Dorm residents take to the air

The Student Tenants Association took to the air Wednesday night with its dorm reform drive on KCPR radio's Study Break program and found an interested audience.

The show was aired live for 60 minutes even though it is normally scheduled for 45 minutes. Students called in throughout the program to voice gripes and in some cases to express satisfaction with their present dorm situation.

Student Tenants Association (STA) was represented by Skip Kelley, Jim Abernathy and Jim Dewing.

A basic issue for dorm reform is the possibility of 24-hour visiting. Dorm residents revealed they take to the air the views of Student Tenants Association about dorm reform.

Capitalistic repression challenged by socialist

There is no equal application of the law in this country. Linda Jenness told an attentive audience Wednesday night. The laws are neither made nor enforced for the citizens of this country, but to protect the private property and wealth of the tiny group of people who control the society.

Mrs. Jenness, a candidate for New Action Politics (SNAP) and the Socialist Workers' Party 1972 presidential candidate, although she wasn't allowed to expound on her candidacy during the presentation.

Tying in the student, women, blacks, browns and environmentalists, Mrs. Jenness said the government maintains control of the people by two means - repression and deception.

And if you challenge their authority, she said, they'll squash you.

She maintained, however, that the authority is being challenged. "Women," she said, "have been led to believe that they are inferior, not worth much on the job market, must raise children - and haven't the right to have an abortion if they want one - and that they are too divided, are too costly, and hate each other too much to ever get together. "But they are getting together," she continued, "and they don't believe in the lies and the myths or the government's authority to tell them."

Mrs. Jenness cited the development and growth of "La Raza Unida" as another challenge to the capitalistic government. "For years the People's Party was told to vote for the 'democrats,'" she said. "But now they are realizing that there must be other forces for their own, organs are for their own, and vote for their own.

"Women, blacks, browns, students and gay individuals must build massive movements," Mrs. Jenness said. "And these movements must be built outside the Democratic and Republican parties.

"Both parties are capitalistic and want to maintain the status quo," she said, "and are equally responsible for Vietnamese, Atica, and other problems facing this country."

SAC rings up 10 'cashiers'

Six compete for reign

Launching the observance of Black Heritage Week on this campus is a queen pageant Sunday at 7 p.m. in the college theater.

Six candidates are competing for the role of reigning queen over the eight days of special activities. They are Joyce Griffin, a 19-year-old business administration major; Sandra Osten, a 19-year-old home economics major; Hope Williams, a 26-year-old home economics major; Bobbie Blankley, a 16-year-old home economics major; Gloria Barron, a 16-year-old child development major.

The girls will be judged the basis of talent, questions pertaining to black heritage, and a fashion show in which they model clothes of their own making.

The public is invited and the admission is 25 cents.

Black Heritage Week, nationally observed, is sponsored on this campus by the Black Students Union, a student organization.

Register cars

If you own a car, today is the last day to register it without penalty. The San Luis Obispo Department of Motor Vehicles is located at 669 California Blvd.
Teachers with degrees out on a limb for jobs

The aspects of teaching high school in California were presented in a talk sponsored by the Math Club Wednesday evening.

The guest speaker was Richard L. Rivers, a math teacher at Cabrillo High School in Lompoc.

The speech was presented for the benefit of students who are planning to go into teaching.

The talk centered around the opportunities, fringe benefits and retirement plans in the state. It was followed by a discussion of certain problems in the Lompoc school district and the math curriculum.

Rivers said that part of the reason there is a surplus of teachers in this state is due to the large classroom sizes there are opposed to those in other states and that there are fewer qualified people in California.

He also said that because of tight finances in education, many districts will hire less qualified people.

According to Rivers, those who have earned their masters degrees are entitled to receive from $1500 to $2000 additional salary from the beginning. He feels that "you can price yourself right out of a job" and that it is almost better to get the job first and then the degree.

are ready to take action in some instances.

One caller referring to Boeing wanted to know, "Where does the buck stop?" Another caller expressed disappointment over the results of last year's protest saying, "Nothing really got done, is this going to happen again?"

STA said there was a possibility of a class action suit to force results. Participating students would place their rent in a trust fund until the suit was decided by the courts, although STA does not want to go that far.

Skate tonight

A roller-skating party in Morro Bay will be sponsored by Inter-Varsity Christian Fellowship. Everyone is invited to come, with transportation being provided at the college administration building at 10 p.m. The cost will be $1.

Revolutionary methods

by TONY BANTOS

(Note: The College Drama Committee's presentation of two one-act plays was reviewed Wednesday night during the final dress rehearsal.

"The Bald Soprano" and "The American Dream" opened last night in the college theater. Tonight and Saturday night curtain time is 8 p.m.

Tickets for admission are $1 for students and $2 for the general public.

A Revolution is going right here in the college theater.

The student directors have slipped the revolution right through, the college gates in the subtle form of two one-act plays.

Deborah Ware is responsible for the first revolutionary action—the stage presentation of Eugene Ionesco's play, "The Bald Soprano." All object of the absurd theater, Miss Ware's presentation of "Bald Soprano" has the first glance as a production which has appalling incongruities, both obvious and technical.

During the play which is set in a London suburb, not a true picture of a London suburb but indeed, these art not our traditions.

Committee's recommendations.

"Many of the former committee
members were rubber
stamped. The newer students
weren't given a fair shake," he
said.

Eva and all in SAC feel free
to reject any of his choices if they
felt his selections were made
impropriety or in haste.

He added that as AEI President
he has the full power to remove
any Finance Committee member
and that he would not hesitate to
do so if it became necessary.

Another important action of the
night involved a proposal by AEI
Vice-Pres. Marianne Doohi which
asked that SAC consider
abolishing the present system of
appointing Finance Committee
members.

Datsun 510. It sure beats
whatever's second.
Huskies edge grapplers

One winning streak was snapped and another elongated as the Mustang grapplers dropped the first meet of their four-school road trip to Washington, 18-19, in Seattle Wednesday night.

It was a bitter loss for the Mustang wrestlers and coach Vaughn Hitchcock to absorb. It ended a seven-meet victory string that began at home following the two losses in Oklahoma. And, if it seems possible, the meet was closer than the scores indicate.

The margin of victory was realized on a disqualification in the last match of the evening.

The University National Collegiate Athletic Association Most Valuable Wrestler Larry Owinga was leading Mustang Andy Cooke 18-1 when the official penalized Cooke for illegally grasping Owinga's lower back. It was the fourth penalty

20 teams play in early game

The San Luis Obispo City Recreation Department will send 20 elementary school basketball teams to compete prior to the Mustang—University of San Diego game tomorrow night in the College Gym.

The program will take the place of the four-achool road trip to Iowa State Thursday and the results were not in at press time.

Tonight they travel to Eugene to meet the University of Oregon, and conclude their trip in Corvallis against Oregon State. These two squads met earlier in the year, with Poly taking the honors, 16-17. Hitchcock feels that a second victory will come considerably harder, following three tough matches.

Rodeo tonight

The Cal Poly Rodeo Club will sponsor an intercollegiate rodeo tonight at the Collett Arena. The rodeo team members and individuals will be competing in bareback riding, saddle bronc riding, bull riding, calf roping, and team roping.

The girls will be participating in calf roping, breakaway roping, and barrel racing.

There will be a $1.00 donation at the gate and a dance afterwards at the IDES Hall.
