Cal Poly prepares for upcoming election of 1991-92 ASI officers

Next year's president, chairman of the board and director posts will be up for grabs on April 17 and 18. An open forum is set for April 16.

Geoff Seratti
Staff Writer

Spring has come again. The fields are green, flowers are blooming, and next year's ASI offices are up in the air.

ASI elections are just around the corner. The election takes place in two weeks, on April 17 and 18.

ASI Elections Committee Chairman Burnet Wohlford said ASI wants students to show up for the voting and the open forum for candidates. The open forum will be held Tuesday, April 16 in the U.U. at 11 a.m.

CSU board hires Texas businessman over Baker

Trustees pass up Poly president for Chancellor.

By William Douglass
Staff Writer

California State University trustees Thursday passed over Cal Poly President Warren Baker for appointment as chancellor of the 20-campus, 370,000-student system, and awarded the job to a Texas businessman.

Harry Munitz, 49, a former educator who is a Texas corporate executive, was named to head the California State University system. The CSU is the largest four-year university system in the United States.

The CSU Board of Trustees interviewed the three finalists for the chancellor position Thursday in Long Beach before selecting Munitz.

Three Cal Poly students organize Children's Day

Home economics seniors work with local organizations to plan seventh annual event.

By Amy Readon
Staff Writer

If you pass by Mission Plaza Saturday between 10 a.m. and 4 p.m. you will see singers, dancers, police cars, drums, animals, treasure chests, crafts, storytellers, games, balloons, parents and business owners. But mostly you will see a lot of excited kids.

Five Cal Poly seniors have been working for three quarters to put together the seventh annual Children's Day in the Plaza for their senior project. Children's Day is organized by human development seniors each year as a senior project.

"It's a day that's all for kids," said Sheri Wilson, chairperson of the San Luis Obispo County Commission on Children and Youth, the main sponsor of the event.

"Every year, the commission has sponsored the program to highlight children and the need to help and nurture them, and to provide fun things for them to do," Wilson said.

She said anyone in the community who is involved in children's issues may participate in the event.

Children's Day is the official kick-off for the national Week of the Child, which begins Saturday. More than 40 different booth sites will provide everything from entertainment to arts and crafts, as well as information on children's services, related legislative issues, fund-raising efforts and goods for sale.

At 10 a.m. San Luis Obispo County Supervisor David Blake will open the event by declaring April 6 this year's official Day of the Child.

The purpose of the day, said Bridget Buckley, one of the students involved in the project, is to create an awareness within the community of what services and opportunities are available for children and youth.

Human development senior Mary Kay Humble, who served as the project's treasurer, said she was amazed at everything the community has to offer children.

"I never realized that there was so much out there," Humble said. "They have protective services for children and people to help kids when they're in trouble.

SLO's Earth Day celebration kicks off events with Saturday sunrise ceremony

Michele Morris
Staff Writer

"Every day is still Earth Day" is the theme for this year's two-week Earth Day celebration that will begin Saturday.

The celebration will open with a sunrise ceremony April 6 beginning at 5:15 a.m. at Rancho El Chorro Environmental Center located on Highway 1, across from the north entrance to Cuesta College. People are asked to bring a nonperishable food item to donate to the residents of Big Mountain Indian Reservation.

Other events scheduled for Saturday include a Chumash storytelling at 10 a.m. at the Rancho El Chorro Environmental Center; an art show from 2:5 p.m. at Linnane's Cafe, 1110 Garden St.; and a panel discussion about native Americans and environmental issues of the Mother Earth organization from 7 p.m. to 9 p.m. at the Unitarian Universalist Meeting Hall, 223 Foothill Blvd.

Riteys Department Store on Higuera Street and the SLO City-County Library will host the Sunny Acres Museum Window Display from April 6-21.

Here are some of the key events for the first week of Earth Day activities:

Editor's Note: The following is a proclamation from President Bush announcing the National Days of Thanksgiving, April 5.

As the Psalmist wrote, "O give thanks to the Lord for He is gracious, for His mercy endures forever." Almighty God has answered the prayers of millions of people with the liberation of Kuwait and the end of offensive operations in the Persian Gulf region. As we prepare to welcome home our courageous service men and women and join in the joyful celebrations of the Kuwaiti people, it is that we give thanks to our heavenly father, our help and shield, for mercy and protection.

