Female student inflicts wound by gun: suicide

Bonnie Ellen Holmes, a senior computer science major, was found dead Friday night — a confirmed suicide, according to Cal Poly police.

Bonnie, Mrs. of Santa Barbara, was found dead in her police in her Santa Barbara apartment about 10:46 p.m. Friday. The coroner reported she died of a gunshot wound; a note was found with the body.

She is to be buried today at Grace Baptist Church in Santa Barbara. In lieu of flowers, friends may send donations to the First Congregational Church Memorial Fund.

Bonnie is survived by her parents, Mr. and Mrs. Judson W. Holmes and two brothers, Captain Judson W. Holmes, Jr. and Steven D. Holmes.

Ford feels Ford granted it prematurely. Talcott has been appointed as assistant district attorney and has the power to grant the pardon. When asked if this was true, Talcott replied that he was simply quoting the Constitution.

Talcott, a Republican, said he tries to represent all the people in his district, whether they are Democrats or Republicans. Talcott said his reputation speaks for him and enables him to vote for the best interest of the district. Talcott plans to support Ford, in the best interest of the district, should he fail. Talcott has a good voting record on environmental issues.

State constitution may be revised

As a public service, Morning Daily is publishing the arguments of the proponents and the opponents of the ballot measures in the Nov. 5 election. The summaries are courtesy of the League of Women Voters, League of Women Voters at R.I., P.R. Chairperson Gila Hadvemoller 560-600.

Should Article I of the California Constitution be reorganized to clarify existing rights, add rights not now guaranteed by the Constitution and delegate certain procedural matters to the legislature for enactment?

It reorganizes and amends Article I of the state constitution in its entirety. Amends one section of Article IV. Amends and renumbers section 8 and 18 of Article 30.

The first of these rights states that the legislature shall make no laws regarding the establishment of religion. The second of these rights states that no person may be deprived of life, liberty or property without due process of law. Thirdly, a person may not be denied equal protection under the law.

Those in favor of the measure say that since it has been adopted by the legislature after a four year study, it is very feasible and will make the state constitution very modern and readable.

Those opposing it argue that technical portions of the constitution should be voted on separately of the controversial sections of the constitution.

DISPLAY & DEMONSTRATION
OF ARCHITECTURE AND ENGINEERING
DRAFTING SUPPLIES & EQUIPMENT

El Corral Bookstore has organized a display and demonstration of the extensive range of Architecture, Engineering and Drafting supplies and equipment distributed by Kauffel & Esser Company, between 10 am thru 2 pm. Mr. H. J. Shuman, Regional Sales Manager will be present. Kauffel & Esser company are distributors for many companies manufacturing equipment and supplies such as:

- Drafting Media & Supplies

EVELYN WOOD READING DYNAMICS
Arlo Guthrie moves crowd with songs, stories, humor

by BLAIR HELENG

QUESTION: "Why do you think 'Alice's Restaurant' was so popular when it came out in the late 60's?" Answer: "I don't know; nothing good on the TV that weekend, I guess."

Arlo Guthrie was talking backstage Sunday night after capturing an audience that didn't have much interest in TV for that evening either. It's no wonder, when Arlo is so much more intelligent and entertaining. And instead of commercials he offers larger-than-life modern-day fairy tales. It's hard to stomach a TV set after seeing him perform.

He acknowledges that he tries to offer something for everybody in his selection of songs and stories, but says that he just decided where to stick 'em in the show."

Sunday night's inspired mixture of crowd-pleasing favorites, traditional folk songs and a general Western atmosphere seemed tailor-made for this school. Although in his own time, Guthrie got around to every request yelled from the floor and bleachers, and his humor and engaging explanations made everything he had to say thought-provoking.

Guthrie has gotten deeply involved in aiding political vic-
tims in Chile, including a recent New York benefit with Bob Dylan, Dave Van Ronk and others. Although he termed his short speech on Chilean journalist Victor Jara as "heavy," it was much less so than the occasional treasuring of some artists who use the stage as a political platform.

As Guthrie himself mentioned, his father's songs have stood the test of time to an extent that they either reflect our times or remind us vividly of the once-gone by. "I believe in the same things my father did," says Arlo, and it seems more than slightly ironic that Bob Dylan, who launched his career by sounding like Woody Guthrie, went on to make millions while Woody's own voice has yet to be reckoned on a large scale for anything but a song about a restaurant, a dump and a draft board. With the maturity, insight and ability to move people in a real way that Dylan seems to have long since forsaken, maybe it was Arlo Guthrie who should have made that comeback tour last January. Except Arlo's been here all along...

Poly freshmen skin Cal, 41-13

The Mustang freshman team just hasn’t learned a thing from the variety this year—they won last Friday.

But not yet, they beat the Cal Bears. Last year they did not.

The Mustangs, however, admitted the Bears 41-25 with two more Cal Poly touchdowns called back because of penalties.

The win must have been a hard one for John Crivello, the coach, but he admitted that the game didn’t show that in three years Cal Poly would have a better football team than Cal.

Crivello also praised the play of tight end Kula Kuresa, and offensive linemen Ken Bell and Frank Abbey.

One of them was Larry Moore, a freshman hometown product from San Luis Obispo High. Crivello was impressed with Moore, and said he has great potential.

According to 1st Down, the president of the Ski Club, it is the fourth largest campus ski club, with a membership of around 400.

Membership is open during the school year, but after Nov. 22 dues will increase from $8 to $12.

The next game for the Mustang freshmen is Nov. 4 against Stanford.

The Cal Poly Ski Club will present a fund-raising program in Chumash Auditorium, Oct. 24 at 7:30 p.m. Ski fashions from Mountain Sports and Copeland’s Sports, both retail sports stores in San Luis Obispo, will be modeled by students and professionals.

Skiers, trikers, ruggers, ***

An organizational meeting was held on Oct. 17. The meeting was attended by all returning members.

The next meeting will be on Oct. 34 at 7:30 p.m. in Rm. 222 of the Math Building. Information regarding tentative scheduling of games, practices, and elections of officers will be discussed.

The rugby season will run from November to December through the beginning of March. The team will compete against other California College State teams and various community teams.

Sports shorts

Boise State’s got the big head.

As if it isn’t enough to every year administer a drubbing when clumping to Cal Poly in football, they have to go on and claim the world record for bicycle jumping.

Boise AAB President Kit “Evil Wally” Christiansen has challenged ASI President Scott Pliskin to try and break his recently established record of 31.5 feet. The challenge was made after Boise State announced they had broken the Boise State publicity department that Pliskin couldn’t jump.

Pliskin informed SAC that he had no intentions of picking up the cause personally but would be glad to assist should a Poly student attempt to break the mark.

WANTED: cart for till’s year, cantal, 544-1254.

CONTACT: ISCA 1178 San Luis Obispo, will be modeled for students.

Membership is open during the school year, but after Nov. 8 dues will increase from $5 to $10. The club meets tonight in Chumash at 7:30. It is currently revising its bylaws so that beginners can have free ski lessons.
