Campaign '76: A Foreign Policy Debate?

The supposedly issueless campaign of 1972 has suddenly acquired a central topic of dispute both within and across party lines. It is foreign policy, as personified by Richard Nixon's foreign policy. Nixon's first major speech this week will point with alarm to growing defense weaknesses as an attempt to fix the blame on Kissinger. As for the Democratic attack, it is slowly coming from all the candidates. Henry Kissinger was associated with Nixon in both his triumphs and failures. The President and his local ally, Sen. Jesse A. Helms, drove hard on foreign policy issues, using Kissinger as a scapegoat. They hit at the secretary personally for secretiveness, deception and running a one man show. Kissinger was associated with Nixon in both his triumphs and failures. Since the administration he has made himself a central target of attack against the Democratic party. The starting point for the whole issue is Richard Nixon's foreign policy, Nixon oversold his opening to China as "the week that saved the world." He used the purchase that gained on Moscow to extract only a few policy, short-term concessions on Vietnam, while paying back the Russians with the wheat giveaway and an ambiguous arms-control arrangement.

**Student Trustee Assesses Role**

by CRAIG REEM

D'Agoatino said the advantages of having a student trustee is that "students should be involved in making policy, academics or otherwise. The students are a large part of the state university system and should be a representative voice.""The only disadvantage," D'Agoatino said, "is the possibility of student trustees and trustees playing off each other. But I don't think this will happen.""

Police Bishop, Associated Students Inc. vice-president, said Carlson will have an impact as a Trustee "if she is eloquent. She has the right to be heard.""

The law providing for the position of Student Trustee is Senate Bill 584, which was passed by the Legislature and signed by the governor in September, 1975.

To receive the appointment, nearly 100 applications from all 19 CSUC campuses were evaluated and narrowed down to 11 students by the Student Presidents Association. From those 11, the number was narrowed to five finalists, with Carlson receiving the appointment from Brown.

**Engineer Who Quit To Talk About Why**

Dale Bridenbaugh—one of the three nuclear engineers who resigned from Diablo Canyon at the end of last year to become a more comfortable General Electric job because of concern over the lack of nuclear safety—was scheduled to speak at Cal Poly Apr. 8 in Chumash Auditorium at 11 a.m.

Bridenbaugh will discuss the safety problems he encountered in his 16 years of experience with nuclear power plants that forced him to quit his GE position. He will also outline his reasons for supporting Proposition 15, the Nuclear Safeguards Initiative.

Bridenbaugh's experience ranges from his first assignment in 1968 as Field Engineer for the installation and startup of the first large-scale nuclear power plant—commonwealth Edison's Dresden 1 near Chicago, Illinois—to his special assignment in 1997 as Project Manager of Mark I Containment evaluation.

Bridenbaugh explained his specific reasons for delaying his career interests in favor of campaigning for Proposition 15: "I see no way for us to develop the ability to maintain the perfect human and technical control needed for the long periods of time that are required for this highly hazardous and costly industry."

"Contributing to the advancement of such proliferation now seems immoral and is no longer an acceptable occupation for me. In the past, we have been able to learn from our technological mistakes. With nuclear power, we cannot afford that luxury. "Nuclear power has become a technological monster" and it is not clear who, if anyone, is in control."

"I am no longer convinced of the technical safety of nuclear power and I fear the high risks of political and human factors that will ultimately lead to the misuse of this Brytioxid."

The nuclear engineer will also speak April 7 at 7:15 p.m. at the Cambria Veterans Memorial building and Apr. 10 at noon in Cuesta Park where free beer and soft drinks will be served.

The meetings are sponsored by the San Luis Obispo chapter of Project Survival and Californians for Nuclear Safeguards.

**Study May Force Power Plant Changes**

An earthquake safety study may lead to the remodelling of the Diablo Canyon nuclear power plant.

According to the Telegram-Tribune, representatives of the Nuclear Regulatory Commission, the U.S. Geological Survey and a consultant from University of Illinois met to determine the affect a 7.8 Richter magnitude along the Hogset fault would have on the plant.

Dr. David Newmark, former information specialist for Pacific Gas and Electric, says the company is making decisions on the study before they can make decisions on what structural changes will be necessary, if any.

