(\$) – Admission charged

Exhibits:

Admin. Building, Third Floor:

Student designs for a Centennial time capsule. Through summer.

Club 221 (UU): "Surf Culture Show."

Through June 16. Hours: Monday-Friday noon-5 p.m.

University Art Gallery (Dexter):

Annual Alumni Art Exhibit, through June 8. Reception: June 8, 6-8 p.m. Hours: 11 a.m.-4 p.m. plus Wednesday 7-9 p.m.

Wednesday, May 23

Music: John Bankston, BackStage Pizza, noon.

President's Service Awards Reception: Cohan Center Lobby, 2:30 p.m.

Performance Artist: Alison de la Cruz and "IT" Campaign open microphone night, San Luis Lounge, UU, 6:30 p.m.

Thursday, May 24

Physics Colloquium: Nicholas Brown (Physics), "The Magic and Physics of Balloons," Science E-45, noon.

Computer Science Colloquium: Bob Heldt (Intuit), "Web 'PIN Vault' as a Case Study," Business 113, 4 p.m.

Philosophy at Poly: Ahmad Sakr (Islamic Education Center, Southern California), "Reflections on Science in the Qur'an," Science E-27, 4:40 p.m.

Play: Theatre and Dance Department's "Dancing at Lughnasa," May 24-26. Theatre, 8 p.m. (\$)

Friday, May 25

Speaker: Carolyn Boyd (UC Irvine), "The Spanish Civil War and the Politics of Memory, 1939-1979," Business Building Rotunda (Room 213), 11:10 a.m.

Play: Theatre and Dance Department's "Dancing at Lughnasa," May 24-26. Theatre, 8 p.m. (\$)

Saturday, May 26

Music: Cal Poly Choirs' fund-raising concert, Mission San Luis Obispo, 8 p.m. (\$)

Graphic communication majors Drew Lepis and Cheryl Bloch

Students win top prizes in CSU research contest

Two Cal Poly students shared a first-place prize and another a second place at the annual CSU Student Research Competition held recently at San Jose.

Cheryl Bloch and Drew Lepis, graphic communication majors, took first place in the Business, Economics and Public Administration category. Bloch and Lepis are both undergraduates who competed in a category for graduate students and undergraduates.

Agriculture graduate student David Nelson took second place in the Health, Nutrition and Clinical Science category.

Bloch and Lepis presented their research on "A Technology for Improv-

In memoriam

The flags in front of the Administration Building will fly at half staff during Memorial Day weekend, Saturday through Monday (May 26-28), in honor of America's war dead. □

Mercury Interactive gives software to business college

Mercury Interactive of Sunnyvale donated software to the Orfalea College of Business that will help prepare students for testing and quality-assurance positions.

With the donation, Mercury Interactive launched its Academic Access Program, which aims to "offer students the opportunity to gain practical experience in understanding and testing complex enterprise and Web applications in preparation for entry into technology-oriented careers," said Ken Klein, chief operating officer at Mercury Interactive.

The software, valued by the company at nearly \$3.5 million, will be shared with the College of Engineering. It will form the basis for lab activities in a new course on software testing being taught by Patricia McQuaid in the Management Information Systems area. The software will be used not only in the software testing class, but also in the software quality class and possibly in future e-commerce classes, as well as by MIS students working on their senior projects.

Cal Poly is the first member of the Academic Access Program.

"Working with leading universities such as Cal Poly, we hope to develop a strong curriculum that provides students with a competitive advantage by working with leading-edge technologies prior to graduation," said Niraj Kapur, manager of the Academic Access Program.

"Cal Poly's Orfalea College of Business and College of Engineering are both known for preparing students for direct entry into professional careers," Kapur said. "This, coupled with hands-on experience with Mercury Interactive's industry-leading testing tools, will allow students to be better prepared for professional positions upon graduation."

McQuaid facilitated the gift during her participation in IBM's five-week Faculty Partnership Program in summer 2000.

"Software testing has become increasingly important as we rely more and more

ing Printing Business Effectiveness: Dry Trap vs. Wet Trap Using Hi-Fi Color Printing." The technology widens the color range in printing jobs that require the highest quality.

