INTERNATIONAL CONTACTS MAY OFFER NEW OPPORTUNITIES FOR CAL POLY

Contacts and information developed by President Robert E. Kennedy during his recent tour of the Middle East, Far East, and Southeast Asia may well develop new opportunities for international education activity. Dr. and Mrs. Kennedy, who returned to San Luis Obispo on April 3, combined two weeks of vacation with an end-of-contract inspection tour of the university's agricultural education development project in Thailand. Their itinerary included visits in Washington, D.C.; Malaysia; Singapore; Thailand; and Taiwan.

Dr. Kennedy said possible areas of future international educational activity include Afghanistan, Bangladesh, Malaysia, Thailand, and Taiwan. He also said there are good opportunities for involvement in the redevelopment and future growth of Vietnam.

Referring to the soon-to-be-concluded Cal Poly-Agency for International Development project in Thailand, he told the news conference that officials of that nation's Ministry of Agriculture and Ministry of Education were unanimous in their belief that the project had been a highly successful one. In addition to considerable growth in training programs for agricultural teachers, it has already resulted in re-establishment of the Future Farmers of Thailand, an organization patterned after the Future Farmers of America.

Many Campus Visits

Commenting on the trip during a campus news conference last week, the president said their visits to college and university campuses were among the most interesting of their experiences during the five-week tour. They visited administrators and campuses of the University of Agriculture and the Malaysian Agricultural Research and Development Institute in Malaysia, the University of Singapore, and Bangpra Agriculture College in Thailand.

The Kennedys also visited Provincial Kaohsiung Institute of Technology, Taiwan Provincial Chai Institute of Agriculture, National Chung-Hsing University, Provincial Taipei Technical Junior College, and Ming Chi Institute of Technology, all in Taiwan; American University in Lebanon; and Athens Polytechnic Institute in Greece.

A highlight of the stay in Thailand for Dr. and Mrs. Kennedy was a meeting of some 60 Thai men and women who are former Cal Poly students and have formed a Cal Poly Alumni Association chapter. During that meeting $1,500 scholarships for graduate in agriculture were presented to Mrs. Duangsuda Taechotirote, a teacher at Nan Agricultural School, and Boworn Musansuwan, who teaches at Bangpra Agricultural College. Mrs. Duangsuda expects to study at Cal Poly and Mrs. Musansuwan, at University of the Philippines. The scholarships were made possible by the members of the Cal Poly Thai alumni group and members of the Cal Poly teacher team in Thailand. President Kennedy told the news conference that the costs for the official visits portion of his trip were borne by the State of California or federal government, or by the government of the nation being visited. All expenses for the vacation portion of his trip and for Mrs. Kennedy's participation in the trip were paid by Dr. and Mrs. Kennedy.
PARKING FEE INCREASE WILL TAKE EFFECT IN SEPTEMBER

Faculty, staff, and students of Cal Poly will begin paying higher parking permit fees in September as a result of a resolution approved last month by Trustees of the California State University and Colleges. The action, taken during the March 28 meeting of the board in Los Angeles, provides for increases in the quarter and semester rates, as well as the rates for shorter periods of time.

James R. Landreth (Director of Business Affairs) said the new fee structure will see the quarter fee increased from $9 to $10 and fees for lesser periods of time increased accordingly. The cost for the four-week permits will increase from $3 to $4. One week permits will become $1.50 and the fee for use of metered parking spaces will become 10 cents per hour.

Effective date for the new fees, according to Landreth, will be Monday, Sept. 24.

FEDERER WILL BE ACTING HEAD OF PSYCHOLOGY DURING FALL QUARTER

M. Dale Federer, a member of the Cal Poly faculty for the past 10 years, will serve as acting head of the Psychology Department during the Fall Quarter. His selection for that post was made by President Robert E. Kennedy, who said he would serve while Robert Sorensen, head of the Psychology Department is on sabbatical leave.

