Poly Wins Two Ball Games Over C.O.P.

After winning two games from College of Pacific here yesterday on the high school field, 8-0 and 8-2, Cal Poly's Mustang diamond men are working out today in preparation for a double-header here Friday against the defending conference champions, San Diego.

Poly batters found the range in the first inning of the first game yesterday and nearly blasted COP's veteran hurler, Jim Enos, from the box, getting six hits and scoring three runs.

Eugene Fraser, former San Luis Obispo High school ball player, led off with a single. Catcher Lee Rosa sacrificed Fraser to second. Picky Bebernes, shortstop and leading Mustang batter, connected for a single scoring Fraser on a hit and run signal. Jim Fisher, third baseman, singled through the pitcher's box. Bert Haas, first sacker, singled, scoring both Bebernes and Fisher. Charles Hoffman, left fielder, singled to advance Haas to second. Second baseman Wilbur Mayhew singled but Haas was tagged attempting to score on the play. Chalked up against Enos were six hits and three runs after one inning on the mound.

Garman In Form

Don Garman, Poly's letterman pitcher who hurled for the navy team at Poly during the war, allowed only four scattered hits and walked only four men in the nine inning contest.

After shaking off the nightmarish first inning, COP's Enos went back to the mound and settled down to hold the Mustangs to three more hits in seven innings. In the third inning, Ed Leaky, right fielder, singled and then stole second after Bebernes and Fisher had struck out. Crawford, batting for Haas, who was taken suddenly ill after the first inning, walked. Hoffman flied out.

In the fourth inning, with two out, Fraser tripled and was tagged out at home plate trying to stretch it to a four-sacker. In the fifth inning Bebernes was nabbed trying to steal third after he had singled.

Don Crawford, another Poly letterman hurler from pre-war days, allowed only six hits and took credit for the 3-2 win over COP in the seven-inning nightcap. Grant Dunlap, COP shortstop who made the all-conference basketball squad, got a single in the second inning; Howard Lecht, left field, singled in the third; Jim Torvik, right field, singled in the fourth; Pete Chalmers, second baseman, and Dunlap both hit singles in the fifth, and Torvik got another in the sixth.

Bill McFarland, on the mound for COP in the second tilt, allowed the Mustangs six hits. In the second inning, Fisher got a two-base hit, advanced to third on Leaky's sacrifice, and then stole home. Hank Moroski, playing first for Haas, who was taken out of the game when he became ill, walked. Hoffman popped out and Mayhew grounded out.

Crawford went to first on a third baseman's error, and Fraser's sacrifice advanced him to second. Rosa went to first when hit by a pitched ball. Bebernes and Fisher popped out. Leaky scored in the fourth inning after a single put him on first, a sacrifice by Moroski put him on second, a walk by Mayhew and a single by Crawford. Fraser made first when hit by a pitched ball.

Busy Day for Rosa

Hoffman scored the final run in the last half of the sixth inning after a single put him on first. A single by Mayhew, sacrifice by Crawford, and a single by Fraser scored Hoffman and advanced Mayhew to third.

Lee Rosa caught both games for the Mustangs with Bob Bennett, catcher scheduled to backstop Crawford, on the bench with a bad eye.

(Continued on page 3.)

Poly Young Farmers Meet

By Charles Hitchcock

For the last few weeks their gatherings have been somewhat limited, but last Thursday evening the Young Farmers once more caught up with their business. The meeting started off with a movie on irrigation and although it was a little old, it proved to be very interesting and educational.

A discussion of past activities and plans for the future were made in the course of the meeting. President Bill Othart stated that the Young Farmers would soon hold another barn dance in the Hillcrest study hall. This dance will be held on April 19, and an admission charge of \$.50 a couple will be made. Everyone is welcome as it will not be limited to just the Farmers themselves. Another Farmer dance was scheduled at the meeting and it will be held May 17.

Business pertaining to the Young Farmers' part in Poly Royal was also taken up. The Farmers will run two hot dog concessions during Poly Royal. Bob Kimball was appointed head of one of the concessions which will be located near the rodeo grounds. Dave Couchman was appointed head of the other concession and its location has not yet been decided.

Other business that was taken up was centered on signing up members who wished to play on the Young Farmer volley ball and soft ball teams that will be organized in the near future.

