ASI budget proposals

In an attempt to set guidelines for ASI budgeting and programming for the 1974-75 academic year, Dennis Johnson, ASI Vice President, presented the policy ideas for implementing budgeting procedures at the Student Executive Council meeting Tuesday morning.

Johnson's recommendation included a yearly calendar for scheduling all ASI and student organization activities and events. This would reinforce the already established Master Calendar of Events and provide an overall view of scheduling saturation.

A limit on programming through Form 81 usage with mandatory approval by EEC was presented by Johnson, in addition to a plan for limiting out of state athletic scheduling.

'Pals' needed for little people

The Pala organization on this campus is having its quarterly membership drive this week, with a special orientation meeting Wednesday, in the 325 at 7 p.m.

According to Paula Wisch, Pala pres., "The organization is in great need of more 'big pals' to facilitate the growing number of 'little pals' and men are needed especially. The program provides friendship for an elementary school student, one to one basis and is geared for children with a need for a little extra help.

Big pals are encouraged to spend little or no money on their little pala. Activities include such things as baking cookies, meals, school trips, going to the beach, sports, etc.

The little pala are chosen through nominations of elementary schools within the San Luis Obispo Unified School District. Ages range from 6 to 13 years.

Anyone interested in being a big pal or would like further information call Paula Wisch, 544-9460.

POWs to be released on Saturday, hopefully

WASHINGTON (UPI) — U.S. officials said Tuesday they now expect the first group of American war prisoners to be freed about Saturday — the last day before the initial redemption deadline.

"We don't have anything definite on the 10th," said an harrassing Washington official. "But it doesn't look very good for tomorrow, so some time this weekend sounds reasonable.

Officials also said they are uncertain whether the first release will take place in North Vietnam or in South Vietnam or in both simultaneously.

The Communities have acknowledged holding military and civilian prisoners in South Vietnam, who is living at an area where he is guarded and is being fed for a need for a little extra help.

\[Council adopts flood measures\]

An emergency measure hearing all activity on a low-lying "flood prone" area of San Luis Obispo and prohibiting building along 20 acre section of creeks was unanimously adopted Monday night by the San Luis Obispo City Council.

It was the most important in a series of actions designed to prevent the devastating floods which did an estimated $3.5 million damage to public and private property in the city in the last 15 years.

\[War features blues-rock hits\]

War will seize the man's gym February 13 at 8 p.m when the Ethnic Programming Board brings in its blues-rock group here in conjunction with Black Heritage Week.

Tickets for the concert are on sale at the Union Information desk. Student admission is $2.50 for general and $1.50 for reserved seats. General public prices are $3.50 and $4.50.

The concert was introduced by Eric Burton, traditionally with the Animals, in his album "Eric Burton Declares War." In 1971 War toured with the blues-rock group "War," and some of us were putting things together.

Jimmy Widdershous, a jazzy blues-rock group from North Carolina, who will also perform at the concert.

\[Freeing mind exploration\]

The "technology of freeing the mind" will be explored in a presentation at Union 129 on Friday at 1 p.m. The presentation, sponsored by the Bhagavat-Dharma Organization, promises to explore the individual's a broader understanding of oneself and consciousness by expanding one's awareness.
Managua earthquake relief fund to be collected, set by ASI

Managua disaster relief contributions collected at the 18 state universities and colleges will be pooled together here reported ASI President Robin Baggett.

Acting upon a suggestion from three students, Baggett submitted a proposal at a recent CBU Student Presidents' Association meeting offering ASI as the central coordinator and administrator for relief funds.

"The other student presidents liked the idea and a resolution was passed to set up an account here to pool all other funds collected," said Baggett.

Money donated at other university and college campuses will be forwarded to a special account of Student Community Services under the name of "Calif. State Universities and Colleges Managua Disaster Fund".

This university has already raised $810 for relief of earthquake victims in Nicaragua said Rodney Camp, chairman of Student Cititunity Services.

The three student representatives responsible for the idea of consolidating relief funds, Jim Barlow, Hedy Smith and Ernie Keene, have been instrumental in the raising of funds here.

The best avenues of making funds available to the earthquake victims in Managua are now being determined. Help and advice is being sought from faculty members now in Guatemala working on an Agency for International Development mission.

Talks set for Resources Week

Learn more about California's natural resources. This is Resources Week and speakers from various resources management departments in the state will be presenting some of the uses and problems of various natural resources.

On Wednesday, G. W. Mc-Commum, of the Calif. Dept. of Fish and Game, will direct a round table discussion on "Resources Problems Related to Managing Fish and Game Populations and the Habitat."

An illustrated talk on the care and feeding of wildlife is scheduled for Thursday and will be presented by James P. Tryner, of the Calif. Dept. of Parks and Recreation.

Both of these presentations, which are sponsored by the Natural Resources Management (NRM) Dept., will be held in Union S17 at 7 p.m. and are open to the public. Admission is free.

Classroom speakers will include Jim Gannon, Bert Whetol and John Curphy of Calif. Dept. of Public Health; Ron Hartman, Calif. Dept. of Conservation, Division of Forestry, and Dale Rudolph, Calif. Dept. of Parks and Recreation.

Three lose in classic

All three Mustang wrestlers lost their matches Monday night in the East-West Wrestling Classic at Lehig University in Pennsylvania. The West squad won the match, 36-14.

Two men, Larry Morgan and Olen Anderson, suffered their first defeat of the year while Allyn Cook was tagged with his third.

Morgan finally got his chance to meet Michigan State's Tom Milkovich after waiting three months. The Wolverine champion had defeated Morgan in the first period tie with Michigan's Wade Schalles. Each time Anderson escaped, Schalles then marked before his loss, Milkovich but was then reversed and was awarded a penalty point of takedowns over Clarion's Jarret Hubbard. The Wolverine came from behind to win over Cal State Stanislaus and was awarded a penalty point in the third period and won the match with one-point riding time, 6-4. Schalles was named the "outstanding wrestler" in both the NCAA college and university tournaments in 1972.

Cagers notch win at Turlock

Guard Pinky Williams' career-high of 30 points paced the Mustang basketball team to a 74-56 win over Cal State Stanislaus Monday evening at Turlock. The win gives coach Ernie Wheeler's cagers a 10-10 non-loss record on the year.

With his 30 points, Williams is nearing Billy Jackson as the team's leading scorer for the year. Jackson, however, has missed several games with a sore knee and is in a season-long scoring slump after hitting for 20 points in the season opener.

Jackson, however, has been the team's leading scorer for the past two years. Wheeler's cagers a 10-10 won-loss record this year. Jackson, however, has missed several games with a sore knee and is in a season-long scoring slump after hitting for 20 points in the season opener.

He's averaged 10.5 points per game this year, and has scored a total of 345 points in 24 career games. Wheeler's cagers a 10-10 won-loss record this year.

Williams hit a 32-point game high in the victory, and was awarded a penalty point. With his 32 points, Williams is the Mustangs' leading scorer for the year.
