Andrews receives resolution for a job well done

by Gail Pellerin
Managing Editor

What could be better than money? Dr. Dale W. Andrews, who retired this week as executive vice president of the university, has something that qualifies.

Last week, ASI President Jeffrey Sanders presented Andrews with a resolution on behalf of the ASI commemorating him for his outstanding service to Cal Poly.

Tuesday marked 33 years, four months and five days. Andrews provided the precise calculations, of dedicated service to Cal Poly; however, it did not mark the end of Andrews’ support and participation in university programs.

Recently, he has been appointed by President Warren J. Baker as a planned giving volunteer at Cal Poly. Andrews also plans to be active in the Retired Faculty/Staff Club.

The resolution reads:

"What could be better than money? Dr. Dale W. Andrews, who retired this week as executive vice president of the university, has something that qualifies.

Last week, ASI President Jeffrey Sanders presented Andrews with a resolution on behalf of the ASI commemorating him for his outstanding service to Cal Poly.

Tuesday marked 33 years, four months and five days. Andrews provided the precise calculations, of dedicated service to Cal Poly; however, it did not mark the end of Andrews’ support and participation in university programs.

Recently, he has been appointed by President Warren J. Baker as a planned giving volunteer at Cal Poly. Andrews also plans to be active in the Retired Faculty/Staff Club.

The resolution reads:

"I assume the budget will be in place before we have to process the July paychecks," he said. Processing takes about one week. Of the more immediate problem concerning the inability to purchase minor repair parts.

"Another situation that could become somewhat critical is the inability to purchase minor repair parts. We are getting requests from departments for supply items which we can't purchase at the moment," he said. This interferes with programs in the technical majors.

Andrews explained that about 85 percent of the university budget involves people, and about 15 percent involves supplies, services and equipment. So even though the inability to purchase supplies causes a more immediate problem, the more critical problem will come at the end of July when the majority of expenditures come due, namely salaries.

"I assume the budget will be in place before we have to process the July paychecks," he said. Processing takes about one week. Of the more immediate problem concerning the inability to purchase minor repair parts.

After years of service, Andrews retires, to pursue volunteer work

From page 1

"It's great not having to work for a living anymore," Andrews said of his retirement. "I can do what I want, when I want."

Among the things Andrews wants to do are to continue his community involvement as a volunteer at Cal Poly,uesta and Hospice. Since he will be doing a lot of volunteer work, Andrews said he may need to purchase a bumper sticker that reads "Volunteers go to heaven."

"Retirement will also leave the wife and I more time for singing and dancing," Andrews said in anticipation.

Andrews was born in San Bernardino and was raised in Downey. He earned an undergraduate degree from the University of California at Davis and then entered the U.S. Marine Corps where he attained the rank of major. Following his service, he resumed his education and earned a master's degree in education from Cal Poly.

In 1965, he was awarded a Ph.D. from the University of Minnesota.

Andrews worked as director of agriculture and supervising teacher for Merced Union High School and Arroyo Grande High School before he came to Cal Poly.

Affiliations and activities outside the university have included membership on the board of directors of the Associated Western Universities, Inc., and president of the board of education for the Monterey Diocese Schools. He has served as a member of the agriculture committee of the California State Chamber of Commerce and is an honorary member in 'Alpha Zeta, the honorary agriculture fraternity. He has also served as president of the California Agriculture Teachers Association.

In addition, Andrews has co-authored a textbook in agriculture science as well as numerous filmstrips and other agriculture instructional materials.

As a member of the community, Andrews has served on the board of directors of the San Luis Obispo Chamber of Commerce and the Civic and Fine Arts Association.

"It's been a distinct honor and privilege to work at this institution," Andrews said in summing up his career. "Cal Poly, over the years, has had a real mission. There are dedicated people here to provide the best possible practical and useful education that they can.

Well, if it is true that volunteers go to heaven, then there's sure to be a place for Andrews there."

