Humphrey takes Ohio, Indiana

By DAVID SMOTHERS

Columbus, Ohio (UPI)—Sen. Hubert H Humphrey won his second presidential primary in a new Tuesday night by squeezing out the a surprisingly strong showing of Gov. George C. Wallace in their head-to-head collision in Indiana.

Sen. Edmund S. Muskie, the country's most famous primary dropout, also spent the experts by gaining 15 percent or better in the vote even though he passed up any Hoefer campaigning.

The victory, coming on the heels of last Tuesday's win in Pennsylvania, reestablished Humphrey's position as a viable contender against Gov. George D. McGovern in what currently boils down to a two-man race for the Democratic presidential nomination.

With 99.9 percent of the vote counted, Humphrey had 98,188 votes and 47 percent, Wallace had 58,371 and 41 percent and Muskie, the only other Democrat on the ballot, 26,776 votes and 13 percent.

They were battling over Hoefer popularity and were down to Indiana, where 15 delegates were being split 10, Wallace 7, Muskie 8.

Pres. Richard Nixon was unopposed in the bidding for 32 GOP Hoefer delegates.

In Ohio, where Humphrey op- posed McGovern, it was a face-to-face showdown with his chief rival for the Democratic nomination, a voting machine snafu in the Cleveland area threatened to delay the count until Wednesday.

With 99.9 percent of the vote counted in Ohio, Humphrey led with 43 percent of McGovern's 30 percent, Muskie had 27 percent.

Despite a month's campaigning in the Buckeye state, Henry A. Jackson drew 4 percent. Former Sen. Eugene J. McCarthy trailed with 3 percent.

Wallace's prestige was at stake in his home state, where delegates informedly rejected him with a combination of enthusiasm and a possibility the Alabamian could wind up with less than a majority of the state delegate's vote.

Voters in the District of Columbia also participated in a primary, but none of the major candidates were entered.

A debate aired

Candidates' views will be heard tonight at 8 p.m. on KCPJ will present a candidate symposium.

According to Joe Green, KCPJ news director, candidates Ruben Cuba, B.B. King, Dan Evans, Jim Patterson, Denny Johnson, Max Soveri and Laura Lampson will be on hand to present their public, format, various issues of importance concerning the upcoming run-off election.
Great strides are being taken to make the college more progressive and tonight Student Affairs Council will have the opportunity to further that progress. An endorsement of the Student Tenant’s Association (STA) dorm reform proposal is necessary.

Students are always complaining on an individual basis of dorm restrictions, but until STA came along dorm reform never was a unified effort. Now STA has put together a welcome package and all students ought to unite to see it through.

The proposal includes elimination of sign-in, sign-out and unannounced room inspections, trial coeducational living facilities in Yosemite Hall, establishment of contracts on a quarterly basis, alteration of Interhall Council and unrestricted visiting hours, or at least 8 hours established by a majority of a dorm’s residents.

By applying these proposals, this school can slip out of its “dormaging” image and move into the real world of changing philosophies.

Sign-in, sign-out is dead. Spontaneous room checks are unwatched. Heavily restricted visiting hours violate student rights. Coeducational living arrangements are being used at an increasing number of institutions with encouraging results.

Contrary to the beliefs of some people, coeducational living facilities does not mean members of the opposite sex sharing beds or rooms. It means integrating the lower floors of the dorms to those who favor privacy cannot have it in other dorms. All dorms do not have to be changed. But there are mature, responsible students around, and they should not be treated like little kids.

An STA poll recently showed an overwhelming majority of dorm residents (70 per cent) are in favor of unrestricted visiting hours. The same poll showed 70 percent of those polled do not plan to return to the dorms next year. That doesn’t have to be.

The college is developing in new dorms while it can’t fill the ones it has. A lot of money is going down the drain because some administrators insist upon being unrealistic; if reform were instituted housing on campus would be much more welcome.

An Interhall Council has been largely ineffective, STA has done the dirty work—just because most of us don’t live in the dorms doesn’t mean we should keep ourselves out of it. Some STA members think that unless the students speak up, their rights will continue to be stifled. As time moves on, that’s sure to be correct.

SAC, by endowing the proposals with a minimum of kicking then, can join the effort to convince the college administration it is time to get it on and quiet meaning around in the passing. Failure to do so would indicate the council members do not, in reality, represent the student body and the proposal will be killed. Take it together now, or get out. Support students rights.

Right on, girls!

On a lighter note, Marianne Dooh with her mother and children at Finance Committee last week brought to mind many exciting possibilities to increase the responsiveness of student government.

