Student politics require a SACrifice

by GINA BERREYEA
Daily Dad Writer

This year, two representatives have resigned—one, for reasons of school work pressure, and the other never took office—according to ASI President Ole Meland.

Chandler explained part of the reason for frustration among members is that the "big issue" of drawing up the ASI budget hasn't been done well, he commented.

After six months of operation, several members of SAC have named off the council accomplishments: revision of the skateboard ban from seven to five days a week, saving the concrete Poly "F", and approval of the refrigerator proposal. More proposals such as the alcohol issue, remain in planning stages.

This year SAC is operating under a new committee structure in which council members are divided and grouped into three committees—administrative, program and academic. This restructuring was a move by Davis to create a "more efficient" council. When a proposal is brought up at a council meeting, it is referred to one of three committees to be researched and evaluated, then reintroduced to the council.

Last year, according to Davis, when a proposal was suggested, a volunteer committee was formed, or issues were discussed just as they came up.

"The committee structure (this year) is a good idea," noted Chandler, "but I don't know that it functions as well as it might."

He explained that the council has to have some issues that require this sort of committee attention.

Richard Kranzdorf, academic senate representative who has been observing SAC for three years, noticed the council is "more low-keyed" this year as compared to last year.

"There is not much change in output...but the council is much less dynamic," he said.

Kranzdorf finds the problems in SAC lie in the structure of the student government.

"The way in which SAC is set up, with the veto powers which rest with the president (Kennedy), it's questionable how (Continued on page 4)
College is just an interim yet we have somehow made it our whole lives. It is incorporated in everything we do. When we live we are what we read, what clothes we wear and what jobs we eventually want to land. We have been living a transient life—just passing through and this reduction is upon one of us, that life is about to end.

No more neatly divided quarters. No more grades. (No more grades!) No more gray-haired little men bunched up in the dark corner telling you what you want to accomplish by the end of the quarter.

They know where you are sick. They know when you are late. They know if you are happy or distraught. Heaven, they will know it.

At school you could get lost in the sea of faces. Faces here, faces there. At noone when I walk from the clock tower to the Yankwich Plant I am surrounded by water after wave of people with their faces. They go, I look. They look, We all look, I look. It's as basic as Dick and Jane. There are girls giggling here, guys following there, a cough, a smile. Occasionally I might hear, "Hi, how ya doin'?" and I find myself answering, "Oh, how you goin'?" which is a reply and I am off to eat and drink.

Graduation is perking as you now and as it spins a quartet keeps crossing you face as you will be among the estimated 3,600 students graduating in June. Journalism student and will be among the also.

**EDITORIAL/OPINION**

Graduation: Are you ready

College is just an interim yet we have somehow made it our whole lives. It is incorporated in everything we do. When we live we are what we read, what clothes we wear and what jobs we eventually want to land. We have been living a transient life—just passing through and this reduction is upon one of us, that life is about to end.

No more neatly divided quarters. No more grades. (No more grades!) No more gray-haired little men bunched up in the dark corner telling you what you want to accomplish by the end of the quarter.

They know where you are sick. They know when you are late. They know if you are happy or distraught. Heaven, they will know it.

At school you could get lost in the sea of faces. Faces here, faces there. At noone when I walk from the clock tower to the Yankwich Plant I am surrounded by water after wave of people with their faces. They go, I look. They look, We all look, I look. It's as basic as Dick and Jane. There are girls giggling here, guys following there, a cough, a smile. Occasionally I might hear, "Hi, how ya doin'?" and I find myself answering, "Oh, how you goin'?" which is a reply and I am off to eat and drink.

Low clouds and fog along the coast this morning and night. Otherwise, fair. Lows will be in the low 70s. Winds will be 10 to 15 mph with gusts to 25 mph. The extended forecast calls for mild Tridor and Saturday.
Students: Forging to registration

by Jack Scherer

Many students feel that they are forging their advisor's signature on their registration packets to avoid unnecessary meetings. According to a number of students and faculty, this is a widespread practice.

