

# El Mustang

CALIFORNIA STATE POLYTECHNIC COLLEGE

VOL. 11, NO. 28

SAN LUIS OBISPO, CALIFORNIA

FRIDAY, MAY 25, 1951

**Laden With Loot...** Individual champions of Cal Poly's first Annual Invitational rodeo held last weekend are pictured with their booty. Left to right are: Danny Rogers, bareback riding; "Slim" Koester and Bill Stroud, bull riding; Cotton Rosser, saddle bronc and All Around cowboy honors; Phil Rawlins, Pierce college, steer wrestling and calf roping; and Wade Orchard, Davis, wild cow milking.

## Poly Cowpokes Swamp Visiting Dirt Eaters In Two-Day Rodeo

By Bob McKellar

Sparked by all-around cowboy Cotton Rosser, Poly's rough and tumble rodeo team paced its first annual national intercollegiate rodeo with 744½ points.

In the fast moving, two-day affair that saw four collegiate teams and a contingent from Camp Roberts competing for day money and NIRA recognition, the army boys copped second place with 889 points. Pierce college with 882 points topped the Cal Aggies, who tallied 149, and Arizona State with 80.

Camp Roberts did not have NIRA sanction, therefore they were unable to compete for the college awards. Reg Jespersen, former Polyite, led the army by taking first and second in calf roping, and third and fourth in bull dogging.

### Rough Riding

Riding, roping and dogging Andy Juaregui's famed Newhall stock, Dan Rogers won the bareback riding with a thrilling ride that had the crowd of 4,000 on its feet as he toured the arena on a bundle of equine fury.

Bill Stroud and Don Koester split the bull riding honors and Cotton Rosser was the only cowboy to make a qualifying saddle bronc ride. Phil Rawlins from Pierce college walked away with top honors in college calf roping and steer wrestling, following up with second all-around honors, losing only to Cotton Rosser.

Wade Orchard topped the wild cow milking event to place third for all-around.

Other entries from Poly were Tom Hatfield, Norman George, Swede Herring, and Manfred Sander.

### Top Brass

Student directors were Joe Goodrick, Bud Collett and Martin Clark. Gordon Davis, Templeton, was producer; Don McMillan, Shandon, was the announcer and Lil Jespersen, Shandon, filled the secretary spot.

Judges were Gene Rambo, Shandon, and Andy Juaregui, Newhall. Frances Stroud, San Jose, gave the trick riding exhibitions and Bob and Gene Clark from Bakersfield entertained the crowd with many daredevil, bull-teasing antics in their role as rodeo clowns.

## Graduating Group Gets Job Offers

J. M. Plummer, from US Electrical Motors, will be on campus Thursday and Friday, May 24-25, to interview graduating seniors who are interested in employment with that company in its test program or in sales engineering.

Those interested should be at the engineering auditorium at 4 p.m. May 24, according to placement officer John Jones.

Representatives from Edwards Air force base at Muroc will be on campus Friday, May 25, to interview graduating seniors who are interested in U.S. Civil service employment.

Interested students should meet at 12 noon Friday, May 25, in the engineering auditorium.

If you desire a personal interview, sign the interview schedule in the placement office.

## Few Changes Made As SAC Ratifies Election Procedure

At a meeting of the SAC Tuesday night the council voted upon the following measures:

It is recommended by the Election Code committee and ratified by a two-thirds vote of the Student Affairs council that sections I, II, III and IV of Article IV of the by-laws as amended be deleted and Article IV be changed to read as follows:

### Article IV Elections

#### Section I, Time

A. The general election of the officers of the Associated Students shall be held during the hours of 8 a.m. to 5 p.m. on Tuesday and during the hours of 8 a.m. to 1 p.m. on Wednesday of the fourth week of instruction in each Spring quarter.

B. Nominations for the elective offices of the Associated Students shall open three weeks prior to the opening date of election and close 10 days prior to the opening date of election.

#### Section II, Election committee

A. The election committee shall consist of nine members and the Associated Student Body vice-president who shall act as committee chairman.

B. This committee shall be organized at the last meeting of the inter-club and inter-department councils of the winter quarter.

C. The committee shall be responsible for conducting the election.

#### Section III, Voting

A. The preferential voting system shall be used in all general and special Associated Student Body elections.

B. Voting shall be by secret ballot upon presentation of the voter's student body card.

C. A candidate must receive a majority of the votes cast for the office for which he is running in order to be elected.

#### Section IV, Special Elections

A. In the event that any officer-elect is unable to be installed into his elected office an officer pro-tem shall be appointed by the Associated Student Body president with a two-thirds vote approval of the Student Affairs Council. The officer pro-tem shall serve only until the earliest possible time that a special election can be held to fill the vacancy.

B. In the event that the vice-president and/or secretary (Turn to page 2)

## Dorsey Orchestra To Appear At Camp SLO Armory

Tommy Dorsey, that Sentimental Gentleman, and his orchestra appear at Camp San Luis Obispo Armory Decoration Day, May 30, from 9 p.m. until 1 a.m.

Students can purchase tickets in advance at Brown's Music store for \$1.42 plus tax. Tickets at the door will be \$1.67 plus tax.

