San Luis Obispo

June 2015

Statement of Confidentiality

The complete senior project report was submitted to the project advisor and sponsor. The results of this project are of a confidential nature and will not be published at this time.

Statement of Disclaimer

Since this project is a result of a class assignment, it has been graded and accepted as fulfillment of the course requirements. Acceptance does not imply technical accuracy or reliability. Any use of information in this report is done at the risk of the user. These risks may include catastrophic failure of the device or infringement of patent or copyright laws. California Polytechnic State University at San Luis Obispo and its staff cannot be held liable for any use or misuse of the project.

Table of Contents

Introduction	1
Background	1
Objectives	3
Idea Generation	5
Initial Concepts	6
Preliminary Design	10
Critical Design	12
Proof of Concept Testing	16
Performance Testing	23
Final Design	24
Method of Approach	25
Management Plan.....	26
References.....	29
Appendix A: Quality Function Deployment	30
Appendix B: Additional Preliminary Design Images	31
Appendix C: Additional Critical Design Images	32
Appendix D: Detailed Drawings.....	33
Appendix E: Standard Operating Procedure	48
Appendix F: Critical Design Hazard Identification Checklist	52
Appendix G: Manufacturing Quote	53
Appendix H: Prototype Survey	54
Appendix I: Additional Final Design Images	55