At the close of the meeting, a \$5c donation was given by each member to help pay for the Young Farmer space in the annual.

EASTER VACATION

Easter vacation will be observed on April 4, 5 and 6. There will be no classes held on either Friday or Saturday. Offices will be closed Friday 1-3.

Legislature Bill May Change Poly's Name

The 57th session of the California State Legislature has before it several bills which affect California State Polytechnic School. One of the bills proposes a change in Poly's name to California State Polytechnic College, according to Julian A. McPhee, president. Although the school actually became a junior college in 1927, a two and three year technical college in 1938 and a four year, degree granting college in 1940, the name has never been officially altered from the wording of the original bill, enacted in 1901, which established the institution as California State Polytechnic School.

President McPhee, returned last week from the meeting of the state Board of Education at Sacramento. At that meeting he presented to the board the annual report on the activities of the college. The report covered the greatly increased enrollment during the past year, and showed that over eighty percent of the students are veterans.

The report showed a breakdown of area enrollment at Cal Poly. In contrast to other state colleges, Poly draws its students from all over the state, and in addition has a considerable number of out of state and foreign students enrolled.

The annual report also showed that Poly is increasing the number of major curricula regularly, and that most of these new majors are gaining rapidly in enrollment.

El Rodeo Needs Snap Shots from Groups

"Snap shots are still needed for the 1947 yearbook," says John Shea, editor. "Organizations who have contracted for two pages in the book should get their snapshots in immediately, as the deadline for sending pictures to the engravers is April 15."

Work has progressed rapidly the past two weeks. Division editors have the majority of their copy in and the photographers are finishing up the last of the group pictures next week.

It is hoped that the complete baseball season will be covered in the book, but with the final game being played the second weekend in May, and the printing deadline on May 15, this may not be possible.

Aero Club Visits L. A. Area Sees Lockheed Mock-Up

The Lockheed "Constitution" mock-up was the highlight of a recent field trip taken by the Aero club. This full scale mock-up of the world's largest land plane included the hydraulic system, the control system, and the landing gear system, and was put into operation for the benefit of the group. Also included in the visit to Lockheed was the Engineering Department where continuous are being conducted on the structures and mechanical components of high speed aircraft.

Seniors Should Check Credits

All men who expect to receive either a Vocational Certificate, a Technical Certificate, or a Bachelor of Science Degree at the end of the current Spring Quarter 1946-47 should be sure to come to the Recorder's Office, Room 102, immediately for a final evaluation of their entire college program. If they are found to be clear they can make application for graduation at the same time, according to C. Paul Winner, recorder.

"Student cooperation in this matter will be appreciated, as it is imperative that our order for degrees and certificates be placed rather early this year. Paper for this purpose is extremely hard to obtain, even more so than during the war. Students who neglect to come in and clear themselves to be placed on our Graduation List may find that there is no degree here for them on Commencement Day."

"Degree students are urged to have their thesis completed and approved in final form prior to May 21, 1947. Veterans who submit their thesis later than ten days prior to the close of the quarter in which they graduate will be in the position of having to pay for the typing of their thesis, as the Veterans Administration cannot be billed after they have graduated and are no longer enrolled at this college," concluded Winner.

Bumper Strips for Poly Royal Are in El Corral

Bumper strips advertising the 15th annual Poly Royal are available in El Corral, according to Paul Madge, publicity director for the exposition. Madge emphasized that the strips were purchased to help in publicizing the show throughout the state. He asked that each student going home over the vacation get several of the strips and put them on as many cars as possible.

After leaving Lockheed, a tour was taken through the \$2,500,000 Big Four Co-operative Wind Tunnel at the California Institute of Technology at Pasadena and some of the smaller supersonic tunnels which are used for research in the Cal-Tech Aeronautical Department.

At the Inglewood plant of North American Aircraft, the group was conducted on a tour of the Navion assembly line. This four passenger, 165 h.p. private family plane is the first light plane being built on a moving, mass production assembly line. The group also studied the engineering department methods at this plant.

To finish the trip, the club made a visit to the Northrup Aeronautical Institute to study and observe the equipment and methods used in their school.

Changes Are Told In Aero Dept.

Following an established long-time program of proposed expansion for the Aeronautical department, the administration today announced that changes have been made in the organization of the department which will lead to an expansion of offerings in aeronautical engineering.