Nelson's study, titled "Anorectic and Toxic Effects of Simmondsin When Fed to Male Sprague-Dawley Rats," demonstrated seminal research on the potentially harmful effects of a weight-loss product sold over the counter.

Faculty advisors Louise Berner, associate professor of food science and nutrition, and Harvey Levenson, head of the Graphic Communication Department, attended the competition. □

Leave solicitation

Robbin J. Bridges, accounting technician in Fiscal Services' Property Accounting office, has qualified for personal catastrophic leave.

Eligible state employees may donate vacation and sick leave credit to help her remain in full-pay status during an extended absence.

Those interested in donating may request the Catastrophic Leave Donation form from solicitation coordinator Jody Fisher in Fiscal Services, Accounts Receivable, at ext. 6-1438 or by e-mail.

CSEA employees (Units 2, 5, 7 and 9) may donate up to 32 hours, and all other eligible state employees may donate up to 16 hours total sick leave and/or vacation credits per fiscal year in increments of one hour or more. □

Tsakopoulos appointed to CSU Board of Trustees

Gov. Gray Davis appointed Sacramento attorney and businessman Kyriakos Tsakopoulos to the CSU Board of Trustees for five years. His appointment must be confirmed by the state Senate.

The 31-year-old Tsakopoulos is executive vice president and general counsel of AKT Development Corp., a position he has held since 1994.

He will succeed Ali C. Razi, who was appointed by Gov. Pete Wilson. □

'Jazz Night' June 1 to feature four ensembles

All of the Cal Poly jazz ensembles, including University Jazz Bands I and II, Cal Poly Vocal Jazz, and Jazz Combo, will perform at "Jazz Night," the highlight of their performing season, on June 1.

The concert, at 8 p.m. in the Theatre, will feature the music of the Charles Mingus Big Band and Billie Holiday.

The University Jazz Band I will perform "Moanin'," a "raucous and wild piece recorded by the great Charles Mingus," said Paul Rinzler, director of jazz studies and faculty member in the Music Department. "Mingus was well known for creating exciting and complex works for jazz bands."

"Cal Poly Vocal Jazz is a group of eight talented singers who scat-sing and harmonize their way through the best of vocal jazz," Rinzler said.

They will perform the Billie Holiday standard "God Bless the Child" and the classic "Angel Eyes."

The University Jazz Bands I and II are directed by Rinzler and Music Professor William Johnson, Cal Poly Vocal Jazz is directed by Music Professor Thomas Davies, and the Cal Poly Jazz Combo is directed by Rinzler.

Tickets cost \$7 for students, \$8 for senior citizens and San Luis Obispo Jazz Federation members, and \$10 for the public.

The Jazz Night concert is sponsored by the Music Department, College of Liberal Arts and Instructionally Related Activities program.

For more information call the Music Department at ext. 6-2406. □

on computerized systems, whether it is in our business processes, hand-held devices, automobiles or the space shuttle," McQuaid said. "Developing high-quality software should be a goal of all software developers."

The donated software will allow students to implement two basic types of application testing: functional testing and load/stress testing. Functional testing verifies that applications work as expected.

For example, in a flight-booking application, functional testing can verify that the correct information, such as flight times and prices, is being pulled from the database and displayed to the user.

An equally important aspect of Web site operations is to know when the site is becoming stressed, when the site is slowing down because of customer traffic, McQuaid said. A Web site can collapse when too many users try to access it at the same time.

"Before an e-commerce Web application is deployed," explained McQuaid, "the tester needs to ensure that customers will experience quick responses from the site as they browse or place an order, and that those response times will remain steady as the number of users increases."

"Load testing provides a way to predict the way an application will perform as the number of users increases. It exercises an entire application by emulating the traffic of real users and measuring response times to pinpoint bottlenecks that might cause the Web site's performance to slow." □

Ticket information

Tickets to the performances listed in today's *Cal Poly Report* are on sale at the Performing Arts Ticket Office 10 a.m.-6 p.m. weekdays and 10 a.m.-4 p.m. Saturdays. Call ext. 6-2787, or fax your order to ext. 6-6088. Tickets can also be bought online via *Tickets.com*. Visit the Performing Arts Center's Web site at pacslo.org and click on "Event Calendar." Information on Cal Poly Arts events can be found on the Web at www.calpolyarts.org. □

CPR schedule

The *Cal Poly Report* is published every Wednesday during the academic year.

