VOL. 9 — No. 28

SAN LUIS OBISPO, CALIFORNIA

FRIDAY, MAY 20, 1949

Dave Strathearn Heads 1950 Poly Royal

Dave Strathearn, AH student and present sophomore class vice prexy, was elected to the post of Poly Royal supervisor for the 1950 "Country fair on a College Campus" annual celebration. The election was conducted Monday afternoon at the final meeting of the '49 Poly Royal board. Strathearn won over Don Edson and Gerald Craig by a simple majority ballot.

Larry Wells, retiring supervisor, opened the meeting which was held at the Engineering auditorium. He cautioned the nominees that the job was an extremely rigorous one and shouldn't be entered into without serious purpose.

Studies Buffer

"Your school work will probably suffer," he said. "This task will consume a huge amount of time I probably missed 90 percent of my classes two weeks prior to the last Poly Royal, and anyone taking over the reins should know the score before the axe falls."

Wells then thanked the members of his staff for their cooperation in putting over the biggest Poly Royal to date. Members for the '50 Poly Royal board will be appointed next fall, he said.

No Accidents

Advisor Carl Beck also thanked the board members and the general student body. He praised the student cooperation and stated that the lack of traffic accidents was a pleasant surprise to the administrators. He also predicted that the last Poly Royal will "be in the red," but said that it nonetheless a great success.

A color movie of the past Poly Royal was a feature of the meeting. It started with action shots of Betty Jo and the band; then the scene switched to the airport to show the arrival of Queens Pat Walker and Dona Grace Burbage. Exhibits, stock showings, the barbecue and baseball game and other events were shown. The picture ended with scenes of the cowboys clashing with Brahma bulls at the rodeo.

Freshmen Present Annual Senior Ball

The Senior Ball, slated for June 8, is well on its way to becoming one of the finest campus dances of the year, said Don Upton, freshman class vice president and chairman for the ball.

The Crandall gym will be gaily decorated for the affair—brilliant colors are to be festooned about the dance floor and they will be brought into harmony with a soft lighting set-up.

All student body card holders and their guests will be welcome to the dance, which will be formal, Upton said.

Seagoing Printing Student Reports Oriental Cruise

Bob Bolland, Cal Poly printing major and now second ship's printer aboard the SS President Wilson, reports from Honolulu that his ship took part in the evacuation of Americans and other personnel from Shanghai which was then faced with the oncoming Chinese Communist assault.

Bolland described scenes of complete chaos while walking through the streets of Shanghai and stated that the city was being sacked by looters.

Stated Bolland, "Well, this trip turned out to be quite a chiller since we took part in the evacuation of Shanghai. When we went up the Yangtze river we weren't certain whether we would find Reds or Nationalists. Luckily the Nationalists were still holding the city."

Movie goes will remember recent newscasts picturing the President Wilson loading evacuees in Shang-

President Improves

President Julian McPhee is convalescing at his home after an emergency operation at the French hospital on May 7. Although he is not yet able to return to his office, the president's condition has improved greatly. He is expected to return to his office sometime next week.

Prexy Returns From PSPA Meet At Idaho

Ours is one of the few schools boasting an independent functioning student body government, Marty Engler, student body president said today. Most schools, Engler continued, handle all finances and allocations of funds. Their student governments have no power to allocate funds, such as is done by S. A. C. of Cal Poly.

Engler made this statement after returning from the Pacific Schools Presidents Association convention, held at Sun Valley, Idaho, where he had a chance to compare student governments and discuss universal problems concerning all Pacific colleges. Bob Bowman, president-elect for next year, accompanied Engler.

The P.S.P.A. convention consists of the representation of 61 Pacific coast colleges. Including representatives from British Columbia and Hawaii. One-hundred and thirty delegates, including past and incoming student body presidents, attend this convention each year and participate in discussion groups concerning various student governmental problems, policies and solutions.

Some of the accomplishments of our own S.A.C. during the past year have been the purchase of a new public address system, purchase and presentation of activity keys, sending dairy and livestock judging teams to Portland and the rodeo team to Arizona, float entered in the Rose Parade, sign painted on the hangar on the north end of the campus, purchase of sweaters for the rally committee, hitch-hiker signs placed for students, and instigation of lifetime student body cards for the past Poly Royal queens.

hai. Bolland adds that the ship is overflowing with these refugees. He explained that cots were set up in all of the bars and lounges. Beds were even placed in the companionways. "It's a mess," he said.

However, Bolland paints a lighter picture when he describes his travels while ashore in Hong Kong, Manila and Japan.

Describing his brief stay in Japan, he said, "In Japan you are allowed to ride the trains free of charge. I went south of Tokyo to Kamakura and Enoshima. Both are small towns and are very pretty. In fact all of Japan is beautiful. It is the greenest country I've ever seen and of course the cherry trees were in bloom."

He concluded that he was properly impressed with the majestic grandeur of Mount Fujiyama. He explained, however, that he did not have time to scale this famous mountain.

Diplomas, Certificates Awarded Largest Grad Class In Campus History

25 Graduates Earn Listing On Honor Roll

The 1949 commencement exercises program will feature the names of 25 men who are graduating with honors on June third. Selection of honor students is based on cumulative grade point averages tabulated at the close of the past winter quarter. These students, according to C. Paul Winner, dean of admissions, have maintained consistently high marks throughout their college careers.

The names of the 25 honorees are as follows:

Thomas E. Banning, Vernon E. Banta, Wilbur H. Bates, Donald G. Bernstein, Paul Bunderson, Arzyle M. Cross, Thomas Cunningham, Robert W. Gaston, Franklin L. Gibson, Erwin H. Gove, Harold E. Griffin, Marlon Hepburn, John H. Hodges, Ronald P. Hutchings.

Frederick Lamprecht, Kenyon J. Larkin, Leon S. McAdams, Lee M. McHenry, John E. Miller, Jr., James D. Southwick, Jack T. Spaulding, Toshi Tom Tora, Paul T. Tritenbach, Keith N. Watts and James W. Williams.

A complete list of this year's graduation candidates is as follows:

B.S. Degree Candidates

William M. Kirkpatrick, Jr., Roger L. Birdall, Donald W. Eley, Sidney Galper, Donald H. Green, John H. Hodges, Everett M. Johnson, Donald G. McDonald, Joseph William Mapes, Clifford Wayne Marcus, Hobart G. Onstott, Jr., James D. Southwick, James W. Williams, Jr., Richard J. Arnold, Albert Auf der Heide, John D. Barlow.