A minority of students have taken the liberty of forging their advisor's signature on their registration packets.

The nester the signature, the easier the forgery. (Daily photo by Caron Galantieri)

Coast Guard's catch: Soviet trawler

ROSTON (AP) - The U.S. Coast Guard on Saturday seized a Soviet fishing vessel for alleged violations of fishing limits. The vessel, the Taras Shevchenko, was boarded by the Coast Guard cutter Reliance about 160 miles south-east of Nantucket.

The Coast Guard says it has found more than 100 instances of violations by Soviet vessels since March 1, but the vessels have not been given citations and warnings.

New England fishermen have accused the federal government of undue leniency, and President Carter said Sunday, "We just had to draw the line somewhere."

Thirteen arrests were made yesterday on federal charges of forgery. (Daily photo by Caron Galantieri)

Dairymen call for price increase

SACRAMENTO (AP) -- California's dairymen, citing spiraling, drought-pressured costs of feed for their cows, have been enough.

Milk producers then testified in defense of the request, citing spiraling, drought-pressured costs of feed for their cows. They also said a two-cent hike in December had not been enough.

Jay Goddard of the California League of Milk Producers said California has the lowest retail milk prices in the nation. He added that drought relief measures were not tailored to help dairymen. The price of a half gallon of milk in California now varies from about 65 to 70 cents.

Other dairy officials noted the Carter administration's push for increased summertime driving to help dairymen.

From an economic point of view, the 55 mph law is more beneficial than most motorists realize:

Regular motorists on California's freeways are accustomed to signs reminding them of the 55 miles per hour speed limit. However, the traffic flow seems to be moving anywhere from 65 to 70 mph.

Whatever the reason, the California Highway Patrol is concerned about the speeding trend and is planning a full month of media exposure to self-drive to slow down.

The message has been clear: "55 MPH Awareness Month," and representatives of the CHP will meet the public face-to-face everywhere. They will explain the importance of driving under 55 mph.

"San Luis Obispo County will have its own campaign urging drivers to take it easy on the exasperator."

Joe Humphrey, a traffic officer with the County's CHP, is director for the local campaign. Humphrey said increased summertime driving prompted the speed limit campaign.

"The CHP picked May as an ideal time because it's just before the summer influx of drivers from all over the United States. We hope to make a big impact on the California driver before he takes off on vacation," Humphrey said.

The media push in the counties will include public-service announcements on local radio stations and possible air time on KSBY-TV. Humphrey plans to give short talks on service clubs, schools and other interested organizations throughout the county.

Safety and economy are the two factors Humphrey is stressing in the county campaign. Constantly patrolling the highways throughout the county only reaffirms Humphrey's own belief in the 55 mph law he said.

"You go to accidents all the time, and you see the victims suffering," said Humphrey. "I know that if the public follows the law, these accidents can decrease.

From an economic point of view, the 55 mph law is more beneficial than most motorists realize:

According to statistics compiled by the CHP, if everyone went 55 or under, the average use per gallon of gasoline in California would increase from 12.3 to 14.0, resulting in a one month saving of 11,800,000 gallons.

Public and newspaper polls indicate the majority of California drivers are in favor of the law. Humphrey, who is one of the most charitable commanders, is a driver exceeding the speed limit who disagrees with the law.

"If the driver is in a negative, non-receptive mood, I won't give him a lecture," said Humphrey. "If I just pull a driver over for a warning, I'll try to impress the motorist with the advantages of going 55."
Poly nine finds out what losing is as they drop two

**SPORTS**

By CORY BRITTON Daily Staff Writer

Winning is easy to take, but how about losing?

The Cal Poly baseball team received some experience in the latter during the past week as they dropped two out of three games. The Mustangs lost to Fresno State 8-4 Wednesday and split a doubleheader with Cal State Northridge Saturday 7-2 and 4-3.

Paul Dejailas hit his sixth home run of the season against the Bulldogs in the first inning to score himself and Erik Peterson, who had earlier singled. Fresno scored two runs in the first, three in the second, two in the fifth and one in the sixth.

