Subject: RESPONSE TO ACADEMIC SENATE RESOLUTIONS 411-413

Resolution 411
It is my intention that this element of the strategic plan continue to be given a high priority by all elements of the campus as your resolution suggests. The suggestion of a visiting professors’ program is a good one, and each college has been asked what it plans to do to promote faculty diversity in the next year and beyond.

Resolution 412
Enrollment and employment data will show that the University has established a positive gradient in the change of the numbers of underrepresented people in both the student and staff categories. Trends are less clear with the faculty, but this remains a high priority for me and for the University as this resolution reaffirms.

Resolution 413
I support the formation and operation of an Educational Equity Commission as described in this Resolution. I will take the necessary action to form the Educational Equity Commission as outlined in the next to last resolved clause.

I have transmitted these Senate resolutions to the deans and the program managers along with my response. Thank you very much for your careful consideration of these issues to improve diversity on the campus and promote sensitivity to the changing needs of our students.