Noel L. Bibler, Donald L. Bower, John Joseph Brice, Jr., James M. N. Case, Robert W. Drake, Edmund E. Haas, Max Edwin Henderson, Marlon A. Hepburn, Lawrence W. Heringer, Ronald P. Hutchings.

Lacey E. Lamberth, Richard M. Livingston, Duncan J. McLean, James O. Mankin, John Edward Miller, Jr., Charles J. Morris, Andrew T. Nairne, John M. Patterson, Herbert E. Pembroke, Lloyd W. Reed, William S. Rogers, William H. Roth, Robert B. Round.

Thomas Lee Sneed, Peter K. Weber, Billy J. Woodward, Robert Wearne Gaston, John E. Gerry, John E. Lloyd, John Lawrence Montgomery, Thomas Andrew Reid, Jr., Patrick Rose Stine, George Noel Boyd, Albert G. Chaney, Donald D. Crawford, Franklin Lee Gibson, Edward M. Kennedy, Edward Charles McLaughlin.

George D. Middleton, Daniel O. Noorlander, Eugene A. Pimentel, (Continued on Page two)

Post Office Plan Fixed For Summer

Students are requested to file a change of address card with the college recorder when checking out of school, indicating whichever of the following applies:

A permanent change of address, returning September for fall quarter, or remaining in school for summer quarter June 11 to Sept. 2.

U. S. Postal Regulations do not permit the holding of mail beyond the time designated by the sender; consequently, all mail for those not attending school will be forwarded to those who leave a proper address. All other mail will be returned. Magazines, papers, parcel post, and miscellaneous mail matter will be forwarded "postage due."

All persons expecting G.I. checks must leave a large, stamped, addressed envelope for forwarding.

Charles B. Voorhis Receives Cal Poly Honorary Degree

Two-hundred and seventy-two Cal Poly graduates are expected to receive either diplomas or certificates at the June 3 commencement exercises which will be held at 2:30 p.m. at the football stadium. Among these graduates will be 166 men receiving bachelor of science degrees. This is the largest group of graduates in Poly's history.

Art Candy Chosen Publications Chairman For 1950

Art Candy, '49 El Rodeo editor, was named chairman of next year's publications board by a unanimous vote at the last board meeting, Thursday, May 18. Candy's new post will include supervising the various campus publications and editing the Poly Royal brochure. Emmons Blake, present chairman, will resign at the end of the spring quarter.

Don Johnson, former El Mustang editor and present El Rodeo assistant editor, was chosen editor for next year's yearbook. Johnson has been three years of service on the Cal Poly publications. He is an industrial student.

The El Mustang will have a new editor with the beginning of the winter quarter when Russ Pyle succeeds Phil Keyser to that office. Pyle is the present El Mustang sports editor and will edit the Goal Post during the coming football season.

Keyser was appointed publications representative for next year's Poly Royal board. This was Candy's first official act as publications board chairman.

Electrical engineering major Marvon Sumner was named as El Mustang assistant editor beginning next fall. Sumner, a native of San Luis Obispo, has served on the staff as a reporter and feature writer. Other school paper editorial positions will be announced later.

Bill Neild Chosen 1950 Senior Prexy

Bill Neild, air conditioning major, was elected president for next year's senior class. The election was held Thursday afternoon, May 12, when the present junior class held its final meeting of the year. Bob Kimball was named vice president; Bud Lee, secretary, and Frank LaBelle, treasurer.

Neild has asked that any students interested in submitting suggestions for next year's activities mail such suggestions to him. His post office box number is 1629.

Spelman Collins, sheep department head, will again be advisor for the class. Collins has advised the group since its freshman year, 1947.

Carnival Announced Poly Royal Fixture

The Poly Royal carnival is to become a permanent feature of all future Poly Royals. It was announced today by Marty Engler, ASB prexy. The carnival, he said, has added \$900 to the fund for the student union, and it proved to be a popular event for both students and Poly Royal guests.

Dave Strathearn, sophomore class president, headed the past carnival which was sponsored by the sophomores. Strathearn was named as next year's Poly Royal supervisor. His board will take office early in the fall quarter.

The commencement address will be given by Dr. John L. Lounsberry, president of the San Bernardino valley district junior college; "Opportunity and Freedom" will be his topic. Julian A. McPhee will present an honorary degree to Charles Brown Voorhis in recognition for his services to this college.

McPhee Awards Diplomas

Rev. Gilbert S. Zimmerman, San Luis Obispo Methodist church minister, will give both the invocation and benediction. Diplomas will be awarded by President McPhee.

The commencement program begins with the march of the graduates. Eddie Jay, student band director, will lead the musical accompaniment—Robert's professional, "Pomp and Chivalry," will be the composition selected for the graduation. Following the invocation, the Men's Glee club will sing two selections.

Alma Mater

The farewell address will be given by Ted Haskell, graduating animal husbandry student and president of this year's senior class. Eldon N. Price will present the class gift, and C. O. McCorkle, dean of instruction, will present the senior class.

"All Hail Green and Gold," the Cal Poly alma mater, will conclude the commencement exercises for the Class of 1949.

Upper Units Take Scholastic Title

The upper units lead campus dormitories in scholarship, according to a computation of grade point averages for winter quarter released today by Vernon Meacham, dean of student welfare.

Averages for students living in college dormitories are to be computed and published each quarter, according to Meacham. Improvement in general study conditions and increased interest by individual students in grade point averages will result in steady improvement in ratings, Meacham predicts.

Grade point figures for units at Camp San Luis Obispo have not been computed. Winter quarter averages over 1.25 for campus dormitories are as follows:

1. Upper Units, 1.51; 2. Marines, 1.45; 3. Seagull, 1.41; 4. Coronado, 1.38; 5. Chase, 1.37; 6. Dauntless, and Las Higuera, 1.31; 7. Deuel, 1.28.

★ ★ CAL POLY CLUB NEWS ★ ★

ARCHITECTURE

Every architect on the campus is getting his toga ready for the second annual Roman banquet to-night at the Monday club. Anastasio de la Garza said. Art Dusenberry, banquet committee chairman, informed that everything will be 100 percent Roman, including the slave girls serving the guests. A continuous floor show will be held featuring artistic talent from among the club members. The new officers, Larry Mears, president; James Dillbeck, vice-president; and Don Rhinehart, secretary-treasurer, will be presented to the club during the social affair.