Dr. Federer, who earned his bachelor's, master's, and doctor's degrees at University of Wyoming, was a high school teacher in Wyoming and a member of the University of Wyoming faculty before becoming a member of Cal Poly's Education Department faculty in 1963. He also served as an officer in the U.S. Army.

Selection of Dr. Federer to serve as acting head of the Psychology Department was based on the recommendation of Dr. Sorensen and the endorsement of Carl C. Cummins (Dean of Human Development and Education).

PKP WILL ELECT NEW MEMBERS

The campus chapter of Phi Kappa Phi national honorary scholastic society will elect new student members from among students who became eligible during the Winter Quarter at a general membership meeting planned for Thursday (April 19) at 11 a.m. in Erhart Ag-241. Members of the chapter, as well as new faculty who were affiliated with PKP at other universities, are urged to attend, according to Harold Watson (Chemistry), who is chapter president.

AUSTRALIAN EDUCATOR IS CAMPUS VISITOR

Noel Huggan, who is head of the Business Studies Department at Caulfield Institute of Technology in Australia, is in the midst of a three-day visit on the Cal Poly campus. During his stay, which is part of a tour of polytechnic campuses in the United States, Canada, and England, he expects to visit administrators and faculty of the School of Business and Social Sciences and other members of the university's faculty and staff.

May 14 will be the end of the seventh week of instruction for the Spring Quarter.
DEAN BARKER NAMED TO STATE POST, GRANTED LEAVE OF ABSENCE

Edward H. Barker, dean of business and social sciences at Cal Poly, has been granted a leave of absence to accept the post of California commissioner of savings and loans, the university announced last week. Dr. Barker was named by Governor Ronald Reagan to fill the unexpired term of Commissioner Michael F. B. MacBan, who resigned to return to private business March 1.

In accepting the appointment Dr. Barker said he had agreed to the 21-month assignment with the understanding that upon completion of his leave of absence he will be able to return to Cal Poly as a professor in the business administration faculty. Appointment of the Cal Poly dean to the commissioner's post, which pays $31,500 per year, is subject to state Senate confirmation.

Dr. Barker became dean of the Cal Poly school in August, 1971, after service on the faculty of the University of Southern California from 1956 to 1971. He graduated from University of California at Los Angeles in 1937, then attended USC, where he received his master's degree in public administration in 1945 and his doctor's degree in economics in 1963.

The 57-year old Republican has specialized in development of executive management programs, both for USC and Cal Poly and for private industry. He is the author of several articles in financial publications and has presented a number of professional papers to conferences of business and educational associations.

Dr. Barker said he hopes to continue his relationship with Cal Poly through participation in the development of management training programs. The family intends to maintain a San Luis Obispo residence, he said. The university has not yet announced plans for naming his successor in the dean's office.

WOMEN'S CLUB LUNCHEON ANNOUNCED FOR MAY 5

"We never promised you a rose garden, but . . . " will be the theme for the Cal Poly Women's Club May Luncheon for 1973, which has been announced for Saturday, May 5, at 12:30 p.m., in the dining room of the new Vista Grande building.

Only 200 tickets, priced at $2.25 each, are available for the luncheon and each person attending the traditional event will be asked to make a choice of a fresh fruit salad or a chef's salad at the time of purchase of tickets. The limitation of the number of tickets for the luncheon is made necessary by the seating capacity of the dining room where it will be held.

Mrs. J. Murray Smith and Mrs. Rod Kief, who are in charge of planning for the event, said that tickets are being sold at all meetings of Cal Poly Women's Club sections during April and by ticket committee members located throughout the San Luis Obispo area. Ticket sales will close at 5 p.m. on May 2.

Mrs. Gerald Punches, who is in charge of ticket sales for the luncheon, said club members who are selling tickets are Mrs. William Armentrout (543-2202), Mrs. William Boyce (544-0865), Mrs. James Culbertson (543-1581), Mrs. Kief (544-0124), and Mrs. Smith (544-0781). Ticket information may also be obtained from Mrs. Punches (543-8844).
ADMINISTRATIVE OFFICES WILL REMAIN OPEN ALL DAY ON FRIDAY

Administrative offices of the university will remain open all day this Friday (April 20) according to Larry Voss (Director of Personnel Relations). Voss said the announcement is in keeping with a statement issued earlier by Governor Ronald Reagan and Chancellor of the California State University and Colleges Glenn S. Dumke.