Effective immediately, the department will operate under the following plan of personnel organization: David P. Meeker, acting head of the department and instructor of aerodynamics and stress analysis; M. C. Martensen and Aiden L. Turner, instructors of aero construction; Roy Metz and Richard Hall, instructors in aero engines.

WHAT'S DOIN' . . .

- Thursday, April 3:
 - 4 p.m.—Poly Phase club meeting, Engr. Bldg.
- Friday, Saturday, Sunday, April 4, 5, 6:
 - Easter Vacation
- Monday, April 7:
 - 7:30 p.m.—Students' Wives glee club, Hillcrest
- Tuesday, April 8:
 - 7 p.m.—Gamma Pi Delta, Adm. 214.
 - 7 p.m.—Mustang Flying club, CR 11 and 14-A.
 - 7 p.m.—Open meeting student YMCA group; talk by Dr. Daniels on "Psychology in the Field of Religion," Engr. Aud.
- Thursday, April 10:
 - 1-5 p.m.—El Rodeo staff meeting, Adm. 16.
 - 6 p.m.—El Mustang staff meeting, Adm. 16.

CHANGE OF PROGRAM

The usual three weeks period allowed students for changing their Spring Quarter 1946-47 programs will end at 5 p.m. Tuesday, April 8, 1947. After this date, no courses may be added to a student's program, except at the request of an instructor.

Wandering Minstrels Start Tour Sunday

By William Nolan

Cal Poly's glee club, otherwise known as the 49's, is leaving the campus Sunday, 9 a.m. for an extended personal appearance tour of the northern San Joaquin valley. Festivities will commence in Tracy Monday, April 7, at the Tracy high school auditorium at 8 a.m. At 1:15 p.m. the boys sing at Patterson and will doubtless liven up the local high school dances. At 2:55 p.m. they will be at Orontimba high school, Newman. Later, 6:30 p.m., they are to be honored by the Gustine Rotary club. The day's activities will be concluded with a program starting at 8 p.m. at the Gustine high school.

Tuesday, April 8, will see the group at Westside Union high school, Los Banos. The program will start at 9 a.m. At 12:20 p.m. musicians will appear at Dos Palos and Merced high. On Wednesday

our state trotters turn out in Livingston at the local high school at 9 a.m. At 11:15 a.m. they will arrive at Ceres; at 2:15 p.m. at Modesto; 5 p.m. Turlock.

Thursday the glee club and orchestra are scheduled to arrive at Escalen where they will perform at the local high school, 8:15 p.m. Next stop on the itinerary is Oakdale where they appear at 10:45 a.m., and following that performance they travel to Sonora where they present their program at 8 p.m.

Without respite the traveling caravan pushes on to Manteca where they present their show at 8:30 a.m. Lodi high school is next on the route with an appearance scheduled there at 11 a.m., Galt follows with a stop off at 1:45 p.m. The wandering minstrels wind up their tour at Linden with a show at 8 p.m.

The glee club returns on Friday but the orchestra remains to play a dance at Modesto, 8:30 p.m. Saturday. The orchestra will return Sunday.

The music tour is the first since the war and resumes a pre-war practice in which the glee club and orchestra toured cities throughout the state. During the last annual tour in 1942, programs were presented at three of the same cities on the itinerary this year: Lodi, Manteca and Tracy.

The 35 voices all-male glee club will present a wide range of selections varying from sacred music to selections from the current hit parade. Four vocal soloists will alternate and an excellent quartet, an octet and an instrumental quartet are a part of the program. Adding variety will be the fourteen piece college dance orchestra, the Collegians, who will play a number of popular pieces.

Notes on the Cuff

In order to facilitate the production of this, our Easter issue, we are only giving you customers a four-page issue. This way we are fairly certain to get it out before all of you leave for Balboa or wherever you plan to spend the long vacation.

We hope that your vacation is successful in every detail. We would like to know why so many of you have voiced a preference for Balboa. Is the air fresher, or what?

Miss Marston gave us a big plug in one of her English classes last week, and then the bubble burst. This fellow Anon writes good material and we should have credited him with the article on the dead students, but we can not claim that he writes exclusively for El Mustang.

