

# Judging Team Entrains For Big Chicago Show

By Carter Camp

Student livestock judges, Gerald Craig, Jim Morrison, George Strathearn, Bob Bowman, Weslie Combs and Dennis Daly, will leave San Luis Obispo Sunday on the first leg of their journey to the International Intercollegiate Livestock Judging contest at the International Livestock exposition, Chicago. Prior to the contest, Nov. 26, the five judges and their coach, AH instructor Lyle Hoyt, will stop at farms in the Midwest to sharpen their eyes for the International. They will travel by rail.

This is the same team that topped first honors at the Cow Palace competition Oct. 30. The Polytechnic defeated such teams as Utah State, Washington State, University of Idaho and Fresno State at the San Francisco Grand National. For their efforts the five men won a number of trophy cups and each team member was presented a judge's cane.

Combs, a dairy student from Bakersfield, has demonstrated his ability at placing both dairy animals and general livestock in their proper showing categories. Combs was a member of the three-man dairy judging team, coached by George Drumm, dairy department head, that finished second at the Waterloo, Iowa, national dairy judging meet.

At the Chicago show, the AH men face their strongest competition to date. Teams from Great Britain, Canada, Hawaii and South America, as well as schools all over the United States, will be striving for first honors. Coach Hoyt was a member of the team to win first place when he was an undergraduate at Iowa State. His former school's team will be competing at the contest along with other top Midwest colleges.

"The international will be the toughest contest we've entered so far," said team member Daly. "But we will do our best to win the championship."

## Students Dismissed For Moral Code Violations

During the fall quarter, President Julian A. McPherson has been forced to dismiss a total of six students for violation of good conduct standards.

Three of the students were dismissed for campus beer drinking, and the other three were found guilty of petty theft.

Dean Vernon Mescham expressed the hope that it would not be necessary to drop any more students from college this year because of violations of the moral code.

## Aeromen Hear Talk On Bendix Automatic Pilot

John E. Bryant, head of the technical training department of the West Coast division of Bendix Aviation Corporation, spoke on the principles and operations of the Bendix automatic pilot before aeronautical and electronics students last Tuesday.

Bryant has been guest speaker at schools and airlines from Mexico to Canada.

# Alumni Praise Student Participation; 42nd Homecoming Rated Very Successful

More than 800 alumni were present at the 42nd annual Cal Poly Homecoming last weekend on the campus, said Henry House, outgoing Alumni association secretary. He stated that the grads were unanimously enthusiastic about the meeting, and that it was proclaimed the most successful Homecoming to date.

**Student Body Helps**  
"The success of the affair was largely due to the participation of the students in the parade and in other Homecoming functions. On behalf of all the alumni, I want to thank the student body for their efforts toward making this annual reunion so lively and enjoyable," House said.

The bonfire, Thursday night at 8, set the Homecoming under way. The blaze started shortly after the "Y" on the mountainside was lighted. While the ground and timber heap were still moist from the recent rains, the fire leaped bright and high when the torch was applied.

The cheer leaders and song leaders took over once the bonfire had started. Alumni and students joined in songs and cheers as the fire lighted the skies.

## Horse Skin Goes To Green, Gold

A horse hide, branded with "CP-UCSB" will serve as the perpetual trophy to be awarded each year to the winner of the Mustang-Gauchos football clash, Len Swanson, SAT trophy committee appointee, stated today.

The committee, comprised of Swanson, Pat Morrison and Chairman Vince Hardy, considered a number of suggestions before deciding on the horse hide.

In future games, the trophy will be presented to the winning team immediately after the contest. This year, because the trophy was not available at game time, the trophy will be given to the Mustangs at the Cal Poly-Santa Barbara basketball game.

The hide will be purchased from the local tallow works, tanned and appropriately branded. Both schools will share equally in the cost of the trophy, Swanson said.

## Russ Pyle Named El Mustang Editor

With the beginning of the winter quarter, Russ Pyle, present Goal Post editor, will become editor of El Mustang. He was chosen to his office by a unanimous vote of the Publications board.

Pyle succeeds Phil Keyser as editor. Keyser's term of office started at the beginning of the winter quarter last year.