Behind both statements is the uncertainty prompted by an Alameda County Superior Court decision enjoining the State of California from giving its employees time off on religious holidays. Although the decision is being appealed, the effect of the Superior Court decision and the uncertainty of when a decision on the appeal might be available prompted the announcement by Governor Reagan and Chancellor Dumke.

Since the academic holiday scheduled from 12 noon on Friday (April 20) through 8 a.m. on Monday (April 23) is time away from classes for students and faculty and is not related to closure of state offices. Consequently, it is not affected by the Alameda County court decision.

Voss said that the announcement from the personnel office said employees who desire to do so may use accrued overtime or vacation time on Friday subject to approval from their supervisor.

DINNER-CONCERT ANNOUNCED FOR POLY ROYAL

Poly Royal's first dinner-concert will feature a banquet dinner and a performance by recording artists Mark-Almond on Saturday, April 28, according to an announcement from the sponsoring student organizations.

The dinner, sponsored by the 1973 Poly Royal Board, will be held at the new Vista Grande restaurant on campus at 6 and 7:30 p.m. The menu will include roast top sirloin of beef, assorted vegetables, rolls, your choice of beverage, and desert. Prices are $3.75 a plate for the dinner.

Mark-Almond, sponsored by the Concert Committee of the Associated Students, Inc. at Cal Poly, will perform at 9 p.m. in the Men's Gym on campus. General admission ticket prices are $1.50 for students and $3 for the public. Reserved seat tickets are $2.50 for students and $4 for the public.

Tickets for both the dinner and reserved seating for the concert may be purchased at $6 for students and $7.50 for the public. They are being sold at the University Union Information Desk on campus, and at Brown's Music Store, King and Queen Stereo and Stereo West, all in San Luis Obispo.

ORDERS FOR COMMENCEMENT GOWNS BEING TAKEN NOW

Orders for caps, gowns, and hoods for use in Commencement activities in June are being taken now at the El Corral Bookstore. They can either be rented ($8 for bachelor's, $9 for master's, and $10 for doctor's) or be purchased. Purchased sets of caps, gowns, and hoods are available at several price levels ranging from $14.95 up to $87.85, depending upon the material. The deadline for ordering (either rental or purchased) gowns for guaranteed delivery in time for Commencement is May 1. Delivery cannot be guaranteed for orders placed after that date.
REVIEW OF CREDENTIAL PLAN BEING COMPLETED BY STATE COMMISSION

Cal Poly's Ryan credential plan, titled "Developing Competency in Teaching: A Professional Preparation Program," has received its first review from the staff of the California Commission for Teacher Preparation and Licensing. Following a second stage review now in progress, the plan will be studied by the Teacher Education Committee of the Commission. The committee will make its recommendation to the total Commission late in the spring.

Walter P. Schroeder (Head of Education) anticipates the campus will be informed early in July regarding Commission authorization for Cal Poly to proceed with teacher preparation in the multiple (elementary) and single (secondary) subject credentials.

A great deal of serious involvement has occurred both on and off campus through an extended period resulting in the plan which was circulated this week to persons closely associated with teacher education on the campus including the University Coordinating Committee for Teacher Education, Education Department faculty, and university administrators.

In his transmittal memo to campus personnel, Dr. Schroeder gave recognition to the outstanding professional contributions provided by a great many individuals including clerical, audio visual, and duplicating staffs who performed high quality work under severe time limitations.

Dr. Schroeder concludes: "Legislative and Commission requirements have placed us in a broad arena of complex relationships internally and with the districts. The real tests will come as we implement performance-based teacher education with its exceptionally detailed accountability requirements for both professional education and degree major."