COLLEGIATE F. F. A.

Richard York was elected president of the Collegiate Future Farmers of America for 1949-50 at the final meeting of the year last Wednesday evening, May 11. Other new officers include Vance Tension, vice-president; Robert Kimball, secretary; Dixie Mitchell, treasurer; James Knadler, reporter, and Kent Kough, sentinel.

John Sharon, general chairman of the statewide F. F. A. judging contests held here May 7, reported that the contests were highly successful. H. H. Burlingham, chapter advisor, commended the group on its achievements for the year, and for the cooperation shown by all members, J. R. Atkins reported.

CROPS CLUB

Dixie Mitchell, senior field crops major, was elected Crops club president at the last meeting of the year, Thursday, May 12. Other new officers are Bob Croce, vice-president; Dino Petrucci, secretary; George Olney, treasurer; and Louis Tarke, Poly Royal representative.

Lifetime membership certificates were awarded to graduating seniors in the Crops club. They are John Schaub, James Atkins, Thomas Boles, Howard Bracker, John Colombini, Raymond Brochard, Wilfred McKendry, Robert Carman, Merrill White, Lee McHenry, Floyd Leiser, George Galvez, Rodolfo Varela, and Roaru Abe.

YOUNG FARMERS

Here are the results of the Young Farmers recent election of officers: Bud Lee, president; Harold Peck, vice-president; Hib Moore, secretary; Joe King, reporter; and Buck Rider, treasurer. Plans were made for the Young Farmers weiner bake, held at Avila, Wednesday evening, May 18.

LOS LECHEROS

Frankie Alberts, all-American quarterback for Stanford in 1940 and 1941, will be guest speaker at a Dairy club open meeting next Monday at 7:30 p.m. in the Engineering Auditorium. Alberts, now full-time employee of the Golden State company, will show selected movies of the "49'ers," pro football team, K. Adams reported.

POLY PHASE

The Poly Phase club winds up its year of activities on Thursday, May 26, with a dinner meeting at the Monday club. Next year's officers will be formally introduced at the meeting and the club's activities will be over for this year, it was reported.

RALLY COMMITTEE

The Rally Committee held elections last Monday night, and the resultant new officers are Wendell Morrison, chairman; Robert George, vice-chairman; and Bob Williamson, secretary. Seven new members were selected from a long waiting list. They are Lorin Witts, Bill

HORTICULTURE CLUB

Last Thursday's election of officers for the Horticulture club was enlivened by close balloting for the vice-presidential and secretarial offices. Ed Mattson, new president, and Don Edinger, treasurer, were elected by wide margins. Will Hartman and Jack Elliot were finally chosen vice-president and secretary, respectively. Joe Chadakowski is the new sergeant-of-arms.

Pattison, Denison Taylor, Lyman Crittenden, Hollis Lilley, Hal Gay, and Art Gandy. Bob Bowman, new student president, was present and he expressed his desire to cooperate with the Rally Committee in all its activities.

MUSTANG FLYERS

As a result of a recent membership campaign held by the Mustang Flying association, three new members were signed up and four more promised to join at the next meeting, Tuesday, May 24, in the El Corral. The three new flyers are Norbert Volny, Ben Bellefeyville, and Francisco Landagora. The Mustang Flyers have voted their appreciation to all non-members, both students and faculty, for their cooperation in the club's recent mishap, Tom Watson, president, said.

LIFE SCIENCE

The election of new officers for the Life Science club was held Wednesday, May 11, the last meeting of the school year. The new administration consists of Bill Hill, president; Walter Johnston, vice-president; Alain Corcos, secretary; James Johnson, treasurer; and Robert Haugsten, publicity chairman. The first annual club dinner will be held next Monday, May 23, at advisor Glenn Noble's newly constructed home, it was reported.

¡GRACIAS!

This being the final issue of El Mustang for the school year, as editor, I take this opportunity to thank all of the men who worked on the paper during the past nine months. At times it became one helluva job to get the newspaper out on time, and it was only through the hard work of the staff and the print shop that we ever managed to come out every week at the designated time.

My thanks to Russ Pyle, Emmett Lindstrand, Dave Goodman, Al Barto and the other men who worked on the editorial staff during this past year. At times it seemed as if the mountains of copy these men turned out were the only things to fill the pages of El Mustang.

Thanks also to the columnists and feature writers who were so consistent in getting their copy in on time. A word of gratitude also to the girls, Ruth, Betty, Faye and Marge, who wrote like mad and fought like crazy to get their page into print.

Naturally, I have to kiss the noggin of one John Columbini, who delivered El Mustang from the dark regions of depression into the realm of financial security. Along with John, thanks to the many advertisers who paid the bills and made possible free delivery of the paper to the student body.

My thanks to the school for allowing us to bring our own typewriters to the office and eliminate the necessity of writing all our copy on the several antiquated machines supplied by the state.

Thanks to Ed Nitenson and the other photographers who went to all kinds of trouble in order to bring their art to the student body. I want all the men who wrote for the paper, in any capacity, to know that their work was appreciated. Whether your stories were long or short, good or bad, they all went a long way toward helping El Mustang get into print.

No editorial of this type would be complete without some mention of El Corral which keeps us supplied with coffee and cokes. The young married couple who handed out the doughnuts and steaming coffee mugs were always prompt and pleasant, and even they learned to know by sight those persons who take coffee straight. Coffee is of prime importance to us budding reporters—it furnishes an excuse to momentarily abandon a headline which refuses to come out right.

Finally, a word of appreciation to Lloyd, our janitor, who worked untiringly to shovel out the heaps of debris, old copy paper and the countless cigarette butts that seemed always to litter the floor of our happy dungeon. —P.K.

Behind the Chutes

By Eddie Allen

This will probably be the last gathering of idle chatter behind the chutes. The closing of the spring quarter also closes the local circuit results that the Cal Poly cowpunchers have been able to present to you.

Riggings, saddles, loose-ropes and piggin' strings have been packed for long journeys into various territories. The local cowboys are planning on invading the northern section of the United States during the summer circuit. Last minute repairs are being made on trucks and trailers, and rope horses are storing fat before their long haul.

