Cal Poly Business, Engineering Grads Best Hires In the Nation, According to Wall St. Journal Report

Cal Poly is among the top universities in the nation at producing the best graduates to hire in business and engineering, according to recruiters polled by the Wall Street Journal as part of a special report. Cal Poly business grads are on par with Stanford, Harvard, Penn State and UC Berkeley, while engineering grads those of top UCLA, Rensselaer, Carnegie Mellon and more. The rankings are part of a Wall Street Journal report on 'Paths to Professions' released earlier this fall.

Provost and Registrar Offices to Hold Forums on Policy Revisions

The Offices of the Provost and Registrar will hold several follow-up forums to discuss, in detail, the new and revised policies announced Sept. 30. Faculty, academic department staff, and college advisers are encouraged to attend four of these sessions, as each one will address a different policy.

- "Expected Academic Progress" (EAP) is set for Friday, Oct. 15 from 10 to 11 a.m. in Phillips Hall. Every full-time undergraduate student is expected to make reasonable academic progress toward completion of the bachelor's degree. Join us to learn more about EAP and how it will be monitored and enforced.

- "Change of Major" is set for Friday, Oct. 22 from 10 to 11 a.m. in Phillips Hall. The Change of Major policy and procedure is taking on a new look. Join us to learn about the new requirements and to see how technology will enhance this process for both you and the students.

- "Academic Probation/Disqualification (AP/DQ)" is set for Friday, Oct. 29 from 10 to 11 a.m. in Phillips Hall. A cleaner, more refined AP/DQ policy has been created. Join us to learn about this revised policy and how it will affect students.

- "Prerequisite Project" is set for Thursday, Oct. 28 from 11 a.m. to noon in UU 220, or Friday, Nov. 5 from 9 to 10 a.m. in UU 220. Plan to attend one session and learn about the Prerequisite Project, an initiative approach to support student success in the courses in which they enroll. The project is being implemented in two phases and will result in course requirements being consistently enforced in the system during registration. In addition to a general overview of the project, some of the more detailed logistics will be discussed concerning what happens when a student tries to enroll in a course for which they do not meet requirements.
