

## ELECTION OF NEW DIRECTORS

George P. Cave and Steve F. Sapontzis have been elected to two year terms on the SSEA Board of Directors, to expire in May, 1986.

## ALL 1984 ISSUES DELAYED

All numbers of Volume V (1984) of *Ethics & Animals* have been or will be substantially delayed. The March issue (number 1) was mailed in October. This June issue (number 2) is being mailed in November. It is hoped to mail number 3, scheduled for September, in December, and number 4 will be mailed in early 1985.

## DECEMBER MEETING - CALL FOR PANELISTS

Only one paper survived the reviewing process for the December meeting to be held in New York. That paper was Steve F. Sapontzis's "Predation," which begins on the next page. It is planned to have a panel of four to six respondents offer short prepared responses at the meeting. Two respondents have already been selected. Any other member interested in serving on such a panel should send me a short tentative sketch of proposed comments as soon as possible. Panelists will be announced in the next issue. The meeting will be held from 10:00-11:50 a.m., December 28, 1984, in Nassau Suite B of the New York Hilton Hotel.

Harlan B. Miller

*INSTRUCTIONS FOR AUTHORS*

*All material submitted for publication in Ethics & Animals should be addressed to the Editor. Reviews and articles should be typed, on one side of the paper only. One copy is sufficient for all submissions except articles, of which three copies are requested. Reviews, reports, directory entries, and other such matter are screened only by the E&A staff, but article manuscripts are evaluated by 'blind' referees. To facilitate such 'blind' reviewing of articles the author's name should not appear on the manuscript, but should be on a separate sheet of paper which also bears the title of article. If possible, authors should also remove internal references which would identify them (such as "as I argued in my article on animal liberation in The Journal of Beasts"). Such references can be re-inserted before publication.*
