Voluntary work time reduction offered for staff employees

A determination has been made that the Mustang Graphics printing program at Cal Poly will be permanently closed. As such, it has been necessary that Cal Poly notify three State employees represented by CSUEU that they will be laid off in the next few months. Those notices have already been provided to the affected employees. In order to comply with the CSUEU contract, the university is now offering all staff employees an opportunity to participate in voluntary work time reduction programs, subject to the provisions of the appropriate collective bargaining agreement. Voluntary programs include, but are not limited to, a reduction in hours worked per week or months worked per year, the 10/12 or 11/12 pay plans (for eligible classifications), and full or partial leaves of absence without pay. Employees may participate in these programs, by mutual agreement with the supervisor, on a permanent basis or for a specific duration. All participation will be subject to a department's operational needs being met. Any employee who is interested in participating in a voluntary work time reduction program should submit a written request as soon as possible, but not later than **Nov. 6**, to the immediate supervisor, with a copy to Barbara Melvin, director of Human Resources. For specific questions regarding these programs, including impact on benefits, please contact Deborah Rice in Human Resources at ext. 6-6471.

Pandemic flu preparedness

The University has developed a pandemic flu emergency response plan. The focus of the plan is to reduce the impact of a pandemic flu at Cal Poly by reducing the spread/transmission of the flu and delivering an effective response. The Plan considers: students, employees, contractors, and visitors. As part of the plan, a pandemic flu website has been developed and may be found at <http://www.afd.calpoly.edu/AFD/emergency/pandemicflu.htm>. Included on the website is a link to the "Pocket Guide to Preparing for Pandemic Flu" (http://www.afd.calpoly.edu/AFD/emergency/PandemicFlu_Pocket_Guide.pdf) which provides basic information about pandemic flu and preparedness at home and at work.
