Poly Iranians keep low profile

Iranian students at Cal Poly are trying to maintain a low profile until the furor over the American embassy seizure in Tehran dies down.

"We are students. We can't solve the crisis of Iran," said Parviz Boozarpour, outgoing president of the Iranian Students Association. At an emergency meeting Nov. 7, members of the Iranian Students Association backed the seizure of 60 American embassies in Tehran. But they are reluctant to voice their support too loudly because of growing anti-Iranian sentiments.

"We're in a foreign country. We never forget that," Boozarpour said. "Right now I'm confused. I just want to go easy on it until they end up with a conclusion."

Americans do not understand the intense hatred Iranians feel toward the shah, Boozarpour said. He compared Iranians' anger at the shah, to a "wound" that is not "healed or buried.

"We're in a spot. It's a tough junction with a resolution of the Iranian Students Association. The statewide Academic Senate will vote on that resolution Thursday.

The vote was taken in conjunction with a resolution of the CSUC Academic Senate recommending that students not be permitted to sit on retention, promotion and tenure (RPT) committees. The statewide Academic Senate will vote on that resolution Thursday.

The Cal Poly Academic Senate's decision to support the statewide resolution would be submitted to the CSUC Senate by Joe Weatherby, who is one of three Cal Poly representatives to that statewide board.

The resolution represents a bold move by CSUC facilities members because the Chancellor, key legislators and student officers all support the addition of students to RPT committees. The Academic Senate recommended that students not be permitted to sit on retention, promotion and tenure (RPT) committees.

The statewide Academic Senate will vote on that resolution Thursday.

The vote was taken in conjunction with a resolution of the CSUC Academic Senate recommending that students not be permitted to sit on retention, promotion and tenure (RPT) committees. The statewide Academic Senate will vote on that resolution Thursday.

The Academic Senate voted Tuesday not to support the addition of students to personnel committees involving retention, promotion and tenure of faculty members.

A proposal by Director of Admission Gerald Holley to shorten the drop period from three to two weeks has drawn criticism from some students. In particular, ASI officials have expressed disapproval of the plan.

Jeff Land, ASI vice president, said he shared the time in which students may decide whether to drop a class would not be fair to them. Students cannot determine in just two weeks whether a class is too difficult for them.

With Holley, ASI internal affairs advisor, said it is important to students trying to decide whether to keep a class to get one team back in that class. Then they have some idea how they will do in the class, Huff said.

It is true there would be difficulties for students due to shortened drop periods each quarter. But disadvantages to all students due to shortened drop periods each quarter is not as great as any necessity for students to be shortened. It means there may be fewer used. In addition, if classes can be filled, faculty allocations may be more efficiently managed and class sizes will be smaller, he said.

It is true there would be difficulties for many students would unwillingly accept class, which may be uncomfortable. It may be even found that just talking to professors after the second or third class session will reveal much about the class professor's teaching methods.

With a two-week drop period, less time will be lost for professors and students. Currently, students waste their time as well as that of professors and other students when they remain on a class list for three weeks. It is difficult to get students on the road when professors do not know what the membership will be. This is particularly true in classes which require group projects.

Even students who are sure they must have three weeks in which to make up their minds would probably be surprised at how quickly they adjust to a two-week drop period. They might find rather than restrict their "choice" of classes, the change in drop policy would help them become more efficient in decision making. As long as most students would learn to use, they are not reducible.

Holley's recommendation towards the two-week drop to two weeks would be supported by students and faculty. While there are disadvantages to the plan, they can be. And the benefits for students who need to add classes, particularly those who must get classes required to graduate, outweigh any inconvenience caused by the plan. It may be in the interest of students to adjust their choice of classes to add.

ASI Internal Affairs Assistant Huff said ASI opposed the shorter drop period because "that restricts students' choice is wrong." By that philosophy ASI should support the two-week period because it will expand students' choice of classes to add.

