DATELINE

(\$) – Admission charged

Exhibits

University Art Gallery (Dexter Building): Large figurative works by Ruth Weisberg and Patty Wickman, through June 4. Monday-Friday 11 a.m.-4 p.m. and Wednesday 7-9 p.m.

Wednesday, May 10

Music: Annie Rapid, BackStage Pizza, noon.

Thursday, May 11

Physics Colloquium: Bennetta Schmidt (Physics), "Granites and Volcanoes," Science E-45, 11 a.m.
Mathematics Colloquium: Art Benjamin (Harvey Mudd College), "The Best Way to 'Knock 'em Down,'" Math and Science Building 225, 11:10 a.m.

Books at High Noon: Michael Orth (English), "River Horse: A Voyage Across America" by William Least Heat-Moon, Veranda Café, noon.

Fiction Reading: Al Landwehr (English), Club 221, UU, 7 p.m.

Play: Theatre and Dance Department's spring production, "All My Sons" by Arthur Miller. Also May 12-13 and 18-20. Cal Poly Theatre, 8 p.m. (\$)

Friday, May 12

Philosophy at Poly: K. Srinivas (University of Oregon and Pondicherry University, India), "The Need for a Comparative Philosophy," UU 220, 3:10 p.m.

Play: Theatre and Dance Department's spring production, "All My Sons" by Arthur Miller. Also May 13 and 18-20. Cal Poly Theatre, 8 p.m. (\$)

Saturday, May 13

Music: Jazz Night, Harman Hall, 8 p.m. (\$)

Play: Theatre and Dance Department's spring production, "All My Sons" by Arthur Miller. Also May 18-20. Cal Poly Theatre, 8 p.m. (\$)

Retired Faculty and Staff Club members (from left): Jim Murphy, Warren Anderson, James Lau, club past-President Starr Jenkins, club President Gene Starkey, and Vice President Erland Detloff.

Retired Faculty and Staff Club establishes endowment

Retired faculty and staff members are invited to contribute to the newly established Faculty and Staff Centennial Merit Scholarship Endowment.

Just two weeks after announcing the scholarship endowment, more than \$3,000 has been raised, said Gene Starkey, president of the Retired Faculty and Staff Club.

Anyone interested may donate. Checks, payable to the Cal Poly Foundation with a note earmarking them for the Centennial Merit Scholarship Endowment, may be sent to David Thomson, Treasurer, Retired Faculty and Staff Club, 1335 Foothill Blvd., San Luis Obispo, CA 93405.

Vice President Gonzalez to take job at Georgetown

Juan Gonzalez, who has served as Cal Poly's vice president for Student Affairs since 1994, has announced he will leave in July for the same position at Georgetown University in Washington, D.C.

As head of Student Affairs, Gonzalez has played a key role in helping to develop university policy. He has also been responsible for overseeing all aspects of Cal Poly's student services program, which includes Student Academic Services, Student Life and Activities, Health and Psychological Services, Residential Life and Education, Campus Student Relations and Judicial Affairs, and Career Services. He also served as the university liaison to the Associated Students Inc., with oversight responsibilities to the ASI Executive Office.

"Dr. Gonzalez has done an outstanding job and contributed significantly to the development of the university," said President Baker. "He has been an extraordinary vice president for Cal Poly, and I am confident he will be a wonderful addition to Georgetown, one of the nation's great universities. While we regret losing him, we wish him well as he goes off to pursue this significant opportunity."

During his tenure at Cal Poly, Gonzalez won praise as "an effective, key member of the senior administrative team." He also has been recognized for placing an emphasis on collaboration, pioneering the university's first-year initiative for freshmen, and spearheading plans for the

Walk this way

Internationally renowned artist Patty Wickman's "Anonymous (With St. Agatha)" is among the large figurative paintings on exhibit through June 4 at the University Art Gallery.

Cal Poly debaters ranked No. 1 in West

For the second time in four years, Cal Poly's Debate Squad ended its season as the No. 1-ranked intercollegiate cross-examination debate program in the West region.