"Under Phil's supervision, the paper has risen to its greatest height," Vince Hardy to the contrary, Pyle said today. "I only hope to keep up the rapid progress El Mustang has made during the past year. I will always welcome any suggestions from the student body toward improving our school paper."

This issue of the paper is the last for the present quarter.

## Winner Announces Registration Time

Students who are currently enrolled for the fall quarter will register for the winter quarter on Friday, Dec. 3, at classroom 19, C. Paul Winner, dean of admissions, announced today.

Students whose last names begin with M through Z inclusive should appear to register between the hours of 7:30 and 9:30 a.m. Students whose last names begin with A through I inclusive should appear to register between the hours of 9:30 a.m. and 12 noon.

Registration commenced at 9 Friday morning and lasted until 2 p.m. At 9:30 the grads clustered about the reviewing stand at the downtown court house to see the 28 Homecoming floats pass by. The winning float, honoring the class of '19, built by Los Lecheros, was awarded a large gold trophy cup. Judges for the parade were President Julian A. McPherson, C. O. McCorkle, Student Body Proxy Bob Bowman, Alumni Fred Luck-singer, Cecil Evans and Chief of Police Ralph Files.

**Many Events**  
Other Homecoming events included the annual Alumni association business meeting, a barbecue, two dances and the Cal Poly-Santa Barbara football game. A baby-sitting service, handled by the Student Wives, enabled a number of the alumni to attend the game and the Friday evening dance, House said.

Officers elected at the conclusion of the business meeting are: Carl Gill, '23, Madera, president of the association for the coming year; vice presidents and their areas of jurisdiction include: Paul R. des Granges, southern; Tom Leonard, south coast; Charlie Cook, north coast; Peter Giampoli, Sacramento valley; Charlie Mendenhall, central; Allan K. "Bud" MacDougall, San Joaquin valley.

**Switch Offices**  
Johnny Jones and House have switched offices. Jones is newly elected secretary-treasurer, House is chairman of the "31 committee"—a group of 31 alumni members who served throughout the state, attempting to keep the membership closely linked.

Harry Wineroth was singled out by House for special praise. He was chef at the annual barbecue. Because of the rain, the barbecue meat was prepared at the Poly pits and was served at cafeteria one.

**Best Barbecue Yet**  
"Harry did a wonderful job bar-becuing the dinner," said House. "Everyone agreed that the meal was equal or better than any other barbecue they ever attended."

Four Alumni members donated beans, tomatoes and oak wood for the barbecue. These men were: Bob Rivers, Dave Tompkins, Marcel Layous and Aldo Tognatti. The annual Homecoming dance was staged Friday evening; senior class members were special guests of the Alumni association at the affair.

## Stamp Drive Now Alpha Phi Omega Regional Project

"Stamps for the Wounded" drive has been accepted by the Alpha Phi Omega fraternity as a regional project, Lee Lipsie, local drive chairman, reported today. The decision was made at the fraternity's regional convention at San Jose Nov. 12 and 13.

Fraternity members also voted to hold their next regional convention at Cal Poly. This decision, Lipsie said, was influenced by the enthusiasm and good work done by the participants of the San Luis Obispo drive.

The object of the stamp drive is to collect cancelled foreign and domestic stamps which will be sent to hospitalized veterans.

Approximately 7,000 stamps were collected over the Armistice day weekend, said Lipsie. Student wives are participating in the drive by making collections.

Plans are being formulated for a benefit performance featuring movie stars and national and civic leaders. Lipsie expects an attendance exceeding 10,000 persons at the stamp drive benefit.

## Requirements Set For Thesis Course

New information for thesis students was issued this week by the Instructional council.

Only students who have an approved problem and outline, with sufficient data to begin writing the first, second, or third chapters of the thesis are eligible for a "P" grade in 461 and also eligible to enroll in 462, according to the council. Those not so far along will have to plan to graduate later than June, 1950, because the date for submission of final rough draft for typing is March 4. Final copies must be in the Registrar's office and fully approved by April 24, 1950.

Because more than 400 seniors must be accommodated by the English department in regular classes, it will not be possible to take 462 by arrangement during the winter quarter. Regular 462 sections will be scheduled by the English department in the spring quarter, but not for June, 1950, graduation.

