MASTER OF SCIENCE IN BIOSCIENCE SLATED TO OPEN THIS FALL

Establishment of a new graduate program in biological sciences at Cal Poly was announced last week by Dale W. Andrews, vice president and chief executive officer of the college. Leading to the Master of Science Degree in Biological Sciences, the new program will be formally announced in the 1967-68 Catalog Issue of Cal Poly's Bulletin when it appears this spring. First courses for the new degree curriculum will be offered during the 1967-68 Fall Quarter.

The new graduate program in bioscience will become the first master of science degree program to be offered by Cal Poly. It will join the Master of Arts in Education Degree, which has been granted by the college since 1949, as the only graduate degree programs offered by Cal Poly. Vice President Andrews pointed out, however, that the college's academic master plan, approved by the Trustees of the California State Colleges in late-1964, included addition of a number of other graduate programs in the period of 1968-1972.

Purposes of the new biological sciences degree are three-fold, according to Dr. Clyde P. Fisher, dean of the Applied Sciences Division. He said the new master's degree curriculum is planned to enable students to develop professional competence for employment in industry and civil service, to train prospective teachers of biology, and to prepare qualified students for continued graduate study at other colleges and universities.

(Continued on Page 2)

NEW PROGRAM OF STUDY FOR FOREIGN STUDENTS ANNOUNCED

Cal Poly's participation in a program which will see a total of 100 students from Vietnam enroll at seven California State College campuses was announced this week by Vice President and Chief Executive Officer Dale W. Andrews. Some 15 Vietnamese students who will study here are expected to arrive on campus March 1 to begin a period of pre-collegiate orientation which will extend until September, and then enroll in regular instructional program of the college.

The new program is part of a contract between the United Stated Department of State's Agency for International Development and the California State Colleges, according to Les Vanoncini, who is coordinator-counselor for the Cal Poly phase. Vanoncini, whose previous assignment was with coordination of the college's overseas programs, said purposes of the project were to provide the Vietnamese students with English language training, orientation to US culture and government, and college education.

In addition to Vanoncini, Miss Gloria Jameson has been assigned to the program. Dr. Jameson, who joined the college faculty February 1, is an experienced teacher of English as a second language and will work with the Vietnamese in the English phase of their orientation program.
CAL POLY FOUNDATION ASSUMES FISCAL COORDINATION OF OVERSEAS PROGRAMS

Upon the recommendation of Vice President and Chief Executive Officer Dale W. Andrews, the Board of Directors of the Cal Poly Foundation last week voted unanimously to assume responsibility for fiscal coordination of the varied aspects of the college's contracts for operation of programs in foreign nations.

In making the recommendation, Dr. Andrews pointed out that he was motivated by two factors: first, to more effectively coordinate the fiscal and implementation aspects of the overseas contracts; and second, to insure a greater degree of involvement of the instructional departments and the line administration of the college in the initiation, development, acceptance, and institutional back-stopping of the programs. It was pointed out that as overseas projects recommended by the college's line organization develop, the college will, dependent upon circumstances, request that the foundation coordinate negotiation and execution of contracts with the federal government necessary to effect such projects, and will request that the foundation act as the principal fiscal agency for such contracts.

In line with the Cal Poly Foundation's acceptance of this responsibility, Coordinator of Overseas Programs Howard West will move the location of his office to the first floor of the Administration Building to be nearer to other foundation operations. He will be responsible to Foundation Manager Gene Brendlin for general coordination of the many facets of operation of various programs in foreign lands at the present time and any that may develop in the future.

MASTER OF SCIENCES DEGREE (Continued from Page 1)

More than two years of work went into development of the new curriculum before it was forwarded to the office of Chancellor of the California State Colleges Glenn S. Dumke for final approval which came early last month.

Dr. Glenn E. Noble, head of the Biological Sciences Department who will be responsible for administration of the program, indicated yesterday that some 12 graduate students are expected to enroll in the graduate program this fall. "Annual increases in enrollment over the next several years will probably push the total number of students working on the master's degree to 24 by the fall of 1969, 36 in 1971, and about 45 by 1973," he continued. The department head estimated that about 15 candidates will complete their studies and receive the degree during 1968-69 and that some 30 should complete their work during the 1971-72 academic year.

Dr. Noble, under whose leadership the new curriculum was developed, said that three new courses needed to accommodate students in the graduate degree program will be added to his department's curriculum during the first year. They are bioanalysis, advanced plant pathology, and thesis. Five other courses for the curriculum are slated for addition during 1968-69. They are virology, insect transmission of diseases, developmental biology, plant growth regulators, and marine resources.