Spring is here, and with the recent rains, the grass, the flowers, and so forth are really at their best. One thing does mar the condition of the campus; too many students, faculty members, wives, children, visitors, and gremlins leave trash out in plain sight. We are going to have a concentrated clean-up period prior to Poly Royal. Why not start now. It isn't much effort to field strip cigarette butts or to carry that candy wrapper to a trash can and it certainly makes the campus look better. Let's get our campus in shape, now.

Garolan, at last, got his copy in on time. Congratulations, Lee. If the editor had a few other writers as dependable as the student body prexy If the editor had a few other writers If the editor If

Dear John

Dear John,
I was contemplating writing this sob story some time ago when the \$0??-1 (name withheld) Laundry raised its prices. This laundry, which is supposed to serve the school, (I guess that includes you and me), is depriving me of not only a balanced budget, but a lot of clothing as well. In last week's laundry alone I am missing a T' shirt, four pair of socks, a pillow slip, and a towel. I have talked to other guys and they too have missed things a various times. That laundry must have enough clothes to start a rummage sale.

Another thing that bothers me is the way the sheets come back—you'd think they used acid instead of soap. New sheets that I bought in January are so thin that, my guess is, in the near future they will be used as shine rags for my friend's new car.

I am counting on you, John, to do something about the way the laundry is swindling us. In the meantime, if you should happen to see some yellow wool socks trimmed in green floating around, would you mind putting them in my P. O. box.
Yours till the laundry comes back,
Pres Cooper

DOWN THE MIDDLE

with YOUR PREXY

Enough of this! Patterson must have borrowed someone else's nerves to insinuate his columnists didn't have material enough to fill their columns last week. Why, I've got so much to write about he'll probably out my column so that he can include it in this week's issue.

THE COLLEGIAN, official paper of Fresno State, ran an interesting survey several weeks ago, and one of the answers printed in the paper pleased me greatly. The question asked: "Does Fresno State have enough school spirit to satisfy you, personally?"

The answer given by a member of the Varsity Basketball team—"It's terrible. When we played Cal Poly (at San Luis Obispo) we could hardly hear the whistle because their rooters were cheering so loudly. And they're the last place team. I've never gone to an institution with such a spirit as there is here."

I'm glad to see other schools are recognizing the virtues of Poly. We've had some inspiring support for our teams which shows we're on the ball! Boy! Are my sails full! Starting this Sunday, 50 students under the capable leadership of Davey Davidson will go on a musical tour of central California. They plan to present an hour's entertainment at nearly every high school in the area, and present night programs too.

It is interesting to me, from the student body president's standpoint, that no student body funds are to be used to meet the expenses of food and lodging on the 7-day tour.

Costs will run approximately \$5 per man each day, which means \$250 daily will be spent. The marvelous factor to me is that these musicians will be publicizing Cal Poly, and the publicity is costing the student body nothing. Included in each program will be a five-minute talk on Cal Poly, describing our educational system and the educational opportunities offered here.

When they return to S. L. O. the group will put on a Home Concert on Thursday, April 24. The glee club and Collegians will perform. Admission to the concert will be 75c for adults and 50c for students, plus tax. The money collected as admission will be used to help finance the trip through central California.

To climax the music department's tour, I urge all Poly students and their guests to attend the home concert. Let's show them by our attendance and applause that we are grateful for the excellent publicity and good will they have created for Cal Poly.

Official congratulations on behalf of the student body are sent to Coach Bob Mott and his baseball players for repeating their double wins this week. The fellows played a wonderful game—a tribute to an outstanding coach and a "swell" fellow.

A candidate is a politician who stands for what he thinks people will fall for.

LOOKIN' ON . . .

with GLENN ARTHUR

The rush at the Post Office last Monday was a sight to see. I guess that most of the boys were just as flat as I was and were anxiously awaiting their check. Most of the boys came away with a satisfied smile on their face but some fellows didn't get that green piece of paper worth \$65 or \$90. One guy hasn't received a check for five months. When the government goof's off, they really goof off and it takes months to track back through all the red tape to find a mistake. Anyway, I'm glad that most of you boys got your checks and I'm doubly glad that I got mine.

I have been complaining about lighting around here for some time. For the past two weeks, all the installed lights have been turned on every night, but last Sunday not one light did I see. I turned on a couple myself as I knew where the switches were. It might not be a bad idea for a list of switch locations to be published; at least those that are easily reached.

