**ACADEMIC SENATE
OF CALIFORNIA POLYTECHNIC STATE UNIVERSITY
San Luis Obispo, California**

**RESOLUTION RELATING TO A CULTURAL PLURALISM CURRICULUM
REQUIREMENT**

AS-395-92jCC

Background Statement:

Cal Poly is committed to advancing equity, in all of its manifestations, throughout the university community. Moreover, Cal Poly is committed to promoting an educational climate which respects and, indeed, celebrates diversity in all of its wide and various forms: gender, sexual orientation, ethnicity, physical ability, and age.

This spirit of tolerance, of seeking to understand the complexity of "cultures," whether technological, ecological, scientific, or humanistic, is appropriate and necessary for all aspects of the university, curricular and extracurricular, and for all members of the university community: students, staff, faculty, and administration.

The "culture" of Cal Poly, as a university in the CSU system, should mirror the diversity of the state it serves. California is now, more than ever, the testing ground for this new, so-called "multiculturalism," a regenerated democracy, really, and offers the opportunity, carries the obligation of this historic, golden state again of the American Dream -- to see how people of many, many cultures, essentially immigrant, emigrant, and mobile, achieve the old democratic hope so associated with American culture and now so newly and urgently desired throughout the world.

The need for incorporating more of these concerns about the multiplicity and multitudinousness of "cultures" in our curriculum is a continuing process. All students need to know more about their own ethnic and cultural heritage, their differences, as well as what commonalities bond us all as citizens of the United State. In appreciating our pluralism we come to newer and stronger appreciation of our kinship as Americans, as a country born into the union of one out of the differences of many.

All universities in the California State University System have taken and are taking steps to revise and invigorate their curricula to take special cognizance of these new yet old hopes of our continuing American tradition.

The question of addressing cultural pluralism in the curriculum at Cal Poly has been discussed for many years. Student and faculty coalitions have actively petitioned for a concrete commitment to this issue on the part of the university. Various select committees have worked hard to devise the ways and means of addressing cultural pluralism, be it as a general education requirement or an ethnic studies minor. The appointment of an Ethnic Studies Director has helped to direct these efforts. Standing committees of the Academic Senate have endorsed criteria for curriculum. It is now time for the Academic Senate to take the first small step to the future.

U. S. ETHNIC PLURALISM REQUIREMENT

PROPOSAL ETHNIC STUDIES COMMITTEE 1992

PREAMBLE

This proposal for an undergraduate cultural pluralism requirement represents much effort by many individuals over a long period of time: student coalitions, staff members, faculty committees, deans and administrators.

A request for this kind of proposal is not unique. Universities and colleges throughout the nation and California recognize the importance of such curriculum planning in diversity, equity, and cultural pluralism. Other CSU schools have similar requirements in place, as do many local junior colleges. For purposes of this proposal the term "cultural pluralism" encompasses issues of both ethnicity and gender.

The Educational Equity Commission here at Cal Poly supports such planning. And the GE&B Committee and its blue ribbon subcommittee also supports such initiatives.

The Cal Poly Academic Senate passed a resolution on a U.S. Ethnic Pluralism Program last May 14 (AS-361-91), demonstrating its concern and leadership in educational equity.

President Baker endorsed this resolution May 14, 1991 and has addressed the importance of developing a curriculum which more accurately reflects modern demographics and multiculturalism for all students in today's universities.

DESIRED OUTCOMES

To quote from the Educational Equity Commission's Implementation strategies (Draft 2/14/92), "All Cal Poly students should have an awareness and understanding of cultural, racial, and gender issues and problems confronting contemporary society, particularly those resulting from racism and discrimination. Students should have a knowledge of the historical source of current societal states and a view of strategies for addressing these issues. Students should develop an ability to address these issues in a sensitive and responsible manner and to confront their own attitudes and those of others with a critical...mind."

A Statement of possible U.S. Ethnic Pluralism GE&B Knowledge and Skills is attached.

PROPOSAL

All students are required to complete one of several approved courses which emphasize the cultural pluralism of the united states. Specifically, these courses focus on one or more culture(s) of Asian Americans, African Americans, Hispanic Americans and/or American Indians, and on issues of gender. Such courses may be used simultaneously to satisfy the u.S. Ethnic Pluralism requirement and count toward GE&B credit.

Course criteria

Approved courses meet these criteria:

- A. Emphasis on one or more of these four U.S. cultures: Asian American, African American, Hispanic American, American Indian.
- B. Attention to general issues of gender, diversity, equity, ethnocentricity, and ethnicity; and the relationships to problems facing contemporary society, especially those resulting from racism and discrimination.
- C. Application of rigorous pedagogical, scholarly methods and standards as evidenced in substantive exams, reports, papers, and projects.
- D. Attention to critical thinking skills which will allow students to address cultural, racial, and gender issues in a sensitive and responsible manner and to evaluate their own attitudes and those of others.

Course Credit Impact

This proposal adds no units to GE&B, or any degree program.

Sample Anticipated Courses

Before this requirement is actually in place, both existing and select proposed courses must be approved. The following courses represent the kinds of courses which "might" well fit the criteria for approval:

HIST	328	American Indian History
HIST	325	comparative History of American Minorities
HIST	331	Afro-American History
ENGL	346	Ethnic American Literature
SOC	316	American Minorities
POLS	303	Minority Group Politics
WS	301	Introduction to Women's Studies
ED	302	Multicultural Education in the Secondary School

Courses which might fit with slight modification and course description changes:

SOC	315	Race Relations
SPC	316	Cross Cultural Communication
WS	411	Women, Race and Class
PSY	314	Psychology of Women

These courses are existing courses which might be approved. All courses--existing, adapted, and new--must meet with standing University ESC approval, university curriculum committee and Academic Senate approval. If designated GE&B courses, they must meet with GE&B committee approval as well.

Course Approval Procedures

Course approval will follow regular University curriculum procedures--following establishment of a standing ESC.

- A. A standing Ethnic Studies/Cultural Pluralism Committee will be nominated and appointed through regular committee channels. This will be a University-wide, representative committee--consisting of faculty, students, and P.C.S. (Professional Consultative Services) representative(s) -- which will be the coordinating committee to recommend courses for approval to the GE&B and University Curriculum committees.

- B. Approval of courses, in keeping with the above criteria, will follow standard University curriculum procedures.
- C. The projected catalog date when the requirement will take effect is 1994-1996.