For example, the best way for Rodeo Team to have a budget approved might be expanded a group of students meeting room on their horses. If they didn’t get their money, at least they could get revenge with their ropes.

If Sisters United wanted money to sponsor Women’s Heritage Week, the women could muscle their way into a Finance Committee meeting. Unfortunately, they might have to let the men speak in order to obtain their request...and that’s a no-no.

Oh yes, the athletes and their letterman jackets. The jocks might have gotten their funds with much less hassle if they had burst into the committee room bare-chested and ready for battle.

The list of suggestions is endless.

How about the fencing team, that unrecruited group of guys and girls that ranks high in the nation. A dualing exhibition before finance would be sure to get the jocks’ support for any appropriation on the committee. Get the point?

ECOLOGY

Coast protection efforts are failing

by WARNER CHABOT

Anyone going to LA this weekend? Why not wait a few months, and it will come to you. Sound strange? Not really, every major land developer has run up room and they are all looking for land. San Luis Obispo is just like the Oakahoma Land Rush. The bulldozers are in your living rooms, if you don’t open the door, they’ll stuff it. The men are working up campaign slogans and the developers are getting their marching orders. What do you think will happen in sleepy SLO?

And who is giving them a forum to push? The state and national government. Washington DC is giving Vandenberg Air Force Base the space shuttle which will bring in more than $100,000 per year and you can guess where they will all want second homes. They are also planning to add five more nuclear power plants at Diablo Canyon north of San Luis Obispo.

Ask them where the future is. Ask them about their views on the environment. It is up to you as voters to find out who these people are, what they stand for, who they represent, and who they will fight to get revenge with.

Editor: This year the ASI has dealt with the following traditional issues: Student evaluations of faculty (a reality through negotiations), the year-long extensive review of ASI Bylaws within the whole college system; getting more representation on policy-making bodies on campus; scrutinizing the budget and other common problems ranging from student disciplinary hearings to helping the rugby team (volleyball, judo get started. In addition, many unconventional concepts have been tried. The ASI has endorsed the Marijuana Concept Committee which has been working. SAC (volleyball, Judo) get started. In the May 10 meeting, the May 10 meeting, the 73 school year will be reviewed at the May 10 meeting. Candidates for editor-in-chief are now available in both Bakerfield and San Luis Obispo offices. Under the auspices of the Death Penalty Initiative, this signature-gathering campaign is part of a statewide attempt to allow the people to decide whether or not California should execute its capital offenders. This petition drive is a result of last winter's State Supreme Court ruling outlawing capital punishment in California. The resolution for the new year's leadership have limited the work of the student government. This position has enabled one to see students in action. The problems associated with this year's leadership have limited the advancement of the student body's objectives. I see the Baggett-Johnson Administration as an opportunity to improve student government.

Present ASI secretary picks Baggett, Johnson

Editor: Serving as an ASI officer, I have been surrounded by the workings of the student government. This position has enabled one to see students in action. The problems associated with this year's leadership have limited the advancement of the student body's objectives. I see the Baggett-Johnson Administration as an opportunity to improve student government.

Death penalty: petitions ready

Assemblyman William Ketchum (R—Pasco Robles) recently announced that petitions to place the question of capital punishment on the California ballot are now available in both Bakerfield and San Luis Obispo offices. Under the auspices of the Death Penalty Initiative, this signature-gathering campaign is part of a statewide attempt to allow the people to decide whether or not California should execute its capital offenders. This petition drive is a result of last winter's State Supreme Court ruling outlawing capital punishment in California.

“Every citizen who was outraged at the Supreme Court ruling over its own jurisdiction over these cases is outraged at the Supreme Court’s ruling over its own jurisdiction over these cases. The petition drive is a result of last winter’s State Supreme Court ruling outlawing capital punishment in California.”

College crafts in L.A. exhibit

This year marks the first time that selected pieces of art from this year's art department will be included in the annual design award exhibit in Los Angeles from June 16 to August 1.

The exhibit will include a selected number of silver, wood, glass, and cloth objects from the exhibits of J.B. Rea and others. The department is selling 72 pieces of craft work for $50.

Military Service? Serve as a MARINE OFFICER

The Platoon Leaders Class (platoon grund) officer program offers three possible career paths: 1) Trade officer, 2) LT 2nd LT, and 3) OTH officer. The department is selling 57 pieces of craft work for $50.