Author Greg Comings is a senior journalism major and Mustang Daily Editorial Assistant. Students who need to drop on deciding a class would not be without recourse under a shorter drop period. They could exercise initiative and talk to other students about a particular class and professor to get an impression. It may even be found that just talking to professors after the second or third class session will reveal much about what the professor is like and what the class entails.

Students merge to fight tuition

BY ANDREW JOWERS
Daily Stall

In order to combat the possible future threat of tuition, two student representative lobby groups have joined the California Coalition of Tuition-Free Higher Education.

The coalition is sponsored by the University of California and the California State Student Association, which represents the 310,000 students in the California State University and Colleges system.

The coalition will allow

American dream text of lecture

Dr. Raghaven Iyer, professor of political science at University of California Santa Barbara, will speak on "The Unfinished American Dream" Thursday, Nov. 15 at 11 a.m. in University Union 220.

Iyer will discuss how the "American Dream" has changed and how it might be contested. The talk will center around a proposed made in 1888 by Edward Bellamy for a guaranteed annual income.

Iyer's speech will be the last of the Humanities series of programs on the Easton campus. Issues raised in Iyer's speech will continue Thursday at 7:30 p.m. at the Discover Motor Inn.

Panelists from Cal Poly and the community will present critiques of Iyer's thesis to which he will respond. Participation from the audience will be encouraged as well.

Iyer was educated at the University of Bombay and Oxford University. He was a Rhodes Scholar and president of the Oxford Union. Iyer taught political philosophy at Oxford for four years, received a doctorate from Oxford and was a philosophy professor at the universities of Ghana, Oslo and Chicago.

"United student front" against tuition-related bills introduced into the state Legislature. But more importantly for CSSA, representatives from student governments at all 19 CSUC campuses will select new members for the coalition.

Student representatives from groups and community organizations will be asked to sign the "Coalition's Statement Against Tuition." Hours will be signed the signatures, possibly representing hundreds of thousands of votes, could sway the mind of an undecided legislator faced with a tuition bill. The CSSA has had 300 members in the coalition by Dec. 15.

William Hamm, legislative analyst for the Sacramento Bee, wrote recently that the plug for higher educational effects of Proposition 13 have not yet been felt. Hamm said the budget cuts of most budget cuts have been absorbed by excess transfer monies, but now these reserves are dried out and additional cuts will be made.

A tight money supply might prompt the introduction of tuition bill in the hope the revenue would ease a fiscal crisis, said Larry Robinson, lobbyist for CSSA. He said a tuition bill, approved by the New York Legislature, had a "devastating" effect on education in that state, and resulted in a 20 to 25 percent drop in enrollment.

A recent draft study by the California Postsecondary Education Commission found that for an increase in student fees of $100 per year, the CSUC would lose 8,000 students. The CSSA has claimed that said Richardson contain a disproportionate number of ethnic minorities, women and poor, and that gains for these groups in accessibility or higher education would be reversed.

The CSSA also claimed that tuition-free education has "greatly benefited the citizenry of California and

strengthened the economic, social and cultural fiber of the state." Fiscal concerns should mean the re-analysis of priorities, ... and not tuition.

In the first step toward forming the coalition, the CSSA formed a board of directors. The board membership include: President Pro Tempore of the State Senate James Miltz; State Assembly Minority Leader Carol Hailey; Secretary of State March Fong Eu; Assembly Majority Leader Howard Berman; and State Controller Kenneth Cory.

We're proud to have a board of directors which reflects such diverse views," said CSSA Legislative Director Steven Glazer.

Glazer is executive director of the coalition of Dave Shontz, UC student lobby coordinator.
An earthquake in Iran kills 500

(AP)—A strong earthquake flattened at least 14 villages in northeast Iran early Wednesday, killing at least 500 people and making rescue workers said. Scores were reported injured in the quake that Ayatollah Khomeini, the nation's revolutionary leader, called "tragic and frightening."

