Safety-Run Starting Point...

CHECKERED FLAG IS UP—Preparation for the start of the Cal Poly Safety-Economy run is under way here at the starting point of the run. Sponsored by the Cal Poly Society of Automotive Engineers, the run will cover 103 miles tomorrow. In the picture are (left to right) Dick Beward, J. Crane, Larry Ellis, Bryn Van Hiel, San Luis Obispo Mayor Fred Luckeinger, Capt. Black and Sgt. Doherty of the California Highway Patrol. (Photo by Grill)

Car Economy Run Begins At 9 Tomorrow Morning

Fred H. Luckeinger, Mayor of the City of San Luis Obispo, will bring the starting flag down promptly at 9 a.m. tomorrow morning at Wall's Mobil station, French Road at Highway 101, San Luis Obispo, to start the first car on the Cal Poly Safety-Economy Run, Lawrence D. Ellis, chief steward of the event, announced today.

Nearly 60 students are now completing last minute preparations for the event, patterned after the annual Mobilgas Economy Run.

The run, under the sponsorship of Cal Poly student branch of the Society of Automotive Engineers, will be routed over a 103-mile course with a minimum completion time of two hours and 43 minutes. Official timer will be Richard D. Miller, Administrative Officer of the City of San Luis Obispo.

Logged by the California Highway Patrol, Cal Poly Engineering department, and sponsoring SAE, the course will furnish youthful drivers a comprehensive variety of driving conditions as it leaves San Luis Obispo and loops through McAdoo Bay, Santa Margarita, Arroyo Grande, Oceano, Grover City, Fair Oaks, Pismo Beach and returns to the starting point.

"The Safety-Economy Run," points out Ellis, "will not be based on speed, but on safety and gasoline economy. Economy is the criterion because we have convincing evidence that the economical driver is also the safe driver."

Adult observers will ride in each car to assess penalties against drivers for any road rule

infractions. Observers will be chosen from the members of San Luis Obispo Kiwanis.

Each vehicle entered must pass a rigid safety inspection by the Highway Patrol before being given official recognition by the chief steward. Weighing cars, drivers and passengers, necessary for the ton-miles computation will also be handled by CHP. The ton-miles formula gives all cars an equal opportunity to win regardless of size and weight.

Student committee heads are T. Allen Bevan, Ben Hansen, James N. Locke, Winalow Moore, Richard Beward, Leonard Vancott and Phil Wall.

Competing drivers as well as observers and officials will attend a victory luncheon under the chairmanship of George Dudley at Cal Poly following the run. Individual winners in the stock American and foreign car classes will be announced and trophies presented.

Seniors! Last Time Today to Get Pix Taken

Seniors who have NOT yet had their photos taken still have a chance. If they hustle over to the "Old Power Plant" with crossed fingers, says El Rodeo Editor, Ken Carpenter. The photographer will not be here after today.

Men should wear white shirts and ties; women should wear dark sweaters.

Proofs of all pictures will be distributed Monday, Jan. 26, in Circle O (east end) 9 a.m. to 5 p.m. All seniors are asked to stop in to pick up their proofs to decide which photo they want to appear in El Rodeo, and to order whatever prints they would like for their family, friends, sweetheart(s), etc. The proofs may be kept overnight and returned Tuesday, Jan. 27.

Shearing Tickets

A few tickets to the George Shearing jazz concert, to be held in the A.C. Aud., Jan. 28, may be available this morning in the Student Body office, according to College Union officials.

Any extra tickets turned in by salesmen will be put on sale on a first-come, first-serve basis.

A false campus rumor yesterday said that the concert would be moved to Crandall Gym if 100 more tickets could be sold. According to Student Body office officials, this move could have been accomplished, except for the item of making a grand piano available to the gym. State law does not permit moving the piano out of the A.C. Aud., and no other such instrument is available in San Luis Obispo.