EXHIBITS

NOT REALLY
Cal Poly's University Union Gallery
The third installment of the San Luis Obispo County abstract and non-objective art exhibit, featuring 36 works from 20 artists, can be seen in the UU Gallery on campus. The exhibit, titled "Not Really", runs through July 31 and there is no charge for admission.

FILMS

ANATOMY OF A MURDER
Cambria Grammar School—July 9
The Cambria Cinema Club presents this long, but exciting courtroom drama starring James Stewart as the witty defense lawyer. Also stars Lee Remick and Ben Gazzara.

BLUE THUNDER
Fair Oaks Theatre, Bay Theatre, Plaza Twin Center
Roy Scheider is in a urban western about a helicopter flying cop chasing after a mean rival and getting embroiled in a complex political plot. (Rated R)

OCTOPUSSY
Madonna Plaza Theatre
Roger Moore (alias 007) is at it again, a little older, but not necessarily wiser, with model turned actress Mandi Adams as the villainess de rigueur. (Rated PG)

RETURN OF THE JEDI
Mann-Fremont Theatre
George Lucas's third installment in the Star Wars saga. Once more it's the familiar struggle between the evil empire and the good guys, Luke Skywalker et al. (Rated PG)

SPACEHUNTER
Plaza Twin Cinema
3-D Science fiction interplanetary hero and his sidekick. (Rated PG)

STROKER ACE
Sunset Drive-in
Hal Needham directs this Smokey and the Bandit type story with the usual car crashes, car chases and fat southern villains. Stars Burt Reynolds and Lori Anderson. (Rated PG)

SUPERMAN III
Madonna Plaza Theatre
Third installment of the man of steel (Christopher Reeve). This time he is paired with Richard Pryor and a new romantic interest, Lena Lang (Annette O'Toole). (Rated PG)

THE BEST LITTLE WHOREHOUSE IN TEXAS
Sunset Drive-in
Based on the long running Broadway musical which delighted out of towners. Features Dolly Parton as the rambunctious madam. (Rated R)

THE NIGHT OF THE SHOOTING STAR
Rainbow Theatre (July 6-11)
The Central Coast's premier of this highly acclaimed Italian film with subtitles. The plot revolves around the German invasion of Tuscan, Italy and studies Italian peasants caught in turmoil between the advancing Germans and American forces in Italy. (Rated R)

THE SURVIVORS

COOL JERK SOUL/DANCE CONCERT

SLO Veterans Hall

A soul dance concert featuring the Santa Cruz band Cool Jerks will be held at 9 p.m. Saturday, July 9, at the Vets Hall in San Luis Obispo. The nine-member band features a three-piece horn section, congas and keyboards. The Tim Jackson Band will open the Paradise Productions/KZ06-FM concert. Tickets are $7 in advance, available at Cheap Thrills and Blee Blee Record stores, and will be $1 higher at the door. A bar will be provided. Concertgoers must be 18 or older and present a valid ID.

**THEATER**

DESIGN FOR LIVING

SLO Little Theatre

"Design for Living" is Noel Coward's witty play about a woman who can't choose between two suitors. Performed by the San Luis Obispo Little Theatre, the production opens Thursday, July 7, with a special performance preview on July 8 and 10 and in Solvang's open-air Festival Theater on July 13 and 14. The show runs for the Pacific Conservatory of the Performing Arts, will open in the Marian Theater with low-priced previews on July 8 and 10 and in Solvang's open-air Festival Theater on July 13 and 14. The show will run in both theaters throughout the summer. "My Fair Lady" is one of eight plays being presented this summer in the John Baker German Band. Dancing starts at 8:30 p.m. Tickets are $7.50 and door prizes will be awarded.

Plaza provides spark for the 4th of July

San Luis Obispo celebrated Independence Day Monday in the Mission Plaza with a variety of activities. There were games of skill, such as ring toss, groups of musicians, belly dancers and numerous food booths. Craft booths, (44 in all), were set up along the streets of the Plaza. The artists displayed everything from batik wall hangings to spatter-painted T-shirts.