Southeast in the holy city of Mashhad said bodies were still being dug out by troops rushed to the wide area of destruction. Hundred to poor peasants were said to be homeless.

"It is possible the death toll will exceed 1,000," said Mohammed Ali Shirazi, reached by telephone from Nicosia, Cyprus.

Shirazi, son of Ayatollah Ali Shirazi, Mashhad's religious leader, said the quake struck before dawn local time, crumbling dwellings on top of thousands of sleeping

The tremor was felt in Mashhad, 500 miles east of Tehran, but none of the famous domes mosques, tall minarets or other buildings in the holy city suffered any damage, Shirazi said.

The quake measured 6.7 on the Richter scale, the U.S. Geological Survey in Denver reported, but Tehran, Radio, said the quake's magnitude a 5.6. Tehran Radio said the quake shook a wide area of the province from Tabas, 150 miles south of Mashhad, to the border with Afghanistan.

The official Iranian Press news agency said the epicenter of the quake was 150 miles south of Mashhad in mountain country near Qom, about 60 miles west of the border with Afghanistan.

The Cabinet decision to expel the Arab mayor of Nablus, who Wednesday reaffirmed its decision to expel the Arab mayor of Nablus, who authorities claim is sympathetic to PLO terrorism.

The Israeli government's military government had resigned.

By the end of the day, a spokesman for the West Bank's 23 towns mayor of Nablus, who said, all the elected officials resigned.

The Israeli government military government had resigned.

The 2-1 ruling by a U.S. Court of Appeals panel affirmed the decision of a U.S. District Court jury that found D Iggs, D-Mich., guilty of 11 counts of mail fraud and 18 counts of making false statements to a government agency.

Resume due

Monday, Nov. 19 is the last day for engineering students to submit resumes for publication in a book. Information about the project is available by calling Hank Serat at 544-7863.

Badminton

Cal Poly students, faculty and others eligible for intramural competition may sign up for a mixed doubles badminton tournament to be held Sunday, Nov. 18 in the Main Gym. Sign-ups are being taken at the intramurals office in the gym. The fee is $1 per team.

Poly play

Our Town, a play by Thornton Wilder, will be presented by Cal Poly students today, Friday and Saturday, Nov. 15, 16 and 17 at 8 p.m. in the Cal Poly Theatre. Tickets are $2.

Carwash

The Pilipino Cultural Exchange is having a carwash Saturday, Nov. 17 from 10 a.m. to 4 p.m. at the University Exxon station, corner of Taft and University. The cost per car is $1.50.

Tay-Sachs

Student Community Services needs volunteers for its annual Tay-Sachs disease prevention program. An organizational meeting for the program will be held today at 11 a.m. in UIU 103. Tay-Sachs is a hereditary disease which kills children. For more information call 546-1393 or ask about the program in the Student Community Services office in UIU 103.

Fuel speech

"Fuels and Engines, 1985 and Beyond" will be the topic of a speech by R.W. Hurn today at 11 a.m. in Graphics Arts Room 104.

Christian lecture

A Christian Science lecture entitled "The Three Great Christian Demands" will be given by Beverly Bevis Hawks on Thursday, Nov. 15 at 11 a.m. in Chumash Auditorium.

Nuclear talk

A discussion on "Nuclear Challenge to the Christian Conscience" will be held by the interfaith study group " Swords Into Plowshares" today at 7:30 p.m. at the Old Mission Youth Center.

Sorority event

Gamma Phi Beta sorority is having a stomp-a-thon on Saturday, Nov. 17 at 9 p.m. to raise funds for Chris Jepsen's School special education and for the sorority.

Italian dinner

Sierra Madre is holding a catered Italian dinner from 5 to 7 p.m. Sunday, Nov. 18 in the "Sierra Madre" lobby.

Sidelined, Jackson said he is

glad to see his illness come
to an end.