Asking Him to judge not our worthiness but our need and protection, and knowing that the Lord gives victory "not by might, nor by power," we pray for a swift and decisive victory and for the safety of our troops. Clearly, the United States and our coalition partners have been blessed with both. We thank the Lord for His favor, and we are profoundly grateful for the relatively low number of allied casualties, a fact described by the commanding general as "miraculous." Nevertheless, because such and every human life is precious, because the massive scale of Operation Desert Storm must never diminish the loss of even one service member, we also remember and pray for all those who made the ultimate sacrifice in this conflict. May the Lord welcome all who have fallen into the hands of the Lord it is to make great, and to give strength to those military personnel wounded in the line of duty.

As we unite in Thanksgiving to Almighty God, let us pray in a special way for the innocent men, women and children — wherever they may be — who have suffered as a result of the conflict in the Gulf. Recalling the words of President Wilson shortly after World War I, let us seek forgiveness for any "errors of act or purpose" and pray for God's help and guidance on the way that lies ahead. May the resolution of remaining questions and concerns, especially the return of all prisoners of war and the freeing of those who are detained, be as timely and as certain as this victory in battle.

Finally, seeing before us a promise of a safer, more peaceful world — one marked by respect for the rule of law — let us offer all these entreaties in a spirit of faith, humility and gratitude, seeking reconciliation with all peoples. In so doing, we recall the timeless prayer found in Scripture: "Thine, oh Lord, is the greatness, and the power, and the glory ... for all that is in the heaven and in the earth is Thine ... and Thou reignest over all ... in Thine hand it is to make great, and to give strength unto all. Now therefore, our God, we thank Thee and praise Thy glorious Name."

As the Psalmist wrote, "Come behold the works of the Lord ... He makes wars to cease to the end of the earth."

NOW, THEREFORE, I, GEORGE BUSH, President of the United States of America, do hereby proclaim April 5, 1991, as National Days of Thanksgiving. I ask that Americans gather in homes and places of worship to give thanks to Almighty God for the liberation of Kuwait, for the blessing of peace and liberty, for our troops, our families and our Nation. In addition, I direct that a flag of the United States be flown on all government buildings, I urge all Americans to display the flag and I ask that bells across the country be set ringing at 3 p.m. (Eastern Daylight Savings Time) on April 7, 1991, in celebration of the liberation of Kuwait and the end of hostilities in the Persian Gulf. IN WITNESS WHEREOF, I have hereunto, set my hands this seventh day of March, in the year of our Lord nineteen hundred and ninety-one, and the Independence of the United States of America the two hundred and fifteenth.

George Bush

Letter from President Bush declares National Days of Thanksgiving

Editor: Mustang Daily
Yeltsin gains powers to balance Gorbachev

MOSCOW (AP) — Russian leader Boris Yeltsin on Thursday won sweeping powers to rule by decree in the biggest Soviet republic, greatly increasing his ability to implement reforms and stand up to his rival, Mikhail Gorbachev.

The breakthrough on the eighth day of the stalemated Russian Congress of People's Deputies gave Yeltsin the means to try to override opposition in his own republic and face the Soviet president on a more equal footing.

"It will equalize their positions and will let them cooperate," said Alexander Butsko, leader of a newly formed group of Communist Party moderates who broke with hard-liners on Tuesday.

But Yeltsin was given no enforcement powers, such as a long-discussed Russian army, and there was no assurance local officials would obey his decrees.

U.N. awaits response to terms of cease-fire

UNITED NATIONS (AP) — U.N. diplomats say they've confident the burden of trade sanctions will compel Iraq to accept their tough cease-fire terms, and have turned to considering how to protect Iraq's rebellious minorities.

The resolution for permanent cease-fire in the Persian Gulf War, overwhelmingly approved by the council on Wednesday, is unique in U.N. history because the world body has never before had to impose terms on war.

Iraq's ambassador, Abdel Amir al-Anbari, called the resolution "unprecedented" and a violation of international law that would destabilize the region.

But he did not reject it.

He said a response would come in a few days from Saddam Hussein's government.