Theaters Avoid Competition, Give Movie Men Free Tickets

Is inflation getting you down? Then dig this: the movie version of Rodgers and Hammerstein's "Carousel," starring Shirley Jones and Gordon MacRae, which cost \$2.50 a seat first run only two years ago, can be seen tonight in the A.C. aud., in full cinemascope and with a new loudspeaker system, for only 10 cents per student, with ABB card.

"We realize," stated film committee magnates Philip Ritterband and Martin Figoten, "that this anti-inflationary trend, while disturbing to top economists, will nevertheless be welcomed by poor Poly students on limited budgets, seeking top-flight entertainment at rock-bottom prices."

The college union drama committee, headed by John Zacharias, has long feared that next Friday's performance of "Visit to a Small Planet" would be seriously hampered by the competition of the film committee's cinematic presentation of "Milk and Honey," starring Fred Astaire, Cyd Charisse, and Peter Lorre. Ritterband and Figoten stubbornly refused to move the movie to another time to avoid conflict and inter-college union competition.

In the drama committee gave Ritterband and Figoten each two complimentary tickets to the play, good only for Friday night. "We cannot very well run the movie if we are at the play," commented the local film racketeers, and we can hardly turn down such a complimentary offer. Next week's movie will be shown Sunday, February 1, at 7 and 9 p.m.

Alpha Zeta Councilmen Install Gamma Pi Delta

Cal Poly's honorary agricultural society, Gamma Pi Delta, will be installed as California Delta of Alpha Zeta Saturday, Jan. 24 by honored guests Dr. Louis L. Madsen, Fred Le Crone, and Dr. Bruce R. Taylor.

According to Carl Beck, faculty advisor of the organization, installation ceremonies will be preceded by a dinner meeting Friday evening in Library 118 for the 24 Alpha Zeta members on the Cal Poly staff and the three guests, who are members of the Alpha Zeta high council.

Approximately 55 active mem-

bers and 40 alumni members will be initiated as charter members.

Planned itinerary includes a tour of the campus for the visiting dignitaries Saturday morning and a buffet luncheon for visitors and Gamma Pi Delta alumni at noon in the Veterans Hall. Installation ceremonies are to follow at 1 p.m. The banquet begins at 6:30 p.m. with David Rickensrud as Master of Ceremonies. Banquet agenda includes the invocation by William H. Powell, San Luis Obispo; a talk on "Cal Poly, Student Leadership, and Gamma Pi Delta" by President Julian A. McPhee; "Our Responsibilities as a New Chapter" by Arlyn Storm of the Kappa-Voorhes chapter, Carl Berk, and C.O. McCorkle, and benediction by Ernest E. Clement, San Luis Obispo. Dr. Madsen, High Counselor of the Alpha Zeta Fraternity, will speak on "Alpha Zeta and Agricultural Leadership." Cal Poly's Collegiate Quartet will furnish music.

McPhee and Beck have been elected to associated membership in Alpha Zeta.

Cal Poly's chapter of Gamma Pi Delta was organized in 1944, and has been active since then with the exception of three years during the war.

"Membership in the organization is based on scholarship, leadership, and character," stated Beck.

Dr. Madsen is Director of Agricultural Sciences, Washington State College, Pullman, and is chairman of Gamma Pi Delta's installation committee. Fred Le Crone, High Chronicle of Alpha Zeta, is director of Student Personnel in Agriculture and Associate Professor of Horticulture, Oklahoma University, Stillwater. Dr. Taylor is High Scribe of the fraternity and is department head of Animal Sciences, University of Arizona, Tucson.

Dr. Bruce Taylor

Polio Downs Student Here

Electronics Engineering major Larry Cooper has returned to his home in Walnut Creek to recuperate from a mild case of polio, the San Luis Obispo county general hospital reported this week.

Cooper, who lived at 1808 Garden street, was taken to the county hospital Saturday when his case was diagnosed as polio. He was the first polio victim in the county for 1959, and only the second since the beginning of 1958.