Most of the boys plan on visiting Colorado, Wyoming, Utah and Montana, with other nearby states being stop-offs at rodeo time. Last summer a number of boys visited these states and did pretty good for themselves, and they have hopes of carrying much wampam away with them this year. Let's wish them all luck.

As for the happenings around the home front, we have a few results you might be interested in. Cotton Rosser, Tom Andre, Bob Doner, Rod Hinman, and Lem Boughner contested last Friday night at the Hanford rodeo. Rosser climbed aboard a salty bronc and rode him the required ten seconds. For his efforts he visited the paywindow for first money. In addition, he split a second and third in the Brahma bull riding. Tom Andre, the "wot happened" kid, pulled up forth in the bare-back riding and split a fourth in the saddle bronc riding. Andre is really getting eager for these bucking horses with saddles.

This group of boys then packed their gear and headed for Angles Camp, California. Here the annual rodeo was held in conjunction with their frog jumping contest. It seems as though the bucking stock, furnished by the Christensen brothers of Oregon, took lessons from the local frogs and jumped high and far enough to unseat the Poly cowboys. Yes, Mother Earth claimed many of her sons at Angles Camp, and we have a few boys to tell you so.

Well, the last horse has been bucked and the last calf roped, so once again the chute gates have been locked until its rodeo time at Poly in the fall.

Letters to the Editor

Dear Editor,

If distance traveled to attend the 17th Annual Poly Royal is to be commended, I am sure we rate high with over 6000 miles coming and going to our credit. At any rate Poly Royal was one of the high lights in a very pleasant vacation in California.

From this distance, may I make some observations regarding the event? In the first place I wish to most heartily congratulate President McPhee and his able associates, also Supt. Laurence D. Wells and his energetic co-workers for a most excellent exhibit and program. There was not a dull moment. The variety of entertainment offered was most extensive from the formal Coronation Ball to the rough and ready rodeo with the barbecue thrown in.

The exhibits, however, are the part that made the deepest impression on me. The amount of thought, planning and labor put into them is staggering. The two days were entirely inadequate to do all of these exhibits justice. It was a liberal education and a real inspiration to see the extremely wide range of educational opportunities offered and the high quality of the work accomplished.

It is with grateful appreciation that one sees the efforts of a comparatively small group of devoted faculty and students putting on the annual Polytechnic's "At Home" exhibits and endeavoring to maintain the tradition of the "Country Fair on a College Campus" which grew to the present proportions in the Poly Royal. Carl Beck was our faculty advisor for the first Poly Royal. They should turn the State Fair over to him and a hand picked bunch from Polytechnic.

May I take this opportunity to extend my sincere congratulations and deep appreciation for the efforts and accomplishments of every member of the administration and faculty at Polytechnic at this time. There are two names especially I would like to add to that list—Senator Chris Jessperson, whose untiring labors in the legislature have meant so much, and Miss Margaret Chase, whose many years of most inspiring influence has blessed the lives of many students.

FILE THIRTEEN....

By Dave Goodman

For a couple of years now, guys have been griping that this column is too long, so this week I'll cut it down to the smallest size in its history. Union.... We still want it. We still don't have it.

Vacation.... Everybody wants it. We're going to get it.

Fiesta.... It's here. Enjoy it.

Library.... Let's get in it.

File Thirteen.... That's all for this week.

"Come again, Mr. Editor?" "Oh!"

Orders.... When we were making plans for for this week's issue, it was thought that we would only have four pages to work with. With the short issue in mind, everything was cut down even this column.

With my efforts for the week completed, I sat down to try to finish all of the reports and things that have been lying around half finished all quarter. This made the editor unhappy.

"Goodman," the editor yelled, "what the hell do you think you're pulling? Do you think that you can get away with the last issue for the year without pounding out a typical File Thirteen? Get busy, you lazy lout, and fill up a dozen pages of copy paper with your deathless prose."

The guy has me by 97.9 pounds, so what can I do but take the fine little column and add to it until it chokes our editor to death. You readers just can't win.

Dances.... The ME's are putting on a dance tomorrow night for all the guys and gals who are in the mood but too broke to hit the Fiesta dances in town after all the other things we've been hit for this month. Another dance two weeks later the night of graduation. The graduation dance will be a formal affair.

There probably won't be a very large crowd at the formal, most of the guys taking off as soon as the last final is knocked over. Then again there'll be all the guys and their wives coming into town for the goat's back and they should help to fill up the old gym.

Nite life.... Poly is shifting again. Every couple of months the guys who support the local beverage establishments change their favorite spot. Right now the Polyites seem to have tired of the brawls at the Blue Bell and are now going out to the Fountain to tune in on the jokers who sing (that's what they call it) night club versions of the song hits of today but mostly yesterday. The routines are corny and music is sad, but at least it's different for this town. Different for the first hour anyway, after-which these minstrels start with the same routines over again.

Getting to the point around here where a lad has to travel all over the country-side in order to find a place to dance. The Fountain used to be good, but that was back in the days when they had musicians working there. The Motel is cluttered up with shuffleboard tables as are most of the other joints in town. Might as well get a jug and sit in the car and listen to the radio than sit around a gin mill and listen to a lot of noise.

Steiner.... Ernie says that it's better late than never to thank all the people who were driving cars during Poly Royal for their cooperation with the security force and the Penguins. Chief Steiner states that there were over 10,000 cars on the campus during the Country Fair and yet we had no accidents to speak of. After all the ranting and raving the security officer usually has for us, he is happy to be able to change his tune for this notice.

Rumors.... Next year we won't have to write a thesis in order to get a degree from Poly. Next year women living around San Luis Obispo will be allowed to enroll at the college. Next year the Poly library is going to contain, of all things, books. Next year we're going to have different colored parking stickers and cars from town will have one place for parking and cars owned by resident students will have another parking area. These are all rumors—don't come around here looking for facts to back them up.

My good wife (known when we lived in the president's home as the "Little Mother of the Campus") joins in appreciation and hearty good wishes to all at Polytechnic.

Most sincerely,
Ben R. Crandall

Educators End Spring Session on Poly Campus

Thirty-five members of the representative council of the California Association of Secondary School Administrators closed their annual spring session on the campus of California State Polytechnic college last week and returned to high school districts in all parts of the state.