## Novice Tournament Successful, May Become Annual Tilt

By Ken Kimbrough

The 1949 Novice boxing tournament, held last Tuesday and Wednesday nights, completely fulfilled all hopes of success. Both nights found an enthusiastic full house watching the well-organized and evenly matched events.

Trophies were awarded to winners in eight weight divisions, along with a trophy for the most enthusiastic, entertaining and organized rooting section and to the manager with the most champions. The music department easily took the former award, while Dan Danforth, also of the musicians, walked off with the latter prize by directing three winners.

**Lidderdale Tops**  
Bill Lidderdale slugged his way through three matches to grab the 165-pound championship and "out-standing boxer of the tournament" honors. Lidderdale's fine condition and outstanding aggressiveness enabled the gamester to reach success despite the fact that he has had little if any experience as a boxer.

Weber Lawson opened the finals Wednesday night by outpunching George Yamaguchi in the 125-pound division. Lawson was the aggressor and had a little harder punch than his opponent.

John Elder won the 180-pound title with a smashing TKO over Frank Fong in 26 seconds of the second round. Elder showed a dynamite-laden left, coupled with a cool head, and rates as a good prospect for the variety.

**Hagan Edges Kop**  
Winner of the 135-pound class was Don Hagan who defeated Edmond Kop. Hagan is an aggressive boxer and also shows possibilities.

Coming from behind, Stanley Luke evened up his match with Oli Shue and went on to win the 145-pound title by outpunching his tired rival in the last ten seconds of the fight.

With both boxers packing a powerful punch, Ed Strait gained a hairline decision over Leno Buenconsejo. Badly battered, Leno came back again and again to stagger his opponent, but the officials ruled this wasn't enough.

**Jackson Shines**  
Leon Jackson carried his grid-iron abilities into the ring as he took the 175-pound title with a TKO over an outclassed Bill Whitaker in 41 seconds of the third round. Jackson definitely is not a newcomer to the ring sport and may give the Mustangs a top notch light heavyweight in the future.

A tired Sig Vollen ended the fireworks with a close win over Ed Imhoff. Vollen had defeated Dan Glass earlier that evening, but out-fought Imhoff in the final two rounds for the heavyweight title.

## Campus Variety Show Needs Varied Talent

Talent—musical, vocal, dramatic—will be in demand Jan. 11 when a campus variety show is slated for the morning assembly.

The show is sponsored by the Young Farmers and winning acts will be rewarded. Show competition will be between campus clubs. Organizations planning to enter the talent race may write to E. A. VanLaningham, box 2189, and declare their intentions.

From past performances, Cal Poly must be designated as the underdog, although this doesn't mean a thing in football anymore. A San Jose team which trampled Poly, 47-0, rolled over the Spartans last week, 40-0. However, the Spartans played some of their best ball this year as alert defensive play and a driving offense gave San Jose the win over a San Diego team which had an offnight. Three pass interceptions helped stop deep Astec thrusts.

**Parma Pass Threat**  
Against the Mustangs, San Diego's main offensive threat is the passing of Quarterback Leon Parma. The fast improving signal caller has pitched for seven touchdowns in the last five games, completing 23 passes in 50 attempts for a total of 373 yards. The local pass defense has shown signs of weakness in several games and the Tribe may take advantage of this if those signs are still present.

Complementing the passing threat is a strong running game led by Halfbacks Jim Simmons and Murray Callan. This one-two punch has rolled up over 550 yards by rushing this season, many of which were gained through big holes opened up by Tom Dahms, 330 pound, 6' 4" All-CCAA tackle.

**LeBaron To Play**  
Thanksgiving afternoon, the fabulous Eddie LeBaron and a horde of growling COP Tigers invade the local corral to take on the El Mustang. Many fans will get their first look at the flashy quarterback bidding for All-American honors. LeBaron's biggest competition on the coast is Bob Celert, Cal T-master.

The Bengals have won nine straight so far and are well on their way to an undefeated season and a small bowl bid, or even a major bid might be brewing. The little coast team has attracted national attention by becoming the nation's top scoring team led by the antics of LeBaron. Little more need be said.

## Work Begins On Campus Gas Lines

Work has started this week on laying new gas lines to make the old piping system adequate for present use. A new meter will be installed at the corner of California boulevard and Campus way with a six-inch commercial service high pressure line and a four-inch domestic service line being laid.