The Hort club dance last Saturday night was really a swell affair. There was a nice sized crowd—well behaved too. The decorations were excellent, as they usually are at all Hort club dances. Even though the Hort boys couldn't start putting up the posies until noon they did a good job. I understand that the P. E. classes (the reason for the delay in starting the decorating) amounted to ONE basketball player. That type of cooperation is what we don't want here at Poly. It was a good dance anyway.

I understand that this column was a topic for one of the English classes last week. I understand that it is not sedate enough to suit one of our esteemed faculty members. I'm terribly sorry but I don't have the slightest intention of ever being sedate in this column. 'Twas O'Leary's cow that started a big fire, O'Leary. Let's start another one.

I had my Kettle of Fish all planned out but I'll skip it this week. Instead, I want to wish everybody a very happy Easter.

Lancaster Elected Rifle Club Prexy

At the last meeting of the Poly Rifle club an election of officers was held. "Rusty" Lancaster was chosen president, Bond his right-hand man, and "Curley" Wilson was made secretary-treasurer by acclamation.

Last Sunday, the gunners turned out at the range for their first shoot, but the erstwhile shooters found a bulldozer and a grader waiting for them. Under the able hand of Dick Stratten and the direction of Bond and Dick Watson, the range was lengthened to 100 yards. After a little manicuring with shovels, the range will be ready for the next meeting. Everyone interested in shooting

under good conditions and firing in matches on a good range should belong to the Poly Rifle club.

Fast San Diego Ball Club Will Put Poly to Test

Whether California Polytechnic college has a first class ball club or just an average club will be answered definitely Friday when the Mustangs clash with the powerful San Diego Astecs in a double-header on the high school diamond.

It was no April Fool's joke to the University of California yesterday when the marauding Astecs, led by their big-sticker, Earle Brucker, Jr., blasted the Cal nine 18-3 at Berkeley yesterday. Brucker, the son of Earle Brucker, Philadelphia Athletics' former catcher and present coach, is a freshman on the Border City squad who moved in to take over the first-string catching berth from three lettermen. He bats left-handed and is the Astec's leading hitter to date.

Defending Champs
Despite improved playing and recent good showing of the Mustangs in winning two from Fresno State and two from College of Pacific, Poly will have a tough day trying to conquer the defending CCAA baseball champs who had lost only one game up until the time they went on their road trip two days ago. Their only loss was a 2-0 heart-breaker dropped to the San Jose Spartans. In the first game against the Spartans, the Astecs won an easy 7-3 victory. Jim Gleason, right handed sophomore and a 1946 letterman, pitched the win over San Jose while Phil Seewald, Astec No. 1 hurler and All-CCAA in 1946, lost the four-hitter.

Poly lost both games to San Jose, the first by a 18-2 score and the second by an 8-4 score. Since those games, the Mustangs have shown definite improvement; so much, in fact, that they hardly look like the same team.

Coach Bob Mott put the Mustangs through a long hitting drill last night and worked them in an infield drill tonight. Mott probably will pitch his winning hurlers, using Don Garman in the first game and Don Crawford in the night-cap.

The recent improvement of 6'3" Karl Frei, relief hurler, puts him on the docket for a call to the mound soon, and it may be this week.

Bert Haas, first sacker, is recovered from a siege of intestinal flu which hit him right after the second inning of the first game against College of Pacific last Monday. He feels much better and worked out last night.

Jim Fisher, third baseman, hurt his ankle in the last game, and is a doubtful starter at the hot corner.

Santa Maria Squeezes Out Poly Tennis Team

Weakened by the absence of its star player, Ed Harper, the Santa Maria tennis club had difficulty in losing out the Cal Poly tennis team by a close 5-4 score last Sunday on the Santa Maria courts. Poly players were within a single point of winning two of the five matches lost as point match was reached by Seaton on the No. 2 singles match and by the Chaffee brothers in the No. 2 doubles match. In both cases Santa Maria players rallied to win the crucial points and go on to win both matches.

Marshall Miller and Les Grube each accounted for two of Poly's four points. Miller played extremely well to defeat Jim Bartlett of Santa Maria in the feature match of the day; later he teamed with Don Seaton to win the No. 1 doubles match as well. Grube showed his usual steady game in both his matches.

Results:
Singles—(1) Marshall Miller (Poly) d. Jim Bartlett (SM) 9-7, 6-4.
(2) Bert Bell (SM) d. Don Seaton (Poly) 6-8, 7-5, 7-5.