The high school administrators dealt with plans of their organization for the coming year during the two-day meeting. They made long-range plans for the annual conference on secondary education to be held next year in Long Beach.

The council members also set up a number of new committees, among them one to work with the California Association of Student Councils in improving student government in high schools of the state.

Attending the meeting were high school principals, adult school and junior college administrators, and curriculum coordinators from 22 of the 28 districts of the association of school administrators.

The visitors who attended a luncheon heard C. O. MacKie, dean of instruction at Cal Poly, discuss the history, program, characteristics, offerings, and future plans objective for the college.

The group toured the campus last week. Its members were guests at a barbecue on the campus. Hosts were Carl Beck, Vernon Meacham, C. Paul Winner, Cecil Jones, T. M. Richardson, and Herbert H. Burlingham.

Dean C. E. Knott of the college's industrial and engineering division and Dr. Hubert Bemans, dean of the science and humanities division, were introduced to the administrators.

Presiding at meeting of the representative council was Willard van Dyke, president of the association and principal of Mt. Tamalpais high school. Also attending the meetings were Harold B. Brooks, executive secretary of the association, and M. Eugene Mushlitz, representative of the state department of education.

Biologymen Issue Fair Warning To Bird Bandits

The Cal Poly Natural History club has declared war on a certain marauding raccoon. The raccoon has been stealing chickens from some of the Poly instructors, and they have asked for help.

Jim Johnson and Chris Haugsten have taken over the trapping job. They have been setting traps in hopes of catching the raccoon, but so far all they have for their troubles is three opossums and a large assortment of rats and field mice. They are planning on using a chicken as bait and this, they are sure, will bring quick results.

The new officers of the natural history club are William Hill, president; Walter Johnston, vice president; Alain Corcos, secretary; Jim Johnson, treasurer; and Chris Haugsten, publicity. These men will preside over the club during the next school year.

The N.H. club will hold its first annual dinner next Monday night, May 23. The officers of the club invite all club members, faculty advisors and all those majoring in biological science to attend. The dinner will be a pot luck affair and will be held at the home of Dr. Glenn A. Noble.

Last Saturday the zoology classes, headed by Dr. Allan Douglas, went on a field trip to the Cayucos area. The purpose of the trip was to inspect and collect marine animals.

CAMPUS HEALTH SERVICES LAUDED IN STATE SURVEY

Cal Poly offers its students the most adequate and complete health and medical service of any California state college, according to a recent survey conducted for the State Department of Education by the State Department of Health. Cal Poly, the survey stated, is the only state college which provides its students with surgical services.

At registration time each quarter, three dollars is collected from each student to cover health and medical fees. For this three dollars the student receives all major and minor surgery, the services of a group of four doctors, a physical examination, and the services of the two registered nurses at the campus infirmary. Patients are cared for in the infirmary for a fee of 50 cents a day.

On day duty at the infirmary are two registered nurses, Mrs. I. Gow

and Miss Kathryn Stein. Rounding out the 24 hours are two student assistants who pull the night duty.

During the month of March the nurses handled 1,022 student visits at the infirmary. The doctors attended 245 patients, and 67 days of hospital service was given students at the infirmary.

In commenting on Cal Poly's health and medical service, Mrs. Gow said, "A large number of tetanus shots are given to the students here at the infirmary. The tetanus serum is kept on hand at the infirmary and the shots are free to all who need them."

The Cal Poly health center is administered by the Cal Poly Foundation, a non-profit organization, the same body that is responsible for feeding, housing, and student projects.

Los Lecheros Log Double Header For Busy Weekend

The "Butter Ball," sponsored last Friday night by Los Lecheros, campus dairy club, is currently leading the other ABB dances put on this year in popularity, according to Don Carothers, secretary of the inter-club council. Dances are considered by this group and are voted on as to decorations, publicity, entertainment and decorum.

Decorations for the affair included a large yellow ball to emphasize the theme, a large cow jumping over the moon, and a huge milk bottle spilling out stars to form the milky way. Hundreds of roses were placed in milk cans and on the Crandall gym railings.

The dance was under the direction of Al Chaney, president, and he was assisted by many club members. Door prizes of cheese and butter were given away. The winners were so anxious to devour their prizes that they melted away before they could be identified.

The Collegians provided the music. Although there was a fairly small crowd, everyone danced.

Sunday found the dairymen attending their annual barbecue. The scene of this affair was the county park.

"We fed about 175 people," said David Kibler, chairman of the barbecue committee. Kibler was also head chef and helping him were Ed Brewster, Robert Romiguera, Bill Lupo, Paul Atkins, and Roy Millich. The menu included top steak, salad, beans a la Noggin, french bread and liquid refreshments.

Bubbles Dominate M.E. Dig Tomorrow

"Bubble Dance" will be the theme carried out by the Mechanical Engineering Society for their student body dance at Crandall Gym, Saturday night, May 21st. Bob Crow, Dance Committee chairman, announced that the theme will be carried out by hundreds of balloons used in conjunction with pastel decorations.

The "Bubble Dance" will be the final inter-club student body dance for this year, and large numbers are anticipated from the Fiesta crowds. The general dress regulations are sport, but Fiesta costumes and beards will be welcomed.

Procedure listed for Summer Registration

C. Paul Winner, dean of admissions, announced today that students who are currently enrolled at Cal Poly will register and schedule classes for the summer quarter on Saturday, June 11. Those students whose names begin with A through L, inclusive, will report at classroom 19 between the hours of 8 a.m. and 9 a.m. Those whose last names begin with M through Z will appear at classroom 18 between the hours of 9 a.m. and 10 a.m. Winner explained that students who attend the summer quarter will register for the first six week period courses only on June 11. Second six week period courses will be registered for at a registration to be held Saturday, July 23.

The dean of admissions added that fall quarter registration for students who have been enrolled for the spring quarter 1948-49, or the summer quarter 1949-50, will be held on Thursday, September 8, 1949. New students will enroll on Tuesday, September 6, 1949.

White Collar Chatter . . .

By Betty Hunter

In spite of the dreary weather we have had of late, summer seems to be approaching as evidenced by this being the last of El Mustang and many people having already left on vacations.

Nobody can say the Polyites do not believe in "seeing America first." Anna Gray Dexter is by now midway between California and Missouri.

Ruth Sims is looking forward to a trip to Oklahoma City with Dede and Tom to see Ruth's mother. She will be leaving the early part of June.