The case of the 21-year-old student will be assisted by the March of Dimes, according to J. H. Hollings, urged everyone who has not completed his series of polio vaccine shots to do so immediately, and those who have not started the series to also make arrangements for them as soon as possible. The shots are available to Cal Poly students through the campus health center.

Last Day...

Monday is the last day to drop classes without penalty. After that time students' grades will be lowered for dropping a class.

Next Stop, Fort Worth For Livestock Judges

After taking first place at the National Western Stock Show in Denver last week, Cal Poly's judging team is now traveling to Fort Worth to compete in the Southwestern Livestock Exposition. The team and advisor Richard Johnson plan to leave for the event Thursday and return Feb. 2. Intercollegiate judging day is set for Jan. 31.

Tentative team members participating in the contest are: Merna Muller, Melba, Idaho, highest individual on the Cal Poly team at Denver; Bob Foster, Burney; Charles Ray, Van Nuys; Thomas L. Bowler, North Hollywood; and William Schofield, San Luis Obispo.

OUT OF THE DIN

Lacks Brotherhood...

Editor:

In September I returned to Poly after an absence of nearly five years, and was quite amazed at the growth and changes of the college. There was not only a large building program, but a vast increase in enrollment, over double, with an expected doubling again in the next few years. These changes, with an increased educational program, I noted with satisfaction.

But I have noted one reverse condition that occurs with the growth of a system; and that is, it loses its small town friendliness and family-like attitudes. With the growth of the college into a large industry the individual loses his feeling of familiarity and brotherhood with the system itself. The feeling of one's own individual importance becomes less as growth increases, and this is not one of the ideals of our democratic way of life. In a democracy the importance of the individual is stressed.

It is my opinion that as the college grows, more thought should be given to ways of keeping this atmosphere of friendliness and brotherhood. This is an unwieldy thing for the "whole" but for the certain ideals of service towards the community, in this case, the college i.e., individuals working toward the betterment of the system. But how about the individual himself?

One of the best ways an individual can have this atmosphere of brotherhood is through the college system of fraternities. This system gives him the sense of belonging and is the closest thing to the family unit—the basic unit of our democracy—that a college can provide. In a fraternity, as in adult lodges, one can feel the sense of being apart of something dedicated to the individual, and that he is part of something that is morally and spiritually good and concerned with his own problems and betterment. He also learns to get along with others, and by doing so becomes a better man himself, and in the end, the fraternity, the college, and society will benefit.

It is my understanding that there are several fraternities that have been organized by Poly students but the college refuses to recognize them. This is rather hard to understand when one observes that nearly all colleges and uni-

versities, many older and larger, do recognize the fraternity system and its value to the individual. This college is ignoring a good thing by not giving these fraternities "parts" the recognition they need to be a share of the "whole". There doesn't seem to be a good logical explanation for the attitude of the college toward fraternities. If there is I would certainly like to hear it. I have thought of the possibility that perhaps it is assumed the small friendly college attitude would still prevail, with the growth of the college, but this is burying one's head in the sands of the past. One should change with the inevitable progress of time, and Poly certainly has changed, and won't stop doing so.

Howard Coburn

Editor's Note: Dean of Students Everett M. Chandler said he would be happy to discuss this with any student. He is willing to explain the college policy on fraternities to anyone wishing to see him.

Players Speak...

Dear Editor,

Your editorial about the Santa Barbara game was, in our opinion, the best yet to appear in all the time we have been here. We want to agree with you that something does stink and it is definitely not the fish.

We know how the coaches and the players feel about this situation, and we know it is really ridiculous. If they could have stopped to realize that the cast was removed and not used during the game it would have been all right. Then we could have understood their suspicions, but as it is they had to publicize and accuse us without proof at all.

The team members have worked too hard this last season to have this bestowed upon them. Santa Barbara really does owe us an apology, although we doubt that we will ever get one. Coach Hughes would never have to resort to that type of thin 8 with the team he had this past season. We could have beaten Santa Barbara with our second team any day of the year.