Establishment of the new degree program is not expected to add greatly to the number of faculty of the department or to its facilities immediately. Dr. Noble pointed out that the biosciences faculty currently includes individuals who are highly-qualified in each of the specialties required for the program. Twenty-one of the 23 present instructors have doctor's degrees in specialized fields of the biological sciences.

As far as facilities are concerned, Dr. Noble said completion of the Science North Building, which is currently under construction, will provide new laboratories and classrooms for the department as they are needed. The new building is scheduled for completion in January, 1969.
POLY ROYAL QUEEN JUDGES SELECTED, PAGEANT SCHEDULED FRIDAY EVENING

Names of the seven judges who will select five young women as finalists for the title of "Miss Cal Poly, Queen of Poly Royal, 1967" during a pageant scheduled to take place on campus Friday (February 10) evening, were announced last week.

They are Clell W. Whelchell, mayor of San Luis Obispo; Paul Plantz; Fred Lucksinger; Tom Ruggles, student superintendent of Poly Royal; Michael Elliot, president of Cal Poly's Associated Students, Inc.; Mrs. Marie Pfeiffer, head of the Home Economics Department; and Donald Curtis, a member of the Education Department faculty. Whelchel Plantz, and Lucksinger all operate businesses in San Luis Obispo.

From the candidates who will participate in the pageant, which is planned for 8:00 p.m., in the campus Theater, the judges will be asked to select five finalists who will be voted on by members of the college student body during an election presently scheduled for February 20-21.

In addition to the varied activities connected with the judging, entertainment by the college Women's Sextet and other student musical organizations is being planned for the pageant. All members of the campus community are invited to attend the event. Admission will be free.

MOUNTED ANIMAL HEADS ON DISPLAY IN SCIENCE MUSEUM

A collection of the mounted heads of 18 hoofed animals from Wyoming, California, Alaska, and Mozambique, Africa, are currently being exhibited in the Biological Sciences Department. Part of a larger collection of mounted animal heads, they are being displayed on campus through the cooperation of Mel Smith, owner of a San Luis Obispo automobile dealership and a well-known big game hunter.

Arrangements for display of the collection, which includes several animals in the trophy class, were made by Aryan Roest, a member of the Biological Sciences Department's faculty. Dr. Roest said that all of the animals presently on display were shot by Smith during his various hunting trips.

The collection is on display on the Biological Sciences Museum located in Room C-36 of the Science Building, and in the Field Zoology Classroom, located in Room C-20 of the same building. The museum is open throughout the day, Monday through Friday, while the classroom is open only by special appointment with Dr. Roest.

BARGAIN NIGHTS FOR SPORTS FANS ANNOUNCED

Two bargain nights for campus sports fans were announced last week by the office of Associated Students, Inc., Graduate Manager Robert Spink. Scheduled for the nights of February 14 and February 17, they will both provide members of the campus community interested in athletic events savings on normal admission prices.

First of the two will provide all members of the California State Employees Association regardless of where they are employed, admission to the Cal Poly-Westmont College basketball game at the reduced rate of $.50. The second special night provides a first-ever twinbill featuring the Cal Poly-San Diego State College basketball game and the Cal Poly-Oregon State University wrestling match at a general admission rate of $1.50.

Those desiring further information for either or both of these events are invited to contact the Associated Students, Inc., Office (546-2411).
COLLEGE HOUR CONCERT PLANNED FOR THURSDAY MORNING

The Women's Glee Club and the Collegians band will be featured during a College Hour Concert being planned for 11:00 a.m., Thursday (February 9), in the campus Theater. Also scheduled to perform during the concert, which will be free and to which the public is invited, are the Collegiate Quartet and the Majors and Minors. All four groups will be under the direction of Harold P. Davidson, head of the Music Department.

Opening segment of the program will feature the Women's Glee Club performing several religious songs and a spiritual, as well as the Latin number "In Monte Oliveti" and "From Now to Eternity." Well-known as a stage and dance band, The Collegians will include "Swingin' Preacher," Henri Mancini's "Sweetheart Tree," and "Mame" from the musical comedy "Auntie Mame" in its portion of the program. After the Collegiate Quartet's renditions of several numbers, including "Sassifras," and several songs done in barbershop style by the 12-member Majors and Minors vocal group, the Women's Glee Club will conclude the concert with its versions of the Italian song "Dormite," "Surebian Folk Song," and "I Ride Old Paint."