Task force to examine crime in universities

RICHMOND, Va. (AP) — Gov. L. Douglas Wilder says he is forming a task force to look into drug and crime problems on college campuses in the wake of a federal drug raid at the University of Virginia.

Wilder said he did not advocate drug testing of all students, but would not object if colleges wanted to test students.

"This will be one of the things the task force will be looking at," he said. "The question is that you're not running afoul of any constitutional guarantees."

Wilder told a meeting of state college and university presidents Tuesday that they have the authority to impose strict standards of conduct on their students.

Wilder called the meeting in response to a March 21 drug raid at the University of Virginia. Twelve students were arrested and three fraternity houses were seized by the federal government.

School alters deadline to reduce enrollment

SAN JOSE, Calif. (AP) — In an unprecedented move designed to cut enrollment by hundreds of students, San Jose State University has moved up its application deadline by nearly four months.

Community college students who thought they had four months to apply to the school now have a week to get their paperwork together, officials announced Wednesday.

First- and second-year community college students, who normally have until August to apply for fall semester courses, now must submit their paperwork by April 12.

Officials said the switch is an attempt to deal with the school's growing budget crisis, which administrators say means San Jose State may have to cut enrollment by 2,800 students now that demand is increasing.

Landfill crunch could force mini-lawn code

SANTA CLARITA, Calif. (AP) — New homeowners here shouldn't let grass grow under their feet — at least not more than a 10-by-10-foot yard's worth, a private consultant told the City Council Wednesday.

Restricting the size of new lawns would help keep grass clippings from choking city landfills, according to the consultant's report.

Council members reacted with skepticism.

"It's my worst nightmare — to be told what size lawn to have or what color house," Councilwoman Jill Klajic said. "It would be a last resort.

Councilman Howard McKen agreed, saying that 100 square feet of grass "is not much bigger than my desk. ... I just don't see it happening."

The supervisor of the report said the firm considered a total ban on new lawns.

WASHINGTON (AP) — The number of Americans filing new unemployment claims jumped to the highest level in eight years last month, the government said Thursday in a report dampening hopes of a quick end to the recession.

The bleak jobless claims data from the Labor Department — showing applications topping a half-million for the third straight week — followed more favorable recent reports indicating rebounds in consumer spending and the housing industry.

"This will be one of the things the task force will be looking at," he said. "The question is that you're not running afoul of any constitutional guarantees."

Wilder told a meeting of state college and university presidents Tuesday that they have the authority to impose strict standards of conduct on their students.

Wilder called the meeting in response to a March 21 drug raid at the University of Virginia. Twelve students were arrested and three fraternity houses were seized by the federal government.

WASHINGTON (AP) — U.S. labor leaders are calling the president's Reagan administration for stronger job and other economic programs.

"It will equalize their positions and will let them cooperate," said Alexander Butsko, leader of a newly formed group of Communist Party moderates who broke with hard-liners on Tuesday.

But Yeltsin was given no enforcement powers, such as a long-discussed Russian army, and there was no assurance local officials would obey his decrees.
PARENTS

From page 3

a situation is to make sure the child understands the conflict is between mom and dad, assume that the child will always be taken care of and, finally, make sure the child knows mom and dad love them.

Most children's primary response to any event will be fairly egocentric, Seaton said. A younger child, ages 3-6, might view the event as their fault or they may not even be able to grasp the concept of what an affair is.

Younger children see people as only good or only bad, she said. In today's society children are exposed to a variety of television shows and issues. A child that has heard the word "affair" will not necessarily know what it means, Seaton said.

An adolescent's developmental tasks are more advanced, however. The tasks in this age group include sex identity, conformity vs. individualization and morality, she said. The adolescent understands the intricacy of human relationships.

In any situation that changes the family infrastructure. "It is important to make sure the child feels safe to express feelings, concerns, sadness and anger," Seaton said.

**SPORTS**

**Softball looks to extend win streak**

Mustangs have seven straight victories.

By Adrian Hodgson

The undefeated Cal Poly women's softball team heads into Pomona this weekend for what Head Coach Kevin Platt calls "the best Division II tournament in the nation." The Bronco Invitational, hosted by Cal Poly Pomona, will play host to the top five Division II teams in the United States. All eight teams participating in the tournament are ranked in the top 20 in the United States.