(3) Bob Castle (SM) d. Greg Ebat (Poly) 3-6, 6-4, 6-2.

(4) George Hobbs (SM) d. Grant Chaffee (Poly) 6-2, 2-6, 6-1.

(5) Bill Hobbs (SM) d. Ronald Johns (Poly) 6-0, 11-9.

(6) Les Grube (Poly) d. Ray Najar (SM) 6-4, 6-4.

Doubles: (1) Miller and Seaton (Poly) d. Bartlett and Castle (SM) 5-7, 6-1, 6-8.

(2) Hobbs and Hobbs (SM) d. Art Chaffee and G. Chaffee (Poly) 1-6, 8-6, 11-9.

(3) Ebat and Grube (Poly) d. Najar and N. Bartlett (SM) 6-1, 8-6.

Chesterfield Sponsors Table Tennis Tourney

Attention Ping Pong Players! Starting April 7, John Mallory, campus Chesterfield representative, will stage a ping pong tournament including single and double matches. Students interested should sign up for the tournament in El Corral. Mallory will be in charge and will arrange all tournament matches at the players' convenience. Prizes will consist of a carton

POLY WINS OVER COP

(Continued from page 1)
Cal Poly has now won four and lost four conference games, winning from Fresno and COP and losing to Santa Barbara and San Jose. Next conference opponent, San Diego State, CCAA champions in 1946, will be a tough opponent. San Diego has won over Whittier, Pepperdine and split a double-header with San Jose.

SPORTS ROUNDUP

By JOE GRIFFIN

That little dose of California liquid sunshine that was sent to San Luis Obispo last weekend was a boon to just about everyone but the athletic department and the sports staff here on El Mustang. The intra-mural track meet was scrubbed, the double-header with the Tigers of the College of the Pacific was called off, and the tennis matches with the S.L.O. Tennis Club were cancelled. Everything went to pot. Maybe it was all for the best, who knows? It does make it tough on the sports writers though. Jiro Kai, the sports editor, is sitting over to my left now, his head in his hands, sobbing something about lack of copy. Bob Kennedy and John Patterson are trying to console him with the fact that if it wasn't for the rain the squash crop would be ruined and the farmers would all go broke. Doesn't seem to be doing much good. Anyway, things are tough all over.

BASEBALL

When the boys took the field against Fresno State they didn't look like the same ball club that had played San Jose a few days previous. With Bert Haas on first, Wilbur Mayhew on second, 'Pinky' Bebernes at short and Jimmy Fisher holding down the hot corner you would have thought you were watching the old 'Gas House Gang' of the St. Louis Cardinals in action. All ginger, pepper and hustle. As a result, by playing heads up ball, they pulled the first game out of the fire in the last half of the ninth when trailing by two runs, and went on to snow the Bulldogs under in the nightcap.

BASEBALL PERSONALITIES

Bob Mott's pride and joy of the base paths is little Pee Wee Fraser. Just let Pee Wee work his way to the initial sack and the opposing pitcher has his hands full. All trouble. He can't watch Pee Wee and the batter at the same time and the minute he takes his eyes off Pee Wee he tries and generally succeeds in pilfering second base. From then on it's just a case of the third base coach giving the little man the go sign to third.

The Mustang pitching staff is made up of several capable hurlers. One of these is a long, lean fellow by the name of John Williams. John sports a high hard one and when Mott is looking for a fast ball artist he just calls on Williams.

Another chucker with plenty of stuff on the horsehide is Don 'Lefty' Garman. Don dumped College of the Pacific with a four hitter Wednesday and was complete master with the exception of the ninth inning. In the ninth he got into a little jam which could have cost him a win but with the chips down and the bases loaded he nipped the belated rally in the bud.

SWIMMING

Cal Poly's swimming team went up to Stockton last Thursday night to take on the Tigers of the College of the Pacific. The meet was the first between the two schools and the Mustangs came out on the short end of everything but the ride up. Out of a total of 75 points the Tigers took 65 and the Mustangs the remaining 10. Things were not as bad as the score indicated. The Tigers have one of the Coast's better swimming teams. San Jose, when swimming against Poly, broke several pool records and these in turn were broken by College of the Pacific. The class of competition is fast and in due time we will hold our own. Every meet, whether a win or a loss, is a step up that ladder of experience.