The concert is one of a continuing series of such programs provided for the campus community during the year by the Music Department. The next College Hour Concert is scheduled for February 23 and will feature the Cal Poly Concert Band under the direction of William V. Johnson, director of bands.

SPEAKER FOR FEBRUARY 15 AGRICULTURAL COUNCIL PROGRAM NAMED

E. James Houseberg of Salinas, assistant manager of the Grower-Shipper Vegetable Association of Central California, will be guest speaker for a quarterly program for agriculture students being planned for the evening of February 15. "Emerging Horizons in Farm Equipment" will be his topic for the program which will take place beginning at 8:00 p.m., that evening, in the campus Theater.

A spokesman for the sponsoring student Agricultural Council said last week that admission for the program to which the public is invited, would be free.

Houseberg, who will also be guest of honor at a dinner meeting of the California Agricultural Teachers Association's Region-at-Large, tentatively being planned for the Staff Dining Room prior to the public meeting, formerly was manager of the California State Chamber of Commerce Agriculture Department. As assistant manager of the growers and shippers association, his present responsibilities include dealing with agricultural mechanization, legislative and public relations, and other matter affecting the association.

A native of Pennsylvania who moved to California during a tour of duty in the United States Navy, Houseberg is a graduate of Lafayette College, Pa., and received his legal training at Hastings College of Law, San Francisco. Prior to beginning his duties with the California State Chamber of Commerce, he spent more than 20 years working in legislative relations for various agricultural organizations. Ten of those years were spent in a variety of assignments with the California Farm Bureau Federation.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
UNIQUE LECTURE-DEMONSTRATION PLANNED THIS EVENING

"Livestock Financing" will be the subject of an unusual seminar that will take place on campus this (Tuesday, February 7) evening, beginning at 7:00 p.m., in the college Theater. The lecture-demonstration, sponsored by the Agricultural Business Management Department and made possible by the branches of the Bank of America in San Luis Obispo, will include an actual step-by-step demonstration of procedures taken by bank officers in considering a livestock loan.

It will be an actual re-enactment of a case study designed to help agriculture and business students understand the steps and reasoning involved in the process of receiving, reviewing, and making such a loan.

"This is part of a continuing series of lectures sponsored by the Agricultural Business Management Department in cooperation with leading agricultural industries throughout California," Dr. Dan Chase, head of the department, explained last week. The series is planned to bring students into contact with the type of work and situations they are likely to encounter after their graduation, Dr. Chase continued.

This evening's seminar, which will be presented without an admission charge, will be open to the public.

TEXT OF CHANCELLOR DUMKE'S STATEMENT ON PROPOSED BUDGET - ATTACHED TO BULLETIN

Full text of the statement on proposed budgets for 1967-68 issued February 1 by Chancellor of the California State Colleges Glenn S. Dumke, is being distributed to members of the college faculty and staff as an attachment to this issue of Staff Bulletin.

MUSTANG CAGE, WRESTLING TEAMS JOURNEY FOR WEEKEND ACTION

Cal Poly's varsity wrestling and basketball teams, both fresh from weekend victories, will be on the road for action slated this weekend. Their travels, however, will find them at opposite ends of the state.

Coach Stuart Chestnut's Mustang cagers, who trounced California State College at Fullerton 97-77 in their only game last week, will be in the Los Angeles area for a pair of California Collegiate Athletic Association encounters. Friday (February 10) evening will find them visiting San Fernando Valley State College in Northridge before journeying across town where they will meet California State College at Los Angeles in a Saturday (February 11) night game. Next home action for the Mustang cagers will come Tuesday evening, February 14, when they host Westmont College.

Coach Vaughan Hitchcock's wrestlers, who bested both Cal State LA and San Diego State College in CCAA action last week has to trek to the San Francisco Bay area for its weekend action. On the way north, the Mustang grapplers will stop off in Fresno to meet Fresno State College in a CCAA match Friday evening that should decide the league championship. Saturday will find them in Berkeley, where they are scheduled to meet University of California and Western Washington State College in a triple dual match. Several members of the team are also slated to take part in a tournament at San Francisco State College during the day Saturday.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
BOOK REVIEW BY PEDERSON RESCHEDULED

Willard Pederson's review of William R. Manchester's *The Long Gainer*, originally announced for January 31, will be presented during the Books at High Noon series luncheon meeting being planned for next Tuesday (February 14), beginning at noon in the Staff Dining Room, according to an announcement made last week. Illness forced postponement of the review from the earlier date.

