VARIED PROGRAM PLANNED FOR HOME CONCERT ON FRIDAY EVENING

Home Concert, the annual musical special produced by Cal Poly's Music Department, has survived 31 years of changing times. On Friday (April 21) Home Concert will display once again the creativity and variety that has made it the success that it is.

The program, starting at 8 p.m. in the Men's Gymnasium on campus, will combine the efforts of nearly 175 musicians from the Men's Glee Club, the Women's Glee Club and the Collegians stage dance band.

Much of the success of Home Concert can be traced back to the man who created it, Harold P. Davidson, the head of Cal Poly's Music Department. Davidson, a native of New York City brought his musical guidance to Cal Poly in 1936 after working in the Pomona area as a music director of Emerson Junior High School and as master training teacher at Claremont College.

The lively director of both the glee clubs earned his BA degree at Pomona College and his master's degree at Claremont College. During his 36 years at Cal Poly, Davidson has played a leading role in development of music programs that feature broad participation of the college's students regardless of their interests.

Hard-Earned Reputation

Programs like the Home Concert and annual spring concert tours throughout the state have won a hard-earned reputation for quality of performance and enthusiasm that can be traced to Davidson, who turned over direction of the Collegians to Graydon Williams when he joined the college music faculty two years ago.

Variety has always been predominant in the song selection for Home Concert, and this year is no different. The 61-member Men's Glee Club includes "Floating," a selection by the rock group Moody Blues, in its repertoire in contrast to the Irish folk song "Avenging and Bright." Other songs programmed for the male vocal ensemble include the spiritual "Po' Laz'r us" and "La Pastorella."

Other selections will be performed by three other groups -- the "world famous" Majors and Minors, the Women's Sextet, and the Collegiate Quartet -- composed of members of the two glee clubs.

General admission tickets for Home Concert are priced at $1.50 for adults and $1 for students. They can be purchased in advance from any member of the performing groups or at Premiere Music Co., Brown's Music Store, Supersonic, and the Montgomery Ward Catalog Store, all in San Luis Obispo, and at the Information Desk in the Julian A. McPhee College Union on campus.
LOMPOC COUNCIL PRAISES EFFORTS OF CAL POLY INSTRUCTOR, STUDENTS

Eleven student architects and planners attending Cal Poly have been honored by a resolution of the City Council of Lompoc. The students recently completed a class exercise consisting of a planning survey, under the direction of their instructor, Alexander Cuthbert.

The city council's resolution, passed on March 21, praised Cuthbert and the students and George Hasslein (Dean of Architecture and Environmental Design). It recognizes the "inordinate amount of time and effort . . . performed at no expense to the city . . . with the highest degree of professional skill and competence."

The students honored are: Steve Albright, Doug Buus, Steve Decamp, Steve Early, Galen Monson, Steve Pueschel, Thomas Ryan, Mario Sanchez, Bruce Thulien, David Wade, and Walter Sanville.

The planning survey includes a community design framework, a neighborhood study, and a civic center proposal. The City of Lompoc will use the survey as a resource to guide implementation of community goals, suggest solutions to problems of neighborhood growth, and consider alternative physical solutions to downtown business district development.

The resolution, transmitted to President Robert E. Kennedy, was signed by Lompoc Mayor Art Scott, and council members Charlotte Benton, George L. Cotsenmoyer, Sol I. Lefkowitz, and E. C. Stevens.

DATES FOR 1972 SUMMER P E WORKSHOPS LISTED

Two outstanding annual professional workshops for persons working in physical education and athletic coaching will be repeated at Cal Poly in August. Dates for the two-week-long programs, which will overlap during a three-week period, were announced this week by Robert L. Mott (Head of the Men's Physical Education Department), which hosts the programs.

The 23rd annual California Physical Education Workshop for Women in Secondary Schools will open on Sunday, July 30, and continue through Friday, Aug. 11. Monday, Aug. 7, will be opening day for the California Workshop for Physical Education and Athletic Coaching, which will last until Friday, Aug. 18.

Both workshops are jointly sponsored by Cal Poly; the California Association for Health, Physical Education, and Recreation; and the California State Department of Education. Free information and brochures about both programs may be obtained from the Men's Physical Education Department.

