

Adopted: January 12, 1988

**ACADEMIC SENATE**  
**OF**  
**CALIFORNIA POLYTECHNIC STATE UNIVERSITY**  
**San Luis Obispo, California**

Background statement: At various times and for various reasons over the last few months, there have been a small number of "odds and ends" catalog proposals that have been put before the Academic Senate Curriculum Committee. Some were acted on by the committee as far back as last June but were never brought before the Senate for its action. Some were submitted to the Academic Affairs office during the summer and early fall and were referred to the Curriculum Committee for our opinions.

## Miscellaneous Catalog Changes

| <u>Course</u>                    | <u>Explanation</u>   | <u>Action</u>                            |
|----------------------------------|--|--|
| IT 354                           | Changes substantial so committee requested expanded course outline -- no time to get back to it last year  | approved 8-0 11/18                       |
| AG 500                           | Individual Study; currently X course.  | approved 6-0 10/26                       |
| NRM 101                          | Change in course description to "internationalize" it. Course is already changed; this changes catalog title and description to match.   | approved 6-0 10/26                       |
| NRM 310                          | In dept.'s zeal to answer our request to delete courses with no or low enrollment, this one was deleted when it should not have been. This action reinstates it.   | approved 6-0 10/26                       |
| ENGR 141<br>ENGR 142<br>ENGR 303 | "Engineering Orientation"<br>"Engineering Careers"<br>"Professional Development"<br>These three have been taught as X courses for many years. Taught by Student Academic Services and Minority Engineering Program staff for minority students to bridge the gap between their high school experience and college. | approved 4-3-2 5/21                      |
| ME 234                           | Tabled by Senate for return to committee to resolve the committee's concerns between it and ME 134. 234 is a design course for transfers rather than more basic 134 design/intro course for freshman. Has been taught as X course already.   | approved 7-0-2 5/21                      |
| Electro-Optics Concentration     | Physics major concentration. Modification in response to our concerns of it not being different enough from other concentrations was satisfactory to committee.  | approved 9-0-0 5/21                      |
| Ag Mgt                           | Allow only 3 units of AG prefix courses to be among the 20 units of SAGR electives w/o AM or AGED prefix.  | approved 9-0 5/21                        |
| AM 336                           | Change 2 lect/1activity to 4 lecture units   | no comment (vote to approve: 2-2-5) 5/21 |
