## SEASON KICK-OFF PITS MUSTANGS VS. TIGERS IN TOMORROW'S OPENER

by Al Barto

Cal Poly opens its football season tomorrow night at Stockton where Coach Chuck Pavelko unveils his Mustangs against a powerful College of Pacific team. Entering its second year of 2C2A competition, the Mustangs will field an improved aggregation over last year's team with 32 returning lettermen plus some heavy and excellent material from the successful freshmen squad.

Heading the list of returning lettermen are linemen Hal Winslow and Marsh Samuels. Last year Winslow was named the team's outstanding player and given honorable mention on the 3C2A conference all-star team. Marsh Samuels, 230 pound tackle, was listed on several all-opponent teams. Bolstered Line

Strengthening the line will be upcoming freshmen Chuck Haynes, 204 pound tackle; Rolf Harader, 205 pound guard; Howie Heilman, 200 pound tackle; Don Chambers, 212 pound tackle, and Dave Martinez, 200 pound end.

Cal Poly's offense ranked third in the conference last year. With most of his backfield returning and some outstanding talent coming in, Coach Pavelko's squad should be even more potent offensively. Triple-threat Allie n Gomes, T-quarterback from San Luis Obispo J.C., has looked very good in the scrimmage sessions. Ready to go into action at the signal-calling position will be ex-fresh Gene Semlerio, Jerry Carter, and Jim Murphy.

Lee Ross, who played fine ball in the recent intra-squad game and Vern Bebernes, both quarterbacks last year, will handle the left half-back duties. Right half will be held by Reg Jespersen and Bob Ashby, former Santa Ana J. C. ace. Probable starting fullback will be Jay Phillips, ably assisted by Shunro Nomura and By Culver. Bengals No Clinch

Looking over the Bengal roster, it's not hard to see that Pacific will have a stronger club than last year's, which lost only one game and that by one point. Head coach Larry Blomering of the Tigers, who, incidentally scouted the Mustangs personally during last week's intra-squad game, has 24 returning men and 15 transfers, plus 18 non-lettermen from last year's squad.

Eddie LeBaron, Little All-American and All Pacific Coast quarterback, is one of the several outstanding members of the Bengal backfield. The others are: Bruce Orvis, Little All-Coast right half-back; Reonter Don Brown, elusive left halfback; Bob Heck, O.A. sprinter and leading scorer for the Tigers last year and John Poules, 235 pound full-back with speed, will cavort at fullback. Veteran Anchors

The line will be anchored by veterans John Rohle and Phil Ortiz at end, Don Campora and Tom Atkins will be at tackle. Captain George Brumm and Art Brown will hold down the guard positions, and Collie Kidwell is the pivot man.

On paper the Tigers seem to hold a large edge over the Green and Gold of Cal Poly. But the game will be played on the football field, not paper. And, if the breaks go right and the Mustangs play heads-up ball, who knows?

### Student Project Show Animals Cop Fair Awards

Several Cal Poly students took ribbons at the State fair and the Los Angeles county fair with the animals they showed this week.

At the State fair at Sacramento a pen of three crossbred fat lambs belonging to John Evans took first prize in their division; a pen of three crossbred lambs placed, among 15 head shown in the "open classes"; second, third, fifth, sixth, seventh, and eighth. A pen of Southdown fat lambs belonging to Jessie Smithson took third prize.

In the hog division Ray Hahn showed a light-weight Berkshire barrow which took the champion light weight barrow ribbon over all breeds. Lacey Lambirth showed three heavy weight Hampshire barrows. These took first prize in a pen of three and took second and fourth individual. Milton White showed one light weight Crossbred barrow which took forth prize. Richard McElroy showed one light-weight Duroc-Jersey that took seventh place in the individual class.

Pomona Also Taken At the Pomona fair Poly lambs

hoof in the carcass judging division. A pen of three Southdowns took first prize and first and second prize in the individual class. These lambs to be sold at auction Thursday, Sept. 23.

In the hog division Don Bower showed three light-weight Berkshire barrows which took the championship ribbon for Berkshire pens. These hogs also took first and second prize as individuals. Lacey Lambirth showed three heavy weight Hampshire barrows that took first prize as a pen of three and took first and second prize as individuals and pen of three in the Hampshire class. Kimball Wins With Poles

Robert Kimball showed three light weight Poland China barrows which took first prize as a pen of three and also first and second prizes as individuals. These hogs also took the Championship ribbon as individuals and pen of three in the Poland China class. Richard McElroy showed three light-weight Duroc barrows that took first place as a pen of three and first and second prizes as individuals.

Jessie Smithson showed three light weight Crossbred barrows that took first award as a pen of three and first and second prizes as individuals. Milton White showed a Crossbred barrow in the Carcass contest and later won second place individual prize in the On The Hoof class. These last two hogs have not yet been judged on the hooks.

The final judging of cattle has not yet been completed.

BETTY JO BEWLEY . . .