DEFENSIVE DRIVER TRAINING SESSIONS SCHEDULED THIS WEEK

The only defensive driver training sessions scheduled during the Spring Quarter will take place on Wednesday (April 19) and Thursday (April 20) of this week in AgEngr-123. The Wednesday session is planned for 4 to 6 p.m., and the Thursday session will run from 4:30 to 6:30 p.m. Faculty, staff, and students are required to attend one such session before being able to receive a permit to operate state-owned vehicles. Attendance at either of this week's sessions will fulfill that obligation.
TAX REFUNDS POSSIBLE ON RETIREMENT CONTRIBUTIONS

The college learned late last Friday (April 14) afternoon that public employees may be eligible to receive refunds of taxes paid on retirement contributions. This information is based on an interpretation of Internal Revenue Service Ruling 69-650 that retirement deductions are not considered "constructive income" and should be excluded from taxation according to L. R. Voss (Director, Personnel Relations).

Because of the late notice, a telephone campaign was initiated by the Personnel Office last Saturday, along with news media announcements, to urge Cal Poly employees to file claim forms for the 1968 tax year before midnight on Saturday (April 15). The Saturday night deadline was advised by the Internal Revenue Service in order to meet statute of limitation requirements for claiming refund of possible overpayment of taxes for the 1968 tax year.

The interpretation of revenue ruling 69-650 is subject to future court rulings which may be sought by the Internal Revenue Service. If the interpretation is upheld by the courts, tax refunds ranging from $100 to $200 per year may be possible. Federal agencies and employee organizations are exploring the application of the ruling.

Copies of federal Form 843 and state Form FTB 3543 for filing refund claims are available in the College Personnel Office. Because of statute of limitation provisions, claims for federal tax refunds may be submitted for the 1969, 1970, and 1971 years. Since the state has a 4 year statute of limitation provision, state income tax refunds for the 1967 tax year also may be claimed. Voss said further information will be included in forthcoming Cal Poly Reports.

DE BELLIS EXHIBIT, PROGRAM SERIES WILL CONCLUDE THURSDAY

The exhibit of Italian Renaissance fine arts objects and related program series, which have been a highlight of a busy campus activity schedule for the past week, will conclude on Thursday (April 20). Based on the Frank V. de Bellis Collection, the programs and exhibit are all taking place in the Julian A. McPhee College Union.

The exhibit is open for public viewing in Room 221 of the College Union. Hours are 9 a.m. to 10 p.m. daily. The programs, which are listed below in detail, are all scheduled for Room 220. Included will be lectures on the art and science and technology of the Renaissance:

Lecture titled "Da Vinci: His Drawings and His Paintings" by Bernard Dusek of the Art Department -- Tuesday, April 18, 8 p.m., Room 220, Julian A. McPhee College Union, public invited.

Lecture titled "Perspective of the Renaissance" by Vern Swansen of the School of Architecture and Environmental Design -- Wednesday, April 19, 8 p.m., Room 220, Julian A. McPhee College Union, public invited.

Lecture titled "Science and Technology in Renaissance Italy" by Charles R. Russell of the School of Engineering and Technology -- Thursday, April 20, 8 p.m., Room 220, Julian A. McPhee College Union, public invited.
GARDENERS INVITED TO ENTER POLY ROYAL FLOWER SHOW

The Ornamental Horticulture Club is inviting the home gardeners from San Luis Obispo and surrounding communities to join them in the annual Poly Royal Flower Show. The show will be part of Poly Royal, the "Country Fair on a College Campus," on Friday and Saturday, April 28-29.

Amateur gardeners may exhibit their prize blooms in 19 specimen classes and in eight bonsai classes. Ribbons will be awarded prize winners. Entries should be submitted to the Ornamental Horticulture Unit on Campus Way, near the Horse Unit, by 9 a.m. on Friday, April 28.

Detailed information on the competition may be obtained from the Ornamental Horticulture Department office in the Erhart Agriculture Building at Cal Poly by telephoning 546-2279.

The 40th annual Poly Royal is expected to include educational displays in the 48 academic departments and a host of special activities such as rodeos, an aquacade, water skiing demonstration, band concerts, dances, athletic events, a beef barbeque luncheon, and a pancake breakfast.

COMMENTS SOUGHT BY ACADEMIC SENATE SUBCOMMITTEE

The Academic Senate's Personnel Policies Sub-committee on CAM Revisions is requesting input on suggested changes or revisions of the new sections in the College Administrative Manual relating to reappointments, tenure, promotion and termination.

