “no room at the inn” for the International chain of hotels and motels, held its annual convention this year in Boston at the Sheraton Boston Hotel.

“We had 800 people here,” explained Travelodge President Rager Manfred. “We just don’t have a Travelodge that big.”

Rodeo features

A-1 bulldogging

Have you been to a good bulldogging contest lately? Maybe you should try the Coast Arena, Friday night at 7 p.m. when the Rodeo Club sponsors an intramural rodeo for Cal Poly students. There will be a one dollar admission fee.

Besides bulldogging, such rough and tumble events as bareback bronc riding, steer and calf roping and bull riding are scheduled. There is even an event for the ladies, barrel racing.

If there are any more interested contestants, see Bill Gildford in Ag. 147.

My yellow card...

(Continued from page 1)

is the card each quarter a student registers for classes. But until the plastic cards arrive, the yellow ASI card is the student’s only means of identification.

If you threw the yellow receipt away, there is a possibility of replacing it. The first step is to go to the administration building. You must get the receipt number to verify that you purchased an ASI card. The next step is to go to the student association business office at the CU building where replacements are distributed. Last year the ASI card was archived, and the card color was changed for each quarter so only meal ticket holders had photo ID’s.

With all the student identification contained on the new reprinted ID this year, what is the purpose of the yellow ASI card? According to Roy Gersten, ASI business director, students only need the card as a means to punch in the numbers at the bottom when participating in college events.

“I felt it was the only reason the card was needed, then I would be for doing away with it altogether,” he said.

But Jerold Holder, director of admissions and records, said a student should have his ASI card with him at all times, even after the photo ID’s arrive, to prove he has presently enrolled in this college.

The Foundation needs the ASI card because the meal ticket is contained on the card. When the photo ID comes, meal ticket holders will be required to show their photo ID as well as their meal ticket.

The library will get the most use out of the photo ID, and according to members of the committees, this was one of the main reasons for the change in student identification.

A new machine has been set up in the library which will allow faster checkout service for students, and make it easier for the librarians to positively identify students.

So until the photo ID’s arrive, the yellow card is the only way to prove who is a student here. And after the ID’s arrive, don’t throw away the yellow card. It’s still the ASI card.

Israel deports

US ‘Israelites’

(UPI) — Israel deported an American psychopath Thursday and sent him to a Chicago slum Negro who had arrived at L.A. International Airport claiming to be “black Hebrew Israelite.”

The national radio station said a black woman was lied about and indicted to the New York bound airliner after striking the airport police.

In long robes and turbans, the group at first refused to board the airliner but, released under pressure from Zeitlin. They vowed to return as soon as they reached the United States.

“The police said they could give me no grounds for the interior Ministry deportation order,” Zeitlin said, adding that he immigrated to Israel a year ago and set up in practice in the United States but said he came from the Midwest.

The Negroes claimed to be “black Hebrew Israelites,” and said the Jewish state was the land of their forefathers Jacob, Abraham and Isaac. Three days earlier, airport officials refused entry to three Negroes, also because they doubted his means of financial support. All who were turned back cleared the airport but, relented under pressure from Zeitlin. They vowed to return as soon as they reached the United States.

“The police said they could give me no grounds for the interior Ministry deportation order,” Zeitlin said, adding that he immigrated to Israel a year ago and set up in practice in the United States but said he came from the Midwest.

Athletic crisis to be reviewed

The growing crisis in the athletic world will be the subject of an extended study by a special workshop course offered by the University of California Extension Program. The course will begin today and run through Sunday on the Berkeley campus.

The course will feature many of the most prominent coaches, athletes, and sport administrators in the country as guest lecturers. A manufacturer of thoroughly exploring the growing crisis in sports, the guest lecturers will range from those persons who believe the sports crisis is merely the result of crisis In sports, the guest lecturers will range from those persons who believe the sports crisis is merely the result of.

In addition to the lectures, there will be small group workshops that will explore the coach-athlete relationship, the educational value of athletics, the influence of the media on sports, the problems of the black athlete, the role of women in sports, the implications of a spectator versus a participatory orientation, and the problem of drug abuse by athletes.