Veulah Brook will also be leaving the early part of June to take up permanent residence with her parents in Michigan. We all hate to see Veulah go.

Elinor Barff will be leaving in June for her home in Oregon where she and John Ehret will be married in August.

Shirley Farrar just got a birth announcement from Whitey and Dee Tilstra from Onarga, Illinois. They are the parents of 7 lb., 2 oz. baby girl, Carolyn.

Back to our vacationers: Betty Overall is planning a wonderful trip to Kentucky by way of Missouri.

Mary and Ed Jenkins will be leaving for Texas, as soon as Ed graduates.

Lois Hubbard and her husband

Rifle club Elects Officers

At the final meeting of the school year, the Rifle club held an election of officers. President for the coming year is Harry Spratt; Vice-president, Dave Goodman; secretary-treasurer, Dale Anderson; and Range officer, Joe Specht. It was decided at the meeting that the president would act as assistant range officer and the vice-president would have the duties of corresponding secretary. Ken Watson was unanimously elected to remain as advisor and coach for the club. It was announced by outgoing president Alvin Gorenbein.

Gorenbein also stated that the club would shoot, as usual, in the basement of the Duke Thresh Ford Garage on Monday night and all interested students are welcome to attend.

will be taking off in June for Colorado.

Mary Holly expects to be Oklahoming it this summer also.

Vivienne Larson will be a lady of leisure after June. We sure hate to see some of these nice people leave Cal Poly for good.

Saw a lot of familiar faces at the showing of Hamlet last week. Imogene Gow and Kathryn Stein of the Health Center, Shirley Farrar, Mary Ellen Dunkelberger, Dorothy Wright, Marian Matejcek were a few who saw this wonderful movie during its showing here.

We just heard that Eva Furtado was rushed to the hospital for an emergency appendectomy Tuesday night. Here's hoping she'll be feeling more chipper by the time the paper is off the press.

That about does it for this time. Have a wonderful summer.

Poly Seeks Clean Sweep; Host COP In 2C2A Final

Mottmen—Tigers in Battle For Upper Division Ranks

Al Barte

Cal Poly hosts the College of Pacific nine this weekend and the two pre-season favorites will battle for third position in the CCAA standings. What little hopes the Mustangs had for a league title were thoroughly drenched last week as they dropped two out of three to a desperate Astec nine.

Handled even less gently last week were the Tigers of Pacific, who received for three losses to the front running San Jose Spartans. As a result, the Tigers and Cal Poly are tied for third spot with identical records of five wins and seven losses.

Top men on the Tiger totem pole are first baseman Bonnie Adkins, batting .333, and rightfielder Jim Torvick with a hitting record of .372 and eight stolen bases. Big righthander Stan McWilliams has not shown much of his '48 form, but heads the mound staff with a record of 3-3. Aiding McWilliams are Bill McFarland, Bob Grunsky, and Jerry Haines, also righthanders. Sparkplug of the infield is little Don Brown, all-CCAA second sacker. Rounding out the infield are shortstop Buddy Jones and third baseman Wally Dietrich, while Ken Rose and hard-hitting Jim Enos join Torvick in the outfield. Don Beaver handles the backstop duties when either McWilliams or Grunsky pitch, and Herb Marshall takes over with McFarland or Haines chucking.

Mustang followers are pleased with the improvement shown by catcher Ray Brocker and hurler Russ Christensen. Brocker has

boosted his batting average from the depths of the .200's to a neat .345. Fireman Russ Christensen started his first game for Cal Poly and went the distance although he lost a heartbreaker, 3-0.

Thirdsacker Vern Bebernes continues his leather-awattling and is hitting at a .404 clip. Bebernes now rests in fourth place in league hitting and will try for the top spot this week against the Tigers.

On the other hand, lefty Don Garman will attempt to lower

Pacific's hitting marks with his portside curves. Garman has won two games without a setback in the four games he's started. Coach Bob Mott may start Christensen again in hopes that he will continue his fine work. That will leave Ralph Rice and John Williams to fight for starting position in the third game.

Graduate Manager Tut Starkey has announced that Cal Poly has played to over 10,000 fans in their nine home games. He estimates that this is higher than the attendance of any other league club considering some of Coach Mott's reports. Mott stated that approximately 100 spectators watched the three game series with San Jose, the league-leading team.

Golfers Finish Schedule

The Cal Poly golfers playing in the 2C2A championship match, were not very impressive with their score of 688.

San Jose won the match with a score of 601, followed by COP with 611, San Diego-615, Santa Barbara-650, Fresno-654 and finally Cal Poly with 688.

Low man for Poly was Harry Root who shot an 86 and 82, total of 168 for the 36 holes.

Frosh Trackmen Travel To Modesto Relays

Eddie Mack

Coach Jim Jensen's frosh track men will journey to Modesto, Calif. this week-end to compete in the Modesto Relays.

The full track squad will not compete, but Jensen is hoping for points from Enari Johnson, high hurdles; Bill Calden, 100 yard dash; Fred Pyle, shot-put; and Lloyd Benson and Allan Bingham in the javelin.

Poly's frosh will also have a top-notch 880 and mile relay team in Joe Wainwright, Enari Johnson, Bill Callen, and Carlos Pichardo.

Notice To Seniors

Seniors will not be allowed to buy any materials from El Corral after May 25. All thesis bills must be turned into El Corral at this date.

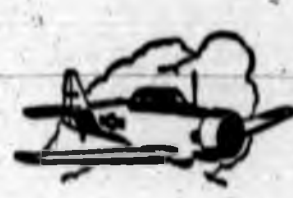

A SPECIAL OFFER TO THE GRADUATING CLASS... JUNE '49

You May Be Accepted for an Early U. S. Air Force Aviation Cadet Training Class

If you are a college graduate, married or single, between the ages of 20 and 36½ and physically and morally qualified, you may be accepted for assignment in the U. S. Air Force Aviation Cadet classes starting in late summer or early fall.

You get a well-planned course, valued at \$25,000... this includes about 275 hours of flight training, and the finest aviation education and executive training in the world.

Win your wings and then start a career with a future...

College men are today's leaders of the U. S. Air Force. With new and complex aircraft and equipment being developed, scientific research becomes more and more important, increasing the need for college-trained men.

As a college graduate you will have an unlimited future in aviation fields of personnel management, operations, material, supply, research and development.