Sections 340-344 of CAM were established on an interim basis by President Kennedy last fall with the intention of having the implementation of these provisions reviewed for possible refinements or revisions by the end of the college year.

Comments and recommendations should be forwarded by next Tuesday (April 25) to Miss Barbara Weber (Home Economics Department), chairwoman of the sub-committee in care of the Home Economics Department.

STAFF CLUB ELECTION BALLOTS DUE NEXT MONDAY

Ballots are in the mail today to Cal Poly Staff Club members to enable them to vote on a vice-president for the coming term, according to Charlie Mendenhall (Office of Information Services), who is president of the club. Candidates are Capt. Leonard Gingras (Military Science Department) and L. Harry Strauss (Director of the College Library).

Ballots should be returned to June Powell, secretary, in the office of the dean of Agriculture and Natural Resources, by Monday (April 24). Any Staff Club member not receiving a ballot by Wednesday (April 21) should contact Mendenhall, 546-2577.

New Staff Club officers will be installed on Thursday, May 4. Phil Bromley (Agricultural Management Department) will be seated as president; Ruth Gran (Health Services) as secretary and James Neelands (Physics Department) as treasurer.

Friday, April 21, will be the final day for receipt of applications for graduation this June.
CHECK IT OUT

Q. Would it be possible to list faculty housing desired, housing for sale, or for rent in the Cal Poly Report? It is done at most other schools, I believe.

A. Cal Poly Report does not include want ad announcements of any type, including those about housing. Exceptions are made only when college employees are forced to change living accommodations because of sabbatical leaves or other changes at the convenience of the college. Such announcements should be prepared in typed written form and left at the Information Services Office, Adm-210, before noon on the Friday before desired publication. Paid classified listings are also available in Mustang Daily and off-campus publications.

Another listing service available exclusively to faculty and staff members is maintained by the Personnel Office, Adm-110, 546-2236. At the request of realtors in the San Luis Obispo area, listings of homes for sale are not included in this service. Owners or agents who desire to list their homes, apartments, etc., are advised that "it is the policy of the college to refer this listing to faculty and staff without regard to race or ethnic background." Rentals available to students are referred to the Student Housing Office.

EXHIBIT WILL CONTINUE THROUGH MAY 1 IN LIBRARY FOYER

"Printed Nostalgic Ephemera," the personal collection of Paul A. Karlen, a graphic communications major, is attracting delighted interest in the Dexter Library foyer. Hundreds of items are included, plus a three-dimensional collage of symbolic parodies that coincide with the applications of pop art.

Karlen's background in printing, art, and advertising led him to start collecting printed materials that correlated in style and had historical relationships. The oldest items date back to pre-Civil War days; post cards and old money up to the 1950s.

The exhibit is sponsored by the Cal Poly Crafts Club and will be held over until May 1 for Poly Royal visitors to enjoy.

CONFUSED ABOUT "CAMPUS" STORE?

Two articles appearing in last week's edition of Cal Poly Report incorrectly identified the El Corral College Store as the El Corral "Campus" Store. The result may have some confusion about the role of the Campus Store, which is located in the Food Processing Building and sells various dairy, poultry, and vegetable products. El Corral College Store is the bookstore located in the Julian A. McPhee College Union.

El Corral still has budget priced caps, gowns, and hoods for sale and more expensive regalia may also be purchased. The regular rental plan for academic garments is also available again this year. Rental prices are $8 for the bachelor's, $9 for the master's, and $10 for the doctor's regalia. The last date for guaranteed delivery on purchases and rentals will be Saturday (April 22).

The end of the seventh week of instruction for the 1972 Spring Quarter will be Monday, May 15.
CANDIDATES FOR FIVE FACULTY POSITIONS SOUGHT BY THREE DEPARTMENTS

Candidates for five teaching positions on the teaching faculty are presently being sought by three departments of the college, according to L. R. Voss (Director of Personnel Relations). Those interested in learning more about the positions, or in applying for any of them are invited to contact the appropriate school dean or department head. Cal Poly is an Affirmative Action employer. Brief descriptions of the available positions read:

Lecturer, Range C ($777-$945), Speech Department, School of Communicative Arts and Humanities. Duties and responsibilities include full-time teaching load in speech, plus student advisory and committee work. Applicants with a doctorate plus teaching experience preferred. Minority applicants and women are encouraged to apply. Position for Summer Quarter only.

