Politics spur new look at elections

As ASI elections come around again with questions and propaganda, I repeatedly hear of the candidates' promises, just to find out what it does. The purpose is to do a better job of the student government, just to find out what it does. The candidates for ASI President are impressive in their ideas. The two main candidates, ASI Vice-President Larry Sutton and ASI Vice-President Bob Hugos, are both good candidates. Larry Sutton is a senior in economics and has been active in the ASI for the past three years. Bob Hugos is a junior in psychology and has been active in the ASI for the past two years.

The elections for ASI President are on Tuesday, April 27, 1976. The elections will be held on the SAC campus, near the Student Center. The polling places will be located in the Student Center and in the SAC. Voting will be open from 8:00 a.m. to 8:00 p.m. on the day of the election. The candidates will be available to answer questions from the students and to debate their platforms. The debate will be held in the SAC on Monday, April 26, 1976. The debate will start at 7:00 p.m. and will last for two hours. The candidates will be available to answer questions from the students and to debate their platforms.

Homecoming events face cancellations

"The students involved in putting off the majority of activities are students for the rest of their lives," said President Paul Curtis. "About 50 students were in attendance at the last Senate meeting. The Finance Committee voted to cut back on the program until the problems are solved."