"The team wants to get to the national finals tournament. Also, it is likely that the Mustangs will face the same teams in each event," Platt said.

The Mustangs will play three double matches in three days identical to the format of the national finals tournament. Also, it is likely that the Mustangs will face the same teams in each event.

The Cal Poly team is currently 4-0 in CCAA matches and 9-0 overall. They will face UC Riverside in their first conference meeting this weekend. In their first match, they defeated Riverside 9-0.

By Jeff Krump

The Cal Poly men's track team starts the second half of its season in Pomona this weekend at the West Coast Relays. "April is when everything fun, but can be a little tiring. It's been been..." said Head Coach Tom Henderson. "It's the Mustangs have been led by pitchers Laura Fawcett, Lisa Johnson and Julie Rome. Rome and Johnson are both 6-1. Fawcett leads the team with a 0.86 ERA. Cheryl Lutes leads Cal Poly in hitting with a .366 average. Staffanise Adams is hitting .267. The team has overthrown just about 29 errors in 28 games compared to 64 errors by its opponents.

The Mustangs have seven straight victories. Nine of those games were against Division I opponents. The most recent win was against Cal State Dominguez Hills last weekend, the Mustangs reached the final 10th-ranked (NCAA Division II) Mustangs current- ly are 18-10 and have won their last seven games in a row and 12 of their last 14. Ten of the team's 18 victories have been shutouts.

Last weekend, Call Poly went a perfect 7-0 in winning the Pioneer Invitational Tournament at Cal State Hayward, beating the host 9-1 in the final game.

The weekend before, the Mustangs reached the final game of the Pepsi Cola Classic in Bakersfield before losing 3-0 to top-ranked Portland State. "We started 6-8 and a lot of people thought we weren't doing that well," said Head Coach Lisa Boyer. "But we try to play a difficult pre-season against Division I opponents. "We've seen a gradual climbing since day one in all areas - pitching, defense, hitting. I think we can get better."

After hosting UC San Diego Saturday and Cal State Hayward on Sunday, the Mustangs will get back into conference play April 13 against

Cal State Dominguez Hills. Cal Poly is 2-2 in the California Collegiate Athletic Association.

Boyer said that other CCAA coaches believe the conference winner will have four or five losses. No one has an easy game, she said.

Three CCAA team are ranked in the top 17 teams in the nation. Cal Poly is ranked 10th, Cal State Dominguez Hills 12th and Cal State Bakersfield 17th.

Boyer also said that the West Region is tough and that tradition- ally, whoever wins the region goes on to win the national title.

"The team wants to get to regionals and beyond that," Boyer said. "This is the best defensive team Cal Poly's had in a long time. We're mature and determined. We've been traveling since Feb. 2. It's been fun, but can be a little tiring."

The Mustangs have been led by pitchers Laura Fawcett, Lisa Johnson and Julie Rome. Rome and Johnson are both 6-1. Fawcett leads the team with a 0.86 ERA. Cheryl Lutes leads Cal Poly in hitting with a .366 average. Staffanise Adams is hitting .267. The team has overthrown just about 29 errors in 28 games compared to 64 errors by its opponents.

Smoking class for quitters offered
A Quit Smoking Clinic presented by the San Luis
Medical Clinic in cooperation with the American Cancer Society will begin today.
Four group sessions will in­ clude current health information, group support activities, be­ havior change methods, weight management and relaxation techniques.
The classes will be held on April 4, 11, 18 and 25 at the San Luis Medical Clinic located at 1235 Osos St. in San Luis Obispo.
The class is free to the public. For more information, call 546-5737.

Bottle Society holds local show
Antique bottle collectors and the public are invited to the an­ nual show and sale sponsored by the San Luis Obispo Bottle Society. Ad­ mission is free and visitors are encouraged to bring their cherished old bottles and collec­ tibles for a free evaluation. There will be many displays of assorted types of antique bottles of varied colors and sizes.
The show will be at the Veteran's Memorial Building in Morro Bay on April 12 and April 13.

