EOP cutbacks meeting's topic

EOP cutbacks and the student-teacher ratio were some of the key problems discussed during a faculty and staff budget meeting. Speakers each gave a 5-minute talk on how they viewed the governor’s proposed budget for higher education for 1973-74. Those speaking included Dr. Bud Hutchinson, executive secretary of United Professors of California (UPC), James Landreth, Director of Business affairs of this university, and Dr. Roy Anderson, chairman of the budget committee of the statewide academic senate.

Anderson said that the estimated need for the next year was about $50,000,000 but was cut to $46,000,000 when it was given to the legislature. He said the most serious cut was in the EOP budget and there were differences of opinion between the assembly and the senate on whether or not to change EOP funding.

Landreth said there were inadequate staff positions and not enough money allocated for the needed increase in positions at this university. He listed weaknesses in allocations for equipment, the salary budget, communications budget, transportation budget, and the student services area with the cut back in EOP.

Dr. Hutchinson said that compared to recent years the new budget was good. One area which he said was bothering him was the teacher-student ratio. He said not enough was being done to lower the ratio. However, Dr. Hutchinson said he thinks that the budget turnout much most cut, although he can’t predict what will happen in the area of salaries. He said that there is a growing distrust between the Chancellor's office and the legislature.

Ceiling won’t stop revolt

(UPU)—Farm and meat industry leaders expressed anger Friday over President Nixon’s ceiling on meat prices. Spokeswomen for a housewives’ revolt said they would boycott meat anyway.

Ellen Berck, president of the Farmers Union in the beef-producing state of Nebraska, epitomised farm belt disapproval.

He charged the President acted against the best advice of economists, cattlemen and farmers foreseen little, if any, effect, of the President’s action on market prices.

Spokesmen for the meat industry and retailers were dour. Harrell DeCrafft, president of the American Meat Institute, said in Chicago, “The new ceiling will bring more problems but not more meat to the American consumer.”

“The President of the National Association of Food Chains, Clarence O. Adamy, said, "It is very doubtful that most food chains ever fully reflected their red meat costs at the peak of the market. With retail ceilings now established, should the wholesale market again return to its peak, the effect on supermarket operators could be catastrophic.”

Students warned about credibility of job ads

Summer job ads around campus may lead to nowhere, according to Roy Gersten, director of AAS business affairs. Gersten told Student Affairs Council members at a recent meeting that the American College of Employment Institute that advertises the Collegiate Employment Institute has failed to answer several people who wrote for the guide.

He said the Better Business Bureau in Los Angeles informed him that the company has failed to cooperate with the bureau and is now under investigation by the postal office department for possible fraud.

Beef ceiling no big favor to consumer

Pres. Richard Nixon placed a ceiling on beef prices Thursday night, raising hopes of consumers and infuriating producers. The end effect of such a ceiling is uncertain.

Howard Smith, faculty member of the Economics Department here, said that there is a certain amount of danger that the price ceiling will act to diminish supply, giving rise to shortages.

"Conceivably in the coming weeks, there will be spot shortages of various cuts of meat," Smith said. "However, because the ceiling is set at the existing high level of prices, this is not to happen."

Smith added that the ceiling will probably only have a marginal effect on the beef prices.

"Prices have to maintain a certain level to be profitable to the producer," Hall said. "Some people can make money at current prices, but if production costs continue to increase it will not be profitable."

He said that some of the costs of production have increased as much as 100 percent in the past five years. The ceiling will fix the sale price without fixing the production expenses, leaving farmers in a bad way if the price of feed raises.

Hall predicted no shortages, saying, the price of feed is too high for ranchers to hold their fattened cattle.

"We're pretty current on demand, I don't think there will be an oversupply," he said. "The ceiling, then, will probably not cause shortages—nor will it reduce those prices that make even young people remember when sirloin and t-bone cost what hamburger costs now. So why a price ceiling at all?"

In order to drive a state vehicle you must be an employee of the Humboldt State University and College system. Defined in the State Manual, an employee is any member of the faculty, staff, or student assistant who are in a position that includes, at least, a fixed pay status at the time they are driving the state-owned vehicle.

Robert Matheny, supervisor of transportation at Cal Poly, will conduct the course. He will reveal trade secrets about defensive driving. It is mandatory, to attend one of these meetings before obtaining a state license. All interested persons are invited to attend the sessions being held on Tuesday and Thursday from 4:00 to 5:00 p.m. in AR-107.

ACTION in the Peace Corps and VISTA

Applications April 25 at 2:30 pm in the Student Center. 

Major in Agriculture, Industrial Arts, Home Economics, Engineering and Liberal Arts required.

Apply Today and Get Into The Peace Corps and VISTA

Recruitment for VISTA

The Peace Corps and VISTA open a five-day drive for volunteers among June graduates during "ACTION Week." Recruitment activities on the campus begin today, according to Rich Harvey, ACTION campus representative, and coordinator for the drive.

The Peace Corps and VISTA are continued in 1971, forming ACTION, a federal Volunteer service agency.

