Architects Invite Public To Hear Noted City Planner

Simon Elaner of Simon Elaner and Associates, Los Angeles will speak on city planning at a meeting open to the public Friday, March 6, at 7:30 p.m. He will speak under auspices of the Architectural Engineering department in the A.C. Aud.

Active in the field of city planning as a private consultant, Elaner advises such cities as Fontana, Buena Park, Monterey Park, and San Bernardino. He is a professor at the graduate school at the University of Southern California. He also has been a visiting lecturer at the Graduate school of Design, Harvard University, and a lecturer in city planning at Massachusetts Institute of Technology, University of California and Cal Poly.

Elaner has been a member of the regional planning commission of Los Angeles County, planning architect, city of Los Angeles, technical director of the redevelopment agency, city of Los Angeles, connected with many organizations interested in city planning, as a member of the American Society of Planning Officials.

With Dean Arthur B. Gallion of the University of Southern California, he has written the volume "The Urban Pattern," a planning textbook widely used here and abroad.

Song Girl Tryouts Start Tomorrow

Song girl tryouts will start tomorrow in the Gym annex at 7 p.m. says Howard Bryant, Rally Committee Chairman.

Successive practices, under the supervision of P.E. Instructor Patricia Roukida, will be announced at that time. Bryant urges all girls interested in song leading for the football and basketball games next year to attend.

Advisory Meetings

Registrar Thomas Lambro reminds students of advisory meetings scheduled for Thursday at 11 a.m. Students will pick up registration books and prepare a spring quarter schedule.

Class schedules are now available in El Corral Bookstore.

Lambro emphasized that this meeting is an administrative appointment, and failure to be present will cost a student \$3 to get a registration book after that.

Advisory locations will be circulated through the post office.

Governor Breaks Ground . . .

SCENE 1, TAKE 1—That's Steve Mott, Cal Poly's News Bureau Photo Chief, stealing the show from the celebrities at the Whole Rock Ground breaking ceremonies yesterday. He's holding the "take board" for some movies being shot by the Bureau of Water Resources. On the stage are President Julian McPhee, Governor Edmund Brown and Mayor Fred Luckinger at the microphone. Cal Poly held a luncheon for special guest Governor Brown here yesterday afternoon. (Photo by Paul Grillo)

Poly Journalists Enter Contests At CIPA Confab

Cal Poly students will travel to San Bernardino this Friday to attend the state-wide convention of the California State Inter-collegiate Press Association, hosted by the University of Redlands and Cal Poly's Pomona Campus.

Delegations from most of California's state colleges and other colleges and universities will be headquartered at the Arrowhead Springs Hotel. They will hear such speakers as Virgil Pinkley, Virgil Parich (the cartoonist VIP), and Abigail Van Buren during the two-day meet.

Delegation members will compete with other college fourth years in news, feature, sports, editorial and yearbook writing. Entries in news, sports, feature, and yearbook photography have already been mailed. It was in photography the Polytechnic excelled last year, taking two firsts and a second in three contests. The yearbook writing and photography contests are new this year.

Other activity will include discussion groups on various phases of journalism, led by Southern California Journalists, and legislative meetings of CIPA and the Journalism Association of Junior Colleges, which will also take part in the convention.

Scheduled to leave Friday afternoon are head delegate Pat Kerble, El Mustang editor Dave Kempf, Board of Publications, chairman Harold Young, Karen White, Carol Huerter, Judy Bailey, and Marilyn Harris. Loren Nicholson and wife will act as advisors to the group.

Deans of College Named Here and at K-V Campus

Four long-time California State Polytechnic College Administration staff members are being promoted to new positions effective March 16, it has been announced by President Julian A. McPhee. The organizational structure will provide for a

Clyde Fisher

Harold Hayes

Vice-President to administer the operations at all campuses, a Dean of the College in charge of the San Luis Obispo campus and a Dean of the college in charge of the Kellogg-Voorhis campus.