"Any action will be subject to the recommendation of our final report. We have no way of knowing what will be needed until the analysis is complete," Devia says.

The finalized study, done by Dr. Nathan Newmark, consultant to the Nuclear Regulatory Commission, will be compiled within a month.

According to the Nuclear Regulatory Commission, the Diablo Canyon plant was built to withstand a shock of 6.5 magnitude within the immediate area.

It had been believed that the offshore Hogset fault was only capable of a quake up to 6.5 magnitude. The U.S. Geological Survey now believes that the Hogset fault may be linked to the San Simon fault, and has a potential of 7.6 magnitude.

Down On Concerts

promises Tough Security At L & M Because Its Mama Don't Dance...

many underage concert goes allegedly committing a majority of the costly damages. The tight security reflects the paramount importance of storming the Leggins and Messiah concert by the Ad Hoc concert committee in order to insure future concerts on campus in the moments endangered species.

"if we don't pull this concert off real class, no smoking or drinking, there will be no concerts on campus for a long time," the coordinating chairman of the BAC Ad Hoc concert committee, Susan Hawley said.

Lawson, the self-appointed advisor for the interim Ad Hoc concert committees, suspended "Activities Planning Center staff support to the Ad Hoc Concert Committees," renewed concert notice following the Montrose Concert, March 11.

The action outlined in a memo from Lawson to Dean of Students Everett Chandler recommended that no state facilities or services be made available to the Ad Hoc stage crew.

Lawson's decision to freeze the concert committee's activities was one nail short of closing the coffin on future concerting the committee inactive following the Montrose Concert, March 11.

The former leadership Lawson was referring to was Gordon, who has brought Stephen Stills, CCR Max Blues Bob Dylan to Cal Poly this year. While at the same time he has been criticized not only by administrators but by the students.

'Puckoo's Nest' Wins Major Oscars

HOLLYWOOD (UPI) - "One Flew Over the Cuckoo's Nest," a flop on Broadway, came to life at the 46th Annual Academy Awards Monday in a sweep of five Oscars, including awards for Jack Nicholson and Louise Fletcher as best actor and actress.

The comedy-drama of life in an insane asylum won the best picture award for 1975, best director award for Milos Forman and best screenplay for writers Lawrence Hauben and Bo Goldman.

It was the first such sweep of the five most prestigious awards since "It Happened One Night" made the grand slam in 1934 with Clark Gable, Claudette Colbert and director Frank Capra winning the statues.

Nicholson won for his role as the rebellious inmate.

It was his fifth nomination after four losses and one win as the Oscar race. Miss Fletcher had given up acting for 11 years before being given the role of the hard-fool, ungrateful ward nurse.

Best supporting actor award went to the sentimental favorite, Olivia Hussey, 16, for her performance as a fiery wardswoman in "The Sunshine Boys."

Les Grant won for the best supporting actress of the year on her third try—for her role as the adulterous wife in "Shampoo."

Military Aid Bill Set At $4 Billion

WASHINGTON (UPI) - Senate-House conference agreed Tuesday on a 13-month, $8.98 Billion foreign military aid bill of which $4.8 Billion is earmarked for Israel.

Sen. Clifford P. Case, R-N.J., said the conference also agreed on a provision of funds for covert operations in Angola, and a partial lifting of the ban on trade with Vietnam.

The compromise measure would prohibit any military aid to Cuba, exempt former enemies' arms already committed for delivery.

The legislation includes $250 million for military aid to Egypt in the current fiscal year, plus a maximum of $4.5 Billion for the three-month period during which the start of the fiscal year is changed from June 30 to October 1.

Case said Greece would receive $6 million in supporting military assistance.

The bill approved Congress for the $8 billion annual military and commercial arms sales...
Death Penalty Questioned

WASHINGTON (UPI) The Supreme Court was told Tuesday that the death penalty is unconstitutional because states still have too much discretion as to who lives and who dies.

Prof. Anthony Amsterdam of Stanford University Law School, attesting Texas and Louisiana laws specifically, said the options open to prosecutors, judges, juries and governors make imposition of the penalty the kind of arbitrary decision overturned by the court in 1972.