The Mustangs scored single runs in the second and fourth innings. Tom Byers scored both the third and fourth runs for the Mustangs.

In the second, Bayers doubled and scored on a single by Oscar Smith. Byers singled in the fourth, second, and went to third on a wild pitch. Peterson singled to count Byers to end the inning.

**The Mustangs lost to Fresno State 8-4 and split a doubleheader with Cal State Northridge 7-2 and 4-3.**

Cal Poly added two runs in the third and fifth inning and one in the sixth to pad their lead.

Northridge added one more run in the sixth inning as Roger Franco singled, Al Delgado sacrificed him to second, and Gary Wilburn scored on a triple to score Franco.

The Mustangs should have saved some of their runs for the second game, as they came out one run short, losing 6-3.

Cal Poly scored the game as they do much of the time, scoring in the first inning. Felig and Byers singled, followed by a walk to Cans to load the bases. Dejailas flared to center to score Felig. Northridge struck for four runs in the ninth inning off losing pitcher Doug 'Brien (5-7).

Jeff Gilbert opened with a walk, followed by a single by Scott Willis. Greg Lee doubled to count Willis and a sacrifice fly off the bases.

In the first game of Saturday's doubleheader, Northridge struck first with two singles, a walk and a sacrifice fly.

The Mustangs came back in the second, third, and fourth runs for the Mustangs.

Gary Wilburn gave Cal Poly a 3-1 lead in the top half of the sixth inning with a double to score Willis and Lee, making the score 3-1. Steve Stahl followed with a double to score Caven, and ended their scoring with a 4-1 lead.

**Demonstrating Winning FORM is Cal Poly's Dave Penicillo. Penicillo is just one of the many pitchers helping the Mustangs maintain their number one image. (Daily photo by Dennis Sears)***

Bernyss and Kent Aden were right out of the 3-3 Northridge duos, 3-4, 7-6, and 7-4.

Penicillo took in disappointments out of under an unsuspecting Highlander squad, including every singles match. The only loser in the 3-1 thrashing were Craig Parson and Van Seigle as they were defeated in the first set of the match.

The Mustang's next victims were the Northridge State Matadors. After Northridge took three out of the first four, Poly got down to work and went undefeated in the next five matches to win.

It was then Cal State LA's turn to face the wrath of the Mustangs. Kids lost by the hundreds and powder was thrown everywhere.

The Mustangs were edged by the Stanford Cardinals Thursday, 15-11, 15-12, 15-16, and 15-16. It was the seventh win in a row for Stanfords against Poly this season.

In the opening night match, Coach Ken Preston's squad came back on the next night to defeat the UC Berkeley Bears 15-10, 15-8, and 15-13. The Mustangs managed to put in 20 kills apiece for the Bears over the weekend, but sprang back to overtake their second opponent.

The Mustangs were edged by the Stanford Cardinals Thursday, 15-11, 15-12, 15-16, and 15-16. It was the seventh win in a row for Stanfords against Poly this season.

The Mustangs won two out of three matches, Jasper Van Seigle and Tam Falkhead both beat their opponents in the singles and Ken Penn and Jim Holdt teamed up to win the doubles.

**Tennis**

Going into the California Collegiate Athletic Association round robin tournament held over the weekend, Coach Peer Lamberti felt that only one team could defeat Cal State Bakersfield. As it turned out, Lamberti was right. Our four matches the Roadrunners were the only team that could best the Mustangs.

After Bakersfield edged Poly, 6-4, the Mustangs on a war as they soundly defeated their opponents in the next three matches. Lamberti's crew racked up 20 points in route to a victory.

The downfall of the Mustangs of the Bakersfield meet was the singles competition. The top four Poly seeds lost their matches to their Roadrunner counterparts. And Chalier Garing desperately fought back during the next three matches. Jasper Van Seigle and Tim Falkhead both beat their opponents in the singles and Ken Penn and Jim Holdt teamed up to win the opening doubles.