Robert E. Kennedy, presently Dean of the Arts and Sciences division at the San Luis Obispo campus and formerly Assistant to the President, has been promoted to the position of Vice President of the College. He will be directly responsible to the President. The Vice President will be the chief operations and coordinating officer for all campuses of the college. Kennedy has been a faculty and administrative staff member at Cal Poly since 1940.

Chester O. McCorkle, presently Administrative Dean of Instruction and formerly Dean of Instruction, has been promoted to the Dean of the College with full responsibility for all activities at the Kellogg-Voorhis campus. He will report directly to the Vice President. Dean McCorkle will assume full direction of the Kellogg-Voorhis operations on March 16th and will move to the Pomona area after that date. He has been a member of the college staff since 1955. Future development of the Kellogg-Voorhis campus is based on a predicted 1970 enrollment of 12,000 students. By that time the San Luis Obispo campus is expected to have 10,000 students.

Harold P. Hayes, Dean of Engineering at the San Luis Obispo campus since 1953, has been promoted to the Dean of the College in charge of all operations of the San Luis Obispo Campus. He also will report directly to the Vice President and will supervise the respective heads of the divisions of agriculture, engineering, arts and sciences, student personnel, and business management.

Clyde P. Fisher, Executive Secretary of the President's Cabinet and Building Program Coordinator, has been promoted to the new position of Dean of Educational Services and Curriculum Development. He will be one of three staff officers reporting to the Vice President and responsible as a staff officer for specific special service areas at all campuses of the college. Dr. Fisher has been a member of the college faculty since 1947.

Continuing in somewhat similar capacity to that which he has held since 1950, Harold O. Wilson, former Administrative Dean, Student and College Affairs, will assume the new title of Dean, Public and Student Relations and will act as a staff specialist in the important areas of student personnel and public relations. Dean Wilson first became a member of the college staff in 1955, left in 1961 to become a regional supervisor of the Bureau of Agriculture Education, and returned in 1966 as dean of the Voorhis unit.

George Clucas, former Administrative Dean, Finance and Development, will continue in the same area of operations as a staff officer to the Vice President. He has been a member of the Cal Poly staff since 1956 and prior to that was senior administrative analyst, office of the state legislative analyst in Sacramento.

President McPhee said that an.

(Continued on page 4)

Last El Mustang To Appear Friday

The last edition of El Mustang will appear this Friday, March 6. Deadline for this quarter's final publication is tonight at 5 p.m.

All students are reminded that applications are still open for editor of next quarter's series of El Mustangs. Applications may be obtained from Harold Young, Board of Publications and Publicity Control chairman, in El Mustang office, Adm. 21.

Pick Up Senior Pix Today or Tomorrow

Seniors who ordered prints of their senior pictures last month may pick them up in Cu. O (east end) today from 9 a.m. to 5 p.m., or tomorrow from 9 a.m. to 5 p.m.

The salesmen will not be on campus after this time, so mail delivery must be arranged for students who fail to make connections.

Field Trip . . .

Twenty three dairy students traveled to Los Angeles on the annual commercial herd management field trip February 19-21.

Grapplers Win Last Two; Prepare For PCI Tourney

With only the Pacific Coast Intercollegiate tourney left, Mustang grapplers defeated Long Beach State 32-5 and the Los Angeles YMCA 22-0 to end with a seven win, one loss, and one tie dual season record. Even with most of the team wrestling in a heavier class to fill the vacancy by injured heavy-weight Pat Lovell, Poly won by lopsided scores.

Against the Forty-Niners, Don Hagadorn, 128-pounder, and Bob Machado, 157, won by forfeits to give the team ten points.

Tom Hall 147, earned the fastest pin of the day when he put away Gene Goodban with 4:15 minutes gone. It took Harold Simonek, 187, just 2 seconds longer to pin Gary Cheatley, 187.

Hall, last year's PCI 187-pound champ and voted the outstanding wrestler of the tourney, led the team scoring by winning all of his matches by falls.

G. W. Wingo, 167, pinned a stubborn Jack Summers with only ten seconds remaining in the match, while it took Howie Bryant, 180, 7:50 minutes to put away Koh Matsumoto.