National baton twirling champ during 1940-41 will furnish excitement and entertainment for the grandstand crowds during the coming pigskin season. This will mark Betty Jo's third season as baton twirler with the Poly band.

### Band And Betty Jo To Entertain Throngs

The 1948 edition of the Cal Poly band makes its official football debut on Oct. 2 when we face Cal Tech here at Poly stadium.

An increase in personnel has boosted the marching contingent to 50 members. Recent marching sessions have familiarized new men with band routines and have put returning veterans back into shape.

The group will present novelty stunts at half time which are calculated to boost game spirit and to be entertaining in general.

Maquette Betty Jo Bewley, baton twirling champ, will once again be featured by the band. Betty Jo is said to possess a rare combination of beauty and talent and should lead us on to a very successful football season.

This year the Cal Poly band will travel to San Francisco and Santa Barbara. Students attending these football games will be assured of musical support to school songs and cheers.

### Collegians Shape Notes For Opening Dance On October 9

The Collegians, Cal Poly's own dance orchestra, are back on the stand preparing for another big year of music for listening and dancing pleasure. The down beat on this season's dancing comes on October 9, with the Camp San Luis fieldhouse tentatively established as the place.

With eight returning sidemen supplemented by seven new men, Manager "Bucket" Waterman expects the band to whip into shape rapidly. The new men are Tension Haley of Sonora on baritone sax, Leonard McNeal of Arroyo Grande on fourth tenor, Randy "Brooks" Bradley of Watsonville on second trumpet, Leon Iverson of Watsonville on trombone, Paul Troutner from Carson City, Nevada on trombone, Allen Donaldson of San Diego on trombone, and Wayne Collier of Los Angeles playing guitar.

### I.R.E. National President To Address Student Chapter Prior To Convention

Dr. B. E. Shackelford, well known physicist, president of the Institute of Radio Engineers (IRE) and vice president of RCA will stop in San Luis Obispo next Wednesday to give a brief talk to the student branch of the IRE.

This is the first distinguished scientist to appear before the group. Dr. Shackelford will be enroute to Los Angeles to open the West Coast convention of the IRE on Sept. 30. Arrangements for this visit were made possible by Clarence Radius, head of the electronics and radio engineering department, while in New York city this summer.

### Faculty Increases To 150 With 31 Recent Additions

Thirty-one new faculty members greeted students in almost all of Poly's departments of instruction at the beginning of the new school year. The new instructors bring with them vast and varied experiences in their particular fields which should prove valuable to Poly students.

Included in the long list which brings faculty membership to more than 150 are Dr. Roscoe K. Balch, Veterinary Science; R. O. Rille, Ag. Engineering; Miss Helen B. Blair, Librarian; Enrico P. Bongio, Welding; Donald C. Bowen, Electrical Engineering; Edward H. Clarke, Physics; Clarence M. Cunningham, Chemistry; Dr. Allan G. Douglas, Biological Science; Miss Mary Ellen Dunkleberger, Librarian; John E. Dunn, Ag. Engineering; Roger N. Findahl, Animal Husbandry; Fred H. Gerts, English; Marvin D. Haggberg, Aeronautics; Boyd J. Haight, Journalism and Public Relations; F. Sheldon Harden, Athletics; Orvie Hingham, Air Conditioning; James J. Jensen, Athletics; George H. McNeeley, Animal Husbandry; Wyatt B. Masters, Carpentry; Theodore Matthew, Chemistry; Robert L. Maurer, English; Carl A. Moore, Air Conditioning; J. O. Richardson, Mechanical Engineering; Ellis L. Roney, Electronics; Melvin G. Simonette, Painting; Robert L. Steele, Athletics; Carlyle R. Stickler, Librarian; Gordon A. VanEpps, Crops; I. G. VanNest, Air Conditioning; Ralph E. Weston, Mathematics.

### Little Theatre Begins Production On Latest Play

Ever watched some \$5,000 a week ham and said, "Boy, I could do better than that!" Here's a chance to prove it! Try-outs for the Little Theatre's new play will be held on Tuesday, September 28 at 7 p. m. in the high school auditorium.

"Kind Lady," the tense 3-act drama chosen, offers many and varied roles for the potential thespian. Seven men and six women are needed to cast this Broadway success, and Mrs. Nina H. Curry, new director, urges that all interested persons attend try-outs. Anyone wishing to study "Kind Lady" may obtain play-books in the Reserve Reading room of the Cal Poly Library, or from Mrs. Curry, Phone 8800J.

Try-out date again is Tuesday, September 28 at 7 p. m. in the high school auditorium. (Continued on page six)

### HUS SCHEDULE FOR CAMP S. L. O.

Week Days	Leave Camp	Leave School
7:40 AM	4:15 PM	
5:15 PM	6:15 PM	
Saturdays and Holidays		
6:45 AM	7:45 AM	
11:30 AM	12:45 PM	
5:15 PM	6:15 PM	
Sundays		
7:30 AM	8:15 AM	
11:30 AM	1:00 PM	

A charge of ten cents (.10) per person per trip will be made starting Monday 13 September 1948.

