Minority gains

A memorandum was issued last week on the progress of the university's Affirmative Action Program by President Robert Phillips.

The program, which started formally in February of 1971, is "a concept developed at the national level as a positive result of implementing equal employment opportunity for all employees without regard to race, color, religion, national origin, sex, or age," according to the official who handled it.

The figures in the document disclosed that in 1969 the school employed 11 minority employees, out of a total of 794, or approximately 1 percent. However, in May of this year there were 170 minority employees out of 1,448 positions, which is about 11 percent of the work force on campus.

Donald Shelton, director of personnel for the university, provided records showing the approximate percentage of minorities working for the school from 1968 to the present. In 1968-1969 the figure was 2.5 percent and rose to 4.8 percent in 1969-1970. The percentage reached 6.8 in 1971 and has remained at 6.8 to the current 11 percent level.

Shelton stated that the Affirmative Action Program will be reviewed periodically to determine if the university is maintaining equal employment opportunities to minorities and women.

In Dr. Kennedy's memorandum he said "although this figure looks small, it is short of reported minority distribution in the workforces for some of the state's major companies." He added, "It is the professional, moral, and legal responsibility of all communities and countries to make the Affirmative Action Program work."

High quality

Colony exhibits talents, excellent craftsmanship

The 17th Annual Arts and Crafts show at the California State University, San Luis Obispo, was held this April, was halted by the Fish and Wildlife Department last Saturday morning.

The event had been scheduled to last for two days but was stopped after the permit had been issued. Phillips said that the back road would have to be closed for a few days after these two projects are completed for any road repairs that might be necessary. He said they would be using heavy equipment which might damage some parts of the road. "If the road is closed for patching it would be for only a few days," he stated.

Shelton was quoted as saying that the permit obtained for work in any creek or river. He said the permit has now been processed and that work has started again.

Shelton said, however, that the permit contained certain conditions which require that both Walker and Brinamata creeks be dammed and that the water be rerouted. These actions have resulted in a cost increase, which has not yet been determined, and a delay in the finishing of the project.

The road, which was begun last April, is being taken over by the local school district for use as a campus road when the school is completed.

The back entrance to the campus will be open next year.

Shaver raises

choose officers

The Child Development Club has elected its officers for 1973-74 with Kathy Nuthall of Oceanside serving as president.

Other officers include Marcia Marks of Oakview, Susan Young of Coronado, and Pam Cassety of Newport Beach, representative to the faculty council of the Child Development Department.

According to Miss Young, no plans have been made for club activities for the coming year.

The Child Development Club serves more than 500 child development majors.

Campus back entrance will be open next year after construction delay

Traffic will be able to use the campus back entrance regularly from November 1973 to May 1974, according to Peter Phillips, facilities planner for the university.

Until November the road will remain open except for possible temporary closings of the road for patching of certain sections of the road.

Traffic will be able to use the campus back entrance regularly from November 1973 to May 1974.

The back entrance to the campus will be open next year.

Climbing an old volcano

by Brad Brown

This week's hikes are more
climbing difficulties than
hikes.

Carro San Luis Obispo is often
shrouded by high fog in the
beginning of the dark green scrub
is a slight 10 to 30 degree walk.
The ground is polka-dotted with
car tracks and mud holes.

During the day the sun is caustic
so you may want to wear some
light clothing. Some water could
also be appreciated.

There are two or three ways to
approach the ascent up Carro San
Luis. Probably the easiest way
is to walk up the southeast ridge
approach the ascent up Carro San
Luis Obispo. Probably the easiest way
is to walk up the southeast ridge
near the "M". This is a longer
route but its steps are only 30
degrees or so. Don't by climbing
the face of the east side for it is
steep and loose.

Roundhouse

Roundhouse now has a new
room in addition to a new
telephone number. Roundhouse
has been relocated in Union 103.
The telephone number is 666-4764.

**Babe Ruth Champions**

Play Continues at Sinheimer Park

The 22nd annual Babe Ruth Pacific Southwest Regional 13-year-old tournament started off with a Bang Tuesday with a 9-3 trouncing of the Oregon Babe Ruth Champions by the Mexicali, Mexico team.

One of many Mexican hits taken from the Barlow, Oregon Champs in the south-of-the-border team's 9-3 win.

Intramurals wind down

The long, hot Intramural summer is coming to a close with the championships of basketball and volleyball in the record books. The Buca Bombera claimed the hoop title and the Blue Meanies took the volleyball counterpart. Still to be decided is the softball crown which will come near the end of the month.

Tuesday night volleyball completes successful summer season.

Tuborg tickets

Tickets for the Tuborg Classic at Laguna Seca, August 16 and 26, are on sale at the San Luis Obispo Chamber of Commerce and King and Queen Stereo.

Rodeo prowess noted in "Post"

The Notre Dame of college rodeo...a recent article referred to the Mustang rodeo squad as such. But, this was not in one of the locally produced papers. The article appeared in the Washington Post.

The article came in reference to the men's team gaining the national rodeo title at Bozeman, Montana in late June. In fact, the Mustangs have reached the top in three of the last four years (1970, 71, and 72).