Featured singer will be Frances Irvin, red-headed movie starlet from Amarillo, Texas. During his 15 years as a bandleader, Dorsey has turned out some of the nation's greatest vocalists, including Jo Stafford, Connie Haines, Dick Haymes and Frank Sinatra.

Dorsey has made over 800 recordings and more than 70,000,000 of his records have been sold. He is now a Decca recording artist.

He is well known for his recordings of "Marie," "Song of India," "Who" and "I'm Getting Sentimental Over You." Dorsey is the only major bandleader in the nation using the trombone to lead his band.

Famous bandleaders who played at one time with Dorsey include the late Glen Miller, the late Bunny Berigan, Bob Crosby, Ray McKinley and Gene Krupa.

## UN Workings Seen By Three Students

Three Poly students investigated the workings of the United Nations as representatives of Yemen in the model United Nations of the Western College conference on UN affairs at Stanford university earlier this month.

Ronald Parks, social science major, was chief delegate, representing Jim Dows who had to stay here for Poly Royal. He sat in on the political and security committees of the General assembly.

Bob Bayley, animal husbandry student, and Max Levy, dairy student, sat with Parks in the General assembly. The assembly was presided over by Dr. Ralph Bunches, director-general of UN trusteeship council and 1950 winner of the Nobel Peace prize for mediation of the Palestine dispute.

Typical UN problems, including an emergency session, were considered by the delegates. Students from more than 60 Western colleges represented member nations. "Poly is lagging behind other schools in showing interest in, and knowledge of the UN. This is bad, because world affairs affect everyone," says Parks.

"Model UN is planned for next year, and the student body should plan now to send representatives to the conference," he adds.

## Drive Committee Displays Optimism

The Paul Johnson Fund committee reports the drive is nearing the \$700 mark. As of Tuesday night the amount exceeded \$600 and the remaining \$400 is expected to be collected in the near future.

Reason for the optimism, says committee members, is because only 15 of 40 campus clubs have yet turned in their collections.

Committee members also say they are agreeably surprised at the number of individual contributions.

Paul is now in the French clinic and under the observation of Dr. Lorin W. Campbell and is expected to return to the local health center shortly.

## Engineers Needed By North American

A representative of the North American aviation company will be on the campus Friday, June 1, to interview students wishing employment with that organization, says C. E. Knott, assistant dean of engineering.

There will be a general meeting in Room 208 at 9 a.m. that day. Students interested should sign up in the Dean of Students office. North American is chiefly interested in graduating students from the mechanical, electrical, aeronautical and architectural engineering departments.

## Prep Cage Demons Face Locals In Benefit Game

By Ed Imler

The Paul Johnson fund drive reaches a climax tonight when a benefit basketball game between Poly's second place CCAA basketball team hosts the undefeated Los Angeles Jefferson high school quintet tonight on the Crandall hardwood.

Johnson will receive all receipts from the game minus expenses. Tickets to the game will be on sale at the door, price—\$5 and 50 cents.

To call the Jefferson five a high school team is to be using the term strictly in its literal sense. The high flying prep squad has already demonstrated its ability to handle good college outfits. Among the college list of victims defeated by the Jeff club is Pepperdine, CCAA kingpin.

### Waves Swamped

Pepperdine played without the services of two of their star players and regretted the whole idea. It was swamped. In case any Polyite has forgotten, the Waves twice beat the Mustangs last season in salting away their second conference cage crown.

Jefferson is led by its lanky center, J. C. Gipson, unanimous all city choice and California prep player of the year. Gipson's height is rumored to be anywhere between 6' 4" and 6' 8".

Comprising the rest of the high school squad that smashed eight out of nine Los Angeles prep basketball records are: Algea Sutton, all-city forward; Mack Taylor, all-league and second string all-city forward; Charles Hill, all-league guard; and Dean Johnson, all-league guard.

### Top Effort

Jefferson's top scoring effort of the year was 101 points, tying the mark set by Marshall high in early 1948.

There will be half-time entertainment, says Bill Maxwell, ASB vice-president. In addition, two donation prizes will be given away to winning ticket holders. First prize consists of two tickets, 40-yard line, to Poly's opening football game against Sul Ross in September.

Second prize, says Maxwell, will be a Sheaffer pen and pencil set.

Tickets for the donation will cost 10 cents and may be picked up at the door.

### Entertainment List

Furnishing half-time entertainment will be: John Aiken and Lloyd Birrer, trapezists; John "Alabama" Ryan and Dick Hallbeck, the whip; Yvette Marie Lemos, age five, "The Hot Tamale," a rumba; Nancy Thorndyke, nine-year old singer; and a ukulele duet by Ed Chang and Alex Bravo.

Varsity cage coach Ed Jorgensen plans to use only probable members of next season's team. This means that Doug Strathearn, Paul Simpson and Doss Sims will be unavailable for duty.

The Mustang roster is as follows: Larry Madsen, James Bull, Ed Nichols, Jerry Frederick, Bob Tomlinson, Bill Woods, Frank Kerker, Joe Aguilar, Bob Ustick, John Glosso, Charles Baca, Dave Elmer and Verne Wilson.

