Teach-in talks put down war

by BRUCE W. KIRBY

A group of about 200 people turned out for the teach-in, touching off Moratorium activities in the College Union Wednesday.

Brief speeches by students, faculty and citizens representing several organizations and various schools of thought were given in the sparsely filled auditorium.

The topics of the talks ranged from the suppression of third world nations to the war as a war of racism.

Jim Peterson, English instructor, was one of the speakers at the moratorium. Wednesday.

"We’ve got to stop fearing and hating people and going on without roots—how can you love the people in Vietnam, if you can’t love someone different than you on campus," Peterson said.

Also speaking was former Biology instructor Wayne L. Williams. Williams began his speech to the industrial repression of the world by U.S.周恩来.

"There is a strange society that destroys its land to destroy another," he said and added that the U.S. is the perfect example of how not to run a country.

Although the main concern of the moratorium was to end the war, each speaker took a particular segment of society to relate the affects of war worldwide.

Listing three basic elements of the war, John Brown, from the Black Students Union, said that the war is a war of racism, of economics and of people who like "to kill each other." He said the latter is made up of people who like to kill regardless of the situation. These people go over to Vietnam to take part in a game and then find out it is real when they are lying on the ground bleeding.

House petition—China would retain UN seat

Washington (UPI) — President Nixon has presented a petition Wednesday signed by 336 House members opposing expulsion of Communist China from the United Nations.

U.S. policy for the China debate is expected to begin Monday is to support the admission of Communist China to the Security Council and the Security Council while trying to retain a seat in the Security Council for the United Nations.

A delegation of 10 House members—five Democrats and five Republicans—presented the petition Monday to the National Guardsman and by 18 of the 21 senior Republicans on House committees.

There has been considerable speculation that Nixon’s announcement, expected Nov. 19, might order American presence in Vietnam down to a residual force of 50,000 or less by next spring.

Hassled student replies

Editor:

I wish to express my concern about the recent article published in the newspaper on October 14 (today) during the debate at the Free Speech Arena, entitled "GET THE DORM FACTS STRAIGHT!" In this article, I learn that there will be a debate at the Free Speech Arena, October 14 (today) during the college hour, and I am invited for the debate.

No longer do I decline the invitation on the ground that my exclusion would be a form of expression through the news media (Mustang Daily) was violated by a few individuals who harassed phone calls, right after my letter published on Mustang Daily Oct. 7, 1971 and continue calling the following days.

I only wish these individuals would grow up enough to identify themselves. With such contemptible attitudes which lead me to believe that only juveniles would show such a behavior, not for a college man. Therefore, I will not be lowering myself for any further discussion under this circumstance.

I hope but whatever I said in my letter to the editor was truth and nothing but the truth. No-one should distort the facts.

Since one of the callers asked me to meet him for a discussion, I was wondering "where do I stand" — it is up to you for the principle (the very fundamental concept of a democratic process), the truth and the beauty.

College-age men and women are our nation's most responsible citizens, capable of performing adult acts by using the properly acquired leadership quality. The trouble with this kind of individuals are seldom seen, yet I respect the students who identify themselves on campus as well as in the community. I have never had any difficulties identifying myself on this campus but have had some trouble identifying myself to various merchants in San Luis Obispo. If the merchants in San Luis Obispo feel it necessary to send more people to identify themselves as one of the best colleges in California.

The credit surely belongs to the decision makers in the administration, the students' body and its student affairs council and many resources.

As for the present, you six gentlemen call all our students where do you all stand?

John Young

---

4D card 'unwarranted'

Editor:

I would like to protest the establishment of a student 4D card at Cal Poly. This expenditure is completely unwarranted and should be discontinued since most students already carry more than enough documents to identify themselves. An all card and driver's license are more adequate to identify signatures to face.

The administration says that 4D cards with photos would make it easier for students to identify themselves on campus as well as in the community. I have never had any difficulties identifying myself on this campus but have had some trouble identifying myself to various merchants in San Luis Obispo. If the merchants in San Luis Obispo feel it necessary to send more people to identify themselves as one of the best colleges in California.