The job should be completed before the first of the year by Mehring and Hanson, Santa Barbara contractors, and R. McGray, Santa Maria sub-contractor. The R. McGray company is digging the ditches and will lay the pipes, do the welding and back filling.

The commercial service will supply the new boilers and the domestic service will include all of the small gas heaters throughout the campus. This work will be the first step on the master plan for the campus and is the first modernization of the system in the last 20 years.

The opinions expressed in this paper in signed editorials and articles are the views of the writers and do not necessarily represent the opinions of the staff, the views of the Associated Student Body, nor official opinion. Subscription price \$2.00 per year in advance. Editorial office, Room 21, Admin Bldg.

## Open Letter To Russ Pyle

Dear Russ:

This is my last issue of El Mustang. From here on in, it is all yours. The Publications board has appointed you editor for the coming year; the vote was unanimous. You are experienced and you are the best man I know for the job. You have edited the Goal Post for two seasons; you were sports editor on this paper for a year and you have written considerable copy for El Rodeo.

I am glad you are taking over for me. I know you will do an excellent job.

But, so that you take over the reins with your eyes open, I want to tell you the following facts:

It isn't all gravy, this editing. You are going to slave and suffer. You will go on probation—it can't be helped. No one can devote 10 to 12 hours a day, six days a week, to El Mustang and be a model student. While your classmates and instructors are getting a good night's rest, you'll be in the paper office and print shop getting out the issue. And don't expect sympathy. You won't get it.

Also, you will be beset by lobbyists who want their own infinitesimal drive to occupy most of your front page. Insult 'em, chuck 'em out of the office. They'll be back, of course, but discourage these persons all you possibly can.

Next will come those chappies who claim you've done them a great injustice, and besmirched their characters for all time. What you printed may have been true, but you are a son of an unmarried mother for exposing them to the public. Laugh these guys off.

Finally, you will have completed your term as editor and will feel the urge to write a last editorial thanking those persons who have aided you in the past year. A careful check will prove that these persons are in a very small minority and that they are not the sort of individuals to want any public thanks.

But, there will be one huge group to thank. . . . It will be your obligation to thank all students and faculty members of Cal Poly for allowing you to be their editor. It is a privilege to be the editor of El Mustang. It is an experience you will never forget. In spite of all the headaches, it is still the best job a student can hold in this college.

—Phil Keyser

## El Rodeo To Start Portrait Work On Grads, Faculty

Senior and faculty portraits for the 1950 El Rodeo will be taken beginning Dec. 5 and continuing through Dec. 10, it was announced today by Don Johnson, El Rodeo editor. The Colbourn Studio of Oakland, which was awarded the contract on a low bid, will set up a portable portrait studio on campus to accommodate all graduating seniors and faculty whose portraits will appear in the yearbook.

Four poses will be taken for \$1, which is payable at the time of sitting. Proofs will be returned to each individual by mail. Seniors and faculty will indicate their choice of portrait to a representative of the studio who will be on campus a short time after the return of the proofs. At this time portrait enlargements in any of a number of styles and sizes may be ordered.

A time schedule of individual sittings will be released as soon as the tabulation of graduates is final. The location of the campus studio will be announced later.

"We define a 1950 graduate," Johnson said, "as a student who will have completed his course requirements at any time up until the fall of 1950. We want all of 'em in this yearbook, too." Students will be excused from classes at the time of their individual sittings.

Faculty will be scheduled to avoid conflict with class or office hours at some time convenient to them.

Johnson concluded by emphasizing that he would like to see all of the faculty and all of the seniors in the 1950 El Rodeo.

Most recent addition to the college's physical education facilities is the new 860,000 athletic field, which was dedicated May 8, 1947.

## Cataloging Speedup Due To Introduction Of New System

The new system of pre-cataloging new books coming into the library is underway, according to Francis H. Allen, head librarian.

In order to shorten the waiting period which has been necessary under the old system, incoming books are now given a temporary classification and made available at the circulation desk. The temporary classification does not give all of the information found on the regular cards, but will list only the title and author.

Books listed in this way may be called for at the circulation desk in the main reading room. All pre-cataloged items will receive full cataloging as soon as the staff is able to get to them.