## Scoop For Summer Registrants Out

Students who are returning to college for the first term of the Summer quarter, 1951-52, should make plans to register at the east door of CR 19 at 8 a.m., Saturday, June 23, says C. Paul Winner.

Permits to register will be issued as students appear in the registration line.

There will not be an alphabetical break-down used in issuing permits to register. New incoming students will start registration and placement examinations at 8 a.m. on June 21.

Students who are planning to be away and then return for the second term of the Summer quarter, should plan to register on Saturday, July 21, at 8 a.m., continued Winner.

## Malihinis To Romp In Crandall Gym

Kane O'Hawaii club members report an "Evening in Hawaii" is in the offing for ASB holders tomorrow night in Crandall gym. Mainlanders will be treated to music by the "Collegians." The "Islanders" will take over during intermission.

The dance, slated to start at 8 p.m., will be informal. Aloha shirts are desired, but not mandatory, say club members.

Free orchids will be given to all girls and a door prize will be given the wearer of the most colorful shirt. Other prizes will also be awarded.

Decorations will naturally have a strong Polynesian flavor. Palm trees and other Hawaiian touches will bodeck the gym.

## What's Doin'...

Friday, May 25  
8 p.m.—Gamma Pi Delta—Hill crest.

Saturday, May 26  
9 p.m.—ASB dance — Crandall gym.

Sunday, May 27  
6 p.m.—Rally committee—Ad 208.  
7:30 p.m.—International Relations club—Library 114.  
7:30 p.m.—Alpha Phi Sigma—Ad 209.

Tuesday, May 29  
6:30 p.m.—Kappa Rho—Ad 218.  
8:30 p.m.—Christian Fellowship—Ad 205.

Wednesday, May 30  
7:30 p.m.—Natural History club CR 15.

Thursday, May 31  
11 a.m.—Class meetings.  
4:15 p.m.—Faculty club—El Corral.

6:30 p.m.—William Rogers club—Ad 207.

7 p.m.—California association Health, PE and Recreation—Ad 210.

7:30 p.m.—Crops club—Ad 214.

## Election Procedure Changed By SAC

(Cont'd from page 1)

retary leaves college during his term of office or otherwise finds it necessary to cease his duties as an officer, a special election shall be held to fill the vacancy.

C. In the event that the Associated Student Body president leaves college during his term of office or otherwise finds it necessary to cease his duties as elected officer he shall be replaced by the vice-president.

D. Special elections shall be held at a time prescribed by the Student Affairs Council.

It is further recommended that Article VII, Section I of the constitution be changed to read:

The tenure of an elected or appointed officer shall be from the day after the last day of the spring quarter to the last day of the following spring quarter.

It is further recommended that part d, section IV, Article III of the by-laws be changed to read as follows:

d. Shall have been in regular attendance at the California State Polytechnic college the two consecutive quarters prior to nomination.

For further details see page 5.

## Ag Engineers Elect Schlegel New Proxy

Agricultural engineers elected officers for the coming school year during their last regular meeting, says Marley M. Blehn.

President Art Westfall presided over the meeting during which Stu Schlegel was elected president. Other officers elected are Lloyd Benson, vice president, and Marley Blehn, secretary-treasurer.

Fred Westmoreland was elected Poly Royal chairman with Richard Miller and Merlin Pickett elected to the executive board.

Club members voted to donate money from the club's treasury to the Paul Johnson fund.

Following the business meeting, Don Murray showed slides and gave an interesting commentary on clover seed harvesting, reports Blehn.

## "Sluggo" Tranmal Led Singles To Victory

Los Lecheros dairy club members held their annual picnic at Cuesta Park, last Sunday, reports Angelo Pagni, club reporter.

Single men, led by "sluggo" Dr. Henry Tranmal, beat married men 41-36 in the afternoon's main baseball game.

Pagni reports everyone had a good time and appreciated the hard work put in by the barbeque committeemen, headed by Dick Johnson.

Robert Clark, outstanding dairy club member, was missed at the affair. Clark had other duties. A San Francisco wedding, his own, was held the same afternoon.

## Bucket Brigaders Sponsor Contest

May 31 is the date set for Cal Poly's annual intra-college dairy judging contest sponsored by Los Lecheros, says Jack Albright, student chairman.

Starting at 1 p.m. at the Dairy unit, CR 1, events will get underway with students starting to judge six classes, three of which they will give reasons on.

Carnation company awards a perpetual trophy to high man in the entire contest with a trophy given by Bob Roumiguere, former Los Lecheros president, going to high man who hasn't had two quarters of advanced dairy cattle judging.

Jack Gorski, presently attending University of Wisconsin, won last year's Carnation trophy. Albright copped the Roumiguere award.

"It is hoped that students will take an active interest in this event," says Albright.

Each year the queen for Poly Royal is selected from one of the ten state colleges.

## Summer Jobs Open At Camp Roberts

Summer employment at Camp Roberts is open to students who have completed their second and third years in architectural, electrical or mechanical engineering, says C. E. Knott, assistant dean of engineering.