The author, whose more recent book concerning the death of the late President John F. Kennedy, has been a source of considerable controversy in recent weeks, has selected the campus of a college whose president is running for the governorship of his state as the setting for *The Long Gainer*. As the campaign develops, the president learns what his campus is really like.

On today's (Tuesday, February 7) program Thomas Gartland, a former Cal Poly student who, prior to serving two years in the Peace Corps, gave two programs for the Books at High Noon series, will give a review-recital of the poetry of Thomas Hardy. Starting time and place for today's meeting are both the same as those announced for next week's luncheon.

LEAGUE OF WOMEN VOTERS PRESENTS LIBRARY EXHIBIT ON CHINA

Rare Chinese art objects, pictures, maps, and books being displayed in the foyer of Dexter Memorial Library this week and next focus attention on ancient and modern China. The exhibit, made possible by the China Study Committee of the San Luis Obispo League of Women Voters group, will be on display through February 17.

A Chinese wedding procession in the days of the dowager empress, children’s bound-foot shoes, silver, brass, and brocades, are among the family treasures loaned for the exhibit by Mrs. Elizabeth Roy of Morro Bay, a former member of the Cal Poly staff. They were given to her by her missionary grandparents and other family members who went to China in 1870.

In addition to Mrs. Roy, members of the China Study Committee are Mrs. Laurence Carr, chairman, and Mrs. David Humphers.

CO-OWNERS OF "THE ESTABLISHMENT" WILL ADDRESS STAFF CLUB MEETING

Tom Patterson and Bruce Bridgeman, two Cal Poly students who are co-owners of "The Establishment," a popular night spot for San Luis Obispo area teenagers which is located on Monterey Street in San Luis Obispo, will be the guest speakers for the Staff Club luncheon meeting slated for Thursday (February 9), beginning at noon, in the Staff Dining Room.

Both majoring in business administration, Patterson and Bridgeman are expected to explain the procedure for organization of a partnership, original capital procurement, and operational activities of a small business. They are in partnership with two other local residents in operation of the business which was started last year. Patterson is the son of Mrs. Ralph Patterson who works in the campus Purchasing Office.

All members of the college faculty and staff are invited to attend Thursday's luncheon meeting.
FAMILY FASHION SHOW SLATED FOR SATURDAY; OTHER WOMEN'S CLUB ACTIVITIES LISTED

The long awaited Family Fashion Show, scheduled by the Ways and Means Committee as a fund-raising event, tops a full schedule of activities for members of the Cal Poly Women's Club during the next week. Also announced during the next few days are meetings of the club's Travel, Home and Garden, and Bridge Sections and its Walking Group.

The fashion show, announced for 1:00 p.m., Saturday (February 4), in the Gold Room of the Madonna Inn in San Luis Obispo, will feature fashions for the entire family from Riley's Department Store of San Luis Obispo. In addition to dessert, which will be served during the event, door prizes, made possible by the department store, will be awarded.

Tickets for the show, priced at $2.75 each, may be purchased from any of the club's section chairmen or from Mrs. Roger Bailey (543-5616). Tables for four, at $12.00, or for six, at $18.00, may be reserved by calling Mrs. Bernard Dusek (544-1086). Tickets are also on sale in the Ladies Ready-to-Wear Department at Riley's and will be sold at the door Saturday afternoon.

In other club news, Mrs. Keith Nielsen, its membership chairman, has asked members who wish to receive an extra copy of the CPWC's directory or who know of either the wife of a new member of the faculty or staff or of a new member of the faculty or staff who should be sent a letter of welcome, to call her (Mrs. Neilsen) (544-0123).

Travel Section - "A Trip Through the Caribbean" presented by members of the Camp Fire Girls' Horizon Club will be the program when members of the CPWC's Travel Section hold their next meeting. It will take place in the home of Mrs. George Couper, 138 Orange Drive, San Luis Obispo, beginning at 9:30 a.m., tomorrow (Wednesday, February 8) morning.

Walking Group - Members of the Walking Group of the club will take a walk in Arroyo Grande when they meet next Tuesday (February 14) morning. Those planning to take part are asked to meet in the parking lot of Williams Brothers Market in San Luis Obispo at 9:00 a.m., to make the trip to Arroyo Grande together.

Home and Garden Section - Mrs. Frederick Wild and Mrs. George Davies will be co-hostesses when members of the women's club's Home and Garden Section meet next week. Planned for 9:30 a.m., February 15, in the home of Mrs. Curtis Morem, 2263 Flora, San Luis Obispo, the meeting will feature a talk on "Refurbishing Old Furniture Finds" by Mrs. Morem.