As a result of that ruling 16 states reverse their laws, but not one of which — those of Illinois — are in effect. Amsterdam led off as the court heard oral arguments in a brand-new look at the death penalty in the light of five laws five states have passed since the current national moratorium was declared, according to a CPI survey, the laws of a least 57 percent are in death row in 20 states.

Further arguments, in cases involving North Carolina, Georgia and Florida, are scheduled Wednesday, with time also allotted to U.S. Solicitor General Robert H. Bork to argue in favor of the death penalty.

Tennis Videotape Course

Tennis players will have the chance to study their strokes and movements by watching an upcoming Cal Poly Extension course.

Titled "Workshop on Advanced Theory and Techniques of Tennis," the 1.5 unit course will study the fundamental concepts and psychological aspects of the game.

Demonstrations, slides, and movies will aid the class in analysis of ball rotation, strokeing, and strategy, with the final session be a 30 minute video taping of students to help evaluate their own form.

The Cal Poly Extension course will meet from 7 to 10 p.m. on Thursdays, beginning tomorrow in San Luis Obispo. The course prior to enrollment is advised and the course fee is $75.

Further information can be obtained by writing to "Extension, Cal Poly, San Luis Obispo, Calif., 93407," or by telephoning 550-6660.

Poly's Got One Out Of Nine

Cheap Texts That Got To Go!

Helen was a student at State University. Much of the course she learned in the past few years was taught by her.
Women Improve Times

The Women's Track and Field National Tournament is already in the future past at the 440 yd. relay runners on Cal Poly's women's track team.

At the Cal Poly San Luis Obispo Women's Invitational Track Meet March 23, Jenn Benford, Marie Niskanen, Pat Harris and Pelece Richard placed second in the 440-yd. relay with a time of 4:07.6 to put them within the qualifying standards for nationals.

Coach Linda McArthur is pleased with the program and the team's making early with the national standards in the 440 yd. and 400 yard distances at the 440 yd. relay with a time of 4:07.6 to put them within the qualifying standards for nationals.

Marie Niskanen took first place in the 440-yd. dash at Cal Poly's track meet, qualitying her for the final and in the national meet. Niskanen is now to the team this quarter and the Cal Poly meet was her first competition on the team.

In overall points, Cal Poly relay races first with 49, followed by UCSC with 30 and UCI with 24. In a meet at Cal State Los Angeles last quarter, Cal Poly placed sixth with 49.

"The girls improved a lot at the Cal Poly meet," McArthur said. "They ran with stronger competitive for our relay teams. In the next meet I expect these same girls to have quality for nationals," McArthur said.

At today's meet at University of Redlands, coach Michael Jones sat to see Barbara Moore, an outstanding freshman with four years of high school track experience, to meet the standards to qualify for the national team to qualify in the long jump, and with 1:02.2 to qualify in the 800 yd. run.

"Judging by what we've done so far, it looks like we will do very well in the weeks," McArthur said. The Championship Tournament is scheduled for the end of April.

Poly Improves Record

The Cal Poly tennis team picked up its fourth non-conference win against six defeats Monday, when it blanked De Anza College 5-1.

Rider, one man Ken Peat suffered the only Mustang loss when he was beaten 6-6, 7-6. Kuen Van Bellen, Charles Deslin and Jeff Morin all won in straight sets, while Tom Bear and Jim Horee were extended three-set wins.

Peat and Van Bellen teamed for a 6-4, 6-4, 6-2 win, as did Zuro-Douglas, 6-1, 7-6, and Maglo-Horee, 6-4, 6-2.

Conference action begins April 8 for the Mustangs, who have a 9 straight conference match win streak extending back two and one-half years.

"I think we have a good chance to keep it intact," coach Ed Johnson said. "We lost our two top players from last year in Pete Lambert and Jim Martin, though. These are the spots that are hardest to fill."

Over the quarter break, Cal Poly visited four San Diego area colleges and came away with a 6-0 split. The Mustangs bested San Diego State 4-1 and Cal. State San Marcos 6-0, but lost to Palomar 6-4, and dropped a 5 and over 6 and one-half and one-half match to San Diego City College.

Bakerhead placed three players on the second team, while Pomona and Harvard had one each. San Luis Obispo was the only school to receive no selection to either team.