For those students who have completed their second year, the rating will be GS-3 with a salary of about \$2625 per year. Students who have completed the third year will be eligible for a GS-4 rating with a salary of approximately \$2875 per year.

A 40 hour five-day week is in effect with time and a half for overtime, says Knott. Students interested should contact Dean of Students Everett Chandler and fill out an application blank.

## Tests Set For May 26

Dean Everett Chandler requests all students who have been notified to take the Selective Service Qualification test Saturday, May 26, to report to the Engineering auditorium at 8:30 a.m. that date.

## If You Care, Share

If you care about world peace, then you will share—your way of life, your used textbooks and your old clothes.

Shocking? Perhaps. But, it is far from the shock that thousands of Asia's unfortunates are suffering.

These unfortunates need our help. Student Wives and International Relations club members are directing drives on our campus, starting today, to help overcome part of this need.

Students and faculty in colleges all over the world are sharing food, medicine, equipment, books and ideas through the World Students Service fund. Now you can, too.

When packing for summer, don't discard those old textbooks. Don't toss away old clothing. Save it. Deposit it in cartons provided for that purpose in dormitories, trailer washrooms, library and El Corral.

Write your name and address on book plates (in envelope attached to carton) then paste them in your books. This will put you in contact with your donation's receiver.

When your hear from men who receive your books and clothes, write them a letter. Send some snapshots of yourself, family and environment. Cal Poly students and faculty have a special contribution to make to this world community of colleges. You may be poor, but most students in the world's colleges are even poorer; so you have a common bond.

Your friendly attitude will give those men confidence in Americans. Those students are influential and powerful in a country that 90 percent of its population is illiterate. Communists know that and are offering bright promises.

It is hoped that this initial drive will develop into something much larger and will be a continuous drive to help our needy friends.

Students of Asia are not as fortunate as we. They don't own their books; books are in libraries. During uprisings in those areas, libraries were burned, so were peoples' educations.

Relief is the smallest phase for these peoples. Send what you can.

If you care about world peace, then you will share.

—J. M.

## As We See It --

By M.E.S.

### —Name Builders—

Rodeo team has been doing pretty good by Poly since gaining the backing of the student body. Topped the field at the first Poly intercollegiate rodeo and also came up from fourth place nationally to second at the finals in Texas. Nice going. Calls for plenty backing from the students.

### —Dread Days—

Finals schedule, deadline for vets' supplies, cap and gown measurement deadline—that reminds us, it's time to study for finals. Had better get busy, should have started much earlier.

### —Dirty Trick—

Have a feeling that Vern Mize, ASB president elect, isn't cooperating with "El Mustang." Keeps trying to get his recall to active duty postponed. We told him it would make a better story if he had to go and there had to be a special election. On second thought, that would mean work for us, so guess we'll pull for him and hope he gets to stay.

### —Thank You's—

See that Mustang Booster membership has set a new record. These are the businessmen backing Poly, might be a good idea to check for their identification stickers and thank them.

### —Not Too Late—

Still short on the Paul Johnson hospital fund drive. A small donation doesn't mean much to the individual student, but can mean a lot to Paul. Let's all give something today.

### —Sticky Walls—

See that the swallows have returned to nest in the library eaves. Can remember what a hard time the maintenance crew had last year keeping them off the new library walls.

## The Downbeat

By Art Gandy

Now that dance tomorrow night will be all Hawaiian—even the Collegians will be dressed for the affair. The sponsors, Kane O' Hawaii, say that free orchids are to be given away, so grab a drag and come on, out to the Crandall Walkiki.

### Viva La Fiesta

Viva La Fiesta, and only now are some Mustangs settling over that "last" weekend! Everyone was shouting, singing or dancing. All of the dancing was done to the tempo of Jack Heller's Dons orchestra, who had a trio of nights providing music for the festivities. However, all was not gay with the Dons. The Thursday night street dance found many who thought themselves capable of trumpeting or saxophoning during intermission time. So Heller walked a patrolman's beat around the stand to discourage eager assistance.

### George Is Irrate

Friday night at the Rec hall, George Litsenberg found a lifelong enemy when he met the janitor. Never has George been so irate... The statement is true that janitors usually run things, and this janitor had Litsenberg fanning in circles.

Then, to top it off, Heller's piano was not delivered, the Queen's throne almost pushed the sax's off the stage, the Coronation required a grand march, but no one told the orchestra, thus, no grand march, and the janitor friend turned the lights on and off the last half-hour of the dance. Hardest hit here was Frank "Duke" Bradley. The janitor flicked the place into darkness just as the Duke began a 32 bar solo—ad libitum, ad infinitum.

The Mustang Band was on hand Sunday for an hour's concert at the Mission. A lot of credit goes to these gents for a fine performance, and to Bob Strong and Don Montgomery for a good job of directing.

### Held Banquet

The Collegians held a banquet last Monday night. All were present except Dick Caldwell, whose hot-rod broke down in Santa Barbara, and Paul Troutner, who forgot about the steaks on hand, so plodded to Noggle's Nook to sluice stew.