Lecturer, Range A-C ($705-$945), Speech Department, School of Communicative Arts and Humanities. Duties and responsibilities include full-time teaching load of speech and drama plus technical directing, advising, and committee work. Applicants with a master's degree and teaching experience preferred. Minority applicants and women are encouraged to apply. Position for Fall Quarter only.

Instructors, Intermediate and Senior, and Lecturers, Range C and F ($777-$1253), School of Architecture and Environmental Design. Duties and responsibilities include the areas of architecture, architectural engineering, city and regional planning, or landscape architecture. Applicants should be prepared to submit a brochure of original work for review, must possess a master's degree, and have office or field experience. Prefer candidates with a registered California license and teaching experience. Minority group members and women are encouraged to apply.

Instructor ($705-$1602), Computer Science and Statistics Department, School of Science and Mathematics. Duties and responsibilities include teaching undergraduate courses in computer science and statistics with some opportunity for teaching advanced subjects. Applicants must possess the master of science degree in computer science or statistics and show evidence that the PhD can be expected by the time when tenure is to be determined. Applicants with teaching experience as well as some professional experience preferred. Minority applicants and women are encouraged to apply.

Lecturer, Range C ($777-$992), Speech Department, School of Communicative Arts and Humanities. Duties and responsibilities include part-time and possibly full-time teaching speech and hearing pathology courses and basic speech courses, as well as some private therapy, student advising, and committee work. Candidates with PhD and/or Clinical Competence Certification with the American Speech and Hearing Association preferred. Minority groups and women are encouraged to apply. Position available Fall Quarter, 1972.

SECURITY OFFICE STILL REGISTERING BICYCLES

The college Security Department is still offering a voluntary, free registration service for bicycles. Purpose of the service is to help protect bicycles by having a record of the type, make, and serial number which will be a valuable identification in case it is stolen. Members of the staff, faculty, and student body who have not already done so are invited to take their bicycles to the Security Office between 2 and 8 p.m. on any weekday to have them registered.
ROLE OF WOMEN BEING REVIEWED DURING WOMEN'S HERITAGE WEEK

The role of women in society is being reviewed during Women's Heritage Week, this week (April 17-23), at Cal Poly. The program for the week-long observance includes art and cultural shows, panel discussions, a film, and a speakers' night.

The observance is jointly sponsored by the officers of Cal Poly's Associated Students, Inc.; the ASI Speaker's Forum, Assemblies and Fine Arts Committees; and the Crafts Center Committee. The public is invited to all of the events. An admission charge of 25 cents is planned for the film on Thursday (April 20). All other events will be free.

Three leaders in the women's rights movement will be featured during the speakers' night on Friday (April 21), in Room 220 of the Julian A. McPhee College Union. Frances Gledhill, a suffragette; June Sunderland, active in women's rights movements for more than two decades; and her daughter, Celeste Sunderland Murphy, who is active in varied rights movements, will be the speakers.

Two panel discussions still remain on the schedule for the observance. The panel Tuesday (April 18) at 7:30 p.m. in Room 204 of the College Union, will cover "Exploitation and Oppression of Women"; and a final panel on Wednesday (April 19), 7:30 p.m. in Room 203 of the College Union will discuss "Rape, Abortion and the Public Image."

Other events planned during the week include a showing of the film, "Growing Up Female," at 7:30 p.m. on Thursday (April 20) in Room 205 of the College Union; an art show in Room 204 of the College Union throughout the week; and a cultural program of poetry readings, dances and music in Room 220 of the College Union at 8 p.m. on Saturday (April 22).

FACULTY, STAFF INVITED TO AID BLOOD DRIVE FOR GRADUATE STUDENT

Blood donations to aid graduate student Peter Lemon are still needed, according to Victor Buccola (Men's Physical Education Department) and John Durant, another graduate student, who are coordinating efforts to gather donations for Lemon's use.

Beside an on-campus drawing which will take place in the Men's Gymnasium on May 5, other dates for donations have been set up at the Monday Club in San Luis Obispo on April 26 and May 10. Anyone wishing to give blood on either of those dates may telephone 543-2925 to make appointments. They are being reminded to request that the blood they give be credited to the Cal Poly fund of the Tri-Counties Blood Bank.