### Campus Magazine To Feature Poly Student Activity

Campus Magazine, the magazine that covers 31 California college campuses, will be on sale here in the noon chow line at both dining halls, today, September 24. In the latest issue of the mag will be a number of photographs showing Poly students in off-duty moments plus the usual interesting features that mark this magazine high above the usual run of "college humor" magazines. It is only natural that Campus should have the cream of the college-level output of stories, gags and pictures, since they draw upon the representatives of 250,000 students. From this wealth of material they select and publish only the best in their 60-odd slick pages.

Sales on the Cal Poly campus are under the direction of Ted Cope and Emmons Blake. Blake is particularly interested in seeing the issue circulated since the cover just happens to carry a picture of a pretty girl descending from a Southwest Airways plane. Since Blake is campus representative for the airline he glows over such publicity.

It is not expected that Cal Poly's Mustang Roundup will be published this coming school year due to production difficulties and lack of really good editorial material. Campus promises to do more than fill the gap left by the suspension of our own college magazine. Not only will the Poly reader (Continued on page six)

### School Drivers Required To Meet

A meeting will be held Wednesday, September 29, at 7 p. m. in class room 6 for the purpose of issuing student driving permits and acquainting students with the

regulations pertaining to these permits.

All students who will be driving school vehicles during the fall and winter quarters will be required to obtain a student driving permit.

## Golds Leave Field With 23-7 Victory Over Greens in Preview Grid Match

By Al Barto

The Mustangs held preview of the coming football season when they tangled in an intra-squad game before a crowd of 2000 fans in Poly Stadium last Friday night. When the final gun exploded, Coach Sheldon Harden's Golds left the field with a 23-7 victory over Coach Jim Jensen's Greens.

The Golds drew first blood late in the initial quarter through the medium of a safety and were never headed thereafter. Big Dave Martinez, Gold end up from last year's successful freshmen team, broke through to block a Green punt. Bob McCutcheon of the Greens quickly fell on the ball in the end zone giving the opposition a 2-0 lead.

But Coach Harden's men were not satisfied with a safety as half-back Reg Jespersen drove over the left side of the line to score with 15 seconds remaining in the first quarter. The successful conversion made the score 9-0, the Golds leading.

### Greens Thwarted

Throughout most of the second quarter the hard charging Gold line continually thwarted their enemy's offensive thrusts. It looked even worse for the Greens when Bill Hobbs intercepted a Lee Rosa aerial and returned it 35 yards. But the Golds failed to capitalize on the break.

Tired of being pushed around, the Greens came to life as Jerry Carter threw a 15 yard strike to Lee Rosa who scampered 80 yards to the Gold 1 yard line where Paul Platts brought him down. Not to be denied, Carter put the Green in the scoring column by going over on a quarter-back sneak on the very next play. The extra point was made and the score stood 9-7 in favor of the Golds with 25 seconds to go in the first half. And that's the way it stood as the teams left the field at half-time.

### Golds Charge

The Golds wasted little time as they came roaring out for the second half. Allen Gomes sparked the attack as he raced 50 yards through center to the Green eight. Gomes again took the ball on the next play and this time he hit paydirt. The conversion made it 16-7, Gold out in front.

Again it looked bad for the Green when a punt by Jim Murphy was knocked out of bounds on the Green one, but a nice punt pulled the Green out of the hole.

### Greens Threaten

Coach Jensen's men threatened as they recovered a Gold fumble early in the fourth quarter. However, halfback Jim Murphy picked

off a green pass and, with a beautiful display of open-field running together with several key blocks, rambled 55 yards for the Gold's final touchdown. Kicking their third extra point, the Gold now held a comfortable lead, 23-7.

Still out for blood, the Gold's Bill Hobbs passed to end Walt Kolar for a 40 yard gain. Anxious to keep their opponents score as it was, the Green held as the game ended several minutes later.

## Fall Basketball Practice Starts Next Week

Fall basketball practice starts next Monday, Sept. 30 for all men who will be eligible for the varsity team this winter. Both transfer students and Sophomores are eligible.

This conditioning practice will be M.T.Th. starting at 8:30 p.m. and will last for four or five weeks. All students interested can sign up with Coach Ed Jorgenson in the gym office.

## Club Column

by ROBERT E. APPLETON

With an additional dozen printing students enrolled this quarter, the Printing club now boasts a total of 28 members. This aggregation has not as yet created much of a stir on Poly campus, but give them time—the club has only been functioning since last year.

Under the guidance of A.M. "Bert" Fellows and Guy Culbertson, charter member instructors, the group is planning field trips and Sunday excursions this year, a continuation of the policy inaugurated in 1947 when members attended several state-wide conventions of the graphic arts industry.

Membership in the Printing club is extended to all students who enroll in the degree course in printing.