George Litsenberg, at dinner at home before he remembered the banquet, but the promise of a steak was too much to resist. He ate twice. After dinner speeches were made—the usual kind, about the farmer's daughter, etc.

### Old Water

Davidson brought old water back under the bridge with some of his "early experience" stories. These included such prominent people as The Chief, Gus Beck, George Couper, Bob Kennedy and Ralph Ditta. Now, many of the orchestra boys know enough "dirt" for black mail!

Have you ordered your Collegian, Glee club disc? Get with it, then—50 minutes of music taken directly from the home concert. "Boogie Blues," "A Pretty Girl is Like a Melody," "Tailgate Ramble," and "The Little Bay Mare" are but a few of the pieces recorded. Price is three roundmen.

Don't forget "Sentimental" Tommy Dorsey will be at the Armory, May 30.

## Movie Review

### British, Dervishers Lock Horns In Desert Warfare

By Ed Isler

Duty, king and country come before love in "Four Feathers," latest vehicle shown by the Film Society in the Engineering auditorium Tuesday and Wednesday evenings.

The plot concerns the plight of a young man who hates the military but is forced to follow family tradition. He is actually a coward but goes along with the gag just to keep peace in the family.

Before his redemption and regaining of complete self respect he suffers the tortures of the damned and proves that heroics do not always belong to the wearers of striped trousers and waxed mustaches. Acting as a native spy, in this case a Dervisher, he does more than his share in avenging the ill-fated General "Chinese" Gordon and his troops at Omdurman.

### Classic Charge

Action on the Egyptian desert in 1895 by the British against the Dervisher empire provides a background which American critics still regard as seldom surpassed. In the final minutes the charge of the Dervishers, also called Fuzzy Wuzzies, against the British square set up by Lord Kitchener is a classic. The cost of filming such a scene today would be prohibitive.

Produced and directed by Sir Alexander Korda, the technicolor epic is quite lengthy. It was first released in this country about 1940.

### Final Showing

In the starring roles are Sir Ralph Richardson, June Dupres and Sir C. Aubrey Smith.

Final Film society showing will be "Mr. Deeds Goes To Town," the 1936 comedy starring Gary Cooper and Jean Arthur. The film is slated to be shown June 8-8 in the Engineering auditorium.

## Letters to the Editor

Dear Editor:

I received the following letter from J. O. Richardson, instructor of mechanical engineering: "I would like to thank you for your efforts in behalf of the two students who were injured in our power plant last year. Both Charles Hardy and Gerald Egan have come to me recently and told me that they had received word from the state that they would be paid about \$800 each for their hospital expenses. They were very grateful to the school for having helped them."

"I know that the pursuance of this case required a good bit of thought on your part, sir, and we want you to know that we appreciate what you have done. Furthermore, the installation of the student insurance program has been a definite step in the right direction. All of us in laboratories feel a great deal more secure as a result."

—Julian A. McPhee,

Dear Editor:

This letter to you is for the purpose of congratulating Gene Smith and the tennis team on winning the conference championship.

Also as important as winning the title was the way it was done. It was truly a team victory with each man contributing an important share. Everett M. Chandler  
Dean of Students

## The Home Stall

By Ingrid Whitney

When the measles first hit Vetville there was great alarm among our many senior residents. "What if the kids get the measles just at graduation and moving time?" was a common worry. Off to the doctor everyone rushed to get an all important shot which would at least help to put the disease off for a few weeks. Fortunately there haven't been any additional cases among us and let's hope there won't be. After all, these sheepskins are hard earned papers which the whole family is entitled to receive, minus the measles.

We want to congratulate the Hess's of Vetville 14 on the arrival of Timothy Harris. Timmy checked in at six o'clock in the morning on May 8. He weighed nine pounds, eight ounces and little Cathy Hess was very happy that her little baby brother had finally arrived.

Vetville seemed like a regular old "hitching post town" for a couple of days. With two rip-roaring rodeos close by, the enthusiastic crowds wandered through and around Vetville all in their true Western attire.

We had another little scare down here in Vetville. Little Eileen Meyers got a bit too close to a rock flying through the air. She had to have a few stitches on her forehead, but she is much better and as pretty as ever. We have heard that there have been some broken bones up in Poly View, when it rains it really pours. Let's hope this is the end of the broken bone season.

## Next Year's Press Meet Moves South

Long Beach State college will host the California Inter-collegiate Press association's third annual convention next year, says Gloria Wersman, Sacramento State, this year's president.

The press association, commonly known as CIPA, originated out of an idea by Russ Pyle, Cal Poly's talented sports writer. The first convention of the group was held in San Luis Obispo with Pyle as chairman.

Definite dates, sometime late next winter, will be selected during the coming fall, continued Miss Wersman.

Long Beach's invitation was extended by CIPA's second vice-president Kerry Karen, who will be in charge of the program. Two other CIPA members, Los Angeles State and Pepperdine, are expected to serve as co-hosts for the big event.

Program features already docketed include housing of delegates and meetings in a single hotel. Arrangements are under way to participate in a television forum and to hold a press conference with movie stars.

The CIPA has grown into one of the largest college press associations in the country, according to Ken Kitch, Cal Poly's agriculture journalism department head.