Articles are due to Public Affairs by 10 a.m. Wednesday for the following week's edition. Items can be e-mailed to polynews@polymail, faxed to ext. 6-6533, or mailed to Public Affairs.

For more information, call ext. 6-1511. □

Alumnus Tim Lloyd's bronze sculpture "Conga Chefs" (14 inches high) is one of the pieces on display at the University Art Gallery's alumni exhibit, "Outside In."

Art and design alumni art on display through June 8

Art and design alumni are exhibiting their work in the university's bi-annual invitational alumni exhibit through June 8 in the University Art Gallery in the Dexter Building.

Titled "Outside In," the show will close with a reception 6-8 p.m. June 8.

Senior art and design major Alec Ramsey has turned the gallery into a drive-in movie theater – complete with chain link fence, graffiti, a popcorn machine and a concession stand

featuring the artwork of 16 alumni.

The show is a mixed-media event that includes bronze sculptures, photography, digital images, multimedia, watercolors, acrylics and graphic design.

The University Art Gallery is open 11 a.m.-4 p.m. every day except holidays plus 7-9 p.m. Wednesdays.

Call the University Art Gallery at ext. 6-6038 or ext. 6-1571 for more information. □

Talk set on public opinion on genetically modified food

Guy D. Whitten, political science professor at Texas A&M University, will present "Not On My Table: Understanding U.S. Public Opinion Toward Genetically Modified Organisms in the Food Supply" at 11 a.m. May 31 in the Science Building, Room E-27.

Whitten is part of a team of researchers studying how people form their opinions on a complicated scientific issue for which the answers to critical questions are unknown. Specifically, they are conducting surveys on public opinion toward the use of genetically modified organisms (GMO).

He will present results from a recent

survey of the U.S. population.

"The study looks at patterns in people's perceptions of the various risks and benefits from GMOs," Whitten said, "their perceptions of the various players in the debates over the regulation of GMOs, and the role of knowledge levels in opinion formation."

Some of the survey results were presented in a "Nova" and "Frontline" episode titled "Harvest of Fear," which aired on the Public Broadcasting System April 24.

Whitten's appearance is sponsored by the Political Science Department. For more information, call ext. 6-2984. □

CAL POLY

CENTENNIAL CELEBRATION

To commemorate Cal Poly's Centennial, we are running this column of university history, upcoming events and additional tidbits that we find interesting. We hope you do, too. The editors thank University Archives for providing this information.

Frosh Rules

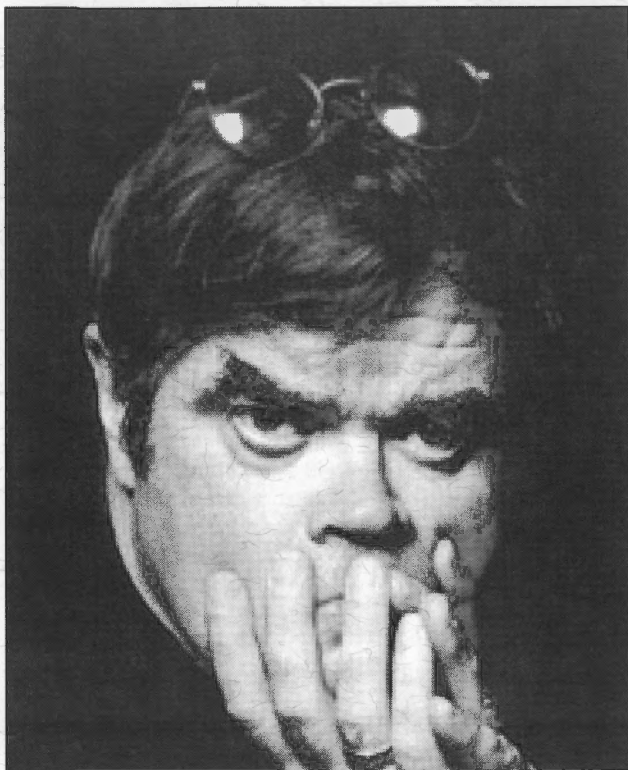

From the Freshman Handbook, 1940-41 (Reprinted from University Archives online)