The credit surely belongs to the decision makers in the administration, the students' body and its student affairs council and many resources.

As for the present, you six gentlemen call all our students where do you all stand?

ERITORIAL

A funny thing happened to Student Affairs Council or to becoming a center of student interest. It just got lost.

Student government, or the irrelevancy and inactivity there, was a prime target for each of the three Associated Student Inc. candidates for president last spring. Out of the jungle emerged Pete Evans as president and Marianne Doshi as vice president. Immediately, the duel wasRating a government more functional for the individual student—bringing student government to the student if the student wouldn't go to student government.

Yes, this year Mrs. Doshi, as chairman of SAC, decided she would move the meeting time of that important group in order to generate student interest. She cannot be blamed for her intent, yet what has resulted is part result and this point has proven ineffective. First, she set the SAC meeting of Sept. 22 in the afternoon, but that proved inconvenient for members who had classes later in the day. The chairman then tried a pair of Monday evening meetings which likewise failed to draw any semblance of a crowd.

Next Monday's meeting has been reset for 5:30 p.m. to accommodate those who wish to attend the San Luis Obispo City Council meeting.

The Tuesday afternoon meeting was inconvenient for several SAC members as well as being too late for those who attended the San Luis Obispo City Council meeting.

Monday evening is a problem for those who wish to attend City council meetings, as SAC member and City Councilman Keith Gurnee must.

Unfortunately, other conflicts further cloud the Monday night scene, as evidenced last Monday when both Evans and Mrs. Doshi were present for only segments of the SAC meeting. Evans wore a path between two or three other meetings taking place at the same time as did Mrs. Doshi, whose presence was required before the city council.

We do not contest the necessity of the ASI officers appearing before other groups. However, SAC is too important to play second fiddle.

Undoubtedly, several SAC members may have missed meetings because of the schedule flip-flop and it is not unreasonable to expect additional absences for the same reason. But it is unfortunate that despite changes, SAC continues along as in the past with few students caring enough to view the proceedings or to voice their opinions.

SAC's refusal at the last meeting to circumvent a request by Mrs. Doshi to move next Monday's meeting up to 5:30 at least demonstrates its willingness to do anything that will help. In this particular instance, the conflict between the city council and student affairs meetings has been alleviated. But what about the remainder of the quarter?

Plans are in the making to square away the meeting problem for Winter Quarter, as apparently no solution agreeable to all can be reached for the fall. In any case, the problem faced thus far should serve as an example for the future that it will not happen again.

Editorial: The American National Register is proud to serve the San Luis Obispo area, as well as the surrounding communities of Paso Robles, Morro Bay, and central California. Our mission is to provide accurate, informative, and engaging content that is relevant to our readers. We strive to cover a wide range of topics, including local news, events, and dining options. Our publication is an essential resource for those living in the area, and we are committed to being a valuable part of the community. Thank you for choosing Mustang Daily as your source for news and information. We appreciate your support and look forward to bringing you more stories in the future.
Homecoming band contest

The first Annual Central Coast Marching Band competition will highlight the Homecoming Parade on Saturday, Oct. 30. Sponsored by the Homecoming Committee, entrants will feature the campus marching band, and bands from Cal State, San Luis Obispo, Arroyo Grande, Lompoc, Carpinteria and Santa Maria high schools.

According to Ed Deno, parade chairman, trophies will be awarded to the first, second and third place in the band competition. Prize and prize money will also be awarded to the first three places in the float competition, and a trophy to the fourth place winner.

All clubs are invited to enter the creative interpretations of "What the world needs now..."—Homcoming theme.

Applications are available in the ASJC Activities Office, Box 31. The deadline is Oct. 18 for non-final entries and Oct. 30 for float entries. For more information call Deno, 944-5889.