Members include Sacramento State, Cal Poly at San Luis Obispo and San Dimas, University of California at Santa Barbara, San Diego State, Los Angeles State, Long Beach State, Pomona and Pepperdine.

## Boots And Spurs Election Held

Hank Stone is new president of Poly's Boots and Spurs, reported members of that club after their last meeting.

Other newly elected officers are Dick Dockstader, vice president; Charles Prelek, secretary-treasurer; Charles Jacobson, reporter; Elmer Valentino, historian; Red Hillis, sergeant at arms; and Dave Tidwell, executive committee.

Awards won at Poly Royal livestock show were presented as were block and bridle awards for outstanding showmen; the block and bridle achievement award; and awards from the recent all-college judging contest.

Claude Silva reported that animal husbandry students have donated \$100 so far in the Paul Johnson drive.

George Neilson, former student at Poly, was guest speaker for the evening. After spending a year with Pacific Stockman magazine Neilson is now a cattle broker.

Neilson gave an interesting talk on preparing to go into the agriculture field. He gave members a lot of points in how to prepare for jobs upon graduation.

## Changes Await Student Body Okeh

Next Friday in El Corral students again have an opportunity to voice their opinions on important student government matters.

For the second time in two months students will go to the polls—this time to accept or reject amendments to the by-laws and constitution concerning student body elections. These amendments spring from the widespread concern expressed by students over the election procedure.

Resulting from over 200 man-hours devoted by the election code committee, the "Munger Amendments" were given a 14 vote approval of the student affairs council Tuesday night after a stormy four and one-half hour session. The amendments proposed will provide a firm, constitutional basis for the election code drawn up by Gordon Munger's committee. The present constitution was ratified when Cal Poly's enrollment totaled 600, said Bill Troutner, SAC advisor.

The code was also given SAC approval pending final approval after being posted for two weeks. As Bill Lidderdale said, "The

election committee was faced with an unusual situation this year—that of making decisions they should never have to make. This can be laid directly at the door of inadequate provision in our present by-laws." Lidderdale stated that the proposed code and amendments will go a long way toward insuring efficiently functioning elections in future years, as well as making them more representative and democratic.

Important changes proposed are:

- (1) Increasing the number of election committee members from five to nine.
- (2) Election of committee members from the inter-club and inter-department councils and the freshman, sophomore and junior classes.
- (3) Introduction of the preferential voting system which will eliminate runoff balloting.
- (4) Special elections to be handled by the SAC when the need arises.
- (5) The election of the head yell leader by the student body in the general election.

Specific details are to be handled by the election code which may be changed by a two-thirds vote of the SAC when the need arises.

PAGE 5 — EL MUSTANG  
FRIDAY, MAY 25, 1951

## Music Feast Due, Platters Loaded

Poly's music department will put on a record sale late this month featuring records entitled "Selections from the Annual Home Concert of 1951," reports Don Perry, record sales chairman.

Selections on this record have been chosen from a tape recording made at the Home concert. The program was recorded in its entirety during the performance, then edited.

Records contain 48 minutes of music featuring the Glee Club, Collegians, Majors and Minors and the Collegiate quartet.

Noteworthy of selections included are "Ride High," Poly's fight song, "All Hall Green and Gold" and "Sophisticated Swing," the ever popular theme song of the Collegians.

Records (33 1/2 R.P.M. L.P.) will go on sale as soon as received from Los Angeles. Sales will be in the Ad building lobby. Prices of this unusual platter has been set at \$3, says Perry.

## Campus Interviews on Cigarette Tests

Number 21...  
THE PELICAN

OUR easy-going, big-billed friend has learned to say "No"

to these hurry-up, one-puff, one-sniff cigarette tests! "Why", says he,

"they don't even give you time to finish the cigarette before you're supposed to decide which is mildest!" Millions of smokers have come to the same conclusion—there's just one real way to test the flavor and mildness of a cigarette!

It's the sensible test... the 30-Day Camel Mildness Test,

which simply asks you to try Camels as a steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone"

(T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels  
than any other cigarette!

## Spartans Clobber Poly Golfers, 49-5

San Jose's powerful golf squad, led by Ken Venturi, put the skids under Don Watts' Mustangs last Friday at the Morro Bay course, 49-5. Little face was lost in this match since the Spartans are tops along the Pacific shore.

Venturi cleared the greens and fairways with his spectacular drives and putts to keep his team out in front. Venturi shot a one under par 71, and his teammate Jay Hopkins blasted out a neat par 72. Bill King of San Jose and Bill Canning of Poly tied with 78's. Bert Richelt and Ray Ruess of Poly, each carded a 76.

Coach Watts' lads were trying all the way, but couldn't cope with the flying visitors from Prunaville. However, the local squad still seems headed for a conference championship. They end the season in a CCAA all conference meet June 1-2 at Morro Bay.

**To See Action...** Portside flinger Dick Thompson will pitch the second game tomorrow against the clubbers of Fresno.

## SPORTS CORNER

By Bob Hardy

**"Take Me Out To The Ball Game"**

Come Saturday Cal Poly's baseball forces will take the field for the last time. Sports Corner can offer five reasons why those stands should be loaded to the brim with Mustang rooters.