If Santa Barbara does want to sever its athletic relationship with us, why don't they come out and say so? We think the reason behind all this is that this was their first chance at a championship team and they lost it, and how.

This is there way of getting even with us. All I can say is wait until next year.

Skip Stratton

Bill Jones

College Union Plans Full Time Activities Next Week

Featuring two of the biggest entertainment programs of the school year, the George Shearing Concert and the live drama production of "Visit to a Small Planet," College Union week will begin Monday. Among the other programs the College Union will present are a checker tournament,

a college hour speaker, a tour to Hearst Castle, and the movie, "Silk Stockings."

Paul Sullivan, assemblies committee chairman, reported that tickets are still available for the Shearing concert. George Shearing, famous throughout the world as a jazz pianist, and his quintet will entertain a Poly audience Wednesday beginning at 8:15 p.m. in the A.C. Aud. Tickets are on sale in the A.S.B. office at \$1 for students holding A.S.B. cards and \$1.50 for the general public.

Committee assignments for the Shearing concert include Bob Harry, tickets and ushers; Virginia Smith, decorations; and Paul Sullivan, arrangements.

The College Union's first drama production for the school year, "Visit to a small Planet" by Gore Vidal, will be presented for a three day run beginning Thursday at the San Luis Obispo senior high school auditorium. The play, which has just recently been released for amateur productions, was a hit on Broadway in 1957. It already is proving popular in little theatre presentations throughout the country.

Tickets for "Visit" are now on sale at 75 cents for A.S.B. card

holders and \$1 for general admission. They may be obtained in the A.S.B. office or at the door the nights of the production. John Zacharis, chairman of the drama committee, announced that one complimentary ticket has been sent to each Poly recognized club for raffling to a member.

A checker tournament will start Monday at 6:30 p.m. in the T.C.U. and will continue through the week. Preliminary tournaments will be each evening with final play-offs scheduled for Thursday at 8:30 p.m. The rules state that three out of five games are necessary to win a round. Sign-up sheets are now posted on the College Union Bulletin board in the basement of the Administration building and in the T.C.U. Sign-ups will continue until the first play begins.

If you keep your head while others around you are losing theirs, you'll be taller than anyone else. —W.C. Evergreen.

Poly Royal Theme Contest Closes February 13

Poly Royal theme contest ends Feb. 13, according to Ed McGrew General Superintendent, who indicated that clubs who have entries should get them in early to the Student Body office.

Themes must be written on 8x5" cards, one entry per card. "The type of theme we're looking for relates directly to Cal Poly and Cal Poly's type of education," McGrew said. He also pointed out that themes with the best chance of being picked will contrast Cal Poly as it is now, and Cal Poly as it was in the past.

Another Poly Royal contest now brewing is the Poly Royal Queen contest. All queen contestants must have their petitions signed and delivered to the Student Body office no later than Jan. 28, according to

Poly Royal dates are April 24-25.

Inter-Dorm Council Takes on New Look

Women's Residence Hall Council, formerly known as the Inter-dorm council, is the new title given to the organization responsible for women's living group activities.

One of the main reasons for this change is that all off campus living groups will be included in the residence council, now in effect.

Also, upon completion of all dorms, both men and women's halls will be known as residence halls instead of dormitories as they have been called in the past.

The Women's Residence Hall Council will work co-operatively with the Men's Council and is primarily a basis for the future planning activities of the women students.

Representatives to the council, meeting every other Thursday from 12-1 p.m., are: Barbara Day, President; Peggy McKnight and Lynn Boynton, Chase Hall; Brenda Jobe and Marcia Petersen, Jespersen Hall; Linda Allen and Joan Soares, Heron Hall. Off-campus representatives are: Louise Sturges, Kay Kirkpatrick, and Polly Powell. These council members were chosen by the women students and each are representing 25 girls.

'Pink Door' Dance Set

"The Pink Door" (formerly the Fresh Recreation Room), will be the site of a dance Jan. 30 from 9 to 12 p.m.