Bridge Section - Members of the women's club's Bridge Section will hold their next meeting February 20, starting at 8:00 p.m., in Room 129 of Dexter Memorial Library.

An estimated 250 persons are expected to attend the Pacific Southwest Feed Production Workshop, which will be held on campus Thursday and Friday (February 9-10). Guest speakers for the event, which is being coordinated by Emmett Bloom, a member of the Animal Husbandry Department faculty, include Owen Servatius, head of the Business Administration Department, and Richard Leach, head of the Poultry Industry Department. Sessions are scheduled for both the campus Theater and the Agricultural Engineering Shops area.
C S E A MEMBERS WILL HEAR ADDRESS BY PHYSICIAN

"Doctor's View of Medicare" will be the topic when Dr. Harry Fryer, a San Luis Obispo physician and leader in county medical association affairs, addresses the February meeting of Chapter 97 of the California State Employees Association. Scheduled for February 15, the program will take place beginning at noon, in the Staff Dining Room.

"Medicare has been in operation for slightly more than six months now and it is now possible to examine the program as far as its successes and flaws are concerned," Howard Rhoads, the program chairman for Chapter 97 and a member of the Crops Department faculty, said last week. "With the recent increase in Social Security deductions it should be interesting to hear how some of these deductions are being put to use—from a doctor's point of view," Rhoads continued.

All members of the campus faculty and staff are invited to attend next week's meeting.

NOTED PIANO DUO SLATED FOR CAMPUS CONCERT TOMORROW NIGHT

Cal Poly's College Union Assemblies Committee shifts gears for its next presentation on campus. After a successful sports presentation featuring the Harlem Globetrotters, the committee's next offering is the duo piano artistry of Ferrante and Teicher. The bespectacled pianists will appear in concert at the Men's Gym on campus, tomorrow (Wednesday, February 8) evening beginning at 8:00 p.m.

Ferrante, a native of New York City, and Teicher, born in Wilkes-Barre, Pa., were both prodigies who started picking out tunes on the piano when each was about two years old. Both registered at the Julliard School of Music when they were six and later became the youngest members ever appointed to Julliard's esteemed faculty. Today Ferrante and Teicher play the classics solely for their own pleasure. The one time serious classical musicians produce a suave and sophisticated show. By the time they are finished, they have a complete showcase.

Tickets for the concert are on sale at the Associated Students, Inc., office on campus and, of course, will be sold at Men's Gym ticket windows prior to tomorrow evening's concert. General admission tickets are priced at $1.75 for students and $2.25 for the public. Reserved bleacher seats are $2.25 for students and $2.75 for the public, and reserved chairs are $2.50 for students and $3.00 for non-students.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

THE BOEING COMPANY. Ted Johnston, chief, college relations; James McGatlin, engineering personnel; and Ira Billick, recruitment representative, will interview seniors in AC and R, aero, EE, EL, IE, and ME. (2/7)

OWENS-ILLINOIS. W. Abbott Roberts, personnel director, will interview seniors in business administration, IE, ME, and TA for positions as manufacturing trainees, mechanical engineers, industrial engineers, industrial technologists, and sales trainees. (2/7)

AEROJET GENERAL CORPORATION. Company representatives will interview seniors in aero, EE, EL, and ME. (2/7)

(Continued on Page 9)
US NAVY OFFICER PROGRAMS INFORMATION TEAM. Lt. Roy Brugman, assistant officer programs officer; Lt. Dick Johnson, assistant officer programs officer; and Lt. Janice Hahn, Wave officer, will be available in the Snack Bar area of the Dining Hall to provide information on the opportunities available to men and women college graduates as commissioned officers in the US Naval Reserve. (2/8)

RATH PACKING COMPANY. Norman C. Ludwick, sales engineer, San Francisco, will interview seniors in business administration, other applied arts, and social sciences for Marketing Development and Production Management Training programs. (2/7)

SUMMER EMPLOYMENT: Juniors who plan careers in marketing and are interested in summer employment with Rath should contact the Placement Office, Adm. 213.

MOFFATT AND NICHOL, ENGINEERS, Long Beach. H. Richard Neill, structural engineer, will interview seniors in architectural engineering. (2/7)

SOUTHERN COUNTIES GAS COMPANY, Los Angeles. Mary F. Allen, employment supervisor, will interview seniors in AC and R, EE, home economics, IE, and ME for assignments in the engineering department, shops engineering, sales engineering, and home service operations. (2/7)

SUMMER EMPLOYMENT: Juniors in AC and R, EE, IE, and ME are invited to sign for interviews if they are interested in summer employment in the Los Angeles area.