In the first place this is a final game, if you haven't seen a game already your opportunity will be gone after Saturday. Secondly you will be seeing a club that knows its way around the diamond. These Fresno clubbers are plenty good, but under certain conditions they could be had. That brings us to point number three. If our seats are well covered with rabid Mustang yackers, borne of cow bells, razzberries, Irish confette, and like regalia, these Bulldogs might not be too steady. They have a good team but not too good to be upset by spirited Mustang team play and cheering.

**They Deserve Our Support**

Third in the line of reasons is that of showing some appreciation for Bob Mott and his hired hands. Those boys have been doing their best all season long. They have compiled a terrific baseball record, playing at a very respectable .814 clip. Comparing this to percentages of the leading team in the majors makes it even more outstanding. As of last Saturday, Brooklyn's Dodgers led the National parade with a mark of .556, and the Yankees led the American circuit with .679.

**Mott Says They Hustle**

In won and lost figures the Mustangs have taken 22 and lost 5. It shows they can play ball. Coach Mott informs us, "This has been my happiest year as baseball coach, these kids have shown more hustle and determination than any team I have ever coached at Poly." Those are the facts, and what have the fans done to show approval? It seems they express their joy by staying away in droves.

Sports Corner traveled to Fresno with the club last Friday and can honestly report that these Mustangs are indeed a swell bunch. They get along together better than any team with which we have had previous dealings. We should support them in this last go as never before. They truly deserve a better fate than we have afforded them thus far.

**Push The Aztecs Out**

Fourth on the list is aiding our chances for second place. Fresno has the top spot all tied up, but second spot is still in doubt, with San Diego and Poly contending. Should Poly take a pair from Fresno we would clinch second. Don't laugh about our copping a twinner, it could happen. Get the men in the mood by cheers, and it can easily happen. We want second place and the fans are needed to turn the tide.

Finally we come to the reason that is dedicated to the fan. Take time from your worries and turn out to the diamond and just have fun. You can sop up some of that sunshine, make noise and forget your woes.

**When You're Up Against Jefferson You're Upside Down**

Tonight is an early basketball evening. Coming in from Los Angeles is a very colorful basketball squad. Tonight's show is a Paul Johnson benefit program between Cal Poly and the invading Democrats of Jefferson high school. Let there be any illusions about this game being a push-over, we feel it necessary to warn you that these Jeffersonites are hot. In their play in the Los Angeles area they crushed everything in their path.

## Eighteen Racquetmen Enter Tennis Tournay

With tennis in the spotlight from the CCAA championship, a novice tennis tournament was started by Gene Smith, coach of the Cal Poly tennis team. This tournament, with an entry of 18, was started to encourage all students and faculty to enter into a game played and enjoyed by many.

Through this tournament Coach Smith will be keeping a sharp lookout for possible candidates for next year's varsity squad.

At the conclusion, another tournament will be run including this year's varsity team and the top players in the novice tourney. The entry fee for this novice tourney was \$1. This was charged to cover the expense of the balls, which the participant may keep after the completion of his match.

Cal Poly last year tied with San Jose in 2CSA home-run hitting. Each club was credited with five round-trippers.

# Haughty Fresno Meets Poly In Season's Finale

Editor's note: Baseball fans will have their very last chance to see the Mustangs in action tomorrow. Let's fill the stands and lend vocal support.

The Cal Poly Mustangs will be out to avenge last week's 13-8 thumping tomorrow afternoon when they tangle with the practically unbeatable Fresno State college Bulldogs in a double-header on the local diamond, starting at 1 p.m.

It would be nice if the Mustangs could come up with a twin killing and knock some of the wind out of the sails of the Raisin City baseballers.

Games tomorrow complete the season for Coach Bob Mott's nine. At the present time the Mustangs have won 22 games in 27 starts and have a conference record of nine and five. Should the boys from Poly drop the Bulldogs twice they would share second spot honors with San Diego State—one game behind the league leaders.

The Bulldogs have retained the CCAA championship for the second year in a row and anything the Mustangs do tomorrow will not alter that fact.

Mott has announced that Pitcher George Mitchell will get the starting nod for the initial game, and fireballer Bud Bauhofer will toss the nightcap. With Roberts and Fernandez both out for the season, Mott will probably call on Ken Wilson or John Rubalc for backstopping chores.

Coach Pete Belden has several mound artists to call on, but he will probably go with Don Barnett and Jake Abbott in that order, with Don Bricker on the other end of the battery combination.

Probable starting lineup for tomorrow's tilt: Ray Carriaburu, rf; Joe Mueller, ss; Jim Sampson, cf; Ken Ball, lf; Cliff Cranknell, 2b; Earl Inaker, 3b; Don Lund, 1b; Ken Wilson, c; and Mitchell and Thompson, p.

## Soccer Team Ends Season With Win

By Vince Hardy  
Cal Poly's soccer season closed with a triumphant bang last Sunday when the Americans from Carpinteria bowed to El Mustang, 6-5 in another hotly contested affair on the local greenward. From the opening whistle, goals were plentiful. The America team started things off by slipping a quickie past Orfall on the opening minute of the game.