It's a year of learning, flying and time for recreation with a hand-picked top-string team of Americans.

Upon assignment to an Aviation Cadet class you will be sent to one of the U. S. Air Force bases

in Texas for the world's finest aviation training.

Here you will receive about 175 hours of flying instruction in the Texan T-6 trainer plus an extensive course in aviation education and executive training. Navigation, fuels, weather, radio and radar are some of the subjects you will take.

During this training period you'll find plenty of hard, fast action to keep you fit and trim... the best athletic facilities are available. Upon completion of training, you will win your silver wings and receive a Reserve commission as second lieutenant in the U. S. Air Force. Outstanding graduates receive Regular commissions upon graduation.

OFFICER CANDIDATE SCHOOL FOR COLLEGE GRADUATES

If you can meet the high standards required of candidates for officer training, there's a real future for you in the U. S. Air Force. Capable young executives are needed for positions of responsibility in non-flying assignments... management, communications, engineering, research and other fields. That is why the Air Force is offering qualified, ambitious men and women with college training an opportunity to prepare for leadership in the air age.

WIN YOUR WINGS

U. S. AIR FORCE

Single or married men with two years of college (or who can pass an equivalent examination) between ages of 20 and 36½; with high physical and moral qualifications, get now! Get full details at your nearest Air Force Base or Recruiting Office or write: Chief of Staff, Headquarters United States Air Force, Attention Aviation Cadet Branch, Washington 25, D. C.

Hoof Prints

By Russ Pyle

The string she runs out this week, with ducks on every pond and two at the mikes. Since this is the last issue of El Mustang, we'll do opposite the obvious—instead of reviewing the last year we'll cast our vote for the future. It's gotta be brighter.

The first big item in the on-deck circle is the PE workshop which will be held on the Poly campus this August. This will be the greatest gathering of coaching talent to ever grace the green and gold campus. With such big names as Lynn "Pappy" Waldorf, in charge of the football coaching group; Everett Dean of Stanford, who will take basketball as his main topic; Jess Hill of USC, who will tell how it is done in track; and Branch Rickey along with this son, "The Twig," will handle baseball as only the Rickey family can handle it. Also with the baseball group will be George Staley, former great first baseman with the St. Louis Cards, and Ray Blades, famous Dodger scout.

Next on the list is a certain football team, coached by Chuck Pavlos and Sheldon Harden, which is scheduled to take the field for the first time against March Field next September 17. With the spring training session something of the past, the local prognosticators have really been thumping the tube for the coming year. The general opinion at this time points to a strong to medium strong front wall, but a lack of speed in the backfield. Others claim that if head master Pavlos comes up with a halfway sharp quarterback, the locals will enjoy one of their best seasons in many a moon.

As for this department—the 1949 Mustangs will fare a little better than last season from both the won-lost and the material standpoint. The conference games will come at the expense of Santa Barbara and San Diego State. Also in the win column should be the names of Whittier, Redlands, San Francisco State, and March Field. Best bet for the upset of the year—Occidental and Fresno State.

In the mid-winter cage sport, Coach Ed Jorgensen's Mustangs will undoubtedly enjoy their best season to date. A big question mark will be riding on the new names which appear on the Poly campus next fall, but if Ed comes up with five men who will play together, the third time cellar dwelling Mustangs will reach an upper division berth. Hank Moroski and Frank Rana will both be playing their final season in the Poly colors next year, and it is more than a safe bet that both will be out to bring their collegiate careers to an unforgettable climax. If the Mustangs have any hopes for the championship, San Diego and San Jose will be the teams to beat.

As for track, Coach Jim Jensen pretty well proved what he is capable of doing this season. If any one of the many probabilities show up in the fall, the Mustangs may prove to be a serious threat to the 2CCA conference contenders in the spring sport. With such men as Knard Johnson and Planders Walwright eligible for competition, it looks like the Mustangs will have their first well-rounded track team in history.

In baseball—this year taught us nothing. The Mustangs, who won't be considered serious contenders for the local woman's junior league in the spring of 1950, will again cross the local bookmakers—only this time they will do it by winning

CHECKOUT PROCEDURE EXPLAINED FOR STUDENTS LEAVING SCHOOL

All students, with the exception of those remaining for the summer quarters, must check out of school with the accounting office. It was announced today by Cecil Jones, accounting officer. Check out sheets may be obtained at the recorder's office, Adm. 102, at any time. Signatures from the library and accounting office will not be given until June 1.

Those students not attending summer school are cautioned not to send out laundry after May 28. Following is a recommended procedure for completing the spring term check out:

For room check outs, students should go to their dormitory superintendents and get a check out card (blue card). This must be signed by the dorm superintendent the day the student leaves. Before checking out of the dormitory, rooms must be vacated and cleaned. The door is to be left locked when the room is vacated. Students who plan to return in the fall and wish to reserve the same room must leave requests with both the dorm superintendent and Major Deuell. Reservations will be made only where a full deposit of \$10 is left on file.

The last step in the check out procedure is to report to window two of the accounting office. There the amount of charges against students for room, dairy products, etc., will be determined. These charges must be paid before the student can leave school unless satisfactory arrangements for payment are made with Donald Nelson, comptroller.

After completion of business at window two, students go to the cashier, turn in room key and room card, and pay whatever is owed. The cashier will determine the status of each deposit, at that time.

If a student is leaving school permanently and wants his deposit sent to him, he must indicate this to the cashier and leave a self addressed envelope. If any checks,

the conference crown.

The success or failure of Coach Bob Mott's nine will rest on the right arm of Dick Jacquier. If "Jake" decides to see the world via the US Navy, the Mustangs will more than suffer in their already thin pitching ranks. However if Dick decides to stick around college another year or two, the Mustangs will have enough to make the grade next season.

All in all, the 49-50 season will prove to be the best yet for the locals. With GOP dropping the conference the Mustangs are bound to gain at least one step in the conference standings.....

So Departing
They leave behind them
Hoof Prints in the Sands of Time.

such as State or Foundation pay checks, are to be sent on, the student should leave an addressed envelope with the cashier.

The accounting office requests that those persons with dairy and other accounts who are leaving school for at least the summer quarter, do not use their account during the few days in June they will be on campus.