Disabled Community Services provided children with pony and donkey rides. Over 4,000 people attended this year’s Fourth of July celebration.

U.G.S. typesets resumes for low cost

by Nancy Stringer
Staff Writer

Probably one of the best kept secrets on campus is a resume typesetting service for students. The service, change is comparison to commercial shops, is offered through a student-run business called Special Publications, a division of the University Graphic Systems.

U.G.S. is also run by students and is supported by the Cal Poly Foundation, a nonprofit corporation that provides campus services not usually furnished by the state. U.G.S. offers complete printing services for the university, but the Special Publications division is geared its services to students.

Throughout the resume service has been operational since late winter quarter, very few students know it exists. Most of the business so far has been generated by word of mouth.

Assistant manager of Special Publications, Laura Baine, said the business also offers camera work, such as enlargement and reduction of art, and plans are being made to add personalized stationery to the growing list of available services by the end of summer quarter.

Baine, a senior in Graphic Communications, said customers have four resume formats to choose from and a wide array of typefaces that can be used.

The resulting professional-quality resume must be taken elsewhere for duplication, but she said the copy center in the University Union can do that for five cents a sheet.

Resume prices vary depending on the number of pages and whether or not the customer wants Special Publications to do the paste-up. For example, a one-page resume without paste-up is $17, and a two-page paste-up is $25.

Baine said customers with their own format ideas can be accommodated, but there is a $5 charge for changes from the standard format.

The UGS office is in room 211B in the Graphic Arts Building. Summer hours are 8 a.m. to 4 p.m. Monday through Thursday, and 8 a.m. to 12 noon on Friday.

Campers seeking some refuge causes some sparks

by David Klein

The Doll

What the route lacked in distance, it made up for in the form of a windy, narrow, potholed road. Another splash of reality, and no campsite. Seemed that friendly ranger had let everyone in on the secret of available spaces at Davy Brown, and had been doing so for several days.

By this time it was getting dark and my boyfriend was getting worried about bears. The only real bear he had to worry about was me: I hadn’t eaten since breakfast, and my temperament was beginning to resemble the noises in my stomach. Two hours and an apple later, we decided to “share” a site that, except for a pup tent, looked deserted.

Trying to get the tent up in the dark was an experience in itself. My boyfriend, the mechanical engineer, couldn’t have gotten that tent up if his life depended upon it. In fact, his life did depend on it, due to the vampire mosquitoes and my still-hungry stomach. Finally, the tent was up, my stomach was full, and I was ready for sleep. We made a trip to the pit toilets (where thoughts of too many horror movies filled my mind), then hit the hay. Or rocks, I should say. In our haste, we hadn’t picked the ideal site to pitch the tent.

The next morning, the owners of the pup tent showed up. Scattered up, really. The guy, wearing Foster Grants, a knife the size of a machete, and the “cool” of an East L.A. gang leader, introduced himself as “Okie” and asked if we smoked weed. Bob, I yelled at my boyfriend, who was off chasing a lizard, we’ve got company.

First impressions can be deceiving though. Okie turned out to be a “just” 21-year-old guy who had been everywhere and done everything from Montana to New Mexico and from the circus to a biker. His girlfriend was the 45-year-old mother of a 16-year-old boy who had recently been arrested. Who could have been more compatible than the four of us? Wait till I bring out the marshmallows at the campfire tonight, I thought.

Needless to say, we didn’t get eaten by the bears, shish-kabobed by Okie, or attacked in the toilet. Actually, the trip was very enjoyable—similar to arriving at your physics class to find you have a midterm and you haven’t bought the textbook yet.

We did get to camp though. And we are supposed to meet Okie and Kathy at Davy Brown next July fourth. Thank goodness I’m a senior.

Michelle Denise Fins is a senior journalism/political science major and a Mustang Daily staff writer.
