FOREIGN STUDENT ADVISOR NAMED: OTHER STUDENT PERSONNEL STAFF CHANGES ANNOUNCED

Glenn W. Rich will be the first full-time advisor for foreign students at Cal Poly. Effective January 1, his appointment to the newly-created position was announced last week by Dale W. Andrews, vice president and chief executive officer of the college.

Rich, a member of the Cal Poly faculty since 1953, will work on a year-round basis with the nearly 400 foreign students enrolled in classes on campus. He will be responsible for adjustment counseling with the foreign students and working with college and community groups in arranging cooperative hosting programs.

Also announced by the college last week were three other changes in the Student Personnel Division staff which have already been affected. Mary K. Eyler, a member of the Cal Poly secretarial and administrative staff since 1960, is the college's new financial aids advisor. Mary Shaw, also a veteran member of the college staff, replaced Mrs. Eyler as placement supervisor on the Placement Office staff and Renil Liner, who joined the college staff this fall, has replaced Mrs. Shaw as placement interviewer.

A graduate of Cal Poly, Rich is presently a member of the Agricultural Engineering Department faculty. In addition to his teaching responsibility, he is active in faculty affairs as a member of the college's Faculty-Staff Council and in student affairs as advisor to several foreign student organizations.

Commenting on appointment of Rich to the new post, Dr. Andrews called it an opportunity to combine responsibilities that had been scattered among many offices and persons in the past. "The lack of such a position on our staff in the past has meant that many persons, some on a volunteer basis and others on an extra-activity basis, attempted to help our foreign students adjust to both college life and our American way of doing things," he said. "Establishment of the position in our budget this year and appointment of Rich to fill it now gives us an opportunity to fulfill our responsibility to our students from foreign lands in a more effective manner," the vice president concluded.

CAMPUS VISIT BY DR. LANTOS RESCHEDULED

The annual campus visit of Thomas Lantos, director of the California State Colleges International Programs, has been rescheduled and will now take place on January 10. Wilson, who headed a survey party assigned the responsibility of exploring the feasibility of an agreement whereby Cal Poly would assist in development of a training program for agriculture teachers in Thailand, spent some two weeks in that Southeast Asian nation during late-October and early-November. Along with Dean of Agriculture Warren T. Smith and LaVerne Bucy, a member of the Animal Husbandry Department faculty, he had an opportunity to see Thailand's schools, confer with officials of its government, and tour part of its central portion.

Highlight of the evening's festivity will be an appearance of Santa Claus with a sack full of candy for everyone to enjoy.

"RELIGION AND HUMAN RELATIONS" SELECTED THEME FOR RELIGION IN LIFE WEEK

"Religion and Human Relations" has been selected as theme for Religion in Life Week activities being planned for January 8-12, by members of the sponsoring student Inter Faith Council. Now in its 12th year of existence at Cal Poly, the week long observance provides members of the faculty and staff and students with a broad range of speakers and discussion topics to challenge their thinking.

During the course of the week bull sessions will take place in several campus residence halls, informal discussions with visiting lecturers will be held, and formal discussions and lectures are being planned for the campus Theater. The general membership meeting, being planned for 12:30 p.m., Saturday, at This Ole' House restaurant on Foothill Boulevard, west of San Luis Obispo, will feature a talk, entitled "Dope on Diets and Diseases," by Mrs. Willye Pearl Modana. VARSITY, FROSH CAGERS SLATE HOME OPENERS

Cal Poly's varsity and freshman basketball teams return to Men's Gymnasium this Saturday night for the opening games of their 1966-67 home schedules. University of Nevada's cagers will provide the opposition for Coach Stuart Chestnut's Mustangs, who are scheduled to take the court at 8:00 p.m. Coach Wayne Head's Colts, who open the evening's activity at 5:45 p.m., will host the STOA Insurance quintet of Ventura.

Both the Mustangs and Colts dropped disappointing games to University of California at Santa Barbara in their season openers last week. After Saturday night's games, they are not scheduled to play on their home court again until after January 1.

Coach Vaughan Hitchcock's grapplers added another impressive victory to their record for the young season last weekend. They tallied 120 points to romp home with their second consecutive championship of the Northern California Intercollegiate Wrestling Tournament, which took place in San Jose. Fresno State College finished second with 65 points. Nine Cal Poly wrestlers won individual championships during the meet. This weekend will find the Mustang matmen taking part in the Arizona Invitational Tournament in Tucson.

REMINDER ON SERVICE ISSUED BY AUDIO-VISUAL DEPARTMENT

Members of the campus faculty received several tips on how to receive better service on their requests for audio-visual equipment and materials in a reminder issued by the campus Audio-Visual Department last week. Signed by Marcus Gold, a member of the A-V Department staff, the reminder reads:

"Deliveries of scheduled audio visual equipment to classrooms are delayed when equipment is removed from AV storage rooms or classrooms without notice to the AV Service Office. To ensure that you receive the equipment you want on time, please contact the AV Service Office at least one class day prior to use. In case of an emergency, please contact the AV Service Office (546-2211 or Room 9 of the Business Administration and Education Building) before removing equipment from any location. AV student assistants are limited in the amount of time they have to make set-ups between classes. Time they must spend searching for moved equipment delays delivery and set-up for some instructor. Your cooperation in scheduling equipment through the AV Service Office will help supply you with what you want when you want it."

FINE ARTS FILM SERIES SLATES SHOWING OF "THE SUITOR"

Third picture in the current College Union Fine Arts Film Series, The Suitor, will be shown Friday night beginning at 7:30 p.m. and again at 9:00 p.m., in the campus Theater. Hulot, and has been described as the funniest French film in years. Admission for the showing will be $.50. Tickets may be purchased at Theater box offices prior to screen time.