If the printing department continues to grow at its present rate it will be no time at all before the

## Spartans Edged Out In First Game of Season

Coach Bill Hubbard has a tough mental, as well as physical, task in getting his San Jose State Spartans ready for their tonight's date with Nevada.

The tough Reno outfit opens its season against the Spartans in San Jose.

The heart-breaking loss to Stanford in the season's opener dealt a sharp blow to the morale of the gold-clad Spartans. After building a 20 point lead over the Indians, the Spartans fell apart in the third quarter and watched Stanford catch fire. The Cards pushed over the tiring Spartans to pull out a 28-20 victory.

Hubbard found that his reserves were not up to the tough Pacific Coast Conference competition. The first team and a few of the alternates fitter in well and played the Stanfords off their feet.

Printing club will be able to hold its own alongside any of the campus organizations of longer standing. Incidentally, we understand they're organizing a bowling team that is destined to offer some rugged competition to other campus keggers.

## Idle Chatter

by Bob Chatters

... that this columnist will no longer follow an alleged humorous vein. Aren't you glad? The new sports editor, Bob Bertram, has decided that the situation will be helped immensely if your Korn Editor will kindly stick to the straight dope. So—from here on out, this will be the place for you to look for the World Series highlights, the National Professional Football league dope, glances at the college football situation, etc., etc. At any rate, we're to stick to the national side of the news, and let the honest-to-gosh reporters tell you about the happenings in Poly's sports whirl.

One thing that we noticed in one of last week's papers was this little bit of encouragement from White Plains, N.Y. Seems as if they're going to hold classes for females only to teach them sports terms and scoring systems of football, boxing, basketball and other games often only understood by the male side of the family. Hmm-mm! Wonder how much the tuition and trainfare would cost me. This will, we hope, relieve a lot of situations. It's a good thing, really, to teach the girls a thing or two about these sports, as it will help get the old man out of the house a little more often so that he can enjoy himself at the game. What if you do have to take her? Better than not going at all, isn't it?

Next week we're going to come out with some predictions! Who ever heard of a sports columnist who didn't predict who would win the league title? The nicest part of this little guessing game is this—I guess 'em, and if I'm wrong, who will remember? But on the other hand, if I do happen to hit a few, I've got all the opportunity in the world to remind you that at the first of the season, "I told you so!" That is, of course, if I'm not kicked off the air by then.

We hope that by the time this goes to press, there will be some-

## Water Polo Starts With Big Practice Turnout

A turnout of about 80 men for Waterpolo practice which began unofficially last week has Coach Dick Anderson in a very optimistic mood concerning the forthcoming season.

Last year's captain, Jesse George, has been granted a reprieve of a few months by the Navy and his return will greatly bolster the strength of the team. There are about eight returning lettermen to form a nucleus for Coach Anderson. They include: Tom Boland, Jim Davis, Merv Ellipomi, Bob Frye, George, Herb Lowe, Doug Ostman, and Henry Becker.

Two J. C. transfers add strength to the team with the showings of Pete Bol, goalie from San Mateo J. C. and Don Louth from Mount Carmel J. C.

Between ten to fifteen additional new men trying out for the first time this year will undoubtedly result in the forming of a fine team.

The team's first game is against San Jose on Oct. 16; the night of our football game with San Jose. Their second outing will be against Fullerton J. C. on Oct. 21.

## Elimination Match Starts Off Fall Tennis Season

All men interested in trying out for the tennis squad to be carried for fall practice should participate in the double elimination tournament.

Sign ups will be taken until Tuesday, Sept. 28, 6 p.m. at the Intramural Sports bulletin board in Crandall gym. There will be no entry fee and new tennis balls will be furnished for each match.

2C2A competitors should hear from Poly this year—so come on out for a championship team.

thing definite to go by in the big league rat race. From the looks of things at this writing, it should be all-Beantown series, but—don't understate those Bronx Bombers, boy because they're still in there! With 13 games to go and the Yankees only 2 games behind, they could blast the Boston fans hopes clean to smithereens.

Runnin' out of ideas, space, and ambition. See you next week.

## Aztecs Scheduled To Play Alleged League Weak Sister

ED. NOTE ..... This bit of mud slinging was gleaned from the Sept. 16 issue of San Diego State's Aztec. We will leave any opinions to the reader.

Gone from last year's schedule are Occidental and Whittier. The former bowed 14-0 to our victorious Braves while the Poets from Whittier bemoaned their 19-0 setback. These, plus our humble pals from Cal Poly, were the so-called "weak sisters" of the 1947 schedule. "—Aw, they're push-overs" says we, so they were dropped from the schedule.

Relief from an otherwise mighty tough schedule comes to the Aztecs in their November 20 game with the hapless Mustangs from Cal Poly. The Warriors should find their trip to San Luis Obispo a pleasant weekend vacation though the going promises to be a bit tougher than the 56-13 killing in 1947. A change of coaches (it's Charles Pavelko now) and a large group of J. C. transfers should make a difference—but not enough to cause any headaches.