MOBIL OIL CORPORATION. H. E. Wilson, district sales manager, and K. M. Roberts, division engineer, Operating Department, will interview seniors in applied arts, architectural engineering, business administration, chemistry, EE, IE, ME, social science, and TA for positions in marketing, operation, technical sales, special products, manufacturing, production, and pipe lines, and as controller trainees. (2/7)

NCR, ELECTRONICS DIVISION, Hawthorne. Tom Lyon, professional placement, will interview seniors in EL and ME. (2/7)

THE BELL SYSTEM, Pacific Telephone and Telegraph Company - Northern California and the rest of the nation-wide Bell System Companies. Frank Zimmerman, general personnel manager, and J. R. O'Neill and W. R. Rees, college relations supervisors, will interview seniors in all engineering majors for engineering at the management level, seniors in all applied arts and sciences for management and supervisory assignments, and seniors in math and physics for management assignments in many of the above type of work. In addition, Mrs. Mary Stocker, college employment representative, will interview senior women in all majors interested in careers in management. (2/7-9)

SUMMER EMPLOYMENT: Juniors in the above majors interested in summer employment with the Bell System should sign for appointments for Thursday, February 9, 1967.

THE BELL SYSTEM, Western Electric Company. E. Austin will interview seniors in business administration, all applied arts, chemistry, EE, IE, ME, math, physics, and social sciences for assignments in California, Arizona, and virtually every major city in the United States and around the world in the Defense Activities Organization (2/7-9)
PLACEMENT CALENDAR (Continued from Page 9)

SANDIA CORPORATION, LIVERMORE LABORATORY. Phil Leiserson, personnel representative, will interview seniors in EE, EL, and ME. (2/7-8)

DOUGLAS UNITED NUCLEAR, Richland, Wash. R. S. Bell, manager, Manufacturing Section, will interview seniors in EE, EL, IE, ME, physics, and WM for engineering and manufacturing training programs or for direct placement opportunities for those with some previous engineering or manufacturing experience. (2/8)

CAPWELL'S, Oakland. Frank Romao, employment manager, will interview seniors in the applied arts and sciences who are particularly interested in executive trainee positions in retailing. Assignments are available in merchandising, sales promotion controller's division, and the superintendent's division. (2/8)

PHILCO CORPORATION, WESTERN DEVELOPMENT LABORATORIES, Palo Alto. Tom Lowden, senior employment specialist, will interview seniors in EL and ME. (2/8-9)

USDA, Forest Service. Billy K. Burke, administrative officer, Los Padres National Forest, and John B. Benediktson, Jr., regional placement officer, will interview seniors in business administration and architectural engineering. (2/8-9)

INTERNATIONAL TELEPHONE AND TELEGRAPH CORPORATION. Paul West, employment manager, ITT Gilfillan, and H. Feldman, personnel manager, ITT San Fernando Labs, will interview seniors in EE, EL, IE, and physics. Mr. West and Mr. Feldman will be representing the entire ITT system and will discuss opportunities worldwide. (2/9)

SIGNETICS CORPORATION, Sunnyvale. Jim Lewis, personnel assistant, will interview seniors in business administration, chemistry, EE, EL, IE, ME, and physics. (2/9)

UNION CARBIDE, LINDE DIVISION, New York. R. J. Simpson and E. R. Brown, Jr., will interview seniors in architectural engineering, aero, EE, EL, IE, ME, and WM for positions in production, research, development, engineering, and sales. (2/9)

ARNOLD RESEARCH ORGANIZATION, Moffett Field. R. F. Piasecki, assistant engineering manager, will interview seniors in aero and ME for positions as project engineers for wind tunnel tests at Ames Research Center. (2/9)

CALIFORNIA STATE PERSONNEL BOARD. Thomas E. McCart, recruitment supervisor, and Charles R. Smith, recruitment representative, will interview seniors in business administration, math, physics, and social science and any other major interested in entry positions in California state government. (2/9)

FORD MOTOR COMPANY, AUTOMOTIVE ASSEMBLY DIVISION, San Jose. Gary G. Marshall, supervisor, salaried personnel and training, will interview seniors in EE, IE, and ME. Positions are available in plant engineering, quality control engineering, and industrial engineering. (2/9)