Music will be provided by "Big Daddy" Fry's Sextet, and special acts have been engaged to entertain during intermissions.

All girls, both on and off campus, have been invited to attend this event where campus dress will be the order of the evening. The dance is sponsored by Eldorado Dorm, who will take care of arrangements and decorations. Admission is FREE.

Talent Show Auditions Set Monday in A.C. Aud.

Auditions for the Young Farmer talent show will be held in A.C. auditorium Monday night at 7:30. This is the last chance for acts to enter the show, slated for Feb. 5.

Don Sandridge, talent show committee member, explained that this is a good chance for students to display their talent and get paid for it. He also pointed out that any type of talent is eligible for the show, and that any Cal Poly student may enter.

Cash prizes will be awarded the top three acts—\$25 for first, \$15 for second and \$10 for third.

Sixth Army Commander...

ARMY BRASS—Lieutenant General Charles D. Palmer, Commanding General of the sixth U. S. Army, inspects some of the Cal Poly ROTC weapons. Palmer spent a day on campus last week inspecting the ROTC unit and visited Military Science and Tactics classes, quizzing members on their knowledge of their subjects. He also visited the armory, the rifle range and was given a tour of the campus. (Photo by Meit)

Four Poly Men Win Trophys In SLO Drags

Cal Poly drag racers took trophy wins in four classes Sunday at the San Luis Obispo County Timing Association races at the SLO airport.

Tom Stevens won the E stock class at 70.86 mph; Steve Walter won the D gas class at 92.80 mph; Mike Dunn won the E gas class at 88.71 mph; and John Young took the A sports car class with his MGA at 87.66 mph.

In a noon "Dinner Dash" spectator and pit crew foot race, two Polyites, Skip Stratton and Gary Parker, tied to win steak dinners at the Motel Inn.

The next SLOCTA races will be Feb. 15, featuring both fuel and gas classes, sanctioned by the National Hot Rod Association.

Poly Wins Guernsey Awards

The National Guernsey Association announced Cal Poly has received reserve champion All American classification in the best three-female group for this year, according to Vard Shepard, Dean of Agriculture. In the best get-of-sire division, Cal Poly was awarded an honorable mention.

CU Sets Record Dance Tomorrow

"Beep-Beep-Boop," tomorrow night's record dance at the T.C.U. will honor the Society of Automotive Engineer's Cal Poly Safety-Economy Run, held earlier in the day. The dance is scheduled to begin at 9 p.m. with music until midnight.

Dick Streeter, College Union dance committee chairman, reported that several dance contests will be offered. Streeter added that the dance is open to the entire student body free of charge.

Future Teachers Plan For Poly Royal Display

Exhibit planning for Poly Royal was the objective of the California State Teachers Association and Ag Education joint meeting last Thursday.

Tentative plans call for the exhibit to be held in classrooms 11 and 15. Ken Water and Dick Blocher were named representatives of the Ag Education club on the committee.

Advisers are Dr. Edward Ernst, CETA, and Corder Gibson, Ag Education.

JV Wrestlers Face Eight Teams In JC Tournament

Wrestling aficionados with pencils take notice: Approximately ten solid hours of top-flight college wrestling are in the offing tomorrow, starting at 10 a.m. in Crandall Gymnasium, when the second annual Junior College Tournament gets underway.

Assuming the role of defending champions, the Cal Poly junior varsity grapplers will trade holds with eight teams, including the University of California at Santa Barbara, and junior college competition from College of Sequoias, Porterville, San Bernardino, Chaffey, Orange Coast, Hancock, and Fresno City College.

Featuring three returning matmen in the form of Rudy Besmerovich, 147 pounds, Norm Geiger, 187, and heavyweight Wayne Womer, combined with such new names as Frank Garcia, 180, Cyril Tanbas, 187, Dennis Choesek, 147, Dale Clark, 187, Ben Pax, 187, and Walt Hazleman, 187, the JV's coached by Weher Lawson, should be pre-tourney favorites to repeat at champions.