Marijuana ballot petitions filed

As part of a statewide attempt to place the marijuana legalization initiative on the November ballot, San Luis Obispo County, California, Marijuana Initiative (CMI) filed 1,581 signatures with the county clerk Monday.

According to Norman Stone, assistant county coordinator for the CMI, reports late Monday night his office had an estimated 300 signatures on file, which had been turned in to county clerks throughout the state. Stone said the petitions were initially circulated in March and the first deadline was Monday. All petition signatures will be collected prior to Friday, April 28 and all signatures will be collected by CMI before filing them with the county clerk.

The county clerk in turn must verify each signature as belonging to registered voters in the county.

petition drive will continue forward to the San Luis Obispo County, where they are totaled on a state-wide basis.

The needed total for the state is 336,000 signatures for the petition to be put on the ballot. The drive to put the measure on the ballot has the endorsement of several on-campus groups, including Student Affairs Council.

The petition is an attempt to or privileges, by reason of such person's planting, cultivating, harvesting, drying, processing, otherwise preparing, transporting, or possessing marijuana for personal use, or by reason of that use.

The petition wording in no way repeal existing legislation or limit the enactment of future legislation, prohibiting persons under the influence of marijuana from engaging in conduct that endangers others.

"Anyone who is interested in the initiative must look at it realistically and realize that it will not pass unless it is brought before the voters," Boyer said.

According to Stone, a supplemental petition will be in circulation from May 1 until June 18.

Anyone interested in working with the San Luis Obispo County CMI Committee is requested to contact Peter S. Vincent, county coordinator, or Norman Stone at P.O. Box 1300, San Luis Obispo or Box 146 in the AEC Office. The petition must be signed by at least 780,000 registered voters before it is submitted to the county clerk.

Future farmers to meet for state convention

High school students from all parts of California will be an campus May 3-4 for the Future Farmers of America (FFA) state convention.

They will be representing FFA chapters from various areas in the state.

More than 1,000 students are expected to be on campus according to Larry Rathbun, agriculture education instructor here.

Six-hundred of the members will attend the convention, while about 800 will participate in the state female judging contest on Saturday.

A vendor service will start the weeks activities Wednesday in the College Theater at 7:30 p.m.

An awards banquet will be held Thursday in Chumash Hall at 7 p.m. followed by the awards program in the gym's gym.

State Farmer awards and 17 proficiency awards will be awarded to the winning FFA members during the program. The State Farmer award is the highest state award an FFA member can receive.

All state FFA officers will be elected Friday morning and will serve a new term lasting until next year's convention.

The parlor, entertainment contest finals will begin at 7 p.m. Friday. The state finals judging contest will begin at 1 a.m. Saturday.

During the convention many topics are to be discussed, according to Bill Parker, state FFA officer.

An important and controversial topic will be changing the name of the FFA. The FFA constitution will also be studied and revision will be discussed.

FFC attacks false claims

Washington (UPI) - The Federal Trade Commission FTC accused three big computer school chains Tuesday of attracting students with false claims of lucrative jobs and starting in may order tuition refunds.

Richard C. Foster, assistant director of the FTC's bureau of consumer protection, said less than half the graduates get computer jobs after paying $1,000 to $2,500 for courses in computer programming, installation and repair.

Named in the complaint were Del Monte Peaches (29 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Tomatoes (16 oz.) ......... 1.00/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Peaches (16 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Peaches (16 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Peaches (16 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Peaches (16 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00 Del Monte Peaches (16 oz.) ......... 29c/1.00 Del Monte Cut Beans (16 oz.) ......... 51.00 Del Monte Corn (16 oz.) ......... .75/1.00 Del Monte Stewed Tomatoes (16 oz.) ......... 4.10/1.00 Del Monte Peas (16 oz.) ......... 4.10/1.00

Student and professional pottery work is on display in the CU 221.
The exhibit, sponsored by this college's Pottery Club, may be viewed between the hours of 10 a.m. to noon, 1 to 3 p.m. and 7 to 9 p.m. until May 3.

On display are over 50 pieces from as far away as New York and Pennsylvania, in addition to work from the California area.

Four $300 Purchase Award exhibits include a first place professional wheel, first place professional construction, first place student wheel, and first place student construction.

Several second place awards are on display in addition to judges' awards.

"And what is that?"

A balloon special
**Student places second in regional photo contest**

Expressions of surprise and regret were the reactions of Phil Bromund to the news that a award for student excellence in journalism was announced Saturday at the regional convention of Sigma Delta Chi (SDX), national professional journalism society, in Long Beach.