Not to be outdone, Charlie Cannock, right-inside, scored twice in succession. One marker sailed from down center, and the other was punched over from the extreme right of the field. A few minutes later Cannock was removed from the game with a broken nose.

Leading 2-1, the Mustangs again found their eye. Gaston Solis passed to Baso, who drove one past the goalie to make the score 3-1 in favor of the Poly crew.

The visitors came roaring back when Jose Martinez shot from the side to score.

Latin America's gift to Cal Poly, Francisco "Shoulders" Barranco, breeched Carpinteria's defense for the final goal of the half.

Immediately after the opening whistle of the second half, Omar Pino blasted the ball passed Carpinteria's defense for Poly's only marker of that period. From this point the tired Mustang offense, may borrachos de fiesta, turned the game over to the defense. However, before the final gun the America's came within a single point of tying the count. Final score, Cal Poly 6, Carpinteria 5.

## Hughes Believes Football Squad Will Be Improved

"If we have the same squad in the fall that we had during spring football, next year's football team will be 20 percent better than last season's."

So said head Football Coach Roy Hughes when queried on football prospects for next season. According to Coach Hughes, the participants in the intra-squad game displayed plenty of spirit and pep, and if this attitude can be carried over into the fall the Mustangs will be hard to beat.

In singling out individual performances, Hughes said he was favorably impressed with Jerry Fredericks and Ron Davey at quarterback, Norm Rose at fullback, Eddie Chang and Dick Compton at halfbacks, Chuck McGowan at guard, Ed Levy at tackle, and Stan Sheriff at center spot.

Others who performed well during spring football were: Allan Stahl, end; Dick Hurlbert, tackle; Rod Harvey, center; Jim Elam, guard; Bob Bingham, half; Dan Boone, half; and Johnny Lewis, fullback.

Hughes plans to invite 70 men back for fall practice. 40 will comprise the varsity, and the remaining 30 will play on the junior varsity. The varsity and jayvees will be used interchangeably. If a player plays an outstanding game on the jayvees he will be playing on the varsity the following week said Hughes.

The junior varsity schedule consists of five games with junior college teams from Northern and Southern California. The Varsity schedule consists of 10 games, five home games and five games away. The final Varsity game will be played Thanksgiving day against Missouri Valley college at Kansas City, Mo.

Missouri's squad has been conference champions four years in a row, and have won 85 of their last 40 games.

## Hilltoppers Lead National Parade

One of the most important weeks of the softball season was run off last week. In the American league, the Hilltoppers got a strangle hold on the league lead and the chances are in their favor to walk off with the championship by virtue of their fourth consecutive win.

In the National league, the Hilltoppers maintained their first place position by beating the Printer's Devils and squeaking by the Cal Poly Nisei in a near upset. The Hillers jumped from fifth place to second by beating the Duel dorm club and the Printer's Devils. Tied with the Hillers for second place are the Architects who also have a record of 2-1.

In last week's game between the Hilltoppers and the Printers, it took a last of the seventh inning home run by Dick Yraceburu and a miscue by the outfielder to give the Toppers the game. The Devils were leading by the score of 2-1 when the axe fell.

The National League race remains the closest by virtue of the close games. The Hilltoppers and the Hillers knocked the Printer's Devils from a tie for first to fourth place in one week. The Poly Nisei outfit almost did the big thing by giving the league leaders a run for their money.

## Three Sports Left Off Next Year's Athletic Budget

Athletic director Roy Hughes announced today that the Board of Athletic Control will recommend to the SAC that water polo, cross-country and gymnastics be dropped temporarily from the athletic program.

The reason for the dropping of these three sports, said Hughes, "is a lack of adequate finances to properly carry on competition in them. With the decreased enrollment of the past two quarters, and an expected decrease in the fall, the athletic budget has been substantially cut."

To compensate for this decrease in revenue, it was necessary to temporarily drop from the program the three sports mentioned. Hughes did state, however, that as soon as finances permit, competition in water polo, cross-country and gymnastics will be resumed.

Another proposal put before the SAC by the Board of Athletic Control is that of elevating boxing, wrestling, tennis, golf and swimming to a varsity level. Previously these sports were designated "minor sports," but if the SAC accepts the proposal they will receive varsity recognition.

## Shavetail Deadline Set

Dean Everett Chandler announces that terminal enrollment dates for current Marine corps officer procurement programs have been set as June 1 for the Officer candidate course and June 15 for the Platoon Leaders class.

## Students 'Survive' Weekend Hazards

Students in wildlife management "survived" a three-day field trip to Firebaugh, Kings river and Yosemite valley last weekend, reports David Thomson, biological science instructor.

General student reaction was highly favorable, says Thomson. One student was quoted as saying, "It was one of those rare field trips on which you see what you went to see and which the guides are men in the business and who know the field."

The group studied an over-browsed problem area under the supervision of Ped Bryan, assistant game manager, who is in charge of deer management in Central California.

Wildlife management is being offered for the first time this quarter.