Cal Poly was fourth in the West in 1999, second in 1998 and first in 1997.

Cal Poly was ranked No. 24 in the national standings, according to final rankings released by the Cross Examination Debate Association. In all, 170 colleges and universities were listed in the association's final season rankings. The No. 24 position is the team's highest finish in the national standings since 1986, when the university's debate program ended the year at No. 21.

During the season, Cal Poly's team competed in 13 tournaments, winning awards in all but three. The debaters won a season total of 14 team awards and 22 individual speaking awards, including five tournament championships and four division top-speaker awards.

For more information, visit the team's Web site at <http://www.calpoly.edu/~spc/debate>. □

Cal Poly selects outstanding employees

Three employees cited for professionalism, competence, thoroughness, enthusiasm and dedication have been chosen 1999-2000 Outstanding Staff Employees.

Bonnie Krupp, a research and planning analyst in Institutional Planning and Analysis; Druci Reese, administrative assistant in the Music Department; and Ellen Stier, administrative assistant in the Computer Science Department, are being recognized for outstanding service and contributions to the university.

Each will receive \$500 from a private endowment fund and a plaque during the Fall Conference General Session.

Krupp was cited for her professionalism and described by a colleague as an "outstanding citizen" of Cal Poly. She was a founding member and driving force behind the Cal Poly Staff Diversity Committee and a founding member of the Staff Scholarship Committee, which awards scholarships to staff members and their dependents.

It was also noted that the entire campus depends on Krupp for statistics and general information about the university, as well as providing the California State University Chancellor's Office and other outside governing bodies with information.

Another colleague commented on Krupp's tireless work as an advocate for staff members' rights. Krupp has worked at Cal Poly for 11 years.

Reese has worked at Cal Poly for 14 years. "Her love for life shows in every-

thing she does, especially in what she does for the Music Department," said a co-worker.

Reese was recognized for extraordinary competence and thoroughness, skills that make the running of the office "seamless."

Known as a friend to students, she was also commended for her enormous capacity for work. "She is very busy, but never turns anyone away," said a fellow employee. "She always has a smile on her face."

Reese's relationship with faculty and staff members and students is described as "outstanding."

Stier is a 16-year veteran of Cal Poly who was cited for her "institutional memory" — a capability that allows her to "remember what happened and why it happened."

"Without her, the department wouldn't happen," said a colleague. "She is the foundation of the department."

A faculty member commented, "For me, in 25 years, she's the single best person I have worked with here or anywhere."

Another said, "Stier is a jewel; the glue that holds us together. She would be the perfect mentor to staff members. She richly deserves the award."

The outstanding staff members are nominated by faculty and staff members and reviewed by a committee of former award recipients. President Baker names the winners, based on the committee's recommendations. □

Faculty, staff can polish presentation skills May 18

Staff and faculty members will have an opportunity to brush up on workshop creation and presentation skills when Kathleen Allen speaks on "Training the Trainers: Orchestrating the Teachable Moment" at 9 a.m. May 18 in UU 220.

Allen, currently president of her own consulting firm, is a nationally known author and expert on leadership coaching and organizational transformation for higher education, non-profit organizations and businesses.

Her presentation will run until 2 p.m., with a lunch break 11-11:45 a.m.

In the session, Allen will focus on how to design interactive workshops for students and will demonstrate sample workshops.

Allen earned a doctorate in educational leadership from the University of San Diego and has worked in higher

education for more than 25 years, including serving as vice president for student development at the College of St. Benedict in Minnesota.

She is a senior fellow at the University of Maryland's Academy of Leadership.

Allen's visit is sponsored by Student Life's LEADS (Leadership Education and Development for Students) Program, which expects to be in operation by September. The program has been designed to give students the opportunity to be successful leaders and members of clubs, organizations, and class project teams.

Seating is limited and reservations are recommended. For reservations or more information, call Pat Harris, coordinator of Leadership Education and Development, at ext. 6-2582. □

Youth horse camp set

The Animal Science Department is planning to hold its 2000 Youth Horse Camp July 18-21.

