Truth in story

by PAUL TOKUNAGA

The voice rang out, seeking, teasing, teetering at the edge of what many wish was in the past and a future that many fear. A movie reveals what Jesus Christ was, what He did, and why He is still and always relevant. In turn, the film adds more to the meaning of the message in the New Testament, the message of the Gospels and the teachings of the Apostle Paul. 

Funds requested for bus system

A transit system connecting San Luis Obispo and the campus isn’t a reality, but the initial steps have been taken by the city toward the eventual development of such a system. In March 1971, Mayor Kenneth E. Schwartz submitted a preliminary application to the Urban Mass Transportation Administration, a division of the Department of Transportation. This application was a request by the city for federal funding for approximately two-thirds of the total cost of the project or about $300,000. The report submitted to the City Council in Feb. 1971. The report was a senior project compiled by students.

Mayor Schwartz said the solution to this problem is simple: just remove the fare box. Students and residents wishing to ride the bus would be assessed a monthly fee allowing them to ride the bus at any time. The study would also provide a more accurate cost estimate of the equipment and facilities needed to perform this transit service.

Part of the fascination of the life of Jesus, quotes a book, “is the way in which He lived.” It is likely that Jesus will be the subject of many discussions, seminars, and research papers at the university for many years to come. Some of the questions raised by the film are: What was life like in the Southern Sirst of Jesus? If Jesus were alive today, what would He do? What would He say? How would His message be received?

In the future, students here will find the bus will be right along with their gas, electric and telephone bills. A bus ride will be cheaper than a car and there’s no hunting for parking spaces.

Instructional check revised

California state college inst-

structors no longer need to in-

dividually account for their
attendance records and per-
formance before receiving their
paycheck.

Previously, each instructor had to certify that they had attended their classes and responsibilities at the end of every pay period. This was put into action last May by the California State University Board of Trustees.

Since then many complaints have been expressed by both administrators and professors. It was shown that such a policy was unwieldy and did not certify the job performance before they paid their personnel the checks. The college faculties felt this action was “dehumanizing and unprofessional” and called for a halt to the procedure.

After several state college presidents and after much deliberation, the trustees agreed to a proposal in which each college president would review an entirely new, more functional and job performance would be rewarded.

This college requires that both defense workers and the instructors receive the certification of their attendance records. The system set by other colleges is also shown to be working out as well as on this campus.

Mveral weeks. The council seems very
interested in them—
the Student Affairs Council has been
to attend ASI activities for
many programs. These actions
cards are stamped with

Wrestlers defend title

The Mustang wrestling team is figuring on some stiff competition this weekend at the University of Arizona as coach Vaughn Hitchcox opens his dual season at the college. The two day tournament at Tucson is exciting approximately 17 teams to participate.

Defending champion Cal Poly returns 18 of the 19 points it scored in outdistancing powerful Oregon State by 47 points in the 1970 edition of the tournament. The Mustangs have five place winners returning although four of them will be wrestling in different weight classes this weekend.

Heading the cast is NCAA College Division national champion Gary McBride. The junior captured the Arizona meet champion Oary McBride. The championship en route to a 21-0-1 season.