Wrestling 80 pounds above his normal weight class, Dan Hopping drew with 177-pounder Don Davis. Regular 177-pounder Darwin McGill was decimated by Dick Keeler for the only loss.

With the YMCA, Hagadorn again received a forfeit to start the team scoring. Hall wrestled his longest match of the year when it took him 8:40 minutes to pin 147-pounder Joe Mounts.

Bryant decimated Harold Greaf 8-0, while Simonek outpointed Glenn Nisco, 8-1. Hopping, returning to the 157-pound class, beat Ricardo Real 4-3 in the closest match of the day.

Machado and Wingo were decimated by Julius Bano, 8-3, and Roy Maclean, 8-3, respectively, while McGill beat Tom Holmes 2-0.

Bulldogs Bounce Mustang Cagers

The CCAA basketball season ended with a jarring thud as the Fresno Bulldogs dropped the Mustangs 98-78 in the final game of the year.

"They were just too 'hot' for us," says Coach Ed Jorgensen. "When they make 85 per cent of their shots (80 per cent in the second half) there isn't much you can do."

The Poly hoopers hit 48 per cent of their shots with forward Joe Ryeraw leading the scoring with 21 points. He was followed by guard Jim Clark and center Bob Thetford who garnered 15 points apiece.

Jorgensen pointed out Fresno guard Babe Williams as the biggest thorn in Poly's side. "He led the scoring with ten field goals and two free throws plus a second half performance of hitting jump shots from 30 feet out."

"Thetford did an outstanding job of holding Gary Alcorn, 6 feet 9 inch center, to three points during the first half, but couldn't keep it up in the second half when Alcorn dumped in 14 points," the Mustang mentor continued.

Jorgensen cleared the bench in search for a winning five but the "quintet" wasn't to be found.

The Poly coach is looking forward to next year when his "sophomores" return as juniors, with no one being lost due to graduation.

440 yard dash—Hammitt, 1:12.0
880 yard dash—Hammitt, 3:18.0
1 mile run—Dan Hopping, 5:18.0
2 mile relay—Fred Martin, Bob Johnson, Mike Hollinger, and Kelly, 14:1.5
High Jump—Charles Hamley, Ken Geisler, 5'0"

Fresno Increases Aid To Athletes

by
Norm Geiger, Sports Editor

Not satisfied with last year's showing, Fresno State has accelerated its athletic aid program to \$25,472 of which \$18,472 comes from student body funds. The Bulldog Foundation, booster organization, proposed to appropriate the remaining \$10,000.

According to Athletic Director LaRoy B. Hughes, "Cal Poly doesn't have anything comparable with Fresno's program. We have \$600 donated from the Mustang Boosters to operate a 'work aid' program (athletes are allowed to work ten hours a week to pay for room and board), but it doesn't measure up to the Fresno scholarships wherein no work is required."

"San Diego State is the only other college in the CCAA league that has a similar program to Fresno's, but there all the money is appropriated from the community, the Mustang mentor continues.

Fresno State's athletic director, Hal Beatty, says the aid program is to produce "representative teams", and the athletic department was in full agreement on the program. To this last comment the Silver Fox said, "Who wouldn't be?"

Mary Harrison, Fresno's student body president, echoed many of Beatty's viewpoints, but also added, "The students realized following last year's defeat by the College of Pacific in football that something had to be done... we think Mr. Beatty's plan is a tremendous start in the right direction..."

"It's the same old story," explains Hughes, "Fresno has a stadium with a seating capacity of 15,000 and a community of over 150,000 people to draw to the games. Here, if we take in a 50 mile radius, we have 85,000 people to fill our stadium's 5,000 seats."

Fresno Topples Colts In Second Encounter

Fresno State marked up its second victory over Poly's JV boxers as they won 6-2 Saturday in Crandall gym.

Jay Gebble's second round TKO was the Colt's lone win with Tom Sherman and Bill Bacchi receiving draws to total the Poly scoring. Coach Tom Lee points to conditioning as the main factor that determined the bouts.