The Cal Poly Ryan credential plan (76 pages) is on file in the Faculty Reading Room of the University Library.

CONCERT BY HIGH SCHOOL ORCHESTRA SCHEDULED TOMORROW MORNING

A concert performance of the Elgin High School Symphony Orchestra of Elgin, Ill., tomorrow (Wednesday, April 18) morning at Cal Poly will be a homecoming of sorts for John Higgins. The conductor of the talented teen-aged musicians from the midwest, Higgins, 26, is also an accomplished composer and in that capacity is the chief arranger for Cal Poly's 125-member Mustang Marching Band.

That fact and his friendship with William V. Johnson (Music) director of the Cal Poly band, gives the concert by the Elgin HS orchestra special importance. Planned as part of an Easter holiday performance tour of Southern California, the concert at Cal Poly will take place at 11 a.m. in Chumash Auditorium of the Julian A. McPhee University Union. Admission will be free and the public is invited to attend.

Johnson, whose acquaintance with Higgins dates back to their days at University of Michigan, describes the Elgin HS orchestra as a talented group. It played recently under the baton of guest conductor Arthur Fiedler of the Boston Pops Orchestra and last year performed with orchestra leader Skitch Henderson as guest soloist and conductor. During 1971, the orchestra completed a concert tour of Austria and Germany.
FACULTY, STAFF TENNIS TOURNAMENT BEING PLANNED

Faculty and staff members who are tennis players are being reminded to begin loosening up their elbows in preparation for a campus tennis tournament scheduled for May 12-13. Being sponsored by the Cal Poly University Club, it will be played on the courts located near the Men's Gymnasium.

Edward Jorgensen (Men's Physical Education), who is in charge of arrangements for the event, said men's singles, men's doubles, and mixed doubles competition will be held. Each player will be required to bring a can of balls, with the winner of the match taking the can of new balls to the next match and the loser keeping the used balls for practice.

Those interested in playing can sign up for the tournament by contacting Jorgensen, MPE-207 (546-2604); Robert Mott (Head of Men's Physical Education), MPE-216, (546-2546); or Richard Heaton (also Men's Physical Education), MPE-104 (546-2754).

TALK BY NOW MEMBER PLANNED FOR THURSDAY

Shirley Boccaccio, a member of the National Organization for Women (NOW), will speak on "Sex-Role Stereotypes vs. Human Liberation," on Thursday (April 19) at Cal Poly. Ms. Boccaccio, who is appearing through the Speaker's Forum Committee of the Associated Students, Inc., is a multi-talented woman who became interested in the women's movement and for the past three years has been an active member of NOW.

A successful author of non-sexist children's literature, Ms. Boccaccio is also a mother, artist, and the founder of the Joyful World Press. She will speak at 8 p.m. in Chumash Auditorium of the Julian A. McPhee University Union on campus. Admission will be free and the public is invited to attend.

POLY ROYAL CLASS GUIDELINES NOTED

Dale W. Andrews (Academic Vice President) has noted that guidelines relative to Poly Royal which have been in effect for a number of years will apply this year. They provide that "Classes scheduled during the Poly Royal period (from 12 noon, Thursday, April 26, through Saturday, April 28) may be deferred. Although classes will not be held, all students and staff are expected to participate fully in preparation of and participation in the Poly Royal exhibits and events. These days are not considered academic holidays."

BOOK FAIR PLANNED ON WEDNESDAY AND THURSDAY

A book fair featuring recently published 1972 and 1973 titles from McGraw-Hill is planned for Wednesday and Thursday (April 18-19) in Room 219 of the Julian A. McPhee University Union. Sponsored by the El Corral Bookstore, it will include titles from all academic disciplines on display for review purposes, as well as special audio visual presentations. Faculty members are especially invited to view the display.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, April 6, in the Office of Information Services, Administration-210.
The impact of the German philosopher Nietzsche on Western thought will be the topic when Bianca Rosenthal (Foreign Language) addresses a campus audience on Thursday (April 19) morning. The program, scheduled for 11 a.m. in Room 220 of the Julian A. McPhee University Union, is being presented as part of the "Arts and Humanities '72-'73" series. Admission for the program will be free and the public is invited to attend.