## Lost And Found Collecting Variety Of Misplaced Items

Everything from checkbooks and pens to keys and glasses have been turned in recently to the lost and found department at the information desk, according to Olga Martinson. They may be redeemed after proper identification has been made. If not claimed after a period of time, books are turned back to the bookstores.

Students changing their resident address should report to the information desk and make the necessary changes on the card located there. In case of emergency, this is the only way the school has of locating the student.

## Plans Formulating On New Exhibits

Year-around exhibits in the Library building are being planned and scheduled by the newly organized Committee on Library-Gifts and Exhibits, it was announced today by James B. Smith, chairman of the committee.

At the present time a questionnaire is being circulated among department heads as a first step in lining up future exhibits by departments, courses and individual students. The committee will also welcome suggestions from all students and faculty members, Smith stated. These suggestions should be sent to him, Smith added.

The committee intends, as far as possible, to use exhibits that will represent the work of the whole college, a wide variety of student work in both curricular and extra-curricular fields and also recent developments outside the college.

Marion A. Hephburn, AH graduate of the 1949 class, had a summary of his thesis, "A Progress Report on the Practice of Fertiliz-

ing Irrigated Pastures in California" featured in the October issue, Western Livestock Journal. To obtain information for his

thesis, he sent nearly 600 questionnaires and letters to the Californians who produce or are closely associated with the production of

irrigated pastures. In many cases he followed the questionnaires with personal interviews. Through talks with ranchers and the inclu-

sion of 50 case histories, he has compiled a research paper which rates among the finest surveys on irrigated pastures in the state.

Bernie Bailey, who is the newest addition to the poultry department's teaching staff, came to Cal Poly at the start of the June quarter.

Born in Blossom, Texas, Bailey graduated from grammar school and high school there. He later attended the North Texas Agri-

cultural Junior college and graduated in 1943. He then joined the Army and served as an infantryman for three years.

After his discharge in 1946, Bailey entered Iowa State university, receiving his B. S. degree from there in 1947. Bailey's next jump was back to

Texas, where he was engaged by the Texas A. and M. university as the state supervisor for the National Poultry Improvement plan.

# Mustangs Top Santa Barbara, 7-0, Snapping 16-Year Jinx

By Ed Isler

Cal Poly's Mustangs broke a 16-year jinx last Friday when they squeezed out a 7-0 win over a stubborn Santa Barbara Gauchos eleven. The Homecoming game, played before a capacity crowd that included many old grads, was marked by savage line play and numerous fumbles. A soggy field hindered the passing attacks of both clubs and relegated the affair to an old style game of line plunges and end sweeps.

Poly tallied early in the fourth quarter for the game's only score. Quarterback Stu Brown completed a third down pass to Halfback Eddie Mack from the Gauchos eight yard line. Mack took the pass just over the goal line after he had sneaked in back of the Santa Barbara safety. Pinky Behrnes converted to complete the day's scoring.

The touchdown was set up by a Mustang drive of 80 yards. Smart headwork by Brown and the hard running of Jay Dee Phillips sparked the attack. Phillips played his best game of the season, carrying the ball eight times during the scoring march.

From the way the first three quarters were played, it looked as though a scoreless tie was inevitable. Several Santa Barbara drives had been halted deep in Poly territory. Coach Pavelko's eleven showed practically no offense during the first half and seemed unable to find themselves. Only a rugged line, with Marsh Samuels doing yeoman work, gave the home folks anything to cheer about. However, an inspired Mustang team got together long enough during the final period to look like a fine ball team. The invaders from the channel city wilted under a hot sun and were shoved around pretty badly.

There were no long runs during the contest and only a total of 20 passes were thrown. The mud was like clay and hampered the backs all afternoon. Most of the Santa Barbara plays were of the quick opener variety and worked fairly well during the first half.

Coach Roy Engle's eleven had all the best of it as far as statistics were concerned. The Gauchos rolled up 14 first downs to Poly's nine and gained a total of 248 yards as against 172 for the Mustangs. However, the Pavelkomen ground out seven first downs in the final period, and that tells the story.