Injured early in the third
game of the season, Jackson
had previously carried the
football 60 times, for 317
yards. He had already scored
50 points and was on pace
with a 1,000 yard season
when he strained the
ligaments in his ankle.

Dickens, Jackson said, “It
didn’t feel good. I knew he had
the potential to do things like
that.”

Dickens seasonal per­formance
put him 208 yards
short of Poly’s single season
rushing record of 124 yards.
Jackson said he’d like to help
Dickens break the record.

As the 6 foot, 200 pound
running back Jackson
carried the ball three times
in the game of the season, Jackson
for four weeks until
 absent.
Jackson, Paul Dickens,'backs together again

During those four weeks,
Jackson watched from the
sidelines as Paul Dickens
replaced him at the tailback

position. Dickens
subsequently has rushed for
over 1,000 yards and has
been named the player of the
two games.  Against
Portland State, Dickens fell
three yards short of
Jackson’s single game
rushing record of 207 yards
and tied Jackson’s scoring
record with 24 points in the
game.

Sidelined for the first time
in his football career, Jackson,
said, “It didn’t feel
too good. I spent most of my
time on the sidelines talking
with Paul (Dickens).”

As the 6 foot, 200 pound
running back watched
Dickens challenge his own
marks, Jackson said, “I felt
good. I knew he had the
potential to do things like
that.”

Offensive backfield coach,
Dave Green, says Dickens
and the rest of the backfield
have now established
themselves and will continue
to see playing time with the
return of Jackson.

Last week, Jackson
rushed for 133 yards on 18
carries against Cal Poly
Pomona. Dickens rushed for
113 yards.

Glad to be teamed with
Dickens, Jackson said, “I
feel good with him next to me
because everything isn’t on
me like it was last year.”

Dickens seasonal
performance puts him 208 yards
short of Poly’s single season
rushing record of 124 yards.
Dickens said he’d like to help
Dickens break the record.

“If it’s my block that gets
it for him that makes me
all the happier.”

Although Jackson felt the
1978 season was an ad­

justment year for him, he
finished fifth in the nation in
rushing with 1,131 yards on
208 carries. He also ran the
 Mustanga to its first

playoff berth since 1972.

Although Jackson was
missed nearly half of the
season this year, he still set
his goals for Poly;

rushing record.

Poly matmen twist with Arizona

Cal Poly's wrestling team opened the 1979-80 season against an opponent it could not have last year—Phoenix Sun Devils—tonight at 6 p.m. in Cal Poly's Main Gym.

Last year's editions of the Sun Devils, which finished fifth in the NCAA Division I championships after a strong second-place showing in the Pacific 10 finals, defeated Coach Vaghan Fisher's Mustangs twice by scores of 20-13 and 21-13.

Sun Devils All-Americans include 134-pounder Joe Fisher (fourth in 1979 NCAA's), 142-pounder Bill Crispis (seventh in 1979 NCAA's) and 175-pounder Dave Severn (fifth in 1979 NCAA's). Another returning All-American, 118-pounder Randy Hoffman (seventh in 1979 NCAA's) has been sidelined because of a meniscus injury.

Junior AAU world champions Dan Severn returns from a redshirt year at 190 pounds and figures to bolster the Sun Devils, who were 9-3 in dual meets a year ago.

While Arizona State returns nine of 10 starters, Cal Poly has nine returning starters of its own, although only seven or eight will see action tonight.

Tom Monti, a two year starter at 134 pounds, will give way to junior Chris Cain, who compiled a 7-1 record and two state titles while at Palomar Junior College the last two years. Cain beat Monti in last week's intragym meet, 7-4.

Following tonight's dual meet, Cal Poly is entered in the Boise State Invitational on Friday and Saturday, and returns home Sunday to host Cal State Fullerton at 2 p.m. Hitchcock's 125-0-1 record against California college foes over the last 17 years will be on the line.
Men, women singers debut in Glee Club concert

BY CINDY HUANG

A new Glee Club director guides chorus of 70 men's and women's voices in Chumash Auditorium Sunday when the group debuts in their first concert of the year.

