# COLLABORATION WITH PAPERMAN

This series was in collaboration with local artist here on the Central Coast, Paperman. Inspired by the music of glitterwave, a genre that is full of sparkles and vivid and dreamy colors, this series is my interpretation of what Paperman's music would be like in visual form. The full article with Paperman can be seen on [kcpr.org](http://kcpr.org), as well as more photos from the series. Like a lot of my work, I like to challenge the boundaries of reality. So, colors, reflections, and distortions are elements with which I tinker in my digital projects. When the opportunity to collaborate with Paperman arose, I jumped at it because I have long admired his aesthetics and music. I think this is the kind of project that I enjoy the most—when artists of different fields coincide and create art that spans across domains.