# Colts Drop Finale To Fresno, 22-6

By Ray Rasmussen

The Cal Poly Colts brought the curtain down on their 1949 season Saturday evening at Poly stadium, bowing to Fresno junior college, 22-6. After a scoreless first quarter, the Rams from Fresno started rolling. Taking a hand-off from Quarterback Mike Ryan, Larry DeCarlo scampered 85 yards to the Poly 28. Two plays later Ryan skirted his right end for the first score of the night. Lyman Ehrlick's try for the extra point was no good, and the Rams led, 6-0.

Colts Trail, 18-6

With four minutes remaining in the second quarter, the Rams again caught fire. John Savon kicked up his heels and moved the pigskin 48 yards to the Poly 24. Ryan quickly tossed to Ehrlick, who was standing alone in the end zone, for nine yards and a TD. Ehrlick kicked the extra point giving the Rams a 18-0 halftime lead.

Bankene Scores

Fresno scored their final marker in the third period on a 60-yard jaunt by Novana, after Fresno had recovered a fumble on its own 88-yard line. The Colts finally broke into the scoring column with 48 seconds remaining in the third period. Halfback Joe Bankene showed the crowd some brilliant broken-field running as he twisted and squirmed 48 yards for the lone Colt touchdown. The try for the extra point was blocked and the score remained 20-6 as the third period ended.

It was a Lemmon's Lemmons who chalked up the high game in the Poly bowling league this week. William Howard of that club turned in a nifty 228. Virgil Oylor, bowling for the ME club, rolled the high series. Virgil combined games of 184, 212 and 172 for a 568 series. After seven weeks of bowling, the Engineers hold a commanding lead in the standings, with a record of 22-6.

In the Utilities league, the Cal Poly faculty has moved up to fourth place. Guy Culbertson, bowling for the faculty, has the highest average in the league.

# Broncos Drop 40-0 Tilt To Powerful Chaffey JC

Cal Poly (San Dimas) dropped a 40-0 decision to the powerful Chaffey JC gridders last weekend. It was a case of too much power in the vicious single wing running attack and deceptive screen passing along with a complete two platoon system which spelled defeat for the Broncos.

The Broncos end the 1949 season tonight when they host the Cal Tech Beavers on the Pomona high school field.

# Mustangs Take Water Polo Tilt From El Camino, 9-5

Cal Poly's water polo squad upset El Camino JC last Friday, 9-5. The Mustangs led at the half, 4-1, in avenging an earlier defeat by El Camino, 3-0. Forwards Doug Ostman and Henry Bauer led the locale's scoring with three goals apiece.

# Poly Beats Paso Robles In Cage Preview, 60-37

Coach Ed Jorgensen presented a preview of the 1949-50 basketball team last Monday night as the Mustangs eagerly rolled over Paso Robles AC, 60-37.

High point honors for the evening went to Hank Moroski. All CCAA guard of the Mustangs. Moroski registered 18 points on six field goals and one free throw. Bob Tomlinson and Doug Strathern rang up eight points apiece in a game which saw every man on the Cal Poly squad score at least once.

In the preliminary game, the Mustangs' Jayvees trounced the Frosh, 62-36.

# Harriers Dump Gauchos, Enter Big Stockton Meet

Coach Jim Jensen's harriers will run in the Stockton Invitational Cross-Country meet this afternoon. San Jose State, Fresno State, COP and San Francisco State are also entered in the four-mile distance to be run on the COP oval.

The local thimblebreds dumped Santa Barbara last Friday on Cal Poly's course, 18-37. The lowest number of points possible to assess a team is 18 and the Mustangs were charged with but three more, finishing one, two, four, five and six.

John Lesley captured the 3.1 mile race in 17:11.5, closely followed by team mate Walter Jones.

# Band To Play At COP Game

Both the football team and the band are giving up part of their holiday for the COP game. How many students are doing the same?

# The Spotlight

By Al Barto

Old King Football gave the sports fans a tumble for their money during the fast closing 1949 football season. Upsets galore kept the odds-makers near the break-even point throughout the season, and selections of bowl teams have been held up for an extremely long period. The Michigan-Ohio State game and the Stanford-California game this weekend will designate the Rose Bowl contenders. Other "crucial" games are: Baylor-SMU, Oklahoma-Santa Clara, and Rice-TCU games this weekend, and Notre Dame-SIU, North Carolina-Virginia and Rice-Baylor later on.

Do Or Die  
Even the Mustangs are on the "crucial" list. A win against the Astores could put Poly in second place, while a loss delegates the ol' home to the cellar for the third straight year.