Peace Corps and VISTA Volunteers will provide applications and information concerning more than 60 different varieties of job categories at an information booth in the College Dining Hall across from the Men's Gym, from 9:00 a.m. to 5:00 p.m. each day, according to Harvey.

Telephone Harvey at 844-4781 for information.

Usher bids

Recruited bids, from a recognized club, to provide ushers for the Apr. 30 concert with Martha and the Vandellas are now being accepted according to Dean Calvin, chairman of the Communications Department.

A maximum of 60 ushers will be needed for the show in the Men's Gym. Bids must be turned in to Trudy Beck at the Activities and Planning Center no later than 5 p.m. on Friday, April 30.

Interested clubs should contact Trudy Beck at 844-5784 or Ushering Chairman Kim Fuller at 310-720.

If a steady salary of $400 a month and paid-up tuition will help you continue your professional training, the scholarships just made possible by the Uniformed Services Health Professions Revitalization Act of 1978 deserve your close attention. Because if you are now in a medical, osteopathic, dental, veterinary, podiatric, optometry, or school, or are working toward a PhD in Clinical Psychology, you may qualify.

We make it easy for you to complete your studies. You're commissioned as an officer for one year as a commissioned officer for each year you've participated in the program, with a two-year minimum. You may apply for scholarship with either the Army, Navy or Air Force, and know that upon entering active duty you'll have rank and duties in keeping with your professional training.

The life's work you've chosen for yourself requires long, hard, expensive training. Now we are in a position to give you some help. Mail in the request at your earliest convenience for more detailed information.

NEW SCHOLARSHIPS ARE AVAILABLE IMMEDIATELY.
TAKING GREAT PLEASURE IN SERVING THE STUDENTS OF CAL POLY. ONE OF THE SPECIAL SERVICES OFFERED BY THE 3 STORES IS A SPECIAL CHECK CASHING POLICY FOR STUDENTS.

Because of the costly hours having to be spent on collections, there will now be a penalty charge of $2.00 for checks returned for any reason.

LOSE 20 POUNDS IN TWO WEEKS!

Former U.S. Women Ski Team Diet

During the Hisc-rin-out season the U.S. Women's Alpine Ski Team members went on a "Bri Team" diet to lose 20 pounds in two weeks. That's right — 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado nutritionist especially for the U.S. Ski Team. Normal energy is maintained "every important" while reducing. You keep "full" — no starvation. The diet is designed to complement your diet. It's a diet that is easy to follow whether you work, travel or stay at home.

This is, honestly, a fantastically nutritious diet. If it weren't, the U.S. Women's Ski Team wouldn't be permitted to use it right! In give yourself the same break the U.S. Ski Team got. Lose weight the scientific, proven way. Even if you've tried all the other diets, now cut it by yourself. Use the U.S. Ski Team Diet. There is no way you can lose 20 pounds in two weeks. Order today. Turn this ad into a remittance. Send only $2.00 (25 3A for Rush Services) — exact in OMK — in Information Services Co., P.O. Box 427, Dept. WT, Champaign, Ill. 61821. Don't wait another day if you really want to lose 20 pounds in two weeks. Because that's what the Ski Team Diet will do
BASEBALL RACE

Mustangs share lead

by TONY DIAS

After dropping the series opener last Friday to Cal Poly Pomona, a surprise Mustang baseball team battled back to sweep a doubleheader Saturday from the Broncos. With the two crucial wins, the Mustangs share the league lead with the Broncos at 6-3.

The Mustangs lost the opener 6-3 on Friday but surged back to sweep Saturday's doubleheader 8-4 and 9-6.

The Mustangs took an early 4-0 lead on Friday but the Broncos bounced back to give pitcher Mike Krukow his first loss of the year. In the first game on Saturday the locals, trailing 8-1 through five innings, put together a four run outburst to bust the game wide open.

Pitcher Rick Simeon started the rally as he got on board on an error. Catcher Doug Redican then drilled a double to score Simeon and he rode home on a single by Dave Oliver. Oliver was forced out by Dan Marple but outfielder Pete Phillips followed with a long double to score the speedy Phillips.

In doubles competition Dan Lambert teamed with brother Pete for the first time this season to edge Miles and Hayes, 7-6. The local duo had played together during their high school days at Arroyo Grande High School.

California College Athletic Association play gets underway today with the first of three round robin tournaments. The three day event is being hosted by Cal State Northridge.

Netters topple Fresno

A well-fought singles match kept the Mustang tennis team from registering a shutout over Fresno State in competition Saturday on the home courts. The locals moved their season record to 10-4 with the 6-1 triumph.

A match was scheduled Sunday against UC Santa Barbara. The two teams met earlier in the season with Mustangs emerging with a 6-4 win.

Jim Hayes, 6-0, 6-4; and Dan Thompson topping Dan Miller, 8-1, 8-4.

In doubles competition Dan Lambert teamed with brother Pete for the first time this season to edge Miles and Hayes, 7-4, 6-4. The local duo had played together during their high school days at Arroyo Grande High School.