No charge will be assessed for the Junior College Tourney, however, regular athletic prices will apply to the Mustang-Tiger match at 8 p.m.

McFadden Wins City Golf Tourney Again

Poly's all-time golf great, Tom McFadden, a senior OH major, Channel City, last week-end successfully defended his Santa Barbara city golf title by carding a 36-hole medal score of 72-72-144 to win by three strokes.

Tied for second place were Pinky Bebernes, former Mustang grid great of the late 1940's and Santa Barbara's Dr. Floyd Davis. They tied with a total of 147.

Bebernes, now a coach at Santa Maria High school, tallied his 147 on a 79-68 performance and was the only performer to break the par of 71 in the two-day tourney.

McFadden was the mainstay of Poly coach Charles Hanks' varsity outfit the past four years. The lanky stiker was on the All-CCAA golf squad all four seasons. His eligibility finished, McFadden hopes to become a golf pro following graduation.

Hicks Meets With Baseball Hopofuls

In his second year of a building campaign, Coach Bill Hicks greeted some 45 baseball enthusiasts last week at the 1959 Mustang's initial meeting of the year.

This year's diamond men face a 27 game schedule featuring such teams as California, USF, Stanford and the powerful Camp Pendleton Marines plus a rugged CCAA slate.

The green and golders open against an alumni nine Feb. 21. First home outing is slated for March 10, against Westmont. The schedule follows:

Date	Opponent	Location
February 21	Alumni	Cal Poly
February 27	Univ. San Francisco	S.B.
February 28	Stanford	San Francisco
March 4	San Diego State	San Jose
March 10	Westmont College	Poly
March 17	U.C.L.A.	Westwood
March 18	U.S.C.	Los Angeles
March 19	Camp Pendleton Marines	Camp Pendleton
March 20	Marine Recruit Depot	San Diego
March 21	Marine Recruit Depot	San Diego
March 26	S.J. State Col.	Cal Poly
March 31	U. of Calif.	Cal Poly
April 1	U. of Calif.	Cal Poly
April 8	Long Beach State	Cal Poly
April 9	San Diego State	S.D.
April 10	San Diego State	San Diego
April 11	Long Beach	Long Beach
April 12	Fresno State	S.D.
April 13	Fresno State	Cal Poly
April 20	Westmont College	S. B.
May 1	Santa Barbara	Cal Poly
May 2	Camp Pendleton	Marine
May 3	Camp Pendleton	Cal Poly
May 4	Santa Barbara	S.B.
May 5	U. A. State	Los Angeles

Mustangs Seek First Win In CCAA Play Tonight

by Jim Allen

Cal Poly's Mustang Cagers play host tonight to the Los Angeles State Diablos in their fourth CCAA outing this season at 8:15. Fresh from a 74-68 victory over the Westmont Warriors Tuesday evening, the Mustangs will be looking for their first CCAA victory of the year. The Diablos, currently tied with Fresno State for second place, will bring a high scoring aggregation to meet the cellar dwelling Mustangs.

The speedy LASC club, one of the highest scoring teams in the nation, has averaged more than 84 points in 11 games this season. Coach Ed Jorgensen's Mustangs in 14 games are averaging 68.5 points.

Diablo guards Leo Hill and Terry Basadler give the South-erners a real scoring punch with 20.7 and 19.2 point averages respectively. Hill tallied 22 markers in a losing cause against San Diego State last week. Rounding out the starting L.A. team are Eliseo Nino (8.9) and Dale Ferber (6.6) at forwards, and Bill Heynen (11.8) at center.

Los Angeles, in league play, has toppled Fresno State and Long Beach State while bowing to San Diego State and University of California, Santa Barbara.

Cal Poly has dropped three league outings to Long Beach, San Diego and Fresno State. However, the Mustangs boast one of the top defensive teams in the nation having allowed 14 opponents an average of 60 points per game.

Tuesday's tussle, which was supposed to be a breather between league games, became tense during the closing minutes, as Paul Heinrichs of the Warriors scored six quick points to make a two point spread with less than a minute and a half to go.

