Mike Hurtado claimed the ASI presidency last night as he piled up a 926 vote margin to outdistance his opponent Rob Chappell.

Out of 3,237 votes cast, Hurtado picked up 3,064 to Chappell's 2,198.

The decision culminated three long weeks of campaigning and two runoff elections that filled with bitter charges of "War gate tactics" by both sides.

Hurtado expressed surprise at the margin and attributed it to "strong support from the women on campus. They really went all out in my behalf," said Hurtado.

Chappell said he "wished Mike all the luck in the world," and added: "I had to overcome the Mikr'i firn talk ai that of "trying to win". Hurtado felt that Chappell's campaign tactics had "hurt him quite a bit. I asked to many people who had voted for him the last two times but wouldn't do so again because of his tactics."

Hurtado acknowledged that he would have to overcome the bitter feelings created by the campaign and expressed the hope that Chappell and his supporters would work again in the ASI.

Hurtado looked forward to working with Phil Bishop as chairman of the Student Affairs Council (SAC) and praised Bishop for "running a clean, honest campaign."

Bishop was elected in last week's runoff by a 900 vote margin over Hurtado's running mate, Roland Hill.

Industrial art show displays new talent

Projects ranging from fiberglass canoes and drafting plans to metal underwear will be on display at the Central Coast Industrial Arts Show on Friday and Saturday, May 23 and 24, in Chumash Auditorium. The public is invited to the show which will take place from noon to 6 p.m. on Friday, and from 10 a.m. to 3 p.m. on Saturday. Admission is free.

More than 100 students from high schools and junior high schools in San Luis Obispo and Santa Barbara Counties have entered original work from their industrial arts classes. Entries will be judged and merchandise prices totaling several hundred dollars will be awarded in each category. The show, sponsored by Cal Poly's Industrial Technology Department, is intended to provide industrial arts students an opportunity to exhibit their best work.

Finance openings

The Finance Committee has four openings for the next year. A representative from each of the following schools is needed:

- Architecture and Environmental Design
- Business and Social Sciences
- Communicative Arts and Humanities
- Human Development and Education

All interested persons must contact their council chairman in order to attend the council meeting and have a first interview. Interviews will be June 2 in Rm. 220 of the University Union at 7:15 p.m.