Dr. Rosenthal is expected to discuss Nietzsche as a recreator of values for society. Before joining the university faculty, she was a high school teacher in the State of Washington and a research assistant at University of Washington, where she earned three degrees. She completed study for her doctor of philosophy degree there in 1970.

The "Arts and Humanities '72-'73" program series is sponsored by Cal Poly's School of Communicative Arts and Humanities.

Miss Parker will speak on "Fitness -- Facts and Fallacies." She has had extensive background in conducting and coordinating numerous clinics and conference sessions in badminton, tennis, volleyball, and basketball officiating. The banquet program will also include the presentation of the L.D. "Doc" Ricker Award, given annually to the outstanding physical education seniors of the Men's and Women's Physical Education Departments of the university.

Tickets for the CAHPER banquet may be purchased at the Men's Physical Education Office, Room 215 of the Men's Gymnasium, and from CAHPER officers. Cost for the evening meal and ceremonies is $7.50 per person.

A relief effort for the earthquake victims in Managua, Nicaragua, launched through the efforts of Robin Baggett of Salinas, president of Cal Poly's Associated Students, Inc., has been noted in the Congressional Record. Congressman Burt L. Talcott of Salinas, reported on the fund raising effort which involved 269,000 students on the 19 campuses of The California State University and Colleges system.

Baggett initiated the fund drive at Cal Poly, and then enlisted the support of the presidents of student organizations at the other campuses through the state system's student presidents association.

Talcott commented to congress, "I highly commend these students for this most worthy attempt to supply relief to their fellow man. Oftentimes, good individualistic endeavors by students go unnoticed. I find it very refreshing today to be able to thank them for their constructive contributions on behalf of all of us."
MISSIONS WILL BE TOPIC FOR CAL POLY EXTENSION COURSE

The beauty and proud heritage of one of California's most popular groups of monuments will be the focus of a course to be presented by Cal Poly Extension beginning April 26. "Missions of the Central Coast" (Arch E470-02), a directed group study of selected topics for advanced students, will examine and analyze the architecture and history of the Missions of the central coastal area of California between Carmel and Santa Barbara.

The course, which will include three Saturday field trips encompassing visits to a total of eight California Missions, will be taught jointly by Carleton Winslow (Architecture and Environmental Design) and Louisiana Clayton Dart, curator, historian, lecturer and teacher. Winslow will discuss the architecture of the Missions while Mrs. Dart will give the historical background of the Missions, the padres, and the countryside.

Enrollment in the three-unit course, which is open to any adult meeting class requirements, can be accomplished in advance or at the first meeting on Thursday, April 26, from 7 to 10 p.m. in Room 206 of the Science North Building. Registration fee for the class is $48 and will include the three bus tours on Saturdays, April 28, May 5, and May 12. Further information about the course and about advance registration can be obtained from the Continuing Education Office, Adm-317, 546-2053.

STUDENTS' CAR FEATURED AT TRADE SHOW IN CHICAGO

A featured "attraction" at the National Plant Engineers and Maintainance show, held recently in Chicago is back on campus. A modified 1963 Chevrolet Corvair automobile, it will be the entry of the Cal Poly chapter of the American Institute of Plant Engineers in the 1973 Baja 500 off-road car race.

John Goodes, Mark Latch, and Dave Frey, all senior students, accompanied the car on its 4,000-mile railroad trip to Chicago last month. Goodes said large crowds of those attending the trade show in McCormack Place in Chicago showed special interest in the car which has been modified by the Cal Poly students to operate on liquid propane fuel. The body and chassis of the car have also been rebuilt to withstand rugged Baja competition.

