CSU Announces New Rules For Fundraising Events

The California State University released a new policy governing fundraising events at all CSU campuses. The new policy requires on-campus approval by University Advancement for fundraising events with gross receipts greater than \$5,000 from all sources, including ticket sales, donations, sponsorships, merchandise sales, auctions and raffles. Please allow ample time for approvals when planning fundraising events; up to four weeks' lead time is recommended for review and approval.

Reminder of Campus Policies for Food Events

Food safety requirements for events involving food and food sales on campus are contained in the campus food policy and in the California Retail Food Code. With a few exceptions, food served at events on campus should be purchased from Campus Dining/University Catering. Exceptions are allowed for small, private events and small office potlucks. Off-campus caterers may not bring food on campus unless a signed waiver is first obtained from Campus Dining. All events involving food sales and food giveaways must first obtain a Campus Food Permit from the Risk Management, Environmental Health & Safety office, to ensure that all sanitation and safe food handling practices are being followed. On-campus sales by off-campus vendors (such as tamale sales and salsa sales) are not allowed. Questions regarding food safety issues should be directed to Everett Brooks, campus food safety inspector, at 6-7009. [The campus food safety web page](#) contains additional information, including links to the campus food policy and the California Retail Food Code.