Horse enthusiasts from nine to 19 years of age can join in the camp's daily small-group sessions and individual instruction in basic horsemanship, safety, grooming and showmanship.

Campers bring their own horse and keep it at the university's Horse Unit.

Cal Poly students in advanced horse science courses will serve as counselors, and faculty members will present the instructional sessions.

The camp fee of \$235 includes lunches and space for a horse.

For more information on the 2000 Cal Poly Youth Horse Camp, call animal science professor and camp coordinator Mike Lund at ext. 6-2419 or 6-2558. □

Hypnotist, motivator to speak May 17

Hypnotist and motivational speaker Bruce McDonald will appear at 7 p.m. May 17 in Chumash Auditorium.

McDonald, a graduate of Indiana University and a certified hypnotherapist, presents hypnosis entertainment and motivational seminars throughout the United States, Mexico, Canada and Australia.

"Combining hypnosis with a sharp wit and humorous audience participation, McDonald delights audiences with his extraordinary energy and professionalism," said Diana Cozzi, ASI events coordinator.

McDonald has presented goal-setting and memory retention seminars to universities and corporations.

He has performed several times at Cal Poly, most recently during the fall 1999 Week of Welcome program.

Tickets, \$3 for the public and \$1 for Cal Poly students, may be purchased at the door.

McDonald's appearance is sponsored by ASI Events. For more information call Cozzi at ext. 6-7007. □

Saenz to lead Physics

Richard Saenz has been appointed chair of the Physics Department effective fall quarter 2000.

Saenz has been teaching at Cal Poly since 1980. □

'All My Sons'

Laura Black is Kate Keller and Brett Johnson is her husband, Joe, in the Theatre and Dance Department's production of Arthur Miller's "All My Sons." Performances will be at 8 p.m. Thursday-Saturday and May 18-20 in the Theatre. Tickets, \$8 for the public and \$7 for senior citizens and students, are on sale at the Performing Arts Ticket Office, ext. 6-2787.

Engineering recognizes outstanding faculty, staff

The College of Engineering recognized several outstanding faculty and staff members at its recent annual Awards Banquet, at which Burt Rutan, a 1965 aeronautical engineering graduate and world-renowned aircraft designer, presented "Breakthroughs: Why, When and How."

Professors from the College of Science and Mathematics and the College of Liberal Arts were honored along with three engineering faculty members who received industry-sponsored awards.

Aerospace Engineering Professor Faysal Kolkailah won the \$1,000 College of Engineering Excellence in Teaching and Applied Research Award.

The \$2,000 TRW Excellence in Teaching Award went to Industrial and Manufacturing Engineering Professor Unny Menon; Aerospace Engineering Professor Russell Cummings received the \$3,000 Litton Research and Development Award; and Aerospace Engineering Professor Jordi Puig-Suari was named the Lockheed Endowed Professor.

"Dr. Kolkailah has provided breadth and depth in the aerospace curriculum by offering a diverse array of structural courses, from structural dynamics to fracture mechanics to composites," said College of Engineering Associate Dean Dan Walsh.

Menon, a professor at Cal Poly for 22 years, was voted the Outstanding Faculty Member by industrial and manufacturing engineering students in 1979 and 1999.

"Dr. Menon is known for his 'learn-by-doing' teaching methods. His class projects involve problems that students solve for local companies with industrial

support," said Ray Haynes, a Cal Poly management professor and director of TRW's University Alliances program.

Cummings was recognized for his role as principal investigator in a \$650,000 NASA multidisciplinary design grant that dealt with the development of a new approach to engineering design education.

The Lockheed Endowed Professorship, awarded this year to Puig-Suari, provides discretionary time and resources for professional growth and development for a two- to three-year period.

Puig-Suari joined Cal Poly in 1998. Since then he has built a successful spacecraft design program with strong support from TRW, Hughes and Lockheed Martin Missiles and Space.

The engineering student body voted on the recipients for the Outstanding Achievement in Teaching awards and Outstanding Faculty Advisor Award. Winners were Physics Professor John Mottmann, who has taught at Cal Poly for 26 years, and Music Professor Craig Russell, who is appreciated by students for his "sometimes unorthodox but always entertaining" teaching style.