Hopes for a come-from-behind win were soon shattered when Ron

White House rolls through Easter

WASHINGTON (AP)—Kids screamed, bashed doors, and parents bared. Even granddaughters, like Jimmy Carter, who housed grandson Jason on his shoulders.

That was the White House Easter egg roll Monday.

"Nobody roll an egg," commanded the leader of the Western world. Daughter Amy tried. Grabbing a scrambled egg, she dropped it. On Monday, Amy's push-in of the President. The Rolling Ox rolled over the crowd sheadling into the White House lawn. Parents came to watch their kids, and American youngsters tumbled eggs, laughed, and laughed some more.

The seventh inning saw the Mustangs get another solo home run as Tom Mosch blistered one out to make the score stand at 4-3.

Women's softball team begins season on losing note

by CORBY BRITTON
Daily Staff Writer

The women's softball season has gotten underway, with Mustangs scored as five games were played in five days.

Cal Poly split a doubleheader with UC Santa Barbara Friday. During the first game, 5-2, in six innings, and winning 13-5. Friday afternoon, the Mustangs outscored the Gauchos in the first inning, 5-3, with the second game getting rained out.

Saturd...
FCC gains time

WASHINGTON (AP)—The U.S. Court of Appeals on Monday allowed the Federal Communications Commission more time to act on a court-ordered ruling to break up joint ownerships of newspapers and broadcast stations in the same city.

Glomar Explorer

WASHINGTON (AP)—It is economically feasible to convert the once-secret CIA vessel Glomar Explorer into a scientific deep sea drilling ship, says a study released Monday.

The $75,000 study sponsored by the National Science Foundation says the vessel, built to scoop up a sunken Soviet submarine, could drill deeper into the ocean bottom than any other ship.

Flower show entries

Everyone with a green thumb and some fabulous flowers is welcome to enter the 1977 Poly Royal Flower Show at Cal Poly.

The show, which will be held Friday and Saturday April 22 and 23, is sponsored by the Ornamental Horticulture Department. Further information can be obtained by telephoning the O.H. Department at 546-2279.

Sports car autocross

The Cal Poly Sports Car Club is holding an autocross—"Spring Frisbee Fling" sponsored by the Intramural Department. Sign-ups and information is available at the Intramural Office in the main Gym. The event will be held on Sunday, April 2.

Luncheon

A luncheon sponsored by the Ladies Luncheon League will be held at 11:45 a.m. on Saturday, April 16 in Chumash Auditorium. The luncheon will include new menu ideas, recipes, shopping tips and many door prizes along with a three-course meal.

Tickets are available for $1.50 and may be purchased through Mary Lou Visocky at 544-1426 or Lynne Reamy at 489-4600. Everyone is welcome.

Bargain book sale

A Bargain Book Sale, sponsored by the Society for the Advancement of Management (SAM), will be held from 9 a.m. to 6 p.m. on Monday and Tuesday, April 18 and 19, in the business building lobby. The books are in excellent condition; many are new. Subjects include economics and labor relations. Prices range from $1 to $2.

Moonies win reprieve

SAN FRANCISCO (AP)—An appeals court today temporarily overturned conservatorship orders that had given parents of five young members of the Unification Church the right to try to "deprogram" their children.

"This means the young adults can go wherever they want to and do whatever they want," said Ralph Baker, a church attorney, after the proceedings.

When do you say Budweiser?

- When I think about pizza.
- When my wallet says I can't afford pizza.
- When the delivery guy leaves three large pizzas (with everything) at my door by mistake.

Spring frisbee fling

A "Spring Frisbee Fling" sponsored by the Intramural Department will be held on Sunday, April 17 beginning at 11 a.m. in the Mustang Stadium. Individual events will include distance, accuracy, frisbee golf and non-competitive activities.

CAHPER recreation night

Recreation night, for CAHPER members only, will be held from 7:30 to 10 p.m. on Thursday, April 7. Events will include basketball, volleyball, badminton, and ping pong.

The event will be held in the Main Gym. Admission is free.

When do you say Budweiser?