US NAVAL SHIP ENGINEERING CENTER, Port Hueneme. Donald M. Budai, electronic engineer, will interview seniors in EL and ME. (2/10)

US NAVAL CIVIL ENGINEERING LABORATORY, Port Hueneme. David S. Fuss, research structural engineer, will interview seniors in architectural engineering, EE, EL, IE, ME, and WM. (2/10)

(Continued on Page 11)
PLACEMENT CALENDAR (Continued from Page 10)

FEDERAL SERVICE ENTRANCE EXAMINATION RECRUITING TEAM. F. W. Baker, manager, Personnel Operations Branch, and Mrs. T. D. Kelsh, supervisory personnel staffing specialist, will interview seniors in all agricultural and applied arts and sciences majors who are interested in careers in Federal civil service. (2/10)

CUTLER-HAMMER. J. B. Little, manager, marketing personnel development, and K. L. Smith, Los Angeles District sales manager, will interview seniors in EE, EL, IE, ME, business administration, math, physics, TA, and applied arts majors with a technical background. (2/10)

GREAT LAKES CARBON CORPORATION. Frank Oliver, Jr., personnel administrator, and D.S. Meletiou, technical superintendent, will interview seniors in chemistry, EE, and ME. (2/10)

NASA, FLIGHT RESEARCH CENTER, Edwards AFB. Kirk Irwin, recruiting representative, will interview seniors in aero, EE, EL, and ME, as well as math and physics majors with engineering courses. (2/10)

LAWRENCE RADIATION LABORATORY, LIVERMORE. Ed Sackett, personnel, and other representatives, will interview seniors in chemistry, EE, EL, math, and physics. (2/10)

LITTON SYSTEMS, INC., Guidance and Control Systems Division. B. C. Palmer, supervisor college relations, will interview seniors in EE, EL, IE, ME, math, and physics. (2/13)

CROWN ZELLERBACH CORPORATION. James D. Westphal, supervisor, salaried recruiting, and Tom Wade, personnel manager for Flexible Packaging Division, will interview seniors in business administration and TA for positions in sales and customer service and EE, IE, ME, and printing for technical positions. (2/13)

THE AUSTIN COMPANY, Los Angeles. Charles H. Ludlum, district engineer, will interview seniors in architectural engineering, EE, and AC and R. (2/13)

US ATOMIC ENERGY COMMISSION. George W. Mapes, personnel specialist from the Nevada operations office, will interview seniors in business administration (accounting), EE, EL, and ME. (2/13)

NORTHROP CORPORATION. Don Archer, chief, industrial relations, Ventura Division, will interview seniors in aero, EE, EL, ME, math, and physics for positions in the Norair, Nortronics and Ventura Divisions. (2/13)

US NAVAL ORDNANCE TEST STATION, China Lake, Lester G. Garman, supervisory general engineer, will interview seniors in chemistry, aero, EE, EL, ME, math, and physics. (2/13-14)

SUMMER EMPLOYMENT: Students and faculty interested in summer employment with USNOTS are invited to sign for interviews. All undergraduate applicants for summer positions must have passed the Office and Science Assistant Examination (final filing date was January 9, 1967 for the examination which was given on February 4.) Graduate students and faculty applicants are not subject to any written examination. (2/13-14)

(Continued on Page 12)
PLACEMENT CALENDAR (Continued from Page 11)

CALIFORNIA PACKING CORPORATION. James M. Corley, assistant to the division industrial relations manager, Berkeley Office, will interview seniors in ABM, agricultural engineering, business administration, crops, FM, food processing, fruit production, IE, MA, and ME interested in a career in food processing. (2/13-14)

SUMMER EMPLOYMENT: Juniors in food processing interested in summer employment may sign for interviews with Mr. Corley. (2/13-14)

CALIFORNIA PACKING CORPORATION. John B. Hurley, staff assistant, San Francisco Personnel Office, will interview seniors in ABM, business administration, and other majors interested in the company's Business Training Program. (2/14)

CHARLES PFEIZER AND CO., INC. Michael Dowd, district sales manager, will interview seniors in all majors for positions in pharmaceutical sales. (2/14)

UNITED STATES PLYWOOD CORPORATION. D. C. Chapman, assistant division controller, will interview seniors in business administration, EE, IE, ME, and TA. (2/14)

WESTERN MICROWAVE LABORATORIES, INC., Santa Clara. Hal Tenney, marketing vice president, will interview seniors in EL. (2/14)