1. Thou shall wear thy dink at all times but not in buildings or when talking to the fairer sex.
2. Thou shall learn the songs and yells of your Alma Mater and be prepared at all times to sing her praises.
3. Thou shall address all upperclassmen as "Sir."
4. Thou shall carry from sunup to sundown the frosh handbook.
5. Thou shall forget your high school achievements. You're in college now.
6. Thou shall learn the names of all roads on campus and be able to direct any and all persons visiting such campus.
7. Thou shall not smoke anything but corncob pipes and roll-your-owns.
8. Thou shall not wear any high school rings or insignias of any sort.
9. Thou shall not sit on the senior benches.

...

To be continued...

Garrison Keillor added to Cal Poly Arts lineup

Heartland comic Garrison Keillor will perform original monologues in concert with the San Luis Obispo Symphony at 8 p.m. Aug. 31 in the Cohan Center's Harman Hall.

Keillor is the host of "A Prairie Home Companion," heard on public radio stations nationwide, and the daily five-minute radio program "The Writer's Almanac."

At Cal Poly, Keillor will blend songs, stories and special guests in a "pops-style" concert.

Tickets are \$46 and \$52. □

Professor Nicholas Brown to prove physics is fun

At the next Physics Colloquium Thursday (May 24), Professor Nicholas Brown will give an unusual demonstration using magic tricks and balloon sculptures to illustrate the principle of physics.

The presentation, titled "The Magic and Physics of Balloons," will be 11 a.m.-noon in Room E-45 in the Science Building.

In his presentation, Brown will use a balloon dog to validate static electricity and center of mass, a balloon snake to demonstrate rocketry, and a balloon "spring" to illustrate torque.

In his dramatic finale, Brown will use a special "magic wand" to insert pennies into a balloon after the inflated balloon has been securely tied.

For more information, call the Physics Department at ext. 6-2448. □

Student group to co-sponsor McVeigh execution protest

To express its opposition to the death penalty, the Progressive Student Alliance is co-sponsoring a peaceful demonstration on June 11 to protest the scheduled execution of Timothy McVeigh, convicted Oklahoma City bomber.

The demonstration is also intended to honor and remember the victims of the 1995 bombing and their families. The group will meet at noon in front of the County Government Center on the corner of Osos and Monterey streets in downtown San Luis Obispo.

Additional university-related groups sponsoring the event include the Newman Catholic Center and Cal Poly's chapter of Amnesty International.

For more information, call the Newman Catholic Center at 543-4105. □

Extended Ed course focuses on health, nutrition

Extended Education is offering a course in July that focuses on health, healing and nutrition.

Traditional Wisdom for Health and Healing will be taught from 6 to 8:30 p.m. on three consecutive Tuesdays beginning July 10. The fee is \$75 for the series if paid in advance or \$35 per class.

In this course, taught at the Student Experimental Farm, students will learn about the basics in health and healing from a traditional healing-arts perspective, which includes the use of natural foods, herbs and special dietary preparations to maintain health and accelerate healing. Simple, practical models for assessing good health will be explored. Participants will also devise a natural-food-based dietary plan. Theories on healing from ancient China and India will be emphasized and culinary tips for preparing healthful, balanced meals will be given.

• Session 1: Introduction to Health – The fundamental criteria for health ac-

cording to traditional nutritional theory and herbal medicine will be covered. Practical information about eating and lifestyles will be discussed to provide students with tips for keeping happy and energetic.

• Session 2: Common Foods and Herbs for Better Health —Participants will learn how to use daily food staples and herbs to treat minor ailments, improve athletic performance and promote clear thinking.

• Session 3: Nutrition and Emotional Health – Students will learn about the link between diet and emotions from the perspective of the Chinese Five Element Theory, called Ayurvedic Tri-dosha Theory, and modern nutrition. Practical advice will be given on how to balance and diminish unhealthy emotions with food and herbs.