Montana Gerald Jones, a first team selection as a sophomore last year, was nominated for a spot by Wheeler, but was overlooked in the Rules.

All-CCAA Teams Named

Cal State Los Angeles forward Tommie Lipsay was named to the Central Coast Athletic Association's Most Valuable Basketball Player for 1976 in a ballot of conference coaches.

This senior led the conference in scoring with 22.8 points per game, rebounding with 11.5 and led the league in free throw percentage at 81.6 percent average.

"I thought he was very deservin of the award," Cal Poly coach Ernie Wheeler said of Lipsay. "There was no doubt in my mind that he was the best player in the league."

Cal Poly Femona players Bob Stapp and John Gamlin made the first team, as did Bakerhead's guards Greg Johnwall and Jeff Garnett. Stapp was named first team guard by Raynolds rounded out the first team.

Poly's Record improving has been a result of more consistent play in the conference, said Johnwell.

"We've been playing well against everybody," he said. "We're top three in the conference for the first time in a while."

"It's a sign of things to come," added Johnwell.

Breakfast and dinner, too, with Brenner's 40-prong meal card. We give you 40 punches (in your card of course) for $30 bucks. You can eat anytime you want and as much as you want until your card is punched out. We have meal plans to fit any appetite - from 5 - 19 meals a week. And your car meal cost can be as low as $1.20! McDonald's prices with the menu and quality of a restaurant.

The other secret ingredients that make our food so tasty are: nice people, good music, special dinner surprises, and inexpensive prices.

We're right next to campus, so stop by for as much lunch and dinner as you can set sometime soon. Your taste buds and your budget will thank you for it.
WASHINGTON (UPI) - The Senate Budget Committee voted Tuesday to give President Ford nearly all he asked for in defense spending next year.

The panel approved 1977 defense budget authority of $141 billion, only $800 million less than Ford's revised figure. The President, first asked for $141.8 billion but last week scaled his own request down to $141.5 billion.

A proposal by Sen. Joseph R. Biden, D-Del., to knock about $10 billion from Ford's request for nuclear-powered ships and emphasize less costly types of airplanes failed six to nine. His proposal would have delayed the B-1 bomber program a year, put emphasis on conventionally powered rather than nuclear-powered ships and emphasized less costly types of airplanes.

The committee then voted nine to five to grant Ford's request for $13.9 billion in "real growth" in the defense budget over current levels, most of it in new weaponry.

The House Budget Committee also is working on the 1977 budget this week. Its chairman, Rep. Brock Adams, D-Wash., wants to cut $7 billion from Ford's request for defense budget authority and $1.9 billion from actual spending.

Earlier Tuesday, the Senate budget panel voted 11 to eight to endorse a series of controversial cuts the President said would lead to savings of $8.4 billion.

Manager Resigns

WASHINGTON (UPI) - Howard "Bo" Callaway resigned as President Ford's campaign manager Tuesday in the face of charges he misused public office and a saddened Ford named political counselor Rogers Morton to succeed "my friend Bo."

Ford called an unusually large group of reporters and cameramen into the Oval Office to announce the decision, looked Callaway in the eye and said, "I am absolutely sure Bo will be exonerated of all the allegations he used his official influence in a private business venture."

"I know very deeply that my friend Bo Callaway is an absolutely honest man," Ford said. Shaking Callaway's hand and then Morton's, the President added, "Congratulations to the new campaign chairman, and laughed.

"We'll do the best we can," said Morton, Ford's White House political adviser and a former Republican national chairman.

Callaway, temporarily relieved of duty when the allegations of the misuse of office became public March 19, told reporters later that "unfair" news coverage made it "as certain as Greek tragedy" he would have to resign pending completion of investigations.

MUSTANG DAILY'S POLY ROYAL EDITION

Mustang Daily's Poly Royal Paper will be coming out on April 22. The Paper will be 32 pages in length and will utilize the colors red and blue.

Ads will be positioned on a first come first serve basis and will be sold in increments of 1/16, 1/8, 1/32, and full pages.

Copy deadlines for all ads will be Wednesday, April 14th at 4 pm. Space reservations may be placed now.