Mechanical Engineering Professor Glen Thorncroft won the 2000 Outstanding Faculty Advisor Award for his mentorship of Tau Beta Pi, an engineering honor society.

Outstanding Staff awards were given to Amy Hewes, director of publications and communications for the college, and to electrical engineering lab technician Jaime Carmo. □

GrC Prof Ruggles wins national award

Graphic Communication Professor Philip Ruggles was awarded the 1999 Edwin S. Wise Award by the Graphic Arts Sales Foundation for outstanding contributions in marketing and sales education for the printing, publishing and allied industries.

Ruggles is known nationally as the author of "Printing Estimating: Costing Methods for Digital and Traditional Graphic Imaging," now in its fourth edition.

He has also written numerous articles, presented papers at seminars and led workshops at graphic arts conventions and professional meetings across the country.

He has served as an expert witness and industry consultant for many years.

In 1986 Ruggles was awarded one of three Cal Poly Distinguished Teaching Awards for excellence. Ruggles, who coordinates the Graphic Communication Department's printing and imaging management concentration, has been teaching at Cal Poly since 1971. □

Professor Landwehr to read fiction today

English Professor and author Al Landwehr will read from his fiction at 7 p.m. today (May 10) in Club 221, the art gallery in the UU.

Sponsored by the Cal Poly Chapter of Sigma Tau Delta, the national English Honor Society, the reading will be followed by a reception with refreshments.

Landwehr has taught fiction writing and 19th and 20th century literature since joining the Cal Poly English faculty in 1970. He was one of three faculty members to receive a Distinguished Teaching Award in 1996-97.

Landwehr serves as chair of the Creative Writing Program; alternates as faculty advisor to Byzantium, the campus literary magazine; and was the first chair of WriterSpeak, a program that brings writers of national reputation to campus to read their work and meet with students and faculty members.

He established the Cal Poly Creative Writing Contest in 1971 and remains its director. His short fiction has appeared in numerous magazines and literary journals.

For more information, call the English Department at ext. 6-2597 or Sigma Tau Delta advisor Debora Schwartz at 6-2636. □

'Comparative philosophy' focus of Friday talk

Professor K. Srinivas, visiting professor at the University of Oregon and an associate professor at the Sri

Srinivas

Aurobindo School of Eastern and Western Thought at Pondicherry University in India, will talk on "The Need for a Comparative Philosophy" on Friday (May 12).

Srinivas' talk, part of the Philosophy at Poly series, will be from 3:10 to 4:30 p.m. in UU 220.

"He will focus on the fact that the general Western attitude toward Indian philosophy has been highly lamentable," said Philosophy Professor Judy Saltzman-Saveker.

"British philosophers such as Locke, Hume and Flew denigrated Indian philosophy by declaring it a form of mysticism that is bereft of anything really philosophical or logical," Saltzman-Saveker said. Srinivas will illustrate that those attitudes are unwarranted, she said.

"Although the Indian mind expresses itself in a variety of ways, there is a wide variety of philosophical systems relating to metaphysics, religion, epistemology, logic and psychology," Srinivas said.

He will conclude his talk by discussing the value of recognizing the merits of traditions other than one's own.

For more information, call the Philosophy Department at ext. 6-2041. □

Environmental injustice focus of talk Tuesday

Rutgers University Geography Professor Noriko Ishiyama will speak on "The Emerging Geography of Environmental Injustice: American Indians and the Nuclear Waste Dilemma in the United States" at noon Tuesday (May 16) in Room 203 in the Air Conditioning Building.

Her talk is sponsored by the Ethnic Studies Department. For more information, call ext. 6-1707. □

'Knock 'em Down' topic of math talk

Art Benjamin, a professor at Harvey Mudd College, will present "The Best Way to 'Knock 'em Down,'" at the next Mathematics Colloquium 11:10-noon Thursday (May 11) in Room 225 in the Math and Science Building.