A look into the future shows San Jose State dropping out of the CCAA. The Spartans seek loftier battle grounds and won't find them here. However, the proposed league "in the making" of COP, Santa Clara, Nevada, St. Mary's, USF, Loyola and San Jose State looks very doubtful from this corner. Reason? SC, USF, St. Mary's and Loyola are definitely on the way up while the others won't be able to match such forward strides.

The Last Breath

And with that last sentence, we close our yap and tenure as Sports Editor. It's been a harrowing, but pleasant job. Your new man will be Ed Isler, a prolific and ambitious writer taking the fatal step of becoming an editor. (See what happened to Pyle!) Good luck, Ed.

## Councils Plot Kellogg Ranch Study Program

The joint instructional councils of both campuses of the California State Polytechnic College met this week with President Julian A. McPhee and other administrative officials to map out preliminary plans for the recently acquired famous Kellogg Arabian Horse ranch near Pomona.

The four million dollar, 812-acre ranch, with some 80 blooded Arabian brood mares and stallions, was donated to the college by the Kellogg foundation, with the effective date of the transfer of title indefinite until final papers are signed in Sacramento.

President McPhee announced that the Kellogg ranch property would be utilized for a sound, college-level educational program based upon the same educational philosophy which guides the educational offerings at the San Luis Obispo and Vohnis Unit campuses.

"Months of intensive study and research will have to be completed before we will be able to announce what our future plans for the Kellogg ranch will be," said President McPhee.

"We do know, however, that breeding of Arabian horses will continue as part of our animal husbandry program. As part of the agreement with the Kellogg foundation, we will continue the Sunday afternoon horse shows, probably starting sometime next spring," McPhee added.

## SBS Coeds Attend Chase Hall Dance

Coeds from Santa Barbara college were the guests of the Chase Hall club at a dance in the newly renovated lounge on Nov. 11, following the Armistice Day football game.

Jan White, home economics major, headed the group of coeds from the Delta Sigma Epsilon and Gamma Delta Chi sororities. Major and Mrs. J. C. Deuel were hosts for the club, and Mrs. Deuel prepared refreshments and arranged floral displays for the dance.

About 85 or 80 couples attended, according to Richard Polite, club representative.

## Browsing Student Diners Taking Newsboy's Profit

The diners at cafeteria number one have been eating more than just the food served there every day. They are also eating up the profits of Joe Bijou, the newspaper boy.

Every day young Bijou places a stack of papers on the stand situated by the entrance, and every day some students pick up a few of his papers to read while standing in line. When the line moves on, they forget to return them. This costs Bijou about 12 papers every week.

## Charges Announced For Registration

Non-veteran students attending Cal Poly without the aid of any state or federal laws are subject to the following charges:

Registration fee ..... \$5.00  
Postoffice box rent ..... .50  
Medical fee ..... 8.00  
Room rent ..... \$7.00

These charges are for any quarter. Cecil Jones, accounting officer, stated today. A number of new students are delayed at registration, he added, because they bring no money with them at time of registration. This practice not only delays the student, but it also causes additional office work and wasted time.

A cashier will be stationed in the registration line to cash all checks. With the exception of room rent, which is payable in advance at the cashier's window at the accounting office, all charges will be paid in the registration line.

Students attending school under PL 848, State Veterans, Vocational Rehabilitation and other programs are subject to two charges—post-office box rent and room rent.

There are several hundred acres of land at Cal Poly suitable only for range purposes. Other land is devoted to hay, alfalfa and orchard.

## Cal Poly Students Win FFA State Offices

Two Cal Poly students were elected to state offices in the California Future Farmers this quarter. Robert Smith was voted state vice president, and Herman Beljeau was picked as state sentinel at a recent convention held at Cal Poly.

Smith and Beljeau are two of the six state officers who preside over more than 10,000 members scattered throughout the state. Smith attended the state and national Grange convention.

The Georgia Tech College Inn in Atlanta, Georgia, is a favorite haunt of the Georgia Tech students. That's because the Georgia Tech College Inn is a friendly place, always full of the busy atmosphere of college life. There is always plenty of ice-cold Coca-Cola, too. For here, as in university gathering spots everywhere—Coke belongs.