Lemon, who was majoring in physical education at the time he became seriously ill in February, is hospitalized in San Francisco and was using 14 pints of blood a day at last report. The blood drawing which took place in the Men's Gymnasium early this month provided 184 pints for his use.

TEXTBOOKS ON DISPLAY IN BOOKSTORE LOBBY

McGraw-Hill Publishing Company is conducting a Book Fair in the lobby of El Corral College Store today and tomorrow (Tuesday and Wednesday, April 18-19), according to an announcement from Mrs. Mary Lee Green (Manager, El Corral College Store). Faculty members are invited to stop at the store between 9 a.m. and 4 p.m. both days to examine the book displays and talk with representatives of the publisher.
NAME CHANGE MEET SET

The Committee on Educational Policy of the Board of Trustees of The California State University and Colleges will meet at 10 a.m. on April 25, in Knuth Hall, Creative Arts Building, San Francisco State College.

The committee will consider acting in behalf of the board to redesignate certain presently-named state colleges to include the word "university" as a part of their names in accordance with Assembly Bill 123 approved by the 1971 Legislature.

In the event of affirmative action by trustees, the Coordinating Council for Higher Education will conduct a mail ballot of its members as a final step in determining the renaming of individual campuses.

The committee also will consider other items, including progress on a program advanced by Chancellor Glenn S. Dumke on a "New Approach to Higher Education," and possible recommendations involving cooperative degree programs between two or more campuses.

PROMINENT AUTHOR WILL ADDRESS WOMEN'S CLUB MEETING

"Is Modern Woman a Failure?" will be the topic when the nationally-known author Adela Rogers St. Johns addresses a general membership meeting of the Cal Poly Women's Club. Scheduled for 8 p.m. this (Tuesday, April 18) evening, the meeting will take place in the Choral Room of the Music, Speech, and Drama Building. Also planned during the evening will be the report of the club's Nominating Committee on its slate of officers for 1972-73. Three members-at-large for the club's Board of Directors will also be chosen. Women's Club members are invited to bring guests to the meeting.

CSEA SCHEDULES PROGRAM ON WORLD MARKETPLACES

Pearl Turner (Curriculum Librarian) will present a program on "Marketplaces of the World" when Cal Poly Chapter 97 of the California Employees Association holds its monthly luncheon meeting tomorrow (Wednesday, April 19). The program, to be illustrated with colored slides, will take place in the Staff Dining Room starting at 12 noon. Nominations for the chapter's officers and convention delegates for 1972-73 will be announced during the meeting. Members of the college faculty and staff are invited to attend.

PHYSICS STUDENTS GET RARE LOOK AT LABORATORY IN PASADENA

Some 20 members of the Cal Poly Chapter of the Society of Physics Students got a rare treat recently when they visited the Jet Propulsion Laboratory in Pasadena. Accompanied by Herbert R. Kabat (Physics Department), they observed stand-by probe space vehicles, and the Deep Space Communication and Space Simulator Centers of the Laboratory. Their observations included live television pictures transmitted from the vicinity of Mars' surface and the systems which are capable of approximating the pressure, temperature, and radiation environments of deep space.

The 1972 Summer Quarter will open with registration on Saturday, July 1, and continue through the final examination period, Sept. 11-14. The first day of classes will be Monday, July 3.
COLLEGE AND UNIVERSITY ADMINISTRATIVE VACANCIES LISTED

Information on administrative positions at other colleges and universities, for which applicants are currently being sought, is available in the college Placement and Financial Aid Office, Adm-213, 546-2501. Positions presently listed there include:

California State University and College, Los Angeles -- Associate State College Dean, Instructional Programs - Graduate Studies, salary $19,224 to $23,352 annually, earned doctorate and extensive classroom teaching and graduate student supervision experience or the equivalent required.

Fresno State College -- Staff Employment Services Manager, salary $863 to $1,048 monthly, bachelor's degree and two years of general experience in personnel work required, application deadline is May 1.

San Fernando Valley State College -- Dean of Academic Administration, salary $19,404 to $23,604 annually, earned doctor's degree and experience in college or university teaching required, appointment date for the position is July 1.