Lettermen Celebrate Spring Fling

"Spring Fling" is the name which has been conferred upon the Block "P" society's first annual two-day celebration which begins with a luncheon with Noggies at noon Friday, May 27, and ends with a dance the following evening at the downtown IDES hall. The purpose of the event, according to Joe Griffin, club president, is to initiate new members in to the society. New members will be labelled as neophytes during the festivities.

Following the luncheon, members and neophytes will journey to the county park where the new men will undergo an all-night indoctrination. A Saturday morning breakfast is slated next on the bill, with the new members serving. The park ceremonies will end with a barbecue at noon and the neophytes will be given their freedom until the dance that evening.

Musie and Mats
Kettles Wilson and his "Bubbles of Harmony" will furnish music for the Saturday night dance which begins at 9 p.m. A buffet lunch will be included on the evening's program, and the new members and guests will be introduced to the society.

The Spring Fling, it was announced following the last meeting of the Block "P" executive board, will become a permanent part of the society's future social calendar. Next year's plans include a possible dance at five-week intervals for members, and it is hoped that two initiations may be conducted each year. The last initiation of 1950 will, according to present plans, include an athletic banquet and a formal dance to be held in San Luis Obispo.

Be a '49er. Buy the 1949 El Rodeo. It's your best bet.

Final Examination Schedule

Following is the final examination schedule for spring quarter, 1948-49. Examination days, Tuesday, Wednesday, and Thursday, are listed in the left hand vertical column. Examination hours, 8 a.m. through 10 p.m., are listed in the top horizontal column. Only those classes listed in squares will have final examinations at date and time indicated by the column headings, and these are to be held in their regular classrooms. For example, from 10 to 12 on Wednesday only, classes given at 9 a.m. on Monday, Wednesday and Friday; Monday and Wednesday; Wednesday and Friday; and Wednesday will have final examinations.

The following courses will have one hour finals, except where indicated otherwise at the time and place shown.

	8-10 a.m.	10-12 a.m.	1-3 p.m.	3-5 p.m.	5-8 p.m.	8-10 p.m.
Tuesday May 31						
Wednesday June 1						
Thursday June 2						

The following courses will have one hour finals, except where indicated otherwise at the time and place shown.

COURSE	NAME	DAY	TIME	PLACE

Dealership Course Slated for Summer

J. M. Merson, Agriculture Engineering department head, stated today that Cal Poly will offer three short summer courses from July 25 to August 6 for farm equipment dealers. These courses to be given in cooperation with the California Farm Equipment Dealers association will cover merchandising and sales.

Merson explained that the two

week course will cover three divisions—selling, report writing and mathematics for farm equipment salesmen. These courses will be conducted on a workshop basis with ample opportunity for each individual to solve problems with guidance from instructors. A certificate will be awarded upon successful completion of courses.

Yearbook Ready For May 28 Distribution

Art Gandy, editor of the 1949 El Rodeo, largest year-book in the history of Cal Poly, has announced that copies are expected to be ready for distribution to students by Tuesday, May 28, at various points around the campus.

A nominal extra charge has been sanctioned by the student affairs council this year to help finance cost of the 288-page book. A schedule of these charges, showing variances according to the type of student body card owned, is as follows:

STUDENT SAC CARDS		
Card Value	Quarters Held (Sept. 1948 to June 1949)	Amount you pay for one book

\$15.00	Fall, Winter, Spring	\$1.00
\$11.00	Fall and Winter or Fall and Spring	80c
7.00	Fall Quarter Only	50c
5.75	Winter or Spring	40c
7.50	Winter and Spring	60c

Note: A student card holder and an associate card holder of the same family may pool their cards as follows:

One \$15.00 student card plus one \$7.50 associate card pays	\$8.00
--	--------

One \$11.00 student card plus one \$5.75 associate card pays	\$8.00
--	--------

One \$7.50 student card plus one \$7.50 associate card pays	\$1.00
---	--------

One \$5.75 student card plus one \$5.75 associate card pays	\$8.00
---	--------

One \$5.75 student card plus one \$5.00 associate card pays	\$8.00
---	--------

One \$5.00 student card plus one \$5.00 associate card pays	\$8.00
---	--------

One \$5.00 student card plus one \$5.00 associate card pays	\$8.00

UP YOUR ALLEY

Only one week remains in the Cal Poly bowling season and the records show that ME club will walk off with top honors. Looking back over the past season, we recall a few of the highlights. High game of the season was chalked up by Bob Croce—a neat 275. Carl Jorgenson walked off with the high series with a sizzling 648. The high team series goes to the Variety club who hit the high total of 902. Variety club also led the high team series with 2842. William Howard of Schlitz Sots rolled the only all spare game of the season, earning himself \$2.50.

At the annual bowling barbeque held Sunday, the officers for the 1949-50 were elected, they are: Bob Croce, president; Virgil Oyler, vice-president; Alvin Bush, secretary and Clarence Kallenborn, treasurer.

"Green Thumb" Now Half Hour Program

The "Green Thumb" radio program, conducted by horticulture department program, McEvoy said. Endo, has been enlarged to a half hour show, KPIK station manager G. Parker announced. Formerly heard only 15 minutes weekly, the program is now scheduled for 7 to 7:30 p.m. every Tuesday over KPIK. Current agricultural and garden topics and special guest speakers are features of the student-run program, McEvoy said.

Producer Craig Wilson Speaks To Poulturymen

Craig Wilson, Antelope valley poultryman, was a visitor at the campus poultry plant on Tuesday, May 17.

Speaking before the poultry club that evening, Wilson discussed his poultry enterprises which produce 1,200 to 1,400 fryers per week. In addition to the fryer production phase, he maintains a hatchery, a breeding flock, a feed mill and a processing plant.

Wilson attended the Davis branch of the University of California.

Notice To Cal Poly Students With Cars

We appreciate your business and are happy to announce that the special discount of 25 per cent on tires and batteries, lubrication jobs and car washing will be extended to include the month of May and June. . . .

Campus Laundry Lists New Hours

The home laundry call office in the basement of the Ag Ed building will close at 5:30 p.m. June 4 and will open for business again on June 18. The new special summer hours of operation will be posted. Any students wishing to obtain laundry after June 4 and before June 18 may call for it at the laundry plant, 1823 Morro Street.

Those students wishing to have laundry or dry cleaning finished before Saturday, June 4, should leave it in the call office or take it to the laundry plant before Tuesday morning, May 31.