The combined Men's and Women's Glee Clubs have been practicing for their concert since September, said director James Dearing. Dearing is new as director this year.

"This is like a pre-Christmas concert," said Dearing. "We will perform a variety of music, from 1450 to the current time."

This is the first time the Glee Clubs have performed in November, said Dearing. In the past, the groups performed in January and in April for their big event, Homecoming.

Dearing added a November performance to expose his students to more singing experiences. He said he hopes to add more performances next year so there will be a subscription series of five concerts.

Tickets for the concert can be purchased for $2 for the general public and $1.50 for students at the ASI ticket office. The concert will be begin at 3 p.m. on November 18. Dearing said he expects 800 people to attend the performance and fill up Chumash Auditorium.

A newly purchased $12,000 Positiv organ will be played for the first time in the concert. Dearing said the organ is an exact replica of the type of organ used in 1600.

"It's a very delicate instrument and goes especially nice with voices," he said. "The quality of the tone blends in with men's and women's voices without being intrusive."

The men's and women's groups will sing some pieces separately and later join together for other numbers, Dearing said.

Twelve songs will be performed including some Renaissance music composed in South America, French and German carols, and Avance Cardi music sung in Dutch by the Women's Glee Club. Eleven members of the University Symphonic Band will form a chamber ensemble and perform with the men's Glee Club for one piece.

The Glee Clubs received personal invitations from the University of Guayaquil in Peru to represent the United States in a world-wide concert this year. Dearing said the groups were asked to participate in Ecuador's International Choral Festival in October, but couldn't afford the travel expenses.

The Glee Clubs receive money from ASI for travel expenses for touring California, and also have income from ticket sales. Dearing said he hopes to raise enough money in the future to attend the International Choral Festival in October, 1981.

Auditions for the Glee clubs are held during the first week of school. Dearing will be holding another audition during the first week of Winter quarter to fill the vacancies from some members who will be graduating.

Raytheon... Santa Barbara

Raytheon, a leader in advanced electronic systems with sales exceeding 3.2 billion dollars and over 63,000 employees worldwide, offers the technical challenges of tomorrow... today.

Our dynamic technical and manufacturing environments provide for the anticipation of each new day when individual professional excellence, dedication, talent and leadership are highly visible and personal achievements can reach new levels of recognition.

If You Are Interested in a 6 Month Co-op educational assistance and are majoring in IE, IT, or EE, then

RAYTHEON SANTA BARBARA has challenging career opportunities for you!

Opportunities available in:

• INDUSTRIAL ENGINEERING
  Determine and develop methods processes and procedures.
  You will get the practical experience of seeing your work implemented in a Production environment.

• PRODUCTION CONTROL PLANNING
  Review, plan and prepare detailed production schedules for efficient utilization of manpower, equipment and facilities.

• MATERIAL ANALYSIS
  Perform detailed analysis of manufacturing schedules, and identify problems in electromechanical assembly and fabrication.

• FINANCIAL ANALYSIS
  Scheduling Financial planning, budgeting, controlling and reporting for major programs within the Manufacturing operation.

• QUALITY CONTROL ENGINEERING
  Establish and maintain Quality Control procedures. Support In-Process Inspection, and troubleshoot problem areas.
  Directly responsible for maintenance of Quality Production, and hands-on support to Assembly.

WE OFFER:

Individualized programs developed to give you a multi-faceted view of our Manufacturing operations; The potential for professional growth; Attractive location, salary, and benefits; Opportunity for continued education.

Or send resume to:
Employment College Relations
830 Hollister Ave. Dept. X1
Goleta, CA 93017
Equal opportunity employer M/F

Raytheon will be interviewing on campus on November 15.