SPRING FOOTBALL

The Mustangs are in for some good hard work come next week. Scrimmage will start Monday or Tuesday and will continue through the remaining weeks of the season. Because of the shortage of time between the opening of school in the fall and the first ball game most of the groundwork will have to be cleaned up now.

The material looks good but just how good will come out when the boys start banging heads. According to Chuck Pavelko, Mustang backfield coach, the backfield material is fair but there is a definite need for a couple of good scat backs.

Hort Club Studies L. A. Nurseries and Flower Mart

By Paul Tritenbach

A field trip to Los Angeles area nurseries is being undertaken this week by the Ornamental Horticulture department. Wilbur Howes, department head, Howard Brown, instructor, and students left Tuesday for the Southland. Most of them plan to return Friday night.

Many of the largest nurseries both wholesale and retail, and many speciality nurseries, are being visited on the three day excursion. A 4 a.m. visit to the L. A. flower market will be "enjoyed" Friday by the group, according to Howes. Most of the O. H. men are staying in a Los Angeles hotel for the three nights.

The Horticulture club's "Bunny Hop" last Friday was enjoyed by an estimated 200 persons. Wilbur Howes, Gil Brown, who directed the dance, and Jim Coleman, club president, all termed it a fine success.

Favorable comment from many dancers went to the Collegians, the band's calla-lily background, the entrance, the tree in the center, and the Coke garden. The Collegians, under the direction of Don Seaton, played beautifully and flawlessly, in their usual manner.

Jack Anderson took a number of pictures of the affair for the O. H. department. Labeling of exits and general conduct of the dance was praised by Ernest Steiner, security officer. Gil Brown announced his gratitude for the splendid co-operation of the O. H. men, most of whom worked all day Friday in the gym.

The Hort club has changed the time of its meeting to 7 p.m. the second and fourth Thursdays of the month. The first meeting at this more convenient time was held last Thursday in classroom 9. A volley ball team for the club was formed, and Ray Larson was made captain. After other club business was disposed of by president Jim Coleman, a number of kodachrome slides taken by various members was shown by Wilbur Howes.

Poly Phase Club Plans Barbecue And Field Trip

By Ed Durbin

The Poly Phase club is planning a barbecue immediately following the Easter vacation. The event will be held at the county park and transportation will be provided for all those students who do not have a means of getting there. "The barbecue is expected to be a huge success, so come out, you electrical students, and have some fun," said John Seaton, president.

There will be no Poly Phase meeting on Thursday preceding Easter vacation, but there will be a meeting on the Thursday following Easter vacation. As this is a very important meeting, it is urged that all members attend. This meeting will be held in the A. C. Aud. at 4 p.m., Thursday, April 11.

In the very near future, electrical students are going to be asked whether or not they wish to go on the field trip which is being planned for the Electrical Dept. If all the arrangements are successful, the club plans to leave the school Wednesday, May 7. The present plan is to visit spots of interest in the vicinity of San Francisco, including the cyclotron at the University of California at Berkeley.

Engineers Elect Adams as Proxy

By S. E. THOMPSON

Members of the Poly Engineers met on the evening of March 19 to nominate and elect new officers for the spring quarter. Bob Adams was elected president with Robert Johnson selected to act as his assistant. The election of Les Gries for the post of secretary-treasurer was more hotly contested than any other.

Doc Grisham was approved by his fellow-members as their representative to the Rally Committee. Stanley Thompson was ap-

Band Acquires New Members

By Ernie Heald

This introduces Charles Kruse, Harry Lowe, Jerome Zeutalus and Lew Bracker as new members of the Mustang band. Kruse, Lowe, and Zeutalus bring the clarinet section to 11, while Bracker enlarges the trumpet section. We are happy to have them with us.

We are glad to have some of the old members with us again:

pointed by the Executive Council to fill the position of club reporter.

Roy Hoover is supporting a bass; Milton Riggs, who was drum major during the football season is back on his baritone; Earl Smely has traded his bassone for a slide trombone.

Tryouts for student directors resulted in Presaby Cooper, Milton Riggs and Bob Strong being elected. They will take over the directing of the "hot shots" in the absence of Bob Rayburn and Fred Waterman, who will be away on the glee club and orchestra tour.