San Jose State College -- Dean of Graduate Studies and Research, salary $19,404 to $23,604 annually, earned doctorate and college or university teaching with experience in graduate studies and research programs required, application deadline is May 15.

Sonoma State College -- Dean of Academic Planning, salary $1,617 to $1,967 monthly, earned doctor's degree, substantial college teaching experience, and familiarity with the California State University and Colleges system are all required, application deadline is May 8.

CONSUMERISM SELECTED FOR CONFERENCE TOPIC

"Consumerism -- You the Consumer" will be the topic for the annual spring conference of the California Home Economics Association, which will take place at Cal Poly this Saturday (April 22). Some 500 persons from throughout the state are expected to attend the day-long event, which is being hosted by the college Home Economics Department.

Speakers for the conference will include Stan Benson of the Los Angeles Better Business Bureau; Gertrude Luchning, a member of the San Francisco State College faculty; Clair Gibson, assistant manager of the Bank of America in Santa Maria; Frank Reynolds of the California Consumer Affairs Council; Mrs. Elaine Roentgen of the Food and Drug Administration; and Barbara Erickson, a lobbyist for CHEA.

Activities of the conference will be centered in the Mathematics and Home Economics Building and the Julian A. McPhee College Union.

JOINT CONFERENCE OF ECONOMICS FACULTIES PLANNED ON SATURDAY

The faculty of the Economics Department is sponsoring a joint conference with 7 economics faculty colleagues from Cal Poly at Pomona, in Room 208 of the College Union on Saturday (April 22) from 8 a.m. to 12 noon. Topics of mutual professional interest will be discussed, according to Fuad H. Tellew (Head of the Economics Department).
INCREASES IN HEALTH BENEFITS NOTED

Some premium increases were effected on the Meyers-Geddes health benefit plans with the new contract year commencing April 1, according to information received from the Personnel Office. The changes are indicated below:

### CWO Major Medical

There are no benefit changes in the PERS basic plans. ACSP Equity Educators has increased benefits on their basic plan as follows: room and board, $60; maximum outpatient benefit, $300; hospital and office calls, $7; home calls, $14; the RVS unit, $7.

The only change in benefits on the major medical plans is that CWO has added a benefit for organ transplant donors.

### Cecil W. Jones to Retire April 30

Seldon Kempton of Cal Poly, Pomona, has advised this college that Cecil W. Jones, Director of Business Affairs, will be retiring from Cal Poly, Pomona, on April 30. Everett M. Chandler (Dean of Students) is working with Kempton to coordinate expressions of appreciation and contributions to the Cecil W. Jones retirement fund. Jones has served both Cal Poly's for 33 years and is well known through many of the faculty and staff who were employed by Cal Poly when both campuses were a single college during administration of President Julian A. McPhee.

### Alexander Will Be Staff Club Speaker

William M. Alexander (Head of the Social Sciences Department) will be the speaker for the luncheon meeting of the Cal Poly Staff Club beginning at 12 noon this Thursday (April 20) in the Staff Dining Room. His topic will be "India-Pakistan-Bangladesh." Faculty and staff are invited to attend.
Frank J. Hendel (Aeronautical Engineering Department) presented an invited paper titled "Aerothermochemistry of the Terrestrial Atmosphere" before a graduate seminar at University of California at Berkeley last Thursday (April 13). Some 30 graduate students and members of the university's faculty heard Dr. Hendel discuss natural and man-induced aerothermochemical reactions which occur in the lower and upper atmosphere.

John E. Dunn (Agricultural Engineering Department) attended the International Conference on Tropical and Sub-Tropical Agriculture and the American Society of Agricultural Engineers Pacific Region Golden Anniversary meeting on Honolulu on April 11-13. Dunn, who participated in technical sessions on fruit, nut, and flower crops, conducted research on Papaya harvesting at University of Hawaii while on leave during the 1968-69 and 1969-70 college years. He is credited with designing a successful prototype harvesting device during that time.

Olaf Isachsen (Business Administration Department) has had his fourth case study in marketing communications accepted by the Intercollegiate Case Clearinghouse at Harvard University. Dr. Isachsen is presently developing three new studies in collaboration with the Pacific Telephone and Telegraph Company.