Heinrichs' comeback gave new spirit to the Warrior attack, however two final goals by Ashby

clinched the game for the Mustangs.

Ashby, along with Thetford and DiGiovanni, carried the second half for the Mustang cagers, scoring 14, 14, and 18 points respectively.

For tonight's event, Coach Ed Jorgensen plans to start 6'6" Bob Thetford at center, Jerry Shackelford and Mal McCormick at forward, with Marlin Ashby and Vic DiGiovanni at guards.

"Ashby, through his play against Fresno and Westmont, has earned a starting berth," Jorgensen remarked. "He's a real hustler, and we can't afford to keep him on the bench."

According to Coach Jorgensen, the Mustangs will have to start fast and hold the pace, for although L.A. is lacking in height, they are fast on the floor and very good shooters.

Herman Farlough of California Poly tied for second place in the NCAA rope climb championships in 1958. Farlough tied with Phil Mullen of Penn State.

Will The Wrestlers Wrestle? Who Knows?

Coach Sheldon Harden's defending PCI champion wrestlers, following two false starts at opening of the 1959 season, are finally going to get-in their initial match of the year! Long Beach State is to invade Crandall gym tomorrow night at 8 o'clock immediately after the day-long JC tournament which is slated for the gymnasium, starting at 10 a.m.

Both Santa Clara and UCLA were previously scheduled to meet the Mustangs but cancelled their San Luis Obispo appearances a week prior to the event. San Diego State was to be the Hardenmen's first foe of the year Jan. 26 following the Bruins' cancellation, but the Poly coach, desirous of finding action arranged the Saturday night affair.

UCLA was scheduled to meet Poly Thursday, Jan. 15, but couldn't manage the trip. Howtained and fell in defeat to the Air Force Academy, 17-11.

Harden said his grapplers would meet Long Beach in a return match, in the Southland, Feb. 27. He will send his charges against the Los Angeles YMCA Feb. 28—a team that is scheduled to appear here Jan. 31. Poly downed LBS twice in 1958 and should reign as favorites this season. The "Y" grun'th groaners boast top AAU and ex-collegiate mat stars.

Starting Saturday night against the Long Beach team are the following: 125 pounds, Don Hagadorn or Howie Bryant; 150 pounds, Harold Elmanek; 187 pounds, Tom Darnell or Rudy "Buss" Hummerovich; 147 pounds, Tom Hall; 187 pounds, Dan Hopping; 167 pounds, Bob Machado; 177 pounds, Darwin McGill; Heavyweight, Pat Lovell.

Intramural Memo

TUESDAY NIGHT RESULTS:
CAMPUS defeated **MILLERS**, 48-38.
 High scorers: Tucker (CAMPUS) 14; Evans and Chalkins (Millers) 14.
SONOMA defeated **PLUMAS**, 48-10. High scorer: Looker (Sonoma) 10.
LAS downed **Farm Management**, 22-10. High scorers: Schreiber (LAS) 7; Nussbaum (FM) 18.
scored: Taylor (Whitney) 10.
WEDNESDAY NIGHT RESULTS:
L.A. defeated **Dairy Club**, 24-8. High scorer: Sanford (LH) 7.
El Dorado overpowered **Marines**, 29-25. High scorer: Waterbrook (El Dorado) 9.
Condallers downed **Modos**, 20-25. High scorer: Leonard (Condallers) 10.
Monsters defeated **Lassen**, 48-25. High scorer: Tulliver (Monsters) 11.
THURSDAY NIGHT RESULTS:
Mat Pica P downed **SLO Grads**, 22-25. High scorer: Wrenn (Mat Pica P) 8.
Dual Dams defeated **Cross Club**, 26-21. High scorer: Gentry (Dual Dams) 11.
ME Society defeated **Serra**, 17-22. High scorer: Stevenson (ME) 9.
Calaveras defeated **Palomar**, 22-24. High scorer: Jorgensen (Calaveras) 12.