Stop, look and listen for a series of feature reports following the course in appear in this paper and to be heard over KCPX.

By United Press International West Coast longshore union leader Harry Bridges told 18,000 striking dockworkers Thursday in begin returning to work Friday and moving cargo Saturday in compliance with a federal court back-to-work order.

Bridges’ instructions appeared to signal an end to a five-day dock tieup at 24 Pacific ports. It was the longest strike in the coast’s history.

The union leader of 233 striking grain elevator workers in the Chicago area announced that they would bow to a similar back-to-work order from a federal court and return to their jobs.

Both court orders were obtained by government attorneys Wednesday night after President Nixon decided to invoke Taft-Hartley Act powers to end the strikes.

Nearly 14,000 East and Gulf Coast dockworkers and some 60,000 dock workers extended no contract, no-work stoppages into a second week with no signs of early settlement.

West Coast longshoremen and the Chicago elevator workers stayed away from work Thursday despite the federal court orders. But late in the day Bridges sent telegram to locals of the International Longshoremen’s and Warehousemen’s Union ILWU instructing that men needed to “perform preliminary work” should be passed through picket lines Friday. He advised them to get ready for resumption of work “as of the first ship Saturday.”

Union and shipowner attorneys asked federal court to postpone a hearing which has been scheduled for Friday on an appeal to extend a temporary restraining order in the July 18 cooler-off period under Taft-Hartley. The hearing was reset for Oct. 18.

Free lecture by meditation

The Student International Meditation Society will sponsor a free lecture on the techniques of transcendental meditation as advocated by Maharishi Mahesh Yogi. Featured will be Dog Ingoldsby of Santa Barbara, a qualified teacher of transcendental meditation.

Ingoldsby spent a month in Poland Springs, Me., two months in Estates Park, Colo., and one month at the University of Massachusetts studying under the maharishi. His mediational abilities led the maharishi to make him a qualified initiator, or teacher, of meditation.

This introductory lecture in meditation will be held at 7:30 p.m. Friday, Oct. 15. It is scheduled for Oct. 15.

In addition to the lecture there will be a free color film with Maharishi Mahesh Yogi. For more information contact Society Pres. Rocky Saunders at 544-7979 or 545-9576.

Nixon’s delay gets approval

Washington (UPI)—In a major victory for his economic program, the Senate Thursday gave final congressional approval to President Nixon’s 18-month delay of a 6 per cent per pay increase for four million federal government employees. With only three Republican defections, the Senate rejected 51 to 31 a resolution which would have nullified Nixon’s order putting the pay raise, due Jan. 1, until July 1.

The administration victory came just hours before President Nixon went on national radio and television to announce the second phase of his economic program.

Brandy liked Cognac, France (UPI)—World consumption of brandy increased by 30 per cent in 1970, according to the International Wine Bureau of Cognac.

Open 12 noon to 6 P.M. DAILY
Peace Coalition to stage rally.

"Peace" and "out now!"—two septae that have become synonymous with the war in Vietnam—will have their day. Wednesday, Oct. 13, when the Peace Coalition unfurls a united front of information and demonstration throughout San Luis Obispo and on the campus.

Two separate events will mark the noon hour: downtown at the Ponce Vigil, where the names of Vietnam will be read; on campus in Chumash Hall, where is to be numerous speakers, including representatives from various groups, including student faculty and clergy.

During the day, Peace Coalition members will be annoying the San Luis Obispo area to sign petitions demanding that the United States withdraw immediately from S.E. Asia. There will be tables located in numerous sections of the campus, and those who sign a petition will receive a sticker for their window which will read, "Out of Vietnam Now."

Later, on Oct. 18, the Peace Coalition will enter the San Luis Obispo City Council meeting at 7 p.m. in the Council Chambers, 990 Palm Street, for the purpose of presenting the Council with a resolution for their support stating that President Richard Nixon should withdraw all troops immediately from S.E. Asia.

The Peace Coalition is a committee composed of various sections of the Peace Movement in America, including Anarch Mother for Peace, church groups, Vnya for Peace, high school student groups, Cal Poly, and workshop set.

The Vietnam Veterans for Peace will hold an organizational meeting at 4 p.m. to determine what the local veterans want to do in relation to the anti-war movement.