## TAFT-HARTLEY AND THE PROFESSIONALS

Because of the lack of hospital space, Prof. Ralph Dilts, the night of his operation for appendicitis, was quartered in the Maternity ward.

The next morning when Dilts asked the doctor which ward he was in, he thought the doctor was avoiding the issue when he asked if Dilts had a union card on him. Dilts, of course, answered, "Why do I need a union card?" "Because you're in the labor ward," came the reply.

When asked how he lost a finger at the sawmill, Zeke demonstrated, "Wal I were jest atouchin' the blade like this and - ouch! Dammit, there goes another finger."

## What's A Dink?

According to the lists of statistics that have been tossed around the campus, we ought to have about a thousand freshmen at the "Institute" this year. The way I figure, that should mean that the grounds would be covered with men running around in the colorful green and gold DINKS. By actual count, I've seen about a dozen. Seems as if something is lacking someplace.

The good book states that we can't use the heavy hand in order to foster school spirit upon our freshman class, but it is self evident that something is needed. The thing is PRIDE. Pride in the school, and your class.

It's not only the frosh and their hats though. The recruits that go out to the J. C. and look with coarse familiarity upon the gals in attendance there, sure don't help to give Poly a better name around town. If you can't be gentlemen, stay home. Some of the gals out there gave us the word on this deal, so you must be pretty crumbly wolves.

President McPhee mentioned in his speech last week that there are about 1800 cars registered on the campus. That should leave only a flatful of guys walking to and from town or camp. Let's hope that this year the Mustangs do more riding and less walking. The distance in and out may seem trivial when you're in a hot-rod, but those hills get mighty high and long when you're hoofing it.

True, none of these things in themselves are important, but added together they go to make the Campus feel like home. This college life can be a lot of fun if you want it to be. It's just a matter of getting into the spirit of the thing—coming out to sports events, getting into clubs, being friendly and being useful.

Don't sit around your diggings and gripe about your troubles. Get into the swing of things and do something about it. The school has a motto, "Learn by doing." Let's have one of our own, "Cure by doing."

D.G.

## Men Wanted

Perhaps with the beginning of this school year it would be fitting to underline a few of President Julian A. McPhee's words in his address to the new students. McPhee stressed the importance of some of Poly's extra-curricular activities in the way of student clubs. We would like to go into detail on a facet of this topic.

By this time every new student is aware of the organizations confined within his college major. The AH students will undoubtedly all join Boots and Spurs, the air conditioning majors will seek admission to AC, and so on. But how many know of the clubs having no direct connection with any field of study but rather represent the student body's avocational interests?

The Poly Penguins are a good example. They are a group of motorcyclists—some of them escorted in the "band" which closed the first assembly of the year. Also there is an organization for amateur radiomen, another for the rifle enthusiasts, and many others.

And there is no rule in the institution's by-laws forbidding the founding of new organizations. The chess players could quite conceivably form a society. Campus introverts could band together and form a very quiet group of their own.

The point is this: Join up, get into the swim. Cal Poly is a traditionally friendly campus and the participation of every student in some activity of his own choosing is sincerely and earnestly desired.

A bulletin board located next to the coffee shop carries a sizeable list of club notices. Look'em over, don't hold back. Mix. It's an opportunity to do a service to yourself and to your school.

P. K.

## File Thirteen..

DAVEY W. GOODMAN

Hang on to your hats, men, here we go again. Another year at Poly. Nine months of pounding this typewriter and trying to get the darn thing to spell out these words of two syllables the way friend Webster does it.

School is two weeks old and the thing that we notice most is the mobs. Never have seen the stands full to capacity at an assembly before and that crowd out at the Green and Gold football game was enough to warm the heart of any visiting Alumnus.

From all indications the clubs and other activities are in for a big year. Should be lots of men interested in almost everything that goes on around here. El Mustang has a mass of new faces, the largest that staff in history, in fact. With more men interested in the affairs at the school we should really have something to write about.

Talking about bigness, did you guys see the "B-36" that flew over town last Saturday afternoon? Now there was one massive hunk of airplane. Sure got a charge out of seeing it go by; glad its on our side.

Looks like we're in for another year of catching that 7:55 freight at the crossing. I hit it the second day of school, along with a long line of other unhappy people with eight o'clock classes. Those freights seem to be getting longer too. Better coordination also, the northbound just flashed its caboose when the southbound hit the intersection. One of these years the SP will dig a hole under those tracks and get rid of that bottle neck. I hope!

Its good to see all the improvements around the campus, especially the post office moved over to the tin shack. That little trick did a fine job of getting rid of the congestion at El Corral during the noon rush.

Seeing as this is a big year and everyone is full of pep and vitality and stuff we should be getting all kinds of long and arbitrary contributions in the EL Mustang box. The box is set up at the entrance to El Corral, down where the post office used to be. If you have anything on your mind, about anything at all, from dirty jokes (the lowest) to political ideals (the highest) drop a note in the proper place. We'll try to print all letters to the editor, providing that your name is on it. If you ever get an idea for an editorial or a gripe about the "Rag" drop down into our dank, little office, around the corner from the bulletin board in the basement. There's usually someone around to hear your story. Bring your own cigarettes though. Blake is treating us like orphans this term.