Costs of preparing the car are being met by the Cal Poly AIPE chapter with assistance from the parent national organization and parts suppliers and manufacturers throughout the United States. Beside a $400 grant from the national AIPE organization for entry fees and other incidental expenses, local area businesses participating in the student venture include: Sears, The Buggy Shop, All Auto Parts, Mat's Brake Service, all of San Luis Obispo, and Wallace Machinery Company of Santa Maria.

Costs for railroad transportation of the Cal Poly car to and from Chicago and all of the expenses for Goodes and Latch were also paid by the plant engineers organization.

CSEA REPRESENTATIVE SCHEDULES CAMPUS VISIT

Employee Relations representative Jim Brinkerhoff of the California State Employees Association will be available for visits with CSEA members from 11 a.m. to 3 p.m. on Wednesday, April 18, in the Staff Dining Room.
TALK BY SCIENCE EDUCATOR SLATED THIS EVENING

Paul Saltman, the "frontiersman of science education," present the vice chancellor of academic affairs of Revelle College at the University of California at San Diego, will speak on "Modern Biology and the Future of Man" at 8 p.m. in the Cal Poly Theatre. The public is invited to attend the free lecture.

Dr. Saltman formed the "Frontiers of Science" course at Revelle College (one of three colleges at UCSD) to benefit non-science majors who will end up as the political, educational, and sociological leaders of tomorrow. Unlike many college and university professors, he places equal emphasis on undergraduate and graduate students. For his stand, he has come under criticism and pressure from fellow professors who disagree with him.

The UCSD teacher-administrator's talk at Cal Poly is being sponsored by the Biological Sciences and Chemistry Departments of the School of Science and Mathematics.

VACANT SUPPORT STAFF POSITIONS LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Departmental Secretary II-B ($605-$744), Chemistry Department, School of Science and Mathematics. Duties and responsibilities include taking dictation, typing exams, correspondence, attendance reports, compilation of data, handling confidential papers, receiving telephone calls, answering student questions and supervision of one clerical assistant. Applicants should be high school graduates with two years of office experience. Must have passed the General Clerical Test, and take dictation at 100 wpm, type 45 wpm.

Administrative Assistant I ($297-$4138), Accounting Office, Business Affairs Division. Duties and responsibilities include administering the accounting aspects of student financial aids, providing information to and serving as liaison between the Accounting Office and various other campus activities regarding complex SFA matters, directing the overall maintenance of collections for student financial aids, and supervising the clerical support staff. Candidates should have the equivalent of a bachelor's degree in business administration, knowledge in accounting principles, credit and collection functions, knowledge of investment interest allocation, and with computer accounting applications desirable.

LIBRARY WILL BE CLOSED ON SUNDAY

The University Library will be closed all day on Sunday (April 22) and will be open from 9 a.m. to 1 p.m. only on Saturday (April 21). The library's regular schedule of operating hours will be resumed on Monday (April 23).

Plea for Swords Issued by Speech Communication Department

A desperate need exists for two or more dress swords that can be either loaned or donated for use in campus drama productions, according to Robin Lake (Speech Communication). Lake said swords of any type from any period can be used. Anyone having information about swords that may be available is invited to contact either Lake or Murray Smith (also Speech Communication) by telephoning 546-2486.

The return of excess supplies of inter-campus mail envelopes is being requested by the Duplication Center. Offices and departments that have quantities of the envelopes in excess of their needs are asked to return them to the Duplication Center, Adm-129.
CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action Employer. Following are descriptions of the available positions:

Intermediate Vocational Instructor ($10,056-12,228/annually), Industrial Technology Department, School of Engineering and Technology. Duties and responsibilities include teaching automotive technology, power technology, some professional courses, both undergraduate and graduate courses in industrial education teacher preparation. Candidates should have practical industrial experience and public school teaching experience in the subjects to be taught and a doctorate in a related field or evidence the doctorate will be completed in pending. Minorities and women are encouraged to apply. Position available: September 1973.