James R. Emmel (Head of the Speech Department) has been awarded a grant by the National Endowment for the Humanities sponsored by the American Council of Learned Societies to attend a six-week-long summer training institute for Humanistic Computation at University of Kansas. Purpose of the institute, according to Dr. Emmel, is to study programming of humanities subject matter.

Arthur F. Billy (Welding and Metallurgical Engineering Department) has accepted an appointment as chairman of the Subcommittee on Underwater Cutting and Welding, a working subcommittee of D3 Committee on Welding in Marine Construction of the American Welding Society. Dr. Billy will select committee members, form task groups, and prepare for publication a book on recommended practices for underwater cutting and welding. The subcommittee's effort will be the first at such a publication.

Howard F. Smith (Economics Department) is the author of a book review on Microstates and Micronesia by Stanley A. De Smith. The review was published in the Winter Issue 1971-72 of Pacific Affairs. Dr. Smith, who joined the Cal Poly faculty in 1971, used a Cal Poly overseas travel grant to travel in the South Pacific during late-1971 and is author of a journal article on that region.

Wilbur Hogan, Stanislaus Dundon, and Dolores Sweet (all Philosophy Department) attended the 46th annual meeting of the Pacific Division of the American Philosophical Association in San Francisco on March 23-25.

Helen Kelley (Journalism Department) attended the Leica-Leitz Seminar held in San Francisco recently. Walter Heun, formerly an instructor at the Leitz factory in Germany, conducted sessions on photojournalism. The seminar was attended by nearly 600 persons. Heun is widely known as an instructor for workshops and short courses conducted by the National Press Photographers Association.
SUPPORT STAFF VACANCIES LISTED BY PERSONNEL OFFICER

Three vacancies on the support staff of the college have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of these positions and other vacancies are posted on the bulletin board located outside the Personnel Office, Adm-110, 546-2236. Those interested in applying for any of the positions should contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Equipment Technician I (half-time) ($355-$431.50), Industrial Engineering Department, School of Engineering and Technology. Duties and responsibilities include keeping laboratory equipment operating by preventative maintenance, overhauling, and emergency repairing, and building supporting devices and tooling to be used in laboratory instruction. Applicants must have equivalent to graduation from high school and journeyman machinist or equivalent experience with machine tools.

Intermediate Account Clerk ($457-$556), Accounting Office, Business Affairs Division. Duties and responsibilities include assisting the senior claims clerk in processing and auditing various agency payment obligations, verifying and scheduling suppliers invoices for payment by state controller, and performing other duties as assigned. Applicants must have passed the General Clerical Test and must have the equivalent to graduation from high school plus specialized training and experience in bookkeeping, accounting, and office procedures. Proficiency with office machines and knowledge of ADP procedures desirable.

Clerical Assistant II-A ($457-$556), Budget Office, Business Affairs Division. Duties and responsibilities include transcription from tapes, typing memos, letters, and charts; xeroxing; answering telephone and other general clerical tasks. Applicants must have passed the General Clerical Test and type 45 wpm. Accounting background will be helpful. Minority applicants are encouraged to apply.

INNOVATIVE PROPOSALS SOUGHT

Preliminary criteria and procedures for development of project proposals for possible funding from the 1972-73 Governor's Budget under the proposed Fund for Educational Innovation and Improvement have been received from the Office of the Chancellor of the California State University and Colleges. Copies of the criteria and procedures are available to interested faculty members from Howard Boroughs (Associate Dean, Graduate Studies and Research). Proposals for funding are expected to be processed through normal departmental and school channels as outlined in Section 452 of the College Administrative Manual.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, April 21, in the Office of Information Services, Administration-210.
COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Crafts Display -- Monday through Sunday, April 17-23, all day, Julian A. McPhee College Union Room 204. Crafts and arts by women will be displayed as part of Women's Heritage Week; sponsored by the Craft Center Committee of Cal Poly's College Union. Public invited.

Speaker's Forum -- Tuesday, April 18, 7:30 p.m., Julian A. McPhee College Union Room 204. Panel discussion on "Exploitation and Oppression"; presented as part of Women's Heritage Week under sponsorship of the Speaker's Forum Committee of Cal Poly's Associated Students, Inc. Public invited.

CSEA Luncheon Meeting -- Wednesday, April 19, 12 noon, Staff Dining Room. Slide show titled "Market Places of the World" presented by Miss Pearl Turner; sponsored by Cal Poly Chapter 97 of the California State Employees Association.