The newly-elected JP in a small southern town was quite flustered when an awkward, blushing couple came to him to perform their marriage ceremony. . . He stumbled through a brief service and pronounced them man and wife. But as the couple continued to stand before him, he figured that they wanted some sort of a sermon. . . "May the Lord bless you," he said solemnly. "There, there, it's all over. Go and sin no more!"

## Text Of Laundry Contract Cal Poly-Home Laundry.

- There shall not be more than five days difference between pick up and delivery. Pick up service will be given at the dormitories. In the event of a serious labor difficulty, pick up and delivery schedule may be adjusted upon the agreement of both parties. The bidder will attach a proposed schedule hereto.
- The Foundation will agree to furnish the laundry rooms as they now exist in the basement of the Ag. Ed. Building and at Camp San Luis Obispo.
- Students and student wives will be given preference for jobs in the laundry room operations.
- Two laundry issue rooms will be operated, one on the campus proper and one at our housing operation at Camp San Luis Obispo.
- The Foundation agrees not to allow any other laundry or agency to operate a laundry service for the Camp San Luis Obispo dormitories or campus dormitories. The trailers, cafeterias, lunch room, houses, etc., shall not be considered as coming within this agreement.
- The laundry room will be open for business a minimum of three hours per day, six days a week, during the entire period unless agreed to otherwise by the Foundation. The exact regular schedule will be by mutual agreement of both parties. The schedule shall be posted in a conspicuous place at the laundry rooms.
- Laundry unsolicited after 60 days may be sold for charges to students, but only after being advertised for three weeks in the student paper.
- In the event there is a wage increase in the laundry industry which is applicable to the contractor, a new price schedule agreeable to both parties may be negotiated.
- The contractor agrees to carry full fire insurance coverage on laundry, covered under this agreement, which is in his possession.
- The attached schedule of pick up and delivery, and prices, shall become part of this agreement.
- The contractor will have the privilege of operating a dry cleaning connection in connection with this contract, but it shall not be on an exclusive basis.
- Shirts, slips, etc., sent in bulk, and paid for by the Foundation, shall be shared at prevailing hotel prices.
- This contract shall cover the period September 1, 1948 to August 31, 1949.
- This contract may be terminated or altered upon mutual agreement with 60 days notice.
- The Foundation reserves the right to terminate this agreement for unsatisfactory service upon 60 days written notice, but only after having given the contractor an opportunity to correct the unsatisfactory situation.

## EL RODEO NOTICE

All students holding last year's student body cards and who have not obtained their 1948 El Rodeo, should call for and pick up their yearbooks in Adm. 17 immediately. These books cannot be held indefinitely.

## LETTERS to the EDITOR

To all California Polytechnic Professors and Students,  
California Polytechnic,  
San Luis Obispo, California.

Gentlemen:

It is my privilege and pleasure to extend to you the official welcome of the City of San Luis Obispo. While California Polytechnic is not an official part of the city, it is so integrated with the city that for a long time the residents of Poly Campus have been looked upon as real residents of the city. It is our hope that the new students and professors will continue to look upon themselves as residents of San Luis Obispo.

Once again, may I extend my heartiest welcome to you.

Yours very truly,

Timothy I. O'Reilly  
Mayor

Mr. Timothy I. O'Reilly, Mayor  
City of San Luis Obispo  
Office of the Mayor  
San Luis Obispo, California

Dear Mayor O'Reilly:

Your very kind letter of September 15, extending greetings and official welcome to the faculty and students of the California State Polytechnic College, has been received. We appreciate very much your thoughtfulness and kindness. The City of San Luis Obispo has always been most cooperative with us.

I will have your letter copied in El Mustang so that the faculty and students will have an opportunity to read it.

Sincerely yours,

Julian A. McPhee  
President, California State  
Polytechnic College

Associated Students  
California Polytechnic College  
San Luis Obispo, California

We are pleased that you are continuing the road to knowledge at California Polytechnic College. The training you acquire will be a contribution to the nation's welfare. You will make Democracy live.

Men of your caliber will cause this nation to continue to be the world's leader in agriculture and in manufacturing, because of your "know how" obtained at California Polytechnic College. The business of this community realize that you contribute much to its welfare.

On behalf of members of this organization, we extend a hearty welcome.

Cordially,

J. E. Hamilton  
President  
San Luis Obispo Chamber of Commerce

L. Wilson Trahin  
Manager

## YMCA Sponsors Lecture By New Instructor

Robert L. Maurer, instructor in English and psychology will speak at 7 p.m., Tuesday, Sept. 28, on the topic, "You Are Not As Smart As You Ought To Be." The meeting will be held in Administration 214.

Maurer, who came to Cal Poly this summer from Ohio State university, is conducting two popular reading laboratories on the campus using methods in which he was trained by Dr. Samuel Renshaw, experimental psychologist of Ohio university.