Wrapping up the day's activities is "Out Now," according to Marianna Deoio.

Pair busted for dirty dealings

Philadelphia (UPI)—Police searching a West Philadelphia apartment Thursday for stolen goods found instead a 10-by-10 foot bin filled with dirt.

A sign on the bin warned "Do not touch. Do not water. Seeds are planted."

Police said the seeds were marijuana. They charged two men with illegal possession of narcotics.

Police said now they are trying to figure out how the suspects got two and one-half tons of dirt into the apartment without being noticed by the neighbors.

At Oct. 13 war moratorium will be the campus in the form of a teach-in, workshops, and a rally, to BEGIN the All President Pete Evans and Vice-President Marianna Deoio.

"We are endorsing a movement on classes for both teachers and students. We feel they come to the teach-in to participate in the anti-war activities," Mrs. Deoio said.

The teach-in, scheduled 12-2 p.m. Wednesday will be held in Chumash Hall. It based a line-up of speakers representing liberal, leftist, and ecologically-oriented groups. The roster includes former biology instructor Wayne Williams, Rev. Jim King, United Methodist Church; Jim Patterson, Students for a New Administration; Peter Latin, Vietnam Veterans for Peace; Joseph Zemk, Newman Center; All President and Vice-President Evans and Deoio; Penny Coster, Mother for Peace; Speakers representing the Students Union, Iranian Students, and Ecology Action Committees will also be heard.

At 3 p.m. a movie will be shown, "Time is Running Out." When workshops will begin at 3:30 p.m. Participants may choose to attend discussions on "Freedom," "Racism and the War," "Women and Their Role in Relation to the War," "Ecology Mondele," or "The University and Its Role in Making the Revolution."

According to Mrs. Deoio, all of the individuals speaking at the teach-in will also participate in the workshops. She said the workshops will consist of groups of people discussing openly the aforementioned topics.

Guards and school officials have told the students that if they come to the teach-ins and participate in the anti-war activities, "Mrs. Evans and Doahl; Robert Scheer, former editor of Ramparts magazine, will speak on "The Nixon Doctrine" at 7 p.m. in Chumash Hall.

The central theme for this Mortimer Day's activities is "Out Now," according to Marianna Deoio.

...and workshop set

The Vietnam Veterans for Peace will hold an organizational meeting at 4 p.m. to determine what the local veterans want to do in relation to the anti-war movement.

Laguna Seca may be toughest race of current Can-Am tour

When the green flag drops at Laguna Seca October 17, it will be the start of the toughest race of the Can-Am series this year. Probably the biggest rivalry will be between two teammates, Denny Hulme (who is the defending Can-Am champion and is on his way to winning his third Can-Am championship of that series) and his new partner, Peter Revson. Revson has won four of the eight races so far this year to build up 107 points, while Hulme has won two and taken four seconds for a total of 100 points. Only two races remain in the series, so it would be impossible for any other driver to win the title.

Another major contender in the race is expected to be Jackie Stewart, the 1971 Formula 1 World’s Champion. Stewart has been the only driver consistently to challenge the Hulme-Revson team this year, though, with a point standing of 81, he is only in fourth place in the Can-Am series.

Sam Thoman, Mustang sharpshooter sights on national title.

They aimed well

The Green Rifle Team received second place recognition on a nationwide scale as a result of earlier competition this year in the NRA Indoor Championships. The team, consisting of Larry Merrell, Art Carpenter, Richard Tygmaas, and Brock Wagstaff, managed to obtain 1573 out of 1800 possible points. Merrell also placed sixth in individual marksmanship in the nation with 798 points out of 800.

The four-man varsity team placed seventh in the nation with 1533 points out of 1800. "That’s really unbelievable considering who they were competing against," commented marksman Tom Wheeler. "These are some of the best teams in the nation, and to my knowledge Cal Poly has never placed this high before."

Competition was composed of over 2,000 private rifle clubs and teams from other colleges. The four-man varsity team consists of Sam Thoman, Richard Roll, Tim Andrews, and Tom Giong. Thoman went to the pre-olympic Pan American Tryouts last year and placed second.

"Tricky Dick"
