Baseball Hall of Famer Ozzie Smith to be honored Friday

Baseball fans, families, friends, supporters, students and faculty and staff members are invited to attend a ceremony Friday (June 13) in honor of Cal Poly's own baseball legend, Osborne Earl "Ozzie" Smith.

A three-quarter-life-size bronze statue of Smith will be unveiled at a 3:30 p.m. dedication of Ozzie Smith Plaza, located between Baggett Stadium and Bob Janssen Field.

A scholarship endowment for Cal Poly baseball is being created to honor Smith, with a limited number of statue miniatures available for donors.

"Ozzie Smith Plaza and the statue are in recognition of Ozzie's many contributions to his sport and for being an outstanding role model for young athletes and the country's youth," said Athletic Director John McCutcheon.

"Ozzie is an amazing, first-class athlete," said Dan Marple, a former Cal Poly teammate and Cal Poly assistant coach, "and classy in the way he went about his work."

At Cal Poly, Smith broke a number of school records, including at-bats (754), career stolen bases (110) and stolen bases in a season (44) – the last a record he broke twice.

A four-year starter at shortstop and a three-time All-Conference selection, he became a charter member of the Cal Poly Athletics Hall of Fame in 1987.

Smith is scheduled to be the honored speaker at morning and afternoon Commencement ceremonies Saturday (June 14). He will receive an honorary Doctor of Humane Letters degree from the CSU and Cal Poly at the morning ceremony.

Homebuilder pledges \$250,000 for new CAED lab

One of the largest homebuilders in the United States has committed \$250,000 to help finance a new building for the College of Architecture and Environmental Design.

Detroit-based Pulte Homes, a Fortune 500 company, is making the gift to fund a laboratory within the new facility. The lab will be named the Pulte Homes Residential Construction Laboratory.

The largely state-funded structure is scheduled to be built on South Perimeter Drive within the next few years. Most of the space in it will be used by the Construction Management Department.

"We are very thankful to Pulte for the partnership commitment that this investment represents," said Allan J. Hauck, head of the Construction Management Department. "Homebuilding is one of the key drivers of the U.S. economy and is consistently viewed as a leading economic indicator of the overall health of the economy. Because of this, it is criti-

cal that the Construction Management Department prepare our students to be able to play leadership roles in the residential construction market.

"This gift from Pulte Homes will create a unique space dedicated to the instruction of managers seeking professional careers in this vital market," Hauck said.

"As a company," said John M. Drew, Orange County-based director of construction for Pulte Homes, "we need great people to elevate the quality of residential home building, and through our support of this lab, we see a successful partnership with the students and faculty at Cal Poly."

"Pulte Homes recognized and selected Cal Poly because of the strength of the program and the hands-on approach that students experience in the Construction Management Department," Drew said. "The students have demonstrated this through success at national competitions and by what our recruiters have witnessed on campus." □

Cal Poly Scholars named

Six high school students have been named 2003-2004 Cal Poly Scholars, and each will be awarded an \$8,000 scholarship in recognition of his or her outstanding academic achievement.

In an effort to remain competitive with other respected institutions for America's most gifted students, Cal Poly established the Cal Poly Scholars Program in 2001 to fund four-year scholarships.

The scholarships, supported entirely by private contributions, are awarded to one incoming student in each of the six academic colleges. A scholar receives a scholarship of \$8,000 a year, renewable for up to four years. This year's scholars, who plan to enroll fall quarter, are:

- College of Agriculture – Diane Coderniz, Dos Palos.
- College of Architecture and Environmental Design – Erik Dawley, Ventura.
- Orfalea College of Business – Timothy Waechter, Grass Valley.
- College of Engineering – Scott Hilbert, Raleigh, N.C.
- College of Liberal Arts – Melissa Smuck, Rohnert Park.
- College of Science and Mathematics – Christina Karplus, Corvallis, Ore. □

Youth Horse Camp planned

Cal Poly's Youth Horse Camp for young adults nine to 19 will be held July 16-19. Participants bring their own horse. Instruction is individualized and designed to make students feel more comfortable with horses. Safety and good horsemanship habits are emphasized. The fee is \$335. For more information, call Conference Services at ext. 6-7600, Katy Murphy at ext. 6-6437, or Animal Science at ext. 6-2419. □

Winners announced

Several employees won prizes in the recent prize drawing held to benefit the Cal Poly cat program.

Prizes were donated by Steve Kerr in Facility Services, students Jessica Viramontes and Virginia Chan, and the Bayside Café and El Corral bookstore.

For a list of winners, see the June 11 *Cal Poly Report* online at <http://calpolynews.calpoly.edu/cpreport/reportindex.html>. □