His talk will explain some of Renshaw's methods and will include demonstrations of ways of increasing speed and comprehension in reading.

## Jewish Services To Be Formally Resumed

The Jewish Community Organization wishes to announce that services celebrating Roah Hashana will be held at Pat's restaurant in Grover City on Sunday, Oct. 3 at 6 p.m. A dinner priced at \$1.50 will precede the service.

Reservations for dinner should be phoned to Janet Salter at 484-W or to Sara Hoffman at 2408-R. Transportation will be provided upon request.

Regular Friday night services will be resumed on Friday, September 24 at 7:30 p.m. at the Presbyterian Educational building. These services, sponsored by the Jewish Community Service, will be conducted principally by and for Poly students.

"Zeke," cried the hillbilly wife, "yer beard's afire!"  
"I know, I know," replied Zeke. "Cain't yew see me aprayin' for rain?"

## Cal Poly Traffic Regulations

**Editor's Note**—In accordance with administrative policy, El Mustang is reprinting the California State Polytechnic Traffic Regulations in their entirety.

In accordance with section 608 of the Vehicle Code of the State of California, the Administration of California State Polytechnic College declares the following regulations in force and such other sections of the vehicle code that may apply.

Julian A. McPhee, Pres.

### I. General Traffic Regulations

(A) Pedestrians have the right of way at all times.

(B) All vehicles shall be driven at all times at a safe speed consistent with road conditions and pedestrian traffic.

(C) Any action of drivers that may be considered contributive to the cause of an injury or accident, may be considered as reckless driving.

(D) The speed limit is 25 miles per hour on all roads of the campus, except as hereinafter specified.

(E) The speed limit is 15 miles per hour when crossing any intersection.

(F) The speed limit is 15 miles per hour on all roads adjacent to

and in any housing area of the college.

(G) All boulevard stop signs and special road signs shall be observed.

(H) Parking will be permitted only in authorized parking places or parking zones as designated.

(I) When vehicles are parked on campus they shall at all times be headed in the direction of travel on the proper side of the road.

(J) No parking will be permitted within fifteen (15) feet of any fire hydrant, fire station or stop sign.

(K) All faculty, student, and state employee vehicles shall be registered. All automobiles shall have parking permits posted on their windshields as per direction. (Permits are obtainable from Security Office, Warehouse Bldg. No. 5, and from room 102 and 125 Administration Building.)

(L) The parking spaces around and near the Administration Building, Agriculture Education Building, Library building, classroom units 16 to 20, and next to the CU units on Poly Vue Drive, are restricted to the use of faculty, visitors, state cars, and state employee cars only.

(M) No vehicle shall at any time be parked within ten feet of any building nor in any way that may obstruct the passage way or doorway to a building.

II. The following road signs are declared in force:

A. Boulevard Stops:

1. SE corner of intersection

College and California.

2. SE corner of intersection Cuesta and California.

3. NW corner of intersection College and Campus.

4. NW corner of intersection Cuesta and State.

5. NE corner of intersection Cuesta and State.

6. NE corner of intersection Cuesta and Mt. San Luis.

7. NW corner of intersection Cuesta and Mt. San Luis.

8. SW corner of intersection Cuesta and Mt. San Luis.

9. All four corners intersection Pepper Lane and Poly Vue Drive.

10. SW corner of intersection Navy Way and Pepper Lane.

11. NE corner of intersection Pepper Lane and Mt. Bishop Road.

12. NW corner of intersection Mt. Bishop Road and Sheep Unit Road.

13. NE corner of intersection Mt. Bishop Road and Poly Canyon Avenue.

14. NE corner of intersection Poly Canyon Avenue and Santa Lucia Street.

15. NE corner of intersection Campus and California.

16. NE corner of intersection Campus and College.

17. Exit Road from Cafeteria No. 1 to Cuesta.

18. NE corner Entrance Way and California.

19. NE corner of intersection California and Cuesta.

20. SW corner of intersection College and California.

21. NE corner of intersection Campus and Cuesta.

22. SE corner Crandall Way and Mt. San Luis.

23. SE corner Mt. Bishop and Sheep Unit Road.

24. NE corner Mt. Bishop and Highway No. 1.

25. NE corner Pepper Lane and Santa Lucia.

26. SW corner California Boulevard and Pepper Lane.

27. NE corners of both Poly View Trailer roads and Motely Drive.

28. NW, SW, and SE corners of Pepper Lane and Mt. Bishop Road.

29. SE corner of road behind old Machine Shop and Poly Vue Drive.

B. Restricted Streets: There will be no parking on the following streets at any time except as indicated by specific signs at

special areas.