Coach ($12,848-4,676/annually), Men's Physical Education Department, School of Human Development and Education. Duties and responsibilities include assisting varsity basketball coach, teaching health and physical education courses, and coordinating basketball recruiting program. Candidates must have a bachelor's degree in physical education and at least two years collegiate coaching experience. Prefer candidates with recruiting experience in Southern and Northern California. (Time base: 7/10). Minorities are encouraged to apply. Position available: September 1973.

Coach ($12,848-4,676/annually), Men's Physical Education Department, School of Human Development and Education. Duties and responsibilities include freshman basketball coaching, physical education activity instructor, coordinating the freshman basketball team, and recruiting program. Candidates must have a BS degree in physical education, and must have two years collegiate basketball experience. Prefer applicants with coaching experience. Minorities are encouraged to apply. (Time base: 3/10). Position available: September 1973.

Intermediate Instructor ($10,056-12,828/annually), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching introductory courses in botany and/or general biology with upper division courses in plant physiology and taxonomy. Candidates should possess a Ph.D. in Botany or provide evidence that the doctorate will be completed in the near future. Minorities and women are encouraged to apply. Position available: September 1973.

Lecturer ($10,056-12,828/annually), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching introductory courses in botany and/or general biology and plant taxonomy. Candidates should possess a Ph.D. in botany or provide evidence that the doctorate will be completed in the near future. Minorities and women are encouraged to apply. Temporary one year position available: September 1973.

Intermediate Instructor ($10,056-12,828/annually), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching introductory courses in zoology, and training in freshwater fisheries and general biology. Candidates should possess a Ph.D. in Zoology or provide evidence that the doctorate will be completed in the near future. Minorities and women are encouraged to apply. Position available: September 1973.

 Lecturer ($10,056-12,828/annually), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching introductory courses in zoology, human anatomy, human physiology, and vertebrate zoology. Candidates should possess the Ph.D. in Zoology or provide evidence that the doctorate will be completed in the near future. Minorities and women are encouraged to apply. Three temporary one year positions available: September 1973.

Intermediate Instructor ($10,056-12,828/annually), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include courses in zoology and parasitology. Candidates should possess a Ph.D. in Bacteriology or provide evidence that the doctorate will be completed in the near future. Minorities and women are encouraged to apply. Position available: September 1973.

Intermediate Vocational Instructor ($10,056-12,228/annually), Industrial Engineering Department, School of Engineering and Technology. Duties and responsibilities include advising students, teaching courses in operations research, systems analysis and design, plant layout, systems costs and controls, computer applications to industrial systems. Candidates should possess a doctorate in Industrial Engineering or Operations Research with a background in engineering. Minorities and women are encouraged to apply. Position available: September 1973.

VACANT FOUNDATION STAFF POSITION

The following vacancy is listed on the Foundation staff of the University as announced by J. L. Fryer (Foundation Personnel Officer). Interested persons may call at the Foundation Personnel Office, University Union Building, Room 212, 546-4613, to make application. Cal Poly Foundation is an Affirmative Action Employer.

FOOD SERVICE DEPARTMENT

Food Administrator (1) - $830-$1007. Requires Bachelor's Degree, majoring in business administration or equivalent work experience on a year for year basis. Two years of experience in Food Service or related field in administrative capacity. Duties will include all phases of management of the various Food Service Departments such as institutional menu planning, budget preparation, cost analysis, development of personnel training and coordination of all related food service activities.
COMING EVENTS

Pottery III Show -- Tuesday, April 17, through Monday, April 30, all day, Julian A. McPhee University Union. Third annual national ceramic contest and show with entries from amateurs and professionals; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. Public invited.

Varsity Baseball -- Tuesday, April 17, 7 p.m., San Luis Obispo Stadium. Cal Poly vs. University of the Pacific. General admission tickets - students with ASI card, free; children, 50 cents; adults, $1.

Science Lecture -- Tuesday, April 17, 8 p.m., Cal Poly Theatre. Biochemist, Paul Saltman will speak on "Modern Biology and the Future of Man;" sponsored by Cal Poly's Biological Sciences and Chemistry Departments. Public invited.