LIBERTY MUTUAL INSURANCE COMPANY, San Francisco. James A. Peck, assistant division claims manager, will interview seniors in business administration, English, social sciences and TA for positions in the Claims Department. (2/14)

THE SHELL COMPANIES. R. D. Bosley, supervisor, economics and statistics, Transportation and Supplies Department, Los Angeles; R. C. Cameron, manager, product accounting, Menlo Park Data Center; and R. L. Wilson, Western Marketing Region personnel representative, Los Angeles; will interview seniors in all agriculture majors, business administration, English, math, social science, and TA for positions in the Financial, Marketing, Transportation, Purchasing, and Personnel and Industrial Relations Departments. (2/14-15)

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
CAMPUS CALENDAR -- WEEK OF FEBRUARY 7-14, 1967

Tuesday, February 7
Noon Books at High Noon Luncheon Meeting S D R *

Wednesday, February 8

9:00 a.m. Agriculture Division Committee Meeting Erhart Ag. 138
11:00 a.m. College Hour Concert Theater *
Noon Staff Club Luncheon S D R *

Friday, February 10
8:00 p.m. Poly Royal Queen Pageant Theater *
8:00 p.m. Varsity Wrestling - Cal Poly vs. Fresno State College Fresno *
8:00 p.m. Varsity Basketball - Cal Poly vs. San Fernando Valley State College Northridge *

Saturday, February 11
11:00 a.m. Varsity Wrestling - Cal Poly in San Francisco State College Tournament San Francisco *
7:00 p.m. Varsity Wrestling - Cal Poly vs. University of California Berkeley *
8:00 p.m. Varsity Basketball - Cal Poly vs. California State College at Los Angeles Los Angeles *
8:30 p.m. Varsity Wrestling - Cal Poly vs. Western Washington State College Berkeley *

Monday, February 13
2:00 p.m. College Executive Council Meeting Admin. 301

Tuesday, February 14
8:15 a.m. Applied Sciences Division Committee Meeting Admin. 213A
9:00 a.m. Engineering Division Committee Meeting GA 101A
9:00 a.m. Cal Poly Women's Club - Walking Group Meeting Arroyo Grande *
Noon Books at High Noon Luncheon Meeting S D R *

* - See article for further information
Governor Reagan's budget proposes a support appropriation of $154 million for the California State Colleges, a cut of about 12% from the current year or 28% from the $213 million we have requested to accommodate an additional 17,000 students.

With the $18 million proposed additional revenue from a tuition charge, the total budget figure would rise to $172 million which is about what we anticipated three weeks ago when we temporarily suspended admissions for the summer and fall terms and set a ceiling on the number of professors we would hire.

We have been informed by the new state administration that the full $172 million will be provided regardless of the outcome of the tuition proposal and we feel that we must proceed with planning on that basis.

However, I hasten to add that I have been informed by members of a special committee of the Board of Trustees that the committee intends to press the State Legislature for our full budget request of $213 million, less any economies that we are able to make by the
postponement of some new programs and the improvement of some present ones, as well as by any other means.

However, unless the governor's figure of $172 million is increased in the coming months, the prospect now is that, in order to maintain our present level of educational quality, we reluctantly will have to ask some 20,000 students to seek their education elsewhere.

This estimate assumes a total student body of 169,000, some 3,000 below the current enrollment at our 18 campuses and 20,000 under our formerly anticipated enrollment of 189,000 next year.

However, whether we will be able to educate even as many as 169,000 students next year will depend to a great extent on our ability to recruit a sufficient number of competent faculty members.

As a result of the governor's budget presentation, we are taking action toward relaxing our suspension of admissions by the end of this month proportionate to the level of state support. In this regard, we are asking the president of each State College to estimate the total number of students his college will be able to accept under the amount provided in the governor's budget and to prepare priorities for the order of acceptance of new students.

In this preparation, we have advised the presidents that every effort should be made to fulfill our obligation to accept junior

college transfers ahead of entering freshmen where the educational balance of the institution will not be adversely affected.

It should be emphasized that the State Colleges will strive to take every possible qualified student while protecting the quality of our academic programs. Along this line, we have scheduled a meeting February 22 with the State Department of Finance to present our arguments for a workload budget of at least $191 million which we feel is the minimum amount at which we could promise to accept every qualified student and still maintain our educational quality at or near the present level.

The State Colleges fully recognize the financial problems of the state and will continue to cooperate in the fullest toward their solution. We will make every effort to effect further economies but I must caution that the achievement of substantial savings appears extremely unlikely in view of the already limited level of support.
