RESOLUTION ON 470 COURSES

Background: Until the advent of CAR, subtopics were submitted directly to Educational Services by departmental schedulers and were not reviewed as a regular procedure by the school as a whole or by other schools or departments which might be affected. With the emergence of a need to assign catalog numbers to each subtopic for the course master file, a new procedure was instituted which required each subtopic request to be routed through the dean's office. The new procedures have also given greater visibility to 470 and 471 courses which already exist and which are being proposed. It is apparent that in both existing 470-471's and proposed 470-471's there are: instances which give rise to questions regarding the department which should most appropriately be teaching the courses; instances where questions of academic merit have been raised; instances where the topical nature of the courses has been challenged (Selected Advanced Topics); and questions regarding the maximum number of 470 and 471 units which can be earned by an individual.

The proposals accompanying this document assert the traditional prerogative of faculty to review curriculum and are designed to assure that 470 and 471 courses are subject to the same kind of review as other approved courses.

WHEREAS, It is possible to create what are in effect new courses through the vehicle of 470 and 471 course numbers; and

WHEREAS, Courses created as subtopics of 470 and 471 may currently be taught on a recurring basis; and

WHEREAS, Provision has never been made for faculty review of courses so instituted; and

WHEREAS, Serious questions have been raised regarding appropriate use of 470 and 471 courses; therefore be it

RESOLVED: That in the fall quarter of each academic year, a report of all courses offered the previous academic year under 470 and 471 numbers be reviewed by the Academic Senate Curriculum Committee; and be it further