Orchestra Concert -- Wednesday, April 18, 11 a.m., Julian A. McPhee University Union, Chumash Auditorium. The Elgin High School Symphony orchestra of Elgin, Ill., will present a concert; sponsored by Cal Poly's Music Department. Public invited.

Cal Poly Women's Club Home and Garden Section Meeting -- April 18, 10 a.m., 4950 Cabrillo Ave. (Rolling Hills), San Luis Obispo. Meet at the home of Jean Cleveland for a talk by Terry Kershaw from Karleskint-Crum Nursery about spring gardening.

Orchestra Concert -- Wednesday, April 18, 11 a.m., Julian A. McPhee University Union, Chumash Auditorium. The Elgin High School Symphony orchestra of Elgin, Ill., will present a concert; sponsored by Cal Poly's Music Department. Public invited.

Cal Poly Women's Club Potpourri Section Meeting -- April 18, 12 noon, 1574 Fredericks St., San Luis Obispo. Meet at the home of Helen Drum for a talk on flower arrangement. Members invited.

CEA Luncheon -- Wednesday, April 18, 12 noon, Staff Dining Room. Physician, photographer, Wayne Ball, will present slides of California wild flowers. Faculty and staff invited.

Arts and Humanities -- Thursday, April 19, 11 a.m., Julian A. McPhee University Union, Room 220. Blanca Rosenthal will present a program on the impact of the German philosopher Nietzsche on Western thought; sponsored by Cal Poly's School of Communicative Arts and Humanities as part of the "Arts and Humanities '72-'73" series. Public invited.

Physics Colloquium -- Thursday, April 19, 11 a.m., Science Building Room E-26. William T. Scott, University of Nevada, Reno, will speak on "Structure and Judgment in Science;" sponsored by the Physics Department. Faculty, staff and students invited.

Computer Science and Statistics Colloquium -- Thursday, April 19, 11 a.m., Computer Science Building Room 256. M. Drandell will discuss "Mathematical Models in Business and Industry;" sponsored by the Computer Science and Statistics Department. Faculty and staff invited.

Cal Poly University Club Luncheon -- Thursday, April 19, 12 noon, Staff Dining Room. Owen Servatius will discuss "Values and Perception." Faculty and staff invited.

Lecture -- Thursday, April 19, 8 p.m., Julian A. McPhee University Union, Chumash Auditorium. Shirley Boccaccio, author, artist, and mother will speak on "Sex-Role Stereotypes vs. Human Liberation;" sponsored by the Speaker's Forum Committee of Cal Poly's Associated Students, Inc. Public invited.

(Continued on Page 12)
COMING EVENTS . . . (Continued from Page 11)

Cal Poly Women's Club International Students Section Meeting -- April 19, 8 p.m., Ten­
aya Lounge. An ethnic program on Japan will be followed by refreshments. Members
invited.

Academic Holiday -- Friday, April 20, 12 noon, to Monday, April 23, 8 a.m. Easter
academic holiday for Cal Poly faculty and students.

Cal Poly Women's Club Walking Section Meeting -- April 24, 9 a.m., Veteran's Memorial
Building, San Luis Obispo. Meeting for a visit to the Atascadero Zoo; all members are
asked to bring a sack lunch. Members invited.

Varsity Baseball -- Wednesday, April 25, 12 noon, Poly Field. Cal Poly vs. California

POTTERY SHOW WILL OPEN TODAY

The 1973 Pottery III exhibition will open at 8 p.m. this (Tuesday, April 17) evening in
the University Union gallery. Juror Roland Shutt, a professional pottery and art gal­
ellery director, has selected 76 works from a large field of entries. Shutt will judge
again for honors and purchase awards which will become part of the Associated Students,
Inc., Fine Arts Committee permanent collection and the collections of individual and
business patron sponsors. The show will remain on display from 12 noon to 8 p.m. daily
throughout April.
