Poly Students Sweep Great Western Livestock Show

For the second time in a little more than two weeks California Polytechnic college animal husbandry students have brought home the bacon in the form of prize money and awards. The steer was sold in a livestock competition with outstanding livestock producers from all over the West.

Poly Keglers Start Rolling

Opening activity in the newly acquired Cal Poly Cal-Cask goes back to November 27, when a college team played a curtain raiser for a person who has just acquired a great champion in the 1000-1160 class. The team went to the championship of the White's 1000-1100 steer from the Biaggini herd sire.

The Keglers consist of the college's student body and the California State Polytechnic college. They are sponsored by the White's Dairy and operated by the White's Dairy. The Keglers have made it three years in a row to have a student-owned carload of beef and have been the grand champion of the Western Livestock Show for the past three years.

The Keglers are operated under the supervision of Cal Poly's Dairy Science Department and are under the direction of Dr. J. M. White, head of the Dairy Science Department.

Poly Collegiate Essay Contest Offers $3,000 in Prizes

The California State Polytechnic College and the California Polytechnic College, in cooperation with the California Polytechnic College, have announced an essay contest, which is open to all undergraduate college students. The contest will be held at the Western Livestock Show, held in Los Angeles, California, on December 11th-12th.

The contest will be open to all undergraduate college students. The winner will be determined by the judges of the contest, who will evaluate the entries on the basis of originality, content, and presentation.

The winners will receive prize money and awards, which will be announced at the Western Livestock Show. The contest is open to all undergraduate college students, and the entries must be submitted by January 31st, 2023.

Poly Poultry Ranks High in State Contest

John White, a student at California Polytechnic College, won first place in the individual classes of the Western Livestock Show, held in Los Angeles, California, on December 11th-12th.

The contest was open to all undergraduate college students, and the winners were determined by the judges of the contest, who will evaluate the entries on the basis of originality, content, and presentation.

Enrollment in its history, had some very pressing problems to solve. The administration had to figure out where students could teach the students. They are, however, the finest structures available for anything approaching a reasonable sum of money.

The administration has been able to acquire the finest teaching assistants. The answer? If that person is apathetic or can not answer the question correctly, the person who should know the answer? If you have a problem or want to know why something isn't working, or ask why something isn't going to happen, be patient and wait for the correct response. The administration will continue to solve its problems as long as everyone concerned is able to realize that cooperation and not criticism for the people concerned. Above all, generosity is essential.

Poly Scores 152 Points
For Season

Resumption of basketball strategy during the 1946-47 season reveals clearly that the Green and Gold was essentially a team unit blend rather than one - man front wall men adding the remainder. This idea of scoring via passes will be discussed by coaches of Poly's league. Scoring on a 53 yard drive culminated with a pair of aortal conversions. Byron Culver, hb, and John Bedell converted on this drive. Bedell accounted for six points and Culver four points. Culver was 11 of 16 in the field with a pair of aortal conversions. Culver was lifetime 9 of 10 in the Green and Gold. Poly scored twice in the first half, the first one coming when fullback Bud MacDougall plunged in from five yards out to cap an 80. The second was 16-20 from parachute. The scoring in the first half was 21 yards by quarterback Lee Reynolds in the second half. Chico tallied a 77 and a 57. In eight games called he hit 20 to 7 victory. Played on a rain drenched in the conversion department. The clinic will conclude with an afternoon game. In the last minute of play via a base good for 14 yards and six points plus a successful conversion. The first annual Cal Poly basketball clinic will be held at the gym. February 13, will be the opening games of the tournament. First games of the dorm basketball league will be played December 19, at 5 p.m. in the gym. When Poly plays their first Inter-team game they will face the student team from City College. Three more games will be played at 5 p.m. December 12, when the following teams will compete: Aero club vs. Young Farmers; Dairy club vs. Poly Engineers. Games of the dorm basketball league will be refereed by students existing in physical education, as a portion of their training.

Two small negro boys were talking:
"I'm old.
"I don't know, I'm not.
"You mean you don't know how old you are?
"Yes.
"The questioner was appalled by this answer. Then he was suddenly inspired, and he said:
"Why don't you go to the Benedict woman and be demanded of the unexciting things that wabbits would do?
"She's a funny woman.
"What is your life like right now?
"I'm old, you know.
"And of what, exactly?

Coach Needs Manpower for Wrestling Team

Coach Charley Paskow requested this week that all great and small athletes come into the gym. The meet will be held on Wednesday, December 6, at 5 p.m. at Candial gym. So far, there has been little interest in the sport, and it is up to anyone that likes the sport but has no experience in wrestling, or any student who likes to participate, to come to the sport so that we can have a team.

The Kick of the Mustang
By Fred Wise

Congratulations to the "Chilis!" he came through the last three miles of course. He sure made the kick in a

Thanksgiving game seemed to have given Polytes more than enough trouble. All I have heard are complaints about flat tires, blow­

cuts, broken settings, poor distribution,

mistrained rods, etc. If the boys weren't talking about their

cars they must have something else in mind.

All that counts has come into Jin has to say is "Highly self from little degrees.

As I write this the final returns on the Great Western aren't in.

The boys haven't heard the rumors I

have heard. I do know that Bill

started for Los Angeles.

Did you hear about the guy in

Jepson's that went to bed with his

"Foxy Bear?" Thus there was a

gentleman in Dunleavey. Or was he a gentleman?

This should be a slow week for the columns. After all, everyone is big on finals. The theme song should be "Alas! Misheaven!"

That is what should be the theme song. What Poly needs is a "School for Seniors.

I make this one as it's easy to

phone number on to you: Jim has to say is "Mighty oaks

are roots that should have been shown

in put into a crate.

The entertainment provided by the Football Committee and the

band during the football game with El Toro Marines still has the

campus laughing.

In particular, the only legal battle in the country is the topic of amuse­

ment. During the half time intermission a bull, of a type never seen by dairy ma­

ners, wandered onto the field. No one yet has been able to accu­

rately how the bull got its motive

power, but move it did, in a

strange and wonderful manner. Just when the situation appeared to

be out of hand, the horn, ter­

tor, the Marine, sounded a dramatic entrance. Clad in a typical matador's costume and

clawed with a protective banner of green and gold. Armstrong

proceeded to put the fear of Poly

into the last quarter. After

a few playful paces our tor­

rider hurled down in his work

in very short order dispatched

the intruder in one of the strangest "coup de grace" on record.

With the threat to law and order out of the way the band was able to continue its march unhampered. Neverthe­

less it was notice before the musicians were able to devote their efforts to music and march all

without dubious glances toward the rear.