Bromund, a senior in Graphic Communications, was second for best feature photo in the second annual regional Mark of Excellence contest, but was not informed about the convention because he was out of town.

The winners were announced by Henry Ringer, regional SDX director. The region includes the states of Arizona, California, Hawaii, and Nevada. A total of 471 individual contest entries were submitted by students from colleges and universities throughout the region.

Bromund has won several other awards for photography, including first and third place for feature photos in Poly Royal this year, best black and white photo, first and second place sports photos, and first and second place news photos in 1971 Poly Royal.

Another winner in the regional contest was Brian McGulness, who graduated from this college in March and is now employed as city editor for the Oregon-City Enterprise-Courier.

**Mexico school offers variety**

Students at this college are eligible to attend the University of the Americas in Puebla, Mexico, this summer. They may attend through the International Study Center of the American Association of State Colleges and Universities (AASCU).

Through the AASCU Study Center, students may qualify to attend both undergraduate and graduate summer sessions programs, as well as a workshop in Mexican language and culture, at the School of the Americas in Puebla.

For more information about this international study program and other study-abroad programs, contact Robert E. McCorkle in the Hillcrest Building, located opposite the Administration Building parking lot, or call 646-2147.

**Radar analyst will be hosted**

The Math Club will host Ray Fuller at its meeting, 7:30 p.m. Wednesday in Math 286. Fuller is the supervisor for the Metric System Analysis Department, Federal Electric Corporation, ITT at Vandenberg Air Force Base.

**Home Ec gets project**

The California State Department of Education has contracted $6,000 to the Home Economics Department to develop Project MATCH (Management Approach to Teaching Homemaking Education).

"Established in 1971, Project MATCH is designed to update and improve the effectiveness of the state's programs for preparing high school teachers of consumer and homemaking education," said Dr. Ruth O'Reilly, head of the home economics department.

"Through Project MATCH, we are seeking a way to develop a model of preservice teacher education for consumer and homemaking education.

"If we can do this, our graduates can take their knowledge to the school and help the students who come to them in learning how to handle household problems," said Dr. Ruth O'Reilly.

**More power to the people.**

"Make it go faster" the people cried.

"Right on," we replied.

"Make it look beautiful," some people still say,

"No way."
Title on line for nettters

"by KEITH ELDRIDGE"

"Winner takes all" seems to be the cliche that best describes the situation the Mustang tennis team is facing. It heads into the third and final league round robin tournament to be held at Cal State Fullerton Thursday through Saturday looking for nothing less than a title. The school that wins the conference could send its entire team to the NCAA College Division finals in early June. The squads that don't finish first have nothing less than a title.

Coach Ed Jorgensen feels he should be allowed to send his four-man team to the nationals that they would have a strong possibility of ending up in the top five. The team is tied with the San Fernando Valley State Matadors for the lead of the California Collegiate Athletic Association race with records of five wins and one loss.

Fullerton and UC Riverside round out the standings with Cal Poly Pomona not able to enter a team in the league this year. Poly Pomona not able to enter a team in the league this year.

The Matador-Mustang showdown comes on Friday at 1:30 p.m. "We are really looking forward to this one as it is an all or nothing situation," said Jorgensen. "The team doesn't think for a minute that they're going to lose," he said. "I'll have to keep them from becoming overconfident," he added.

In the Fresno clash Dan Lambert, Kent Cobble, and Dennis Scullion were victorious in singles competition. The duo of Lambert and Tom Martin, Cobble and Harold Erbett, and Scullion and Jack Lodeus swept the doubles. Also over the Poly Royal weekend Lambert and Martin competed in the Ojai Invitational Tennis Tournament. The tourney is billed as the world's largest and boasts that practically every major US tennis star has at one time competed in the "Ojai."

Lambert fell short of qualifying for the semifinals and Martin didn't get beyond the first round. When they paired for the doubles they made it as far as the quarterfinals.

"When you're at the 'Ojai' you meet the potential greats," said Jorgensen.

Angela Davis goes on stand

San Jose, Calif. (UPI) Angela Davis went on the witness stand for the first time Tuesday in her six-week-old trial on charges of murder.

She told the court, while the jury was not present, that she was a client of attorney John Thorne and also worked for him as an investigator in a case involving San Quentin convict George Jackson. Miss Davis was strictly limited by Superior Judge Richard E. Arnason to testimony on these professional relationships. No questions dealing directly with the charges against Miss Davis were allowed.

The trial stalled last week over the prosecution's insistence on questioning Thorne about the telephone conversation.