Cuesta hosts fair on health, body
The Cuesta College Health Center, in affiliation with the As­ sociated Students of Cuesta College will present a Health and Wellness Fair April 10 from 10 a.m. to 3 p.m. There will be no fee for screening and information on a wide variety of health sub­ jects. The event is open to stu­ dents, faculty, staff and the general public. Activities will be held in the Cuesta Gymnasium. The fair features free massages, cholesterol testing for a nominal fee, blood pressure screening, body fat composition testing, chiropractic back and posture evaluations, podiatry hot assessments and more.
For more information, phone the Cuesta College Health Cen­ ter at 546-3171.

Support Network holds journal class
Support Group Network, a non-profit organization, is offer­ in a special mini-workshop, "In­ troduction to the Self. A Guided Journal Workshop." The workshop on Thursday, April 9 from 7 p.m. to 9 p.m. at the Com­ munity Room in the San Luis Obispo County Library on the corner of Palm and Osos streets. The week long techniques designed to enhance your per­ sonal growth and communica­ tion. Margo Adler, who has 26 years of experience with journal writing and leading journaling workshops, will conduct the event. The cost of the workshop is $10 per person. No one will be denied admission due to lack of funds. Please call the Support Group Network office at 541-1122 for more information.

Remember to set your clocks FORWARD one hour on Sunday, April 7th, or else you will be late for class on Monday morning.
"A Switch in Time Will Save Sunshine."
That's right, this is the time of year when everybody loses one hour of sleep, and we can all thank Ben Franklin for this system of daylight savings.
Thanks a lot, Ben!

By Peter Hartlaub Staff Writer
After a strong showing by a limited number of competitors at the Stanford Invitational last Saturday, the Cal Poly women's track team will join the rest of its crew at the West Coast Relays today in Fresno.

The Mustangs are usually smaller in number because of injury, but is now looking the nation despite limited ability to practice.

Also standing out at the Stanford meet were Melanie Hust who finished third in the 800 meter run with a time of 2:46.83, and Melissa White, who finished second in the javelin with a throw of 151.7. Hust qualified for nationals for the last four weeks," Johnson said. Chinese chef Yan brings skills to cooking show at Chumash

Tracey Adams
Staff Writer

Chinese chef Martin Yan, is coming to Cal Poly Saturday to demonstrate Chinese cuisine with a California touch.

Yan hosts "Yan Can Cook," featured on Bay Area television and on more than 200 Public Broadcasting Service stations in the United States. Yan also has written five best-selling cookbooks.

Cutting and Reining Club raises funds for local ranch for disabled
By Amy Kowel
Staff Writer

The Cal Poly Cutting and Reining Club is co-sponsoring the third annual Ride-A-Thon fundraiser at 9 a.m. Saturday for B.O.K. Ranch, a non-profit organization that provides therapy for disabled through equine activities.

Those who wish to ride must first fill out a pledge form to record those who will sponsor them per mile. The Ride-A-Thon trail is an eight-mile loop through Poly Canyon, beginning and ending in the parking lot by the Horse Unit.

A barbeque is scheduled around noon following the ride, and a petting zoo will be open to younger participants who will not be riding.

Cindy Karlberg, chairperson of the Cutting and Reining Club, said she expects to ride in this year's event.

Karlberg said that if the numbers measure up to last year's, about 80 riders will be involved in this year's event.

This is the second year the club has sponsored the event, and for Saturday's ride they are getting help from the Veterinary Science Club and Mari Hall.

Pledge forms and further information are available at western wear, farm supply and feed stores in San Luis Obispo County.

The Cutting and Reining Club is an eight-member club in the economics department. The department is co-sponsoring the event along with the local California Home Economics Association. Funds raised will go to the department and the association's scholarship fund.

Weber said the home economics department hopes to sell 600 tickets. As of Thursday, approximately 375 tickets had been sold, she said.

Tickets are available at the University Union Ticket Office for $3 or at the door for $7.

CHANCELLOR

Michael Milken and Drexel Bur­
sham Lambert, as well as others, to illegally acquire Pacific Lum­
ber in violation of state and fed­
eral law.

Environmentalists are critical of Munitz's appointment to the IRS because of his connections to Pacific Lumber, claiming Maxxam increased logging in North­
ern California to cover its S&L losses.

Munitz said that despite his business interests, he is still an honest man.

"Although I have been in the corporate world for the past few years, I have maintained close ties to higher education," he said.