Colts Take 15-1 Win Over Hancock Bulldogs

Poly's JV baseballers posted their second in as many starts as they rolled over the Hancock Bulldogs, 15-1 Friday in Santa Maria. Dick Guerra was the winning pitcher giving up but one hit.

Poly Nine Overpowers Dons; Loses To Stanford Indians

Poly horsehiders got into the 1959 season with a fast start by posting a 12-4 victory over the San Francisco Dons, but slowed to a walk when Stanford knocked them off 17-8 the next day.

The Mustangs staged a 14-hit attack that carried them to an easy win over the Dons. Dave Regalia started on the mound for Poly and helped his own cause with a home run.

First baseman Carl Underwood and shortstop Curtis Hill were the big sticks for the Green and Gold nine. Underwood went four hits in six tries, one a triple, and two RBI's, while Hill got three for five trips, a double, and four RBI's.

Third baseman Dan Shaw also contributed to the cause with two hits in five trips, including a double, and two RBI's, while second baseman Jim Taylor added a double to the list.

Dan Haak took over the mound in the seventh while Mary Almond worked behind the plate the full nine innings.

It was a completely different

story against Stanford. The Red and White team blasted the entire Mustang mound staff for 18 hits while Poly could collect but five. Pitcher Jim Newkirk started the game but was followed by Al Warlick, Jim Rogers, Dick Collins, Regalia, and Haak.

The Mustangs led at the top of the third, 0-1, but fell behind 8-0 when the Indians rocketed in seven runs in the bottom frame.

Ag Ed Teacher Trainer Files to Chicago Confab

Dr. H. H. Burlingham, head teacher trainer, department of Ag Education, flew to Chicago yesterday to attend a national conference on agricultural education. The workshop type conference, to be held today through Saturday, has been called by the Agricultural Education branch of the U.S. office of Education, Department of Health, Education and Welfare.

Purpose of the conference is to discuss pressing problems confronting the program of vocational education in agriculture. Six of the most important problems will be covered by the attending state supervisors and head teacher trainers in ag education.

Chess Gets New Look . . .

NEW WAY TO PLAY CHESS—Here Edward Miller, a Vandenberg Air Force Base electrician, shows a new three dimensional chess board he designed. Miller displayed the board to the noon Chess Club here last week. (Photo by Steve Mott)

Chess Modernized; Visitor Shows 3-D Board to Locals

You may have thought it hard to play chess on a plane surface with nothing but a few little black and red squares to contend with, but how would you like to play the game in 3-D?

This is now possible, by playing on a three-dimensional chess board such as the one which Edward Miller, a Vandenberg Air Force base electrician, demonstrated to the Cal Poly Chess Club Thursday.

Made up of eight transparent chess boards approximately one inch apart on top of each other, the chess board measures nine inches cubed. One player starts on the top board, the other on the bottom.

Miller's original cost him \$7 and a week's building time. "Edgar Rice Burroughs' 'Chessman of Mars' gave me the idea," he said. A chess player for 35 years, he has constructed several 3-D boards similar to the one he demonstrated. As to how long it takes to play a 3-D game, Miller says, "Time is indefinite."

The Chess Club is currently making plans for the state inter-collegiate Open Chess Championship to be held here March 26, 27, and 28. The club welcomes any students interested in learning or playing chess.

Soil Improvement Committee Meets Here; Talks Fertilizer

The first annual joint meeting of the Soil Improvement committee and the State College fertilizer committee was held here last week.

Ed Bierly, general manager of the California Fertilizer Association, explained the purpose of the meeting was to exchange views in connection with problems in the field of soil fertility and plant nutrition.

Approximately 40 attended the dinner meeting, with eight faculty members representing Cal. Poly. The Soil Improvement committee sponsored the event, with the purpose of promotion of soil fertility in schools.

Warning Goes Out

A warning was issued early this week by Vard Shepard, Dean of Agriculture, about stray dogs on campus.

The college sheep flock was attacked by dogs Feb. 22, killing six and injuring four.