Informal attire doesn’t necessarily mean casual marching. Conductor William V. Johnson demands hard work from his performers as they practice for their first show of the season, “The Powerful Sounds of Rock Opera.” It will be the half time show for Saturday’s Fresno State game.

The Mustang Marching Band must also practice vigorously for their L.A. Rams pre-game show and their participation in the half time show on Oct. 29.
With the sun reflecting off his trombone, Richard Mitsuoka dominates the marching field.

UP!

Psychology and Atascadero State Hospital will be the topic for discussion and analysis at the next meeting of the Jewish Student Union. Dr. Al Goodman, a psychologist at the state facility, will speak this Sunday night at 7:30 p.m. in room 324 of the College Union. For more information call Bruce Judson at 844-3090.

The Fine Arts Committee urges all interested students to attend meetings Tuesday night at the CU 318 at 7:15 p.m. Committee activities include the showing of some campus movies.

David Grimes, classical guitarist, is sponsored by the Fine Arts Committee in a Friday night concert. The committee is also responsible for some of the campus movies and various other activities dealing in the fine arts.

OCTOBERSPIEL will be celebrated in the German tradition with music, dancing, German conversations, and refreshments. German speakers and students of the German language are invited to attend the celebration at Newman Center, 137 Crandall Way. The program will be from 1 p.m. to 7:30 p.m. on Oct. 31. Donations will be $1 per person. For further information contact Mrs. A. W. Frank at 543-6668.

“Alternative,” the campus magazine, needs students to work on the staff. Help is needed in compiling articles and generally pulling together the magazine. A meeting will be held today during College hour in English 811 for all interested students.

“Alternative” is a literary magazine which works through the English department. It publishes fiction stories, poetry, and prose written by students. The magazine is usually edited by English majors working on their senior projects. This year’s editor is Ahmed Zu-Bellten. James Peterson, an English Instructor, is the advisor and can be contacted at 844-3090.

If you are a B average social or political science major come to the first Pi Gamma Mu meeting of the year. Activities for the year will be discussed. The meeting will be held at 11 a.m. today in Library 118.

For more information contact Mike Randolph at 844-0433.

Troop pullout

by EDWARD K. DeLONG

Washington (UPI)—Defense Secretary Melvin R. Laird said Wednesday he would go to Vietnam just before President Nixon’s eighth withdrawal announcement in mid-November to give him a last-minute assessment of how many more Americans can be brought home.

Laird said U.S. strength in Vietnam has dropped from a high of 543,400 men in 1969 to 210,000. Vietnam has dropped from a high of 125,000 by Dec. 1.

Jack Curtis, ASSIST chairman, explains the goals of the committee to a reporter. ASSIST will give the students the right to rate their instructors on an over-all basis using a grading scale of A-F with an E being given to non-participating instructors. (Photo by Bob Lampley.)

Poet of guitar

Classical guitarist, David Grimes, will be in concert in the College Theater at 8 p.m. Friday. Sponsored by the Fine Arts Committee, admission will run $3.38 for students and $8 for the public.

Described as a "poet of the guitar," Grimes' repertoire spans five centuries of music. As a solo artist, Grimes has received enthusiastic acclaim for his performances throughout California, on the East Coast, and in Mexico.

A highly respected teacher and coach, Grimes has held positions on the faculties of the California Institute of the Arts and the Valley Conservatory of Music, as well as being listed as an artist and teacher by the California State Colleges at Los Angeles and Long Beach.

Highlighting the program for classical music buffs are Fantasias 7 and 10 by Alois Modeste, Variations on a Theme of Milian by Joaquín Nin-Colmella, Barabancexes Laolineira by Joaquín Rodrigo and Dama Pomposa by Alejandro Tanamanz.

ASSIST is the Instructor evaluation program on this campus and it gives the student the opportunity to express just how he feels about his instructor and his teaching methods.

The instructor evaluation program will begin in the classroom during the seventh week of school, but the questionnaire that the students will complete about their instructor is being organized by the Assis Committee.