Sunday Gym Hours Announced

According to Physical Education Head Dr. Robert Mott, the gymnasium will be open Sunday afternoons from 2-4 p.m. the rest of the quarter for men's recreational activities.

Playboy Again . . .

Dear Editor, Duane and other interested students:

Yes, it's true. "Playboy" is coming to Poly Feb. 28, and a great weekend it will be too. Friday night the Gateway singers will be at the high school auditorium and then Saturday night the Sophomore class will sponsor the "Playboy" dance at the Veteran's Memorial Hall.

John Dustin of Oregon State was the only Pacific Coast wrestler to place in the 1958 NCAA tourney. Dustin was fourth in the 177 pound class.

Model United Nations: Part II Delegates Must Know Peru

Editor's Note: This is the second in a series of four articles on the Model United Nations. This story contains just a few of the items with which Cal Poly students will have to be familiar when they represent Peru at the conference in April.

In preparation for representation of Peru at the Model United Nations convention in April, prospective delegates are studying nearly everything about the country. Important to them is the knowledge of it from a political, economical and social out look.

In creating a Peruvian atmosphere, the student will accumulate an overall picture of the 514,089 square mile area of Peru. They will be familiar with its exports, imports, way of living, and government.

Politically, executive power is entrusted to the president, Manuel Prado y Ugarteche, and two vice presidents, elected by direct vote for six year terms. Legislative power is vested in the senate and Chamber of Deputies.

The president is assisted by an Economic Advisory Council and a cabinet of nine ministers. Justice is administered by the Supreme Court of Justice in Lima, the capital city. Women are only permitted to vote in municipal elections. However, voting is compulsory for literate males between the of 21 and 60.

Though agricultural and pastoral products comprise only 40 per cent of the value of the total exports, 85 per cent of the population is dependent directly or indirectly upon them by farming or stock raising.

The country's leading exports

are cotton, sugar, crude petroleum, copper bars and petroleum derivatives. It imports machinery, vehicles, foodstuffs, textiles, metals, chemicals and paints.

The "sol" is the monetary unit of value, which is equivalent to 5.8638 cents in United States money.

Standards of living are relatively high in Lima, because of simple building needs, and comparative year-round mildness in climate.

Lima has large shopping and restaurant facilities that might be found in any typical American city. Education is free and compulsory for all children between the ages of seven and 14.

Racially the population of Peru is 80 per cent Indian. The two predominant tribes are the Aymarae and the Quechuas. Ten per cent of the population are caucasian while the remaining 80 per cent are Mestizos, Asiatics and Negroes.

Southland Schools Visited by Merson

James F. Merson, Ag Engineering department head, recently returned from a seven-day tour of high school Vocational Agriculture departments in Southern California.

While appearing at nine different high schools, Merson spoke on such subjects as "Application of Farm Mechanics to the Job," "When to Secure Materials at an Economical Cost," "Equipment and Tools for the Ag. Shop," and "Application of Methods to the Field."

Hams Seek Transmitter In Local Hunt

All students are invited to a transmitter hunt on Sunday, Jan. 25 at 1:30 p.m. The hunt, sponsored by the Ham Radio Club, will begin in front of the EE building, in the staff parking lot. Everyone, especially local "hams," is invited to participate. Students interested in the hunt do not necessarily have to have a mobile unit.

The do-it-yourself craze may be expanding, but looking at someone else's paper during an examination is still popular.—WBC Evergreen

Play Poker Sunday With Poly Turtles!

Are you interested in cars or cards? The Cal Poly Roadster Club Turtles are sponsoring a five card "Poker Run," Sunday, Jan. 25, at 10:30 a. m.

The entry fee for the run will be \$1.50 for car and driver and 25 cents for any additional passengers.

The run will start at the Safeway parking lot. Five men will be stationed at the stops along the route, with an envelope containing a card for each contestant.

The finish will be at the San Luis Obispo County Park, where a hot dog and bean feed will be held.