Security officers will make rigid checks and all stray dogs will be picked up. Any dogs near the sheep pasture will be shot on sight.

More Virus Pneumonia; Lovett Urges Treatments

Several cases of virus pneumonia have been reported by Dr. Earl Lovett, head of the health center, who says the virus, lasting from three to ten days, is caused by fatigue and colds.

Lovett suggests that at the first sign of a cold, students report immediately to the health center for treatment.

Out of the Din

Abashed Engineer . . .

To the Editor,

The stage was set, the speaker was here who had an interesting program well supported with a new film release and good slides. The program had been adequately advertised on both the campus and local papers. The speaker arrived on time, the equipment all worked properly, in short everything was perfect except for one thing. Where was the audience?

You can imagine the shame and heartache which we feel when we realize that our speaker can come to no conclusion but that we are just not interested in something which is of such vital importance. You engineers who could not take the short time to come out to hear the Engineering Week program have not only disgraced yourselves as students, but also make Cal Poly look bad too.

Should anyone who missed the program be just a little curious as to what did take place, ask your instructor or department head who did attend.

Sincerely,
Roland A. McGee
Chairman,
Engineering Council

CLUB NEWS

English and Speech . . .

The English and Speech Club will hold its next regular meeting Thurs., March 5, in Sci. D-87. The meeting will be held at 7:30 p.m., according to Pat Fitzpatrick, club president.

Ag Engineering . . .

The Agricultural Engineering Society will hold its last regular meeting of the Winter quarter March 5, at 7:30 p.m., in AE 123. Milard J. Fetter, Industrial Engineering department head, will be guest speaker. His topic will be Sales Engineering. El Rodon pictures will be taken at 7:30 p.m., and uniform of the day will be worn and tie. Refreshments will be served following the meeting.

Boots and Spurs . . .

Joseph E. Berger, Public Relations Director for H.V. Nootbarr and Co., will be guest speaker at the Boots and Spurs meeting March 3 at 7:30 p.m. The meeting, in Ag. Eng. Aud., will be for all students of agriculture, and anyone interested in public relations in agriculture. Berger has given speeches in every state in the union, to universities, colleges, and large business firms. He has also served 18 years as public relations director for the Rajston Purina Co.

Ag Ed Club . . .

There will be a meeting of the Ag-Ed Club on Tues., March 3, at 7:30 p.m. in adm. 208. The San Luis Obispo Future Farmers of America will give a demonstration of parliamentary procedure. There will also be door prizes and refreshments.

ME Society . . .

The M.E. Society will hold a meeting Thursday, March 5 at 7:30 in the M.E. lab. The speaker for the evening will be a member of the faculty. Marshall Lee, publicity representative, urges all members to be present.

Hillel Club . . .

Three recent movies from Israel will be shown at a meeting of the Cal Poly Hillel Club tomorrow night, according to Philip Ritterband, vice president of the club. The meeting will be held in Lib. 114, beginning at 7:30 p.m., and all interested students are invited to attend.

Plans Underway for Science Fair

The third annual Central Coast Science Fair will be held Friday and Saturday, March 20 and 21 here. Pupils in elementary and secondary schools from Shandon and Paso Robles to Lompoc and Solvang will be participating in the general exhibit division of the fair.

As it did last year, the fair will have two phases, (1) the general exhibit and (2) a contest. The general exhibit is open to all students of all grades. Every student who has a part in a project exhibited at the fair will receive a certificate. Those pupils working on a group project will receive a different certificate of a lesser

nature than do those who make a project by themselves.

The 1959 contest will include competitions in Physical and Biological Science projects for both junior and senior high school students. Pupils in the seventh and eighth grades of elementary schools are eligible to compete in the junior high school contests.

Spectators will be able to visit the fair for which no admission is charged, Friday, 9 a.m. - 9 p.m. and Saturday, 9 a.m. - 5 p.m. in the south wing of the science building. There will be no guided tours; groups or individuals will be free to circulate among the exhibits as they please.