Defensive Driver Training -- Wednesday, April 19, 4 p.m., Agriculture Engineering Building Room 123. Lecture and film session for those wishing to secure permits to operate state-owned vehicles. Faculty, staff, and students invited.

Speaker's Forum -- Wednesday, April 19, 7:30 p.m., Julian A. McPhee College Union Room 204. Panel discussion on "Rape, Abortion and the Public Image"; presented as part of Women's Heritage Week observance; sponsored by the Speaker's Forum Committee of the Associated Students, Inc. Public invited.

April 18, 1972

This is the first issue of Encouraging Notes since March 7, 1972, so the following news is not exactly new.

John Lane, a student in the School of Architecture and Environmental Design, is the Project Leader on a grant from the National Science Foundation. Nine students from this College will spend the entire summer on a full-time research project (and get paid!) entitled "Land Ownership and Planning Techniques." The grant is for $11,630. Congratulations!

And speaking of grants and Architecture, Professors John Harrigan and Wesley Ward, also from the School of Architecture and Environmental Design, are the recipients of a modest grant from the National Endowment for the Arts. Their project is called, "Professional Guideline for Employing Behavioral Science Consultants and Behavioral Science Principles and Practices in Architectural Programs." Congratulations to you, too.

And finally, belated congratulations to David Sanchez (Head, Ethnic Studies) for an additional $3,000 grant from the Southwestern Cooperative Educational Laboratory for continuing work in the field of bilingual and bicultural education.

Correction to a correction:

The March 7, 1972 issue of Encouraging Notes said that the Environmental Protection Agency had abolished its deadlines. We have since received a letter explaining that there are no deadlines for research grants, but there are deadlines for training grants. The agency forgot to say anything about demonstration grants.

The Conservation and Research Foundation makes grants-in-aid, contracts, and awards fellowships to persons interested in the conservation of renewable resources, including the establishment of preserves and ecological surveys. The Foundation does not support research that is eligible for support by the National Science Foundation or the National Institutes of Health. For information, write

Dr. Richard H. Goodwin
Conservation and Research Foundation
Box 1445
Connecticut College
New London, Conn. 06320
The National Science Foundation is underwriting partial support for about 90 advanced graduate students, postdoctoral fellows, and junior faculty members to attend NATO Institutes in Europe this summer. Awards generally include only transportation. The countries where the seminars will be held (generally for two weeks) are the United Kingdom, France, Belgium, Germany, Denmark, Portugal, Italy, Greece, and Turkey. The subjects are some thirty-odd, and are varied. For example: Burbidge, of UCSD, is Director of a seminar on High Energy Astrophysics and its Relation to Elementary Particle Physics; one on the Cell Membrane and DNA replication; Topological Vector Spaces; Continental Drift. Please look at the list in this office.

Senator Alan Cranston has introduced a bill that would amend the National Science Foundation Act to establish an earthquake engineering research program (S. 3392). The NSF currently supports research in this field, but perhaps the idea is to make this kind of research more visible. There is considerable interest in earthquake engineering amongst our faculty.

Senator Warren Magnuson has introduced S. 3335, a fiscal authorization bill for the Commerce Department for $30 million to be spent on maritime research and development for FY1973. A similar bill is already in the House.

The Institute for International Education has a program which enables colleges to use qualified students from France to teach French during 1972-73. Details may be obtained from the Institute for International Education, Division of Study Abroad Programs, 809 United Nations Plaza, New York, N.Y. 10017.

The announcement seems late, but it was just received.

The National Geographic Society makes grants-in-aid to faculty who have a doctorate (there may be rare exceptions), and who propose basic research in sciences related to geography. Related fields include anthropology, archeology, astronomy, general biology, botany, ecology, ethology, geology, glaciology, marine biology, mineralogy, oceanography, paleontology, zoology (including the branches, such as entomology, ornithology, etc.) Grants normally range from a few hundred to a few thousand dollars. No salary support is given to the principal investigator. For further information, write to

Dr. Leonard Carmichael, Chairman
Committee for Research and Exploration
National Geographic Society
17th & M Streets, N.W.
Washington, D.C. 20036

The National Endowment for the Humanities has a revised instruction booklet for Research Grants. You are welcome to examine it in this office. There are now only two application deadlines each year instead of three:
