GLENDALE MISS WILL REIGN OVER "ENGINEERING WEEK" EVENTS

Patty Ann Hessick of Glendale, an attractive brunette majoring in history, is Cal Poly's "Miss Engineering" for 1970. Introduced to students of the School of Engineering and Technology during a meeting on campus last Thursday (Feb. 12), she will reign over "Engineering Week" activities involving professional and student engineers throughout San Luis Obispo County and northern Santa Barbara County next week (Feb. 22-28).

Announcement of Miss Hessick’s selection by a panel of judges composed of members of School of Engineering and Technology students and faculty was made by Archie Higdon (Dean of Engineering and Technology). A 21-year-old junior majoring in history, she enrolled at Cal Poly early last month after having attended both Westmont College in Santa Barbara and Glendale College.

Cal Poly's Engineering Week observance is part of National Engineers Week, which is being sponsored by the National Society of Professional Engineers. Members of the California Society of Professional Engineers located throughout the Central California Coast area will be participating in the events scheduled by the college students.

Environmental Design Will Be Theme

Being planned with the theme of the observance, "Engineering -- Environmental Design for the '70's," as their focal point are a variety of activities including the annual Engineering Banquet, two special lectures, a panel discussion, and engineering and technical exhibits throughout the week. All except the banquet, which will take place Monday (Feb. 23) evening at the Golden Tee Motor Hotel in Morro Bay, are scheduled on campus.

Heading the list of speakers who will address audiences during Engineering Week is George W. Milius (R-Los Gatos), a member of the California Assembly's Environmental Control Committee who will address the banquet. Lawrence J. Grunder, a consulting Engineer representing the A. E. Gosselin Engineering Company, and Don M. Keagy, director of environmental health services for the U.S. Public Health Service, will deliver the public lectures next Tuesday (Feb. 24) and Thursday (Feb. 26) evenings, respectively.

Members of the panel discussion on air pollution will be Frank Bonamassa of the California Air Resources Board; Gary Dickenson of the General Motors Company Vehicle Emission Laboratory; Paul Matthew, manager of Pacific Gas and Electric Company's Steam Generation Department; David Disher of the School of Medicine at University of California at Los Angeles; and Sydney R. Frank, a meteorologist. The public program on which they will appear is planned for the evening of Feb. 25, starting at 7:30 p.m., in the Cal Poly Theater.

Tickets for the banquet are priced at $4 each and may be obtained by contacting Edward Garner (Mechanical Engineering Department), who is faculty advisor for Engineering Week. His office is EE-144, 546-2052. Members of the faculty, staff, and student body, as well as the public, are invited.
COMMITTEE TO FIGHT POLLUTION FORMED BY PRESIDENT KENNEDY

A college-wide Ad Hoc Committee to Promote Elimination of Environmental Pollution at Cal Poly has been formed by President Robert E. Kennedy, it was announced last week.

President Kennedy said, "Pollution of our environment has become so severe in so many areas in recent years that experts studying the matter are pointing it out as a major threat to society. Increasing attention is being given to means of pollution control and to awakening the public to the serious nature of the pollution menace. The ad hoc committee of faculty, staff, and students will act as a clearinghouse for ideas and a catalyst for effective action."

"Many students, faculty, and staff members are interested in taking part in the growing pollution control movement and believe the college should become actively involved in a college-wide way. A number of individual or small group efforts have been underway at Cal Poly for several years directed toward means of controlling pollution.

"Several new programs have been added which are intended to prepare students for work in related areas -- programs such as environmental engineering and natural resources management, and individual courses such as those in conservation. No doubt in many other courses, in which pollution is a topic, it has been given increasing attention," Dr. Kennedy said.

The president called for appointment of up to two faculty members and up to two students within each of Cal Poly's academic schools as well as representatives of the Student Affairs and Business Affairs Divisions and the Cal Poly Foundation. Lachlan P. MacDonald (Director of Information Services) was named acting chairman of the college-wide committee and was to have held an organizational meeting today (Tuesday, Feb. 17).

"A national movement is underway which will no doubt culminate in a national day of involvement intending to bring out as forcefully as possible the danger we all face if the degree of pollution is allowed to increase at the present rate," President Kennedy said. He has instructed the committee to consider coordination of activities related to a proposed April 22 national "Teach-In."

DEPARTMENT OF AGRICULTURE LISTS DEADLINE FOR GRANT APPLICATIONS

The U.S. Department of Agriculture has announced April 1 as the next application deadline for institutions interested in basic and applied research in agriculture to supplement work being conducted by the Agricultural Research Service. Proposed research may cover a period of up to five years, although previous awards have normally gone for one- to two-year projects.

Research proposals may be of interest to any of 11 divisions composing the Agricultural Research Service, including units in human nutrition, entomology, market quality, soil and water conservation, transportation, crops, animal husbandry, clothing and housing, consumer and food economics, animal disease, and agricultural engineering.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Feb. 20, in the Office of Information Services, Adm-210.
AL CAPP WILL SPEAK ON FRIDAY EVENING

"An authority on nothing with opinions on everything" is the term Al Capp, who will present a public address on campus Friday (Feb. 20) beginning at 8 p.m. in the Men's Gymnasium, uses to describe himself. One of the most widely sought speakers on college and university campuses today, the cartoonist-creator of "Li'l Abner" is also one of the most abusive.

Raised in poverty himself, Capp believes today's students are privileged in comparison to his own background as a ghetto youngster who pulled himself from the depths of poverty to extraordinary success. "A concerned student is one who smashes the computer at a university, and an apathetic student is one who spends four years learning how to repair that computer," the cartoonist and social critic continues.

Capp works in an informal style when he addresses campus audiences, reading and answering questions submitted by those in attendance, rather than using the classical lecture approach. His audiences like the result.

Tickets for the Friday program, being sponsored by the College Program Board Speakers Forum Committee of the Associated Students, Inc., are $2 for general admission and $1 for students. They are being sold in advance at Brown's Music Store, Larson's Village Squire, Supersonic, and Ogden's Stationers, all in San Luis Obispo, and at the Temporary College Union Building on campus.

1970 BUSINESS SEMINAR WILL FEATURE TOP EXECUTIVES

Top-level executives representing more than 30 top business and industrial concerns from throughout the nation will take part in a unique seminar on campus Thursday and Friday (Feb. 19-20). It will be the fourth year that business students have come up with a "faculty" unmatched by many similar urban institutions of higher education. This year an interdisciplinary approach is being used for the business-agricultural-industrial seminar. Last year a total of over 1,800 Cal Poly students heard from 24 conferees representing 21 companies.

Participating industries include Bank of America, Capitol Records, Dow Chemical Company, FMC Corporation, General Electric Company, Owens-Corning Fiberglas Corporation, Lockheed Aircraft Corporation, Union Oil Company, and TRW. The top level executives will represent more than 20 different types of business organizations.

The two-day event will consist of three major, simultaneously conducted symposia in management, marketing, and industrial relations. Each symposium will consist of three sessions, one on Thursday and two on Friday, with panel members consisting of industry executives. The panels are structured to avoid formal presentations or addresses, and to open up to student questions and to interaction. The result is a capsule view of American business attitudes, particularly as executives respond to questions from students enrolled in business administration, industrial technology, and agricultural business curricula.

(Continued on Page 4)
STUDENTS SEEK POLY ROYAL QUEEN SELECTION

Five finalists in competition to select the coed who will be eventually named "Miss Cal Poly, Queen of Poly Royal" for 1970 will be chosen during a pageant scheduled for Wednesday (Feb. 18) evening. The program, to which the public is invited, will take place in the campus theater beginning at 8 p.m. Admission will be free.

Some 10 Cal Poly coeds are expected to participate in the pageant, which is being staged by the Poly Royal Board of the college's Associated Students, Inc., according to Jim Parsons, a junior farm management student, who is in charge of arrangements. They will be scored on basis of poise, beauty, and cordiality by a panel of seven judges made up of representatives of San Luis Obispo civic leaders, members of the college faculty, and members of the student body.

Included are Kenneth Schwartz (School of Architecture), mayor of San Luis Obispo; Emmons Blake, a member of the city council, businessman, and alumnus of the college; Myron Graham, also a city councilman and businessman; and Paul Plantz, who operates a floral shop. Other judges are Don Colvin, a senior agricultural business management student who is general superintendent of Poly Royal for 1970; Paul Kresge, president of the college student body and soil science student; and Robert Gordon (Ornamental Horticulture Department).

The five young ladies selected during Wednesday evening's pageant, all seniors ranking in the upper portion of their class academically, will compete in a college-wide election to select the college's 1970 Poly Royal queen. Parsons said the four runners-up in the election, which will take place March 2-3, will be princesses in the queen's court.

As a group, they will reign over the myriad of special activities being planned for Cal Poly's 38th annual Poly Royal, April 24-25. A crowd of visitors expected to top 65,000 is expected.

1970 BUSINESS SEMINAR (Continued from Page 3)

Other companies which have confirmed their participation in the seminar this year include: Air West; American Cyanamid Company; American Meat Institute; Arthur D. Little, Inc.; Boise-Cascade Corporation; California Labor Federation, American Federation of Labor; Carnation Company; CBS Television; General Mills, Inc.; General Motors Corporation; Hewlett-Packard Corporation; New York Life Insurance Company; Planning Research Corporation; United Auto Workers; Universal Studios; Wadsworth Publishing Company; Wells Fargo Bank; and Western Gear.

Raymond J. Hauser (Industrial Technology Department), advisor to the seminar, said that students who recruit top executive talent, host them during their stay in San Luis Obispo, and make arrangements for the seminar sessions get practical experience and contacts which are valuable in their careers.

"Some people think our location, 200 miles from either Los Angeles or San Francisco, is a disadvantage," said Hauser. "Actually, it gives us an opportunity to draw from national and regional executive headquarters in both the north and the south. Some of our participants, who wouldn't be interested in taking time to attend an urban seminar, welcome the opportunity to enjoy the fresh air and scenic beauty of the Central Coast," Hauser continued.
COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Shakespeare Exhibit -- Continuing through Saturday, Feb. 21, 8 a.m. to 10 p.m., Mon­
days - Thursdays, 8 a.m. to 5 p.m., Fridays and Saturdays, and 1 p.m. to 10 p.m., Sun­
days, Dexter Library foyer. Traveling exhibit from the Folger Shakespeare Library, 
Washington, D.C., including memorabilia on the famed English poet; sponsored by the 
college Library. Public invited.

Books at High Noon Luncheon -- Tuesday, Feb. 17, 12 noon, Staff Dining Room. Dr. John 
Kerr will speak on "The Staging of Fictional Scenes." Public invited.

Varsity Wrestling -- Tuesday, Feb. 17, 8 p.m., Men's Gymnasium. Cal Poly vs. Fresno 
State College. Tickets - adults, $1.50; students and children, 50 cents.

Cal Poly Women's Club Home and Garden Section -- Wednesday, Feb. 18, 9:30 a.m., 654 
Rancho Drive, San Luis Obispo. Presentation on quick and fancy foods by Southern 
Counties Gas Company home economist, Susan Hutchcroft, in home of Mrs. Archie Higdon. 
Members invited.

Poly Royal Queen's Pageant -- Wednesday, Feb. 18, 8 p.m., Cal Poly Theater. Selection 
of finalists in competition for "Miss Cal Poly, Queen of Poly Royal" for 1970; spon­
sored by the Poly Royal Board of the Associated Students, Inc. Public invited.

CSEA Luncheon Meeting -- Wednesday, Feb. 18, 12 noon, Staff Dining Room. Program on 
Tahiti and the South Pacific by George Couper during monthly luncheon gathering of Cal 
Poly Chapter 97 of the California State Employees Association. Faculty and staff in­
vited.

Agriculture-Business-Industry Seminar -- Thursday and Friday, Feb. 19-20, all day, 
various locations on campus. Fourth annual seminar on agriculture, business, and 
industry; sponsored by the Industrial Technology Society, Society for the Advancement 
of Management, and Agricultural Business Management Club. Faculty, staff, and students 
invited.

Computer Graphics Lecture -- Thursday, Feb. 19, 11 a.m., Engineering East Building 
Room 128. Lecture titled "Perspective Drawing by Computer" by Joshua Kopp of Brook­
haven National Laboratory; sponsored by the Computer Science and Statistics Department. 
Faculty, staff, and students invited.

Cal Poly Staff Club Luncheon -- Thursday, Feb. 19, 12 noon, Staff Dining Room. Fea­
tured on the program will be musical selections by the Cal Poly Women's Sextet and a 
brief explanation of the functions of the college Music Department. Faculty and staff 
invited.

Sigma Xi Club Meeting -- Thursday, Feb. 19, 7:30 p.m., Erhart Agriculture Building 
Room 231. Illustrated presentation titled "A Botanist in Australia" by Shirley Sparling. 
Faculty, staff, and students invited.

Public Lecture -- Friday, Feb. 20, 8 p.m., Men's Gymnasium. Lecture by Al Capp, social 
critic and creator of the "Li'l Abner" comic strip; sponsored by the College Program 
Board Speakers Forum Committee of the Associated Students, Inc. Tickets - general ad­
mission, $2; students and children, $1. Public invited.

(Continued on Page 6)
COMING EVENTS (Continued from Page 5)

College Drama -- Continuing Friday and Saturday, Feb. 20-21, 8:30 p.m., Cal Poly Theater. Production of Peter Weiss' play *Mara/t/Sade*; produced by the Speech Department. Tickets - general admission, $1.50; students and children, $1.

Girls High School Basketball Tournament -- Saturday, Feb. 21, 9 a.m., Men's Gymnasium. Competition for girls basketball teams from high schools throughout the Central Coast area; sponsored by the campus chapter of the California Association for Health, Physical Education, and Recreation. Public invited.

Varsity Wrestling -- Saturday, Feb. 21, 8 p.m., Men's Gymnasium. Cal Poly vs. California State College at Fullerton. Tickets - general admission, $1.50; students and children, 50 cents.

Engineering Week -- Sunday, Feb. 22 through Saturday, Feb. 28, various times and locations, see individual calendar entries. Annual "Engineering Week" observance for California Central Coast area; sponsored by Cal Poly's student Engineering and Technology Council with cooperation of Central Coast Chapter of the California Society of Professional Engineers.

Freshman Basketball -- Monday, Feb. 23, 7:30 p.m., Men's Gymnasium. Cal Poly Colts vs. Cuesta College. Tickets - general admission, $1; students and children, 50 cents.

Engineering Banquet -- Monday, Feb. 23, 8 p.m., Golden Tee Motor Inn, Morro Bay. Banquet featuring California Assemblyman George W. Milias as speaker; sponsored by the student Engineering and Technology Council, with cooperation of Central Coast Chapter of the California Society of Professional Engineers, as part of the area's Engineering Week observance. Tickets - $4 per person; public invited.

Cal Poly Women's Club Walking Section -- Tuesday, Feb. 24, 9 a.m., First Baptist Church parking lot, Johnson Ave., San Luis Obispo. Meeting for walk through the Wilding Ln. - Skylark Ln. area of San Luis Obispo. Members invited.

Lecture on Pollution -- Tuesday, Feb. 24, 7:30 p.m., Cal Poly Theater. Talk on air pollution caused by autos, by Lawrence J. Grunder, a consulting engineer with A. E. Gosselin Engineering Co.; sponsored by the student Engineering and Technology Council, with cooperation of the Central Coast Chapter of the California Society of Professional Engineers, as part of the area's annual Engineering Week observance. Public invited.

Varsity Wrestling -- Tuesday, Feb. 24, 8 p.m., Men's Gymnasium. Cal Poly vs. Stanford University. Tickets - general admission, $1.50; students and children, 50 cents.

Cal Poly Women's Club Choral Section -- Tuesday, Feb. 24, 8 p.m., 954 Montalban, San Luis Obispo. Regular meeting of section in home of Mrs. Lloyd Dietrich. Members invited.

Cal Poly Women's Club Handcrafts Section (Day) -- Wednesday, Feb. 25, 10 a.m., City Recreation Center, San Luis Obispo. Regular meeting of section featuring a demonstration of paper flower making by Mrs. Larry Talbott; those planning to attend are asked to bring colored wrapping tissue. Members invited.
HEALTH PLAN RATES WILL INCREASE APRIL 1

Employees enrolled in state-administered basic health insurance plans will be paying higher premium rates effective April 1, 1970, because of "inflation and higher costs of doing business." For those employees employed for more than six months (those getting the $8.00 state contribution) the new rates are:

COPIES OF A B 70-1 AVAILABLE IN PERSONNEL OFFICE

As announced in last week's *Cal Poly Report*, revised campus disciplinary action procedures for faculty have been approved by President Robert E. Kennedy and promulgated in Administrative Bulletin 70-1. Copies of the administrative bulletin have been distributed to holders of the College Administrative Manual. In addition, anyone who would like a copy of the revised disciplinary action procedures may pick up a copy in the Personnel Office, Adm-111, or request that one be sent to them by calling 546-2844.

SENIORS SEEK IDEAS FOR CLASS GIFT TO COLLEGE

Suggestions for the 1970 Senior Class gift to be presented to Cal Poly during Senior Week activities in June are being sought by the Senior Activities Committee. Members of the college faculty and staff who have ideas for what they believe would be an appropriate gift are invited to send them to either Don Blazej, chairman of the student committee, c/o Box 40, Temporary College Union Building, or Bob Timone (Assistant to the Dean of Students), who is advisor to the group, by April 1. The committee hopes to have a sizeable number of alternatives to consider.
OVERSEAS TEAM MEMBERS ADOPT THAI CHILDREN

Two members of Cal Poly's team at the Bangpra Agricultural Teacher's College in Thailand have adopted Thai daughters. Mr. and Mrs. Carl Murry adopted Heather in December. Mr. and Mrs. Hal Carlton adopted Melinda in January.

Heather Murry was born August 7, 1969. Her official Thai birth certificate records the date of birth as the 10th day of the waning moon in the ninth month of the Year of the Chicken. The Murry's have two other children, Sean Peter, 3 years old, and Katherine Ruth, 1 year old, born in Thailand. Melinda Carlton, born May 16, 1969, is the Carlton's only child.

Both Murry and Carlton are graduates of Hughson Union High School and Modesto Junior College. Murry earned his Bachelor of Science Degree in fruit production and his agricultural education credential at Cal Poly. Carlton earned his Bachelor of Science Degree at Fresno State College and his agricultural education credential at Cal Poly. Mrs. Carole Murry also attended Cal Poly as a bio-science major.

Murry was director of agriculture at Sonora Union High School when he joined the Cal Poly team in 1967. Carlton, who joined the team in June 1969, is on leave from Grace M. Davis High School in Modesto where he was director of agriculture. The Murry's previously served in the Peace Corps in East Pakistan.

WHO . . . WHAT . . . WHEN . . . WHERE ?? ??

Fred Genthner (Library) has assumed new responsibilities as the college's special collections librarian. He is directing activities connected with the Archives Collection and, after some reorganization, will also be responsible for the map collection, senior projects, caged books, and other special format materials. Genthner has been a member of the Library's professional staff since 1952.

Osmond S. Gilbertson (Agricultural Education Department) led a workshop in development of six-year agriculture curricula for the San Joaquin County Schools Office recently. A Cal Poly graduate, Pat Valladao, coordinator of vocational education for San Joaquin County Schools, set up the workshop which had been suggested by the San Joaquin Section of the California Agricultural Teachers Association.

Lee C. Coombs (Chemistry Department) received notification last month that all requirements for his Doctor of Philosophy Degree had been completed from Purdue University. Dr. Coombs, who received both his bachelor's and master's degrees from San Diego State College, joined the Cal Poly faculty last fall.

Lane Page (Library) began new duties as acting documents librarian for the college yesterday (Monday, Feb. 16). Among his responsibilities in his new assignment will be management of the documents being received by the library as a result of its designation as a depositor for federal government publications.

Harmon B. Toone (Head of the Dairy Department) attended the annual meeting of the California Holstein Breeders Association, which took place in Los Banos Feb. 14. He was elected to a one-year term as a member of the association's board of directors during the meeting.
"MARAT/SADE" WILL CONCLUDE FIVE-NIGHT RUN THIS WEEKEND

J. Murray Smith (Speech Department) is one of the few Cal Poly faculty members to ever play a leading role in a campus dramatic production. He has a role in Peter Weiss' play, Marat/Sade, which will close a five-night run on campus this weekend. Curtain time for the final performances of the play Friday and Saturday (Feb. 20-21) evenings in the Cal Poly Theater will be 8:30 p.m.

Smith, a theater veteran, plays the role of the Marquis de Sade, an inmate at the asylum of Charenton, in which the drama unfolds in 1808. Since joining the Cal Poly faculty in 1960, he has directed a number of campus productions including Our Town, The Devil's Disciple, The Lady's Not for Burning, Summer and Smoke, and Incident at Vichy. He has also been active as an actor and as a director in community theater programs, both in this area and in Colorado.

Marat/Sade is being directed by Stuart A. Sutton (Speech Department), who joined the faculty last fall. He formerly taught at San Francisco State College and worked at the Circle in the Square Theater and the Lincoln Center for the Performing Arts, both in New York City.

Tickets for this weekend's performances are priced at $1.50 each for adults and $1 for students and children. They may be purchased at the campus theater's box office prior to curtain time Friday and Saturday evenings.

CAL POLY FACULTY, STAFF MEMBERS PREPARE FOR CAREER PROGRAM

Three Cal Poly faculty and staff members will assist with a Morro Bay-Estero Kiwanis Club Vocational Guidance project in April. Owen Servatius (Head of the Business Administration Department); Milton Piuma (Staff Personnel Officer) and James Bently (Food Services) will be among 12 persons who will serve as job interviewers for 12 Morro Bay High School seniors.

The Kiwanis Club project, a variation on career day programs, consists of a simulated job application interview. It is based on suggestions of Dale Federer (Education) and Cynthia Perkins, retired head of counseling at Cuesta College. Charlie Mendenhall (Information Services) is chairman of the Morro Bay-Estero Kiwanis Vocational Guidance Committee, sponsors of the project.

VACANT CLERICAL POSITION LISTED BY PERSONNEL OFFICER

A vacant clerical position on the support staff of the college has been listed by Milton Piuma (Staff Personnel Officer). The position, which is posted in greater detail on the bulletin board located in the personnel office, Adm-111, is:

Clerical Assistant II-A, General Office, Business Affairs Division ($435-$530). Primary duties and responsibilities include sorting, lifting, and delivering mail to various parts of campus. High school graduate able to work outdoors and lift heavy mail bags preferred.
MEMBERS OF ACTIVITIES STAFF JOIN IN TELEPHONE COUNSELING PROGRAM

Two graduate students working as members of the Student Activities Office staff are among leaders of a movement to establish an over-the-telephone counseling service for the San Luis Obispo area. Mrs. Shirley Wright and Jim Hadley are inviting members of the Cal Poly faculty and student body who are interested in learning more about the project, known as "Hotline," to attend an organizational meeting which will take place tomorrow (Wednesday, Feb. 18), starting at 12 noon, in Adm-108.

Mrs. Wright explained last week that the "Hotline" proposal provides for well-publicized telephone numbers which can be called by persons who wish counseling. It is planned that the telephones will be answered by volunteers, including students from Cal Poly and Cuesta College, as well as by laymen.

Those who will be answering telephones will be specially trained for that purpose by professionals, through orientation classes which will begin Friday (Feb. 20), according to Mrs. Wright. She said the local Mental Health Association, Family Services Center, and Ministerial Relations Council are among sponsoring agencies. Those interested in learning more about "Hotline" are invited to contact either Hadley or Mrs. Wright by telephoning 546-2476.

CSEA ELECTION DATE IS NEAR

The election date for chapter and regional officers and delegates of the California State Employees Association is rapidly approaching, according to Howard Rhoads (Crops Department), who is Nominations Committee chairman for Cal Poly Chapter 97 of the association. He said the chapter's Nominating Committee is asking that CSEA members submit the names of persons they would like to have considered for any of those offices.

Offices to be filled this spring are regional director and assistant regional director; and chapter president, vice president, secretary, treasurer, delegates, and alternate delegates. All candidates must be CSEA members and be willing to sign a statement that they will serve if elected and perform the duties required. Names for consideration for any of the offices listed should be forwarded to Rhoads no later than March 6.

FACULTY CHRISTIAN FELLOWSHIP MEETINGS MOVED TO NEW LOCATION

Meetings of the Faculty Christian Fellowship have been moved to Lib-130, according to John B. Rapp (Electronic Engineering Department), as spokesman for the informal group. Interested members of the college faculty are invited to bring their lunches and attend the meetings each Friday starting at 12 noon.

DEADLINE FOR OVERSEAS TRAVEL GRANTS IS MARCH 1

March 1 is the deadline for submission of applications for Special Overseas Travel Grants for faculty of the college. Application forms and other information are available in the International Education office, Adm-133, 546-2147. The travel grant program is described in Administrative Bulletin 69-3.
SYMPHONIC BAND SCHEDULES FEB. 26,27 CONCERTS

A varied program including selections from the musical Hair, Serenade for Band, and music by John Philip Sousa is scheduled for the Cal Poly Symphonic Band's fourth annual Winter Concert on Feb. 27. The concert is set for 8 p.m. in the Cal Poly Theater. A shorter concert is slated for 11 a.m. on Feb. 26, also in the campus theater.

The 71-piece Symphonic Band is directed by William V. Johnson (Director of Bands), who points out that its members are noted for the zest and enthusiasm of their performances. He added "without question, these young men and women are the most musical group of wind and percussion players we have ever had at Cal Poly. The music that has been chosen for them is both highly entertaining to the listener and challenging to the performers."

Tickets for the Feb. 27 performance may be purchased in advance at the Associated Students Office in the Temporary College Union Building on campus, and at Brown's Music Store, Premier Music Company, and Ogden's Stationers in San Luis Obispo. General admission is $1.25; student tickets are 75 cents. Admission for the Feb. 26 morning performance will be free.

HITCHCOCK, MUSTANG WRESTLERS FEATURED IN "SPORTS ILLUSTRATED"

"Winning has become a habit for both Hall, whose college record is 42-2-1, and for Cal Poly, which has been 107-22-1 since Hitchcock took over in 1962." That sentence is but one of many used to describe Cal Poly's intercollegiate wrestling program, Head Coach Vaughan Hitchcock, and senior 118-pounder Terry Hall in the Feb. 16 issue of Sports Illustrated magazine, which hit newsstands across the nation late last week.

The article, titled "This soufflé always falls," was written by SI staff writer Herman Weiskopf who spent three days on campus late last month. Covering nearly half of three pages, it describes Hall as the most exciting wrestler in the land," the Mustang grapplers as "the first West Coast team to ever defeat powerful (University of) Oklahoma in Norman," and Hitchcock as having "brought the same measure of success to Cal Poly that he had elsewhere."

Others mentioned prominently in the magazine article are John Finch and Larry Morgan, also members of the Mustang mat team, and Lewis Cryer, sports director for Radio Station KVEC in San Luis Obispo, and a Cal Poly alumnus.

DEADLINES FOR PURCHASES FROM 1969-70 APPROPRIATIONS LISTED BY PURCHASING OFFICE

All requests (Form 5's) for supplies or equipment which are to be charged to current 1969-70 appropriations must reach the college Purchasing Office as follows: (1) Equipment items requiring further justification or for the use of savings March 15; (2) Items which must be processed through the State Office of Procurement on estimate forms April 15; (3) All items which can be purchased for $500 or less on a local order June 1. Additional information or clarification may be obtained by contacting the college Purchasing Office, Adm-117, 546-2231.
MUSTANG WRESTLERS SLATE PAIR OF HOME CONTESTS

Cal Poly's varsity wrestling team, which rebounded from a disastrous road trip into the Northwest with a trio of victories over university opponents last week, will be the only varsity athletic team in action on the local front this week. It is slated to host cross-state rival Fresno State College this (Tuesday, Feb. 17) evening and then California Collegiate Athletic Association foe California State College at Fullerton Saturday (Feb. 21). Both matches will begin at 8 p.m. in Men's Gymnasium.

The Mustang grapplers posted an impressive 31-2 victory over Brigham Young University to cap their week of action and boost their won-lost mark for the 1969-70 season to 15-6. They also defeated Southern Illinois University 24-6 and University of California at Berkeley 24-14 earlier in the week.

Most of the other sports activity involving Cal Poly teams this week will be on the road. Coach Neale Stoner's Mustang basketball varsity has a pair of games in the Los Angeles area. They will journey to Northridge where they will meet San Fernando Valley State College on Friday (Feb. 20) evening and then to Orange for an encounter with Chapman College the following evening. Last week's games saw the Mustang cagers drop a pair of CCAA games. They were beaten 89-85 by University of California at Riverside and 84-82 by Cal Poly, Pomona, and now own a 12-10 record for the season.

The only other team slated to play in the local area this week is the freshman basketball team, which will meet Cuesta College at 7:30 p.m., tonight (Tuesday, Feb. 17), in the Camp San Luis Obispo campus gymnasium. The Colts beat West Hills College of Coalinga and freshman teams from UC Riverside and Cal Poly, Pomona, to run their won-lost mark for the season to 14-4.

In other contests involving Cal Poly teams last week Coach Dick Anderson's swimmers beat Fresno State 73-40 and UC Riverside 86-26; tennis Coach Ed Jorgensen's charges dropped a 7-2 verdict to Pepperdine College; and Coach Augie Garrido's baseballers dropped a twinbill to Stanford University. The Mustang diamond club's home opener against University of California at Santa Barbara, which was scheduled for Friday (Feb. 13) was postponed because of wet grounds.

FEB. 22 HOLIDAY ARRANGEMENTS EXPLAINED BY PERSONNEL OFFICE

A reminder from the Personnel Office points out that Monday, Feb. 23 (in lieu of Feb. 22, Washington's birthday) is a regular workday at Cal Poly. All employees except academic-year personnel will receive compensating time off for working on these days.

RESEARCH OR CREATIVE ACTIVITY LEAVE APPLICATIONS DUE NEXT MONTH

Faculty members interested in applying for Fall Quarter, 1970, Research or Creative Activity Leaves should submit completed application forms to their department heads by March 13, according to a reminder issued by the Research and Development Office. A total of three leaves will be available for the fall term. The policies governing these leaves, the criteria established by the College Research Committee in reviewing the applications, and the forms may be obtained from department heads or from the Research and Development Office, Adm-307, 546-2630.