Munitz will take a drop in salary in his new position, from a reported $450,000 at Maxxam, to $175,000 from the CSU.

Just before interviewing the candidates yesterday, the Board of Trustees voted to triple the chancellor's salary from $150,000 to $450,000.

CSIU director of public affairs Steve MacCarry said the pay raise was the result of a yearlong study comparing the salaries of leaders of institutions around the country. The report recom­
mended a maximum salary for the CSU chancellor of $190,000.

ELECTION

From page 1

The forum will be a panel discussion featuring the president and chairman of the board candidates, and will be open to students and their questions.

Three candidates are running for ASI president, and all are currently involved with ASI.

David Kapic holds the community relations post on the ASI executive staff. Kapic said his strong point is his relations with the community of San Luis Obispo and his involvement with the Student Community Liaison Committee. The SCLC is made of local student leaders, business representatives and city council members.

Kim Forrester is ASI's marketing coordinator. Forrester said a reason she is running is to close the gap between ASI and the students.

"Students pay money for ASI services and I want to make students become aware and active with the services that ASI provides," she said.

Adam Taylor is the current ASI president and seeking a second term. Taylor said he wants to build continuity in ASI.

"There is going to be a large turnover in ASI and the board of directors and I need to stay to help with all the budget cuts Cal Poly faces," Taylor said.

Candidates for chairman of the board of ASI include Dennis Alhanti, currently on the board of directors for the School of Agriculture, and Reese Jensen, a political science junior.

In the board of directors race, the number of candidates on the ballot for each school are as follows:

- Agriculture-4
- Architecture-4
- Business-2
- Engineering-5
- Liberal Arts-8
- Professional Studies-5
- Science and Math-1

Wohlfard said ASI has increased the spending limit by $100 for presidential and chairman of the board candidates. ASI Election Campaign rules now allow presidential and chairman of the board candidates to spend up to $700 on their original campaign, with no more than $200 of the $700 to be spent for paid media. Paid media includes advertising in the newspapers and other media channels, as opposed to fliers and posters.

Wohlfard said because of inflation, ASI felt the candidates would need $100 more to run a complete campaign. The increase in campaign expense limits were voted on by the ASI Election Committee and then approved by the ASI Board of Directors.

Board of Directors' campaign expenses are limited to $50 with a limit of $25 for paid media.

To run in the election, presidential and chairman of the board candidates are required to turn in a petition to the ASI Elections Committee signed by 3 percent of the currently enrolled student body. Director candidates must be majors in the school they want to represent.

Six poll locations will be set up this year, including one each on Dexter Lawn and at the University Union Plaza. The polls will be open from 9 a.m. to 4 p.m. both days and 6-8 p.m. on Wednesday.

EARTH DAY

From page 1

• Chumash Circle Dancers will perform on Sunday, April 7 at 10 a.m. at Laguna Lake Park. Also on Sunday, there will be a bicycle ride at 11:30 a.m. from the Unitarian Church to the Sweet Springs Saloon in Los Osos for lunch.

• SLOopia Brainstorm, a public awareness forum about creating an ecologically sustainable community, will be held on Monday, April 8 at the Unitarian Church.

• The Academy Award-winning documentary film "Broken Rainbow" will be shown on Wednesday, April 10 at 3:30 p.m. at Cuesta College in room 2401. Wednesday is also Bubble Day in the Park for kids. Be at Laguna Lake Park, Santa Rosa Park, Asaterake Lake Park or Strathers Park from 10:30-11:30 a.m. to celebrate the Month of the Child.

• People interested in learning about alternative energy sources can tour two homes in Santa Barbara on Wednesday. The tour will be on Friday, April 12. Call John at 438-0555 for time and location.

The first LaserWriter that fits in your wallet.

Introducing the affordable Personal LaserWriter LS.

Now you can get impressive, professional-looking documents without having to wait in long lines to use the laser printer over the computer lab.

The Personal LaserWriter LS printer is the most affordable Apple LaserWriter ever. It has the power to let you produce crisp text and rich, high-definition graphics at a rate of up to four pages per minute.

And, perhaps best of all, it's from Apple—designed so now you can get everything out of a Macintosh computer that Apple built into it. Not just the power to look your best. The power to be your best.