1. West side of Cuesta between Mt. San Luis and Campus Way.

2. Both sides of California between Cuesta and Pepper Lane.

3. Both sides of Cuesta between Mt. San Luis and Poly Vue Drive.

4. Both sides of Pepper Lane between Mt. San Luis and Mt. Bishop Road.

5. Both sides of Campus Way between California and Crandall Way.

6. Both sides of Poly Vue Drive between Pepper Lane and Poly Canyon Road.

7. Both sides of Santa Lucia between Pepper Lane and Motely Street except as designated.

8. Both sides of Crandall Way between Campus Way and Mt. San Luis.

C. Roads Closed:

1. During school hours (7 a.m. to 4 p.m., Monday thru Friday).

(a) Cuesta between Mt. San Luis and Poly Vue Drive.

(b) State Street between Cuesta and Pepper Lane shall be closed to all vehicular traffic except the Green Bus and such trucks and state vehicles having specific business in this area.

2. Mt. Bishop Road shall be kept closed to all vehicular traffic except vehicles used for college business from 6 p.m. to 8 a.m. daily and all day Sundays, from Highway No. 1 to College Ave. (Sheep Unit Road). The gate at the bridge shall be kept locked during these hours.

3. California Boulevard between Cuesta and Pepper Lane shall be a one-way street west to east. Traffic between the hours of 8 a.m. to 5 p.m. shall be limited to trucks making delivery to the warehouse or the library building.

III. Enforcement

The Security Officer, and such assistants that may be assigned, shall be held responsible for the reporting of any violations. A monthly report on all cases shall be filed with the Dean of Student Welfare. Student appeals will be directed in writing to the Dean of Student Welfare.

IV. Penalties

A citation to traffic court shall be issued for each violation. Repeated violations by any individual shall also be reported to the office of the President for disciplinary action.

## U. of Ohio Receives Two Holstein Bulls From Poly Herd

Further indication of the national prominence of the California State Polytechnic college dairy herd was shown by the sale of two Holstein bull calves to the Bureau of Dairying, United States Department of Agriculture. These two bulls were recently expressed to the University of Ohio, Columbus, Ohio.

They will be put in service in Ohio and at that college as part of a cooperative dairy sire arrangement. Word has been received by G. M. Drumm, dairy department head, from the University of Ohio that the bulls arrived at their new home in splendid condition and that they were very well liked.

Both of these young bulls are sons of the noted Polytechnic sire, Sir Bess Gettle of Taylaker 2nd whose entire group of daughters average 600 pounds of butterfat in ten months on twice-daily milking. These young bulls are also out of daughters of Sir Bess Gettle of Taylaker 2nd and both dams are expected to exceed 1000 pounds of butterfat on their present lactations on 3 time machine milking.

### CANTERBURY CLUB RECEIVES

The Canterbury club of the Episcopal church of San Luis obispo is sponsoring a reception for all interested students on Oct. 1 at 7:30 p.m. in the Parish hall, Pismo and Nipomo streets.

## GET NEXT TO...

Johnny Long's "JUST LIKE THAT"—  
from the Signature diskerie.

Johnny Long (Duke University—Sigma Nu) comes up with a danceable, bright bounce. It's a Long original! If you should ask Johnny how he came to write it, he'll light up a Camel and say: "Experience! I know from experience what music suits my band best—just as I learned from experience that Camels suit my 'T-Zone' to a 'T'."

Try Camels on your "T-Zone"—"T" for taste, "T" for throat. See for yourself why, with Johnny Long and millions of other smokers, Camels are the "choice of experience."

Mild, Cool  
**CAMELS**—  
that's the  
cigarette  
for me!

## Little Theatre To Hold Tryouts

(Continued from page one)  
school auditorium. There are numerous behind-the-scenes specialties to be considered besides acting. Anyone interested in set direction, lighting effects, make-up supervision, costuming, or the many other exciting phases connected with theatrical work, is urged to attend.

## More on Campus Mag

(Continued from page one)  
see his friends and roommate pictured or mentioned in the mag, he will be able to follow many of his home-town friends who were unable to get into Poly and chose USC, Stanford, or UCLA instead. Even the ads are worth the price of two-bits (only five cents more than Poly's old mag and over four

times as big) since they feature only the prettiest girls from California colleges. It is really remarkable to see how the able ad writers have twisted their copy and art around to the point that they can use a girl-shot to sell even shaving

cream and shorts.

Freshmen interested in assisting Cope and Blake circulate the magazine, and incidentally share in the wealth thus created, are urged to call Cope at Duel Dorm or Blake at 2987-R.

## FALLING HAIR—DRY SCALP?

Give your hair this "PROFESSIONAL L.B. TREATMENT"

For more than 20 years L.B. has helped thousands upon thousands of men and women to improve their hair. L.B. contains an exclusive organic scalp conditioner found in no other hair preparation. A few drops of L.B. FOR THE HAIR massaged gently into the scalp each morning relieves dry, itching scalp, removes unattractive scaled dandruff, allowing freedom for natural function of hair follicles. Try L.B. today... notice how refreshing it feels... see how easily your hair combs. L.B. is sold with a money-back guarantee of complete satisfaction... at your favorite drug or cosmetic counter.
