Review board on SAC slate

A resolution to abolish the administration's Review Board will be presented to Student Affairs Council for endorsement tonight.

In a memorandum to Pres. Robert E. Kennedy, ASI Pres. Robin Baggett and Vice Pres. Dennis Johnson questioned the authority of the administration to override the will of the students.

"Any decisions made by Films Committee are final, due to the delegation of authority by the ASI. Thus there is no room for a provision to override the will of the students."

The resolution, which is expected to be moved to a business session tonight, is up for debate, pending a resolution, which is read in part: "Whereas, the administration has not insisted on a set up any procedure or policy which would prohibit the students' freedom and freedom of the ASI, and...

"Whereas, a Review Board has been established by Administration Bulletin 88-1 to censor film selections of the ASI.

"Resolved, that the Student Affairs Council of the Associated Students, Inc. strongly recommends that the repeal of Administration Bulletin 88-1 and the abolition of any and all Review Boards.

Baggett said he and Johnson proposed the resolution because they believed the review board shouldn't exist. Baggett, one of four students on the board, was one of the three students who voted against having the movie on campus.

"I shouldn't have voted no. It was a mistake," Baggett said. "It was caught in the circumstances. A vast majority of the students wouldn't have wanted to see a movie of that type, I'm convinced, and it's my duty to represent the students. But the board should not have even existed." "

"No group has authority to censor films, and the film in this case is not the issue," he said. "It should meet at 7 p.m. in Union 250.

Schwartz re-elected, Graham, Norris seated

Kenneth Schwartz has been re-elected mayor of San Luis Obispo.

The results officially stood up as follows: Kenneth Schwartz-4847 votes, Bob Machado-4610 votes, Donald Endress-3785 votes. Only the top two in the races, Baggett, pointed out, and Ron Silver, though not elected, withdrew from the race, 97 votes.

Measure A, changing the residency requirements of mayor and council members and a three years to one year term limit, Measure B, approved 160 low-income housing units in the city, both 56 percent.

Chamber of Commerce approves new center...

Dr. B. Robert Bryant, a member of the governing board of Cuesta College, stated two other problems facing a civic center plan such as the one endorsed by the Chamber of Commerce. Assuring the construction of such a facility for the college being financed in part by county funds, Bryant stated that he could see possible conflict in using county tax money for a convention center at Cuesta College.

The jazz-rock duo of Jon Mark and Johnny Almond will perform in the Men's Gym, Saturday, April 18 at 9 p.m.

The two first played together on the John Mayall album "Turning Point." Mayall has been noted for discovering and playing with some of the finest jazz and rock musicians performing today. The band which played on the "Turning Point" album is a good example. Mark and Almond found a common musical ground which has since expanded in the new band.

Before meeting Mayall, Mark had worked with Marianne Faithfull and the Rolling Stones. He wrote many compositions for Miss Faithfull as well as accompanying her on the road. Mark writes most of the music for the new group in addition to playing lead guitar and singing.

Johnny Almond, meanwhile, holds down the Women's Liberationist baritone, tenor, alto, and bass, as well as alto and oboe. In the mid-'60s, he established himself as one of England's top session men, playing with many of the top English bands that required a saxophone.

The remainder of the band consists of Dennis Richard on drums, Ken Creedock on keyboards, Colin Gibson playing bass and Geoff Condon on guitar.

Moore Allison will be the extra added attraction, highlighting an evening of jazz and rock. Reserved seats will be $3.50 for students and $4 for the public. General seating will be $2.50 for students and $3 for the public. Tickets may be purchased at Brown's Music Store, King and Queen University Union Information Desk and all stereo outlets. The show is sponsored by the A.S.I. Concert Committee.

Women's Liberationist

Women's rights advocate, Shirley Boccaccio, will speak Thursday, April 16, at 8 p.m. in Chumash Auditorium. The free presentation is entitled "Sex Role Stereotypes vs. Human Liberation."

Ms. Boccaccio, who terms herself a "rational feminist," joined the National Organization of Women (NOW) two years ago as the result of "a deep feeling that women have to organize" before any ideas can be implemented. Her part in this is to help raise consciousness to make people aware of the attitudes and issues concerned in the movement.

She is also involved in designing and writing books for young children. According to Ms. Boccaccio, most characters in children literature are victims of sexism. She has written a non-sexist children's book "Penelope and the Mussels" which she calls "A Feminist Children's Book Dedicated to the Liberation of Children."