For complete course descriptions and to register online go to Extended Education's Web site: www.ExtendedEducation.calpoly.edu, or call ext. 6-2053. □

Lovett sets concert date

Tickets are on sale for singer-songwriter Lyle Lovett's concert at 8 p.m. July 21 in the Cohan Center's Harman Hall.

Lovett and his 18-piece Large Band have reunited for the first time in five years for a two-plus-hour concert featuring a blend of alternative country, folk, Texas swing, and pop styles.

Tickets to this Cal Poly Arts performance are \$46 and \$52. □

Biologist, nutritionist to talk on the Qur'an

Noted biologist and nutritionist Ahmad Sakr will present "Reflections on Science in the Qur'an" at the next Philosophy at Poly lecture from 4:40 to 6 p.m. Thursday (May 24) in Room E-27 in the Science Building.

Sakr will reflect on the fact that, "for an ancient ... work, the Qur'an (the Koran, Islam's sacred text) is surprisingly accurate concerning scientific knowledge and discoveries in astronomy, geology, oceanography, biology, nutrition and related areas," said Philosophy Professor Judy Saltzman.

"Sakr will also discuss the idea that Islam as a tradition has always supported reason and inquiry about the universe within and around us," Saltzman said.

Sakr is president of the Foundation for Islamic Knowledge and director of the Islamic Education Center in Walnut. While still a student in the United States, Sakr was a founding member and president of the Muslim Students' Association of the U.S.A. and Canada, now known as the Islamic Society of North America. He was also a founding member of the World Council of Mosques, which has headquarters in Makkah, Saudia Arabia. He was the first director and representative of the Muslim World League to the United Nations.

A former university professor and administrator, Sakr has appeared on ABC's "Nightline" and the Canadian Broadcasting Corp.

The lecture is sponsored by the Philosophy Department. For more information, call ext. 6-2041. □

University Police advises: 'Enjoy the SLO ride'

University Police is working with the California Highway Patrol and other agencies to maintain a safe commute on U.S. 101. The effort, called "Slow Down and Enjoy the SLO Ride," is designed to encourage safe driving and promote alternatives for the daily commute to work.

Presentations will be given, brochures will be distributed, and "freebies" will be given away as part of the "Slow Down and Enjoy the SLO Ride" promotion.

For more information, call Deby Anderson in Commuter and Access Services at ext. 6-6680. □

Cal Poly students aid Senior Nutrition Program

Students involved in the university's volunteer Senior Services program have created two fund-raising campaigns to benefit San Luis Obispo County's Senior Nutrition Program.

Kathy Thompson, student director of Cal Poly's Senior Services program, has spearheaded the fund-raising efforts. She has been working with the Campus Market and BackStage Pizza on a "Pear Purchase" fund-raiser.

"The pear is the symbol of the Senior Nutrition Program. The fund-raiser is based on the same principle as the shamrocks that are sold at checkout at some area supermarkets to raise money for charity," explained Thompson.

Thompson designed the pears and has them available for sale on campus. The pears will also be available at various outlets in San Luis Obispo beginning in June.

"The students understand how important the Senior Nutrition Program is in this community and have had fun designing ways to engage community businesses and individuals," said Maya Andlig, coordinator of Cal Poly community volunteerism.

The students have also created "Doggy Bag Donations," a fund-raiser that asks patrons to leave behind a minimum \$1 donation after dining out.

Senior Services is hoping to raise approximately \$12,000 in the Doggy Bag Donation program, which runs through Monday (May 28).

Participating restaurants include Applebee's, the Budget Café, Buona Tavola, Café Roma, Cool Cat Café, Da Vinci's, Fish Daddy's, Louisa's Place, Margie's Diner, Mosaics, Palindromes, Tortilla Flats, Upper Crust and 1865 in San Luis Obispo and Rosa's in Pismo Beach.

The students are also asking other students to support the Senior Nutrition Program.

"If everyone in the residence halls would donate \$1, we could donate another \$2,800" Thompson said.

Senior Services, part of the university's Student Community Services, is run entirely by students through the Center for Community Volunteerism and Service Learning.

For more information, call Andlig at ext. 6-6749. □

Juan de Marcos Gonzalez

Afro-Cuban All Stars to perform June 13

Buena Vista Social Club's Juan de Marcos Gonzalez and the Afro-Cuban All Stars will perform as part of the Cal Poly Arts Center Stage series at 8 p.m. June 13 in the Cohan Center's Harman Hall.