"Knock 'em Down" is a game of dice so easy to learn that it is being played in classrooms around the world as a way to develop students' intuition about probability, according to Benjamin.

Benjamin's analysis will show that just beneath this deceptively simple game lurks many surprising and highly unintuitive results. □

'Landshark Biathlon' set

ASI Recreational Sports will sponsor the "Landshark Biathlon" — an 800-yard swim and an 8-K run — May 20. The "first wave" starts at 7:30 a.m. at the Recreation Center Pool.

Pre-registration runs through May 18 at the front desk in the Recreation Center. Registration, including a T-shirt, costs \$10 for an individual and \$16 for a team.

Same-day registration will be 6:45-7:15 a.m. and cost \$12 for an individual, \$18 for a team.

For more information, stop by the front desk in the Recreation Center or call ext. 6-1366. □

Rec Sports offers strength-training class

ASI Recreational Sports is offering a free Strength Training for Beginners workshop 11 a.m.-2 p.m. Saturday (May 13) in the west exercise room at the Rec Center.

Certified personal trainers will explore such topics as getting started with a strength-training program, training frequency, exercise selection and order, muscle balance, rest periods, and weight gain and loss.

The trainers will also discuss how to determine the proper "load" and how to adjust "volume" to meet fitness goals.

The importance of warming up and cooling down, nutrition, cardiovascular fitness, and flexibility will also be covered.

Anyone interested in attending can sign up at the front desk in the Recreation Center or call ext. 6-1366. □

Vista Grande to serve Mother's Day brunch

Vista Grande Restaurant will serve a special brunch for Mother's Day – this Sunday – from 9 a.m. to 2 p.m., including ham, turkey, prime rib and an omelette bar.

The cost is \$13.95 for adults and \$6.95 for children. Call ext. 6-1204 for reservations. □

History prof. to talk on 'Racial frontier'

Former Cal Poly History Professor Quintard Taylor will speak on the subject of African-Americans in search of the racial frontier in California and on the "Pacific slope" at 11 a.m. May 19 in Chumash Auditorium.

His talk will develop the concept of a racial frontier and explain its relevance in the area along the Pacific.

Taylor, a professor of American history at the University of Washington, is a nationally recognized, award-winning scholar whose book-length study of the racial frontier was nominated for the 1998 Pulitzer Prize in history.

He has published two other books and co-authored a fourth that deal with various aspects of the interaction of African-Americans with broad trends and general developments in the trans-Mississippi West.

Taylor taught at Cal Poly from 1977 through 1990, during which time he was the founding faculty advisor to Alpha Phi Alpha, a fraternity for men of African descent.

Taylor's appearance is sponsored by the History Department, Multi-Cultural Center and Ethnic Studies Department.

For more information, call the History Department at ext. 6-2543. □

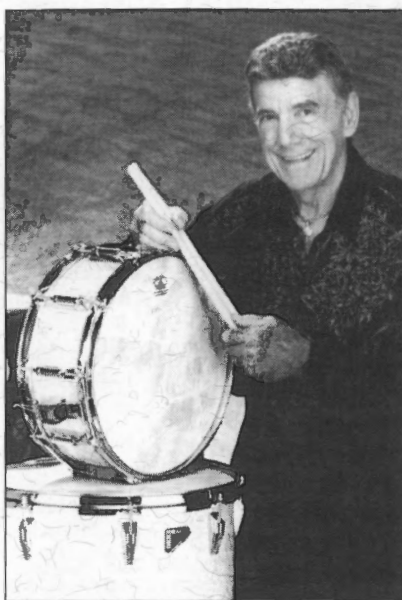

CPR schedule

The *Cal Poly Report* is published every Wednesday during the academic year.

Articles are due to Public Affairs by 10 a.m. Wednesday for the following week's edition.

Items can be e-mailed to polynews@polymail (add calpoly.edu if needed), faxed to 6-6533, or mailed to Public Affairs, Heron Hall.