ASSIST has devised ten questions to the instructor and question the instructor’s effectiveness, while last four questions are geared toward questioning the structure of the course and the content of the test.

The ASSIST Committee has decided this year to grade the results by using letter grades from A to F with an E being given for instructors who were unable to participate.

Once the data is compiled, the ASSIST publication will be organized, and how the material contained in the booklet was obtained. This information will be taken into consideration by the student body and its publication will be divided into three parts. The first section will contain the list of instructors listed in alphabetical order. Each instructor will be given an overall grade derived from the average of the six preliminary questions for instructors who were unable to participate.

The second section will list the instructors alphabetically and rate them individually for each class on their knowledge, response, clarity, technique as a lecturer and the fairness and relevance of their exams and homework.

The final section will be an evaluation of the classes and will rate the course and text on content and interest.

According to Jack Curtis, ASSIST Committee chairman, the booklet hopefully will be completed by the Winter Quarter and ready for distribution.

Student's turn to grade profes-

It's about that time for students to play the grade giver role and evaluate their instructors.

ASSIST is the instructor evaluation program on this campus and it gives the student the opportunity to express just how he feels about his instructor and his teaching methods.

Rites set for Acheson

A memorial service will be held at 3 p.m. EDT Friday in the Washington Cathedral for former Secretary of State Dean Acheson, who died Tuesday night of an apparent heart attack at the age of 78. Acheson was found slumped over a desk in the study of his country home at Sandy Spring, Md. A burial service will be held afterwards at Oak Hill Cemetery in Georgetown, the fashionable section of the capital where Acheson, a Washington lawyer and adviser to presidents after his 1953-71 tenure of the State Department, often maintained his city home.

Former President Harry S. Truman II, under whom Acheson served during the height of the cold war, said in a statement: "Dean Acheson was a friend of all mankind and served his country with honor and distinction."

According to Ratcliffe, "Everyone at the seminar was a professional performer on an instrument resembling the piano, but producing a much lighter sound. The strings are plucked by quills rather than being struck."

Ratcliffe said he becomes interested in the harpsichord while an undergraduate at the University of Washington. A visiting harpsichordist, Mme. Alice Ehlers sparked his interest and he studied with her for three years. Ratcliffe completed his graduate work at the University of Southern California, then was music director for the Music-Guide Round Theater in Seattle. Prior to coming to San Luis Obispo, he taught at College of the Oarts in Arkansas.

Today's program of trio sonatas will include works by J.S. Bach, F. Couperin, Ledzay, J.B. Bach, and Williams.

Pin-busters put scores in orbit

League bowling in the College Union got off to a good start last week.

Steve Green turned in the best individual effort in a single game, a 614 in the Tuesday Night Mixed League.

Law Jackson, a familiar name on the sports page, for bowling.

Students to give bowling a try at Games Area Desk.

Terry Humphrey tallied a four-game series of 781.

Coach Dick Heaton in the Invitational Trio League, for teams that wish to participate; interested persons should contact Office or check the Games Area Desk.

The final choices for the U.S. Olympic Team member, and Bob Smolen topped the league with a score of 544.44, Cho.

Three adorable, housebroken feisty met fans for Paul of Some Archetypal Life, a very valuable monument.

For those who need to get to the Student Health Center, call 544-4545.

If anything stops Thoman, it will likely be the wind blowing. After a couple of days of rest, Wednesday there are football and bowling.

We're off to the Olympics! Maybe.

This past weekend Samuel Thoman of the Cal Poly Varsity Rifle Team won first place in English Match competition. In doing so, Thoman earned an invitation to the Olympic Team tryouts.

Thoman. He pointed out that his score was only three points below the world record for prone shooting.

What are the chances of this campus being represented in the Olympic contests this year in Germany?

"I'm not optimistic, but on the other hand, if I can do as well as I did last weekend, there's a good chance I'll make it," said Thoman. He pointed out that his score was only three points below the world record for prone shooting.