De Marcos Gonzalez, musical director of the Buena Vista Social Club, formed the Afro-Cuban All Stars as a multigenerational 13-piece band that includes "old-time legends and rising stars."

The group, hailed as a celebration of Cuba's musical golden age, showcases Afro-Cuban jazz and pure tribal rhythms.

De Marcos Gonzalez has launched the careers of such Cuban musicians as vocalist Ibrahim Ferrer and pianist Ruben Gonzalez.

The Boston Herald said, "De Marcos Gonzalez has convened a powerhouse band of Cuban players."

Tickets for this Cal Poly Arts performance are \$32 and \$38. □

**Faculty-staff
payday is
May 30**

Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:

- Check Cal Poly's Web site at www.calpoly.edu. Select "Employment" from the Cal Poly links drop-down box;
- Come to the HREE office, Adm. 110, and view the posted positions;
- Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune's Sunday edition.

Please note that applications for job openings must be received in the Human Resources and Employment Equity office, Adm. 110, (not just postmarked) by 5 p.m. on the closing date.

FACULTY: Candidates are asked to contact the appropriate department office at the phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained online at <http://www.academic-personnel.calpoly.edu>. Please submit all application materials to the department head/chair unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated.

#13076: Part-Time Lecturer Pool 2001-02, Journalism (ext. 6-2508). Closing date: June 4.

#13133: Assistant Professor, Fall 2001, Food Science and Nutrition (ext. 6-2660). Closing date: June 25.

FOUNDATION (Foundation Adm. Building, job line at ext. 6-7107). All Foundation applications must be received (not just postmarked) by 5 p.m. of the closing date. (No faxes.)

Administrative Support Assistant II, University Center for Teacher Education: Part-time, 30 hours/week, \$12.66-\$19/hour. Closing date: Open until filled, review of applications begins June 1.

ASI is accepting applications for the following positions. Complete position descriptions and applications are available at the ASI Business Office, UU 212, M-F, 8 a.m.-5 p.m., ext. 6-5800. All applications must be received by 5 p.m. of the listed closing date. AA/EOE.

Assistant Teacher, \$10.87-\$13.20/hr. Closes June 1.

Club Services Technician, \$13.67-\$18.93/hr. Closes June 1. □

Recreation Center offers bargain fitness classes

Spring fitness class fees are now prorated at the Recreation Center.

The Group Exercise Pass, which includes "Ultimate," "Noon" and "Xtreme" passes and allows users to choose from more than 20 classes a week, is discounted 50 percent.

In addition, a 50 percent discount is being offered on several fitness and instructional classes, including Capoeira, Jeet Kune Do, and Shorin Ryu karate; beginning, intermediate and masters swimming; water workout; mat Pilates; and yoga.

Faculty and staff members are also invited to join the free Friday walk and hike class led by Rec Sports personal trainers. The class begins at 12:10 p.m. in the Recreation Center Plaza.

Stop by the Rec Center Front Service Desk for more details, call ext. 6-1366, or visit the Web site at asi.calpoly.edu/recsports. □

Chamber Orchestra to give Spring Concert June 2

The Cal Poly Chamber Orchestra, directed by its founder and Music Professor Clifton Swanson, will perform its Spring Concert at 8 p.m. June 2 in the Theatre.

The program will include Mozart's Symphony No. 27, Fauré's "Pelléas et Mélisande," and Bach's Trio Sonata performed by music students Jessica Getman on the oboe; Sara Finsten, flute; Kristin Harris, cello; and Music Department staff accompanist Catherine Harvey.

Music students Harmony Murphy and Haley Cohen will perform a vocal duet in Hoffmann's "Barcarolle"; soprano Amy Shaffer will sing Massenet's "Adieu, Notre Petite Table" from "Manon"; and trumpeter Adam Green will perform in Hummel's Trumpet Concerto.

Tickets cost \$5 for students and senior citizens and \$8 for the public.

The concert is sponsored by the Music Department, College of Liberal Arts, and Instructionally Related Activities program. For more information, call ext. 6-2406. □