For more information, call ext. 6-1511. □

The Bellson beat

Louie Bellson, whom Duke Ellington called "the world's greatest drummer," will perform with the University Jazz Band I at 8 p.m. Saturday in the Performing Arts Center as part of "Jazz Night." For tickets, call the Performing Arts Center Ticket Office at ext. 6-2787. He will also give a free jazz clinic at 1 p.m. that day in Room 216 in the Davidson Music Center.

Campus community can aid Special Olympics

Faculty and staff members are invited to participate in "Tip a Cop," a fund-raiser dinner event for Special Olympics, set for Tuesday (May 16) at the San Luis Obispo Vets Hall on Grand Avenue.

University Police Chief Tony Aeilts and Sergeant Lori Hashim are among several officers from local law enforcement agencies who will be serving as wait staff at the dinners, scheduled at 5, 6, 7, and 8 p.m.

McLintocks will provide the food, and all tips collected will be donated to the Special Olympics.

Entrée choices include steak, halibut, chicken or ribs for prices ranging from \$11 to \$14. A children's meal is also offered for \$5.

To make reservations, call Hashim at ext. 6-6656.

Tip a Cop is sponsored by the San Luis Obispo Police Department. □

Career Symposium 2000

The Landscape Architecture Department, Career Services and the student chapter of the American Society of Landscape Architects and the Sigma Lambda Alpha Honor Society are sponsoring a Career Symposium on Thursday and Friday (May 11-12).

Representatives from various California-based private and public agencies are expected to attend and meet with students to discuss the possibilities of full-time employment and summer internships.

Workshops on how students should prepare for the interview process will also be part of the symposium. Students' design work and other projects will be displayed.

For more information, call the Landscape Architecture Department at ext. 6-1319 or e-mail Professor Gerald Smith at gsmith@calpoly.edu. □

Kennedy Library to host 'Education for WineSense'

The campus community is invited to learn more about the Central Coast's Women for WineSense program at a special fund-raising event 6-8 p.m. Saturday (May 13) in the Kennedy Library atrium.

The event, titled "Education for WineSense," is a collaboration between the San Luis Obispo Chapter of Women for WineSense and the Kennedy Library to develop a wine information collection to support the wine studies and wine marketing programs offered by the College of Agriculture.

The collection is also intended to serve as an educational tool for the wine industry and related businesses on the Central Coast.

The event will include a silent auction to raise funds for materials for the Education for WineSense collection, demonstrations of the Education for WineSense Web site, and librarian-guided "virtual tours" of the Web site (www.lib.calpoly.edu/wine).

The cost, \$10 per person, includes sweet and savory appetizers and desserts, wine, and the chance to bid in a silent auction.

For more information or to make a reservation, call the San Luis Obispo Chapter of Women for WineSense at 547-1753. □

Position vacancies

Below are all the new, previously unadvertised employment openings at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu (scroll down and select "employment opportunities under the Faculty/Staff Services heading").

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:

- Check the Human Resources and Employment Equity Web site at www.calpoly.edu, under Employment Opportunities;
- Come to the HREE office, Adm. 110, and view the posted positions;
- Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune's Sunday edition.

If you have questions, please call HREE at ext. 6-2237.

Centennial Celebration Coordinator, (Public Affairs Assistant II),* University Advancement Division, Public Affairs, \$2961-3560, temporary to 6/1/02. Internal recruitment; only on-campus candidates may apply. Closing date: May 17. □

... Gonzalez

Continued from page 1

development of campus residential and sports complex facilities.

"Juan has served Cal Poly — especially, our students — extraordinarily well," said Provost Paul Zingg. "He has brought both clear vision and enormous energy to Student Affairs and strengthened the record of our university as a caring, intellectual community that is, first and foremost, focused on student learning.

"We are a better place because of Juan's years at the helm of Student Affairs. And, although I, and so many others, will miss him as a colleague and friend, we will always be reminded of him through the lasting contributions to Cal Poly of his leadership," Zingg said.

Baker and Zingg will consult with Gonzalez, the Student Affairs division and student leadership during the next several weeks regarding issues surrounding interim leadership and transitional planning for the Student Affairs division. □
